HENRY F. MICHELL CO. 518-516 MARKET ST. PHILADELPHIA

NURSERIES TRIAL GROUNDS GREENHOUSES ANDALUSIA PA

A view of our 518 and 516 Market Street, Philadelphia, establishments and our Warehouse with R. R. siding at American and Dauphin Streets, Philadelphia, entirely occupied by us. Our Philadelphia Store and Salesrooms consist of a building 5 stories high, 50 feet wide on Market Street, 73 feet wide on Ludlow Street and 180 feet deep. Our working staff consists of over 200 employees. The loyal patronage of our trade, coupled with our efforts to please and render service, has made our organization possible.

Our Nurseries at Andalusia, Bucks County, Pennsylvania, comprise about 50 acres of highly cultivated land, 16 modern greenhouses and about 2000 glass covered sash frames. Our specialities are Pot-Grown Roses, Perennials, Decorative Plants, etc.

### 3 JAN 13 10:10 食 GENERAL INFORMATION AND SUGGESTIONS

CONDITIONS OF SALE .-- All contracts, sales and acknowledgments of orders are contingent upon crop failures, our ability to import and make deliveries in conformity with the "Plant Quarantine Act," partial deliveries by growers or manufacturers, strikes, or other unavoidable causes beyond our control, clerical errors included; also unsatisfactory credit standing. All quotations are subject to market changes and goods being unsold on receipt of order. Henry F. Michell Co. give no warranty, expressed or implied, as to the description, purity or productiveness of any seeds, plants or bulbs they send out, and they cannot be in any way responsible for the crop. If the customer does not accept the goods on these terms, he must notify us at once and we will give instructions for the disposition of the goods.

ORDER EARLY.—We shall appreciate it if our customers will send us their orders for seeds, plants, bulbs, etc., during January and February. Shipment need not be made until they want the goods.

PACKING CHARGES .- No charge is made for boxes or packing, except for two-bushel seamless sacks which are charged at market value (and as may otherwise be noted), these bags are returnable for credit at the price charged.

BUSINESS TERMS.—We especially invite charge accounts, which is more convenient than to remit for each order at the time it is sent us. When sending your first charge order, please send us the names and addresses of two or more business houses with whom you have had past or present credit relations; this saves considerable time in the execution of your first charge order.

As to our responsibility, we refer you to Dun's or Bradstreet's Mercantile Agency, or any bank or trust company in the United States.

C. O. D. SHIPMENTS.—Goods can be sent C. O. D. (with the exception of perishable items, which include plants and cold storage bulbs; these cannot be sent C. O. D.). No C. O. D. shipments for any kind of goods can be made by express or freight out of town unless a partial remittance accompanies the order. No C. O. D. orders can be accepted where the amount is less than \$1.00. During April and May, owing to the heavy volume of business transacted, we are not in a position to accept orders for shipment C. O. D., unless a partial payment has been made on account to assure acceptance at time of delivery.

SHIPPING INSTRUCTIONS.—Always state by what method you want goods forwarded, otherwise we will ship according to our best judgment.

FORWARDING SERVICE. — We pay postage charges on all orders for vegetable and flower seeds, provided the order calls for packets, ounces, quarter pounds and pounds (beans, corn, peas and mixed grass seeds, bulbs, plants and sundries are not included). If these are wanted by mail, remit for postage the amount named in connection with the item up to and including the third zone; for other zones add additional postage, or at the rate quoted in table opposite. Agricultural Seeds, Implements, Fertilizers, and other heavy and bulky goods are sent by Express or Freight at purchaser's expense.

Plant orders should be separated from Seed orders, as they are usually filled and shipped separately.

Positions for Gardeners, Estate Superintendents, etc. We have on our register the names of competent Gardeners, Superintendents, Greenskeepers, Farmers and Poultrymen who desire positions. We are always pleased to put them in communication with parties desiring services of such men.

For our customers who wish to engage a landscape or jobbing gardener, we maintain a list from which we can give you the names of one or more in your locality. We can recommend them for the work as they have always been reliable.

BELL.

Lombard

5620

to 5629

All Plants, Roots and Bulbs are forwarded by Express (or Parcel Post when possible) purchaser paying charges, unless otherwise noted.

For those of our customers who prefer to receive such goods by Parcel Post, we will be pleased to forward in this manner such plants as can be sent in this way at the following additional cost, which must be added to the value of each order for Plants, Roots or Bulbs unless otherwise noted.

To all points east of the Mississippi River, 15 per cent. extra. To all points west of the Mississippi River, 25 per cent.

extra. SAFE ARRIVAL.—We guarantee the safe arrival of all goods

sent to points within the United States except when shipped to points where there is no express or freight agent, to such points the purchaser must assume any claim for loss or damage.

LOCAL DELIVERY.—Our free delivery service covers Philadelphia and vicinity, also Camden, N. J., and nearby points. Also note that we do not guarantee to maintain a daily

delivery to these points.

Please note the free delivery service does not include bulky quantities of fertilizers in over 1/4 ton quantities. Special arrangements can however be made for delivery of these.

Shipments of goods can also be made by package service from Market and Chestnut St. Ferries, Broad St. Station, Reading Terminal and B. & O. R. R., at 24th and Chestnut Sts.

The tariff for shipments that can be made by this method, packed in one piece is as follows:

10 lbs. and under, 12c. 11 lbs. to 25 lbs., 18c. 26 lbs. to 40 lbs., 24c. 41 lbs. to 50 lbs., 30c. Shipments weighing more cannot be sent via Package Service.

#### Parcel Post Rates from Philadelphia (Subject to Change)

United States Parcel Post Rates (Seeds, plants and bulbs included) (Subject to Change.)	First pound or fraction	Each additional pound or fraction	Packages must not exceed 84 inches (length and girth combined)
Local Rate, Philadelphia.  1st Zone, within 50 miles of Philadelphia 2d Zone, over 50 and under 150 miles 3d Zone, over 150 and under 300 miles. 4th Zone, over 300 and under 600 miles. 5th Zone, over 600 and under 1000 miles. 6th Zone, over 1000 and under 1400 miles. 7th Zone, over 1400 and under 1800 miles. 8th Zone, over 1400 miles.	.07 .07 .08 .08	\$0.00½ .01 .01 .02 .04 .06 .08 .10	Limit of weight this zone, 70 lbs. Limit of weight this zone, 50 lbs.

On Seeds, Bulbs, Plants or Roots not exceeding eight (8) ounces in weight, the postage charge is 1c. for each two (2) ounces or fraction thereof; on Sundries or other Merchandise not exceeding eight (8) ounces in weight, the postage charge is 1½c. for each two (2) ounces or fraction thereof. Seeds, Bulbs, Plants, Roots, Sundries, etc., weighing over eight (8) ounces are sent at zone rates.

If Special Delivery is wanted an additional 15c. is required on packages weighing up to two (2) pounds—25c. on packages weighing more than two (2) pounds and up to ten (10) pounds—35c. on packages weighing more than ten (10) pounds, which also includes special handling and transportation as first-class mail.

If remittance accompanies order, a sufficient amount should be included to cover the extra charges—if ordered to be sent by either of the methods as stated above.

Please note parcel post charges quoted by us are for delivery in the United States only.

### MICHELL'S RELIABLE GRASS SEED

All prices Subject to Market Changes

Our grass seeds are rigidly tested for purity and germination at the growing point, in the laboratories of the United States Department of Agriculture and by ourselves, and will be found of highest quality. We make special formulas to suit various soils, climatic and local conditions.

Quantity to Sow for Lawns. On a small scale a quart will usually seed a space  $10 \times 10$  feet though twice that quantity is better; 6 to 8 bushels of 20 lbs. per bushel on new ground without grass, is the proper quantity per acre; 1 peck is needed for a space of 1000 square feet;  $\frac{1}{2}$  bushel for a space 2000 square feet; 1 bushel for a space 4000 square feet or say  $40 \times 100$  feet. For Putting Greens we advise 100 lbs. of seed for greens  $100 \times 100$  feet. For Fairways, 8 to 10 bushels per acre. For Pasture and Hay Fields, 4 to 5 bushels per acre, based on a 20 pound bushel.

If Mixed Grass Seeds are wanted by parcel post, add for postage as follows: 10c. for 2 qts.; 10c. for 4 qts.; 15c. per peck; 20c. per  $^{1/2}$  bu.; 35c. per bu.

Michell's Clover Lawn Grass Seed. The increasing demand for a grass seed mixture, containing a larger proportion of White Lawn Clover induced us to offer this brand; mixed with a liberal quantity of the best recleaned White Clover, which is peculiarly suited to take firm hold and grow quickly on hard or worn-out spots which sunburn easily. Splendid for seashore lawns. 30 lbs. per bu.

30c. per pt.; qt., 60c.; \$1.10 for 2 qts.; 4 qts., \$2.10; \$4.00 per pk.; bu., \$15.00; \$49.00 per 100 lbs.

Michell's "Top Notch" Lawn Grass Seed. The top notch of quality. A perfectly blended combination of quick growing, very compact, fine bladed grasses that will produce a perfect lasting turf in a few weeks. 25 lbs. per bu. \$3.25 per pk.; bu., \$12.50; \$49.00 per 100 lbs.

Michell's Green Velvet Lawn Grass Seed. The result of many years of untiring experimenting and will produce a perfect turf; composed of close growing, fine leaved hardy grasses, which will stand wear and tear, and outlive the severest winter, retaining at all times its lustrous green color. 20 lbs. per bu.

at all times its lustrous green color. 20 lbs. per bu. 25c. per pt.; qt., 45c.; 85c. for 2 qts.; 4 qts., \$1.50; \$2.75 per pk.; bu., \$10.00; \$47.50 per 100 lbs.

Michell's Evergreen Lawn Grass Seed. This is composed of the finest native and foreign short growing and fine bladed grasses and will form a perfect turf. It weighs 20 lbs. per bushel, and every kernel is full of vitality.

20c. per pt.; qt., 35c.; 65c. for 2 qts.; 4 qts., \$1.25; \$2.25 per pk.; bu., \$8.00; \$37.50 per 100 lbs.

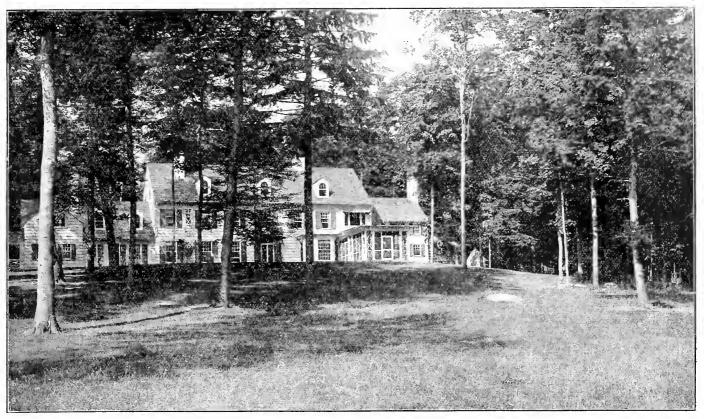

Michell's Seashore Lawn Grass Seed. If 3 or 4 inches of top soil is spread over the surface, and well firmed, an application of Michell's Special Formula Seashore Lawn Mixture will produce a good lawn in 6 to 8 weeks. Our formula has been thoroughly tested out in various localities. 20 lbs. per bu.

25c. per pt.; qt., 45c.; 85c. for 2 qts.; 4 qts., \$1.50; \$2.75 per pk.; bu., \$10.00; \$47.50 per 100 lbs.

## MICHELL'S SUPERIOR BENT GRASS MIXTURE

For those who desire a lawn similar to a Putting Green we are now prepared to offer our Superior Bent Grass Mixture, which is composed of the finest grasses obtainable, consisting chiefly of the leading varieties of Bent grasses, which are the foundation of the best Putting Greens. In order to maintain a lawn of this type, it is a good idea to make several light applications of fertilizer during the season, also roll the ground several times in order to maintain an even surface; water often during dry weather and keep grass cut short. We recommend sowing this formula at the rate of one pound to a space 15 by 20 feet or 300 square feet.

\$1.00 per lb.; 5 lbs., \$4.50; \$20.00 per 25 lbs.; 100 lbs., \$75.00.

### MICHELL'S RELIABLE GRASS SEEDS

See Page 4 for recommendations for quantities required to sow an acre.

If Mixed Grass Seeds are wanted by parcel post, add for postage as follows: 10c. for 2 qts.; 10c. for 4 qts.; 15c. per peck; 20c. per ½ bu.; 35c. per bu.

Michell's Shaded Lawn Grass Seed. Shaded locations have often been found difficult to keep in grass. We have combined a mixture of grasses that will produce a perfect sward in the most densely shaded place. It must be borne in mind that too much shade creates sour soil, and to guard against this apply air-slacked lime (or land plaster where the former is not available) at the rate of 1 bushel to each 1000 square feet. 20 lbs. per bu.

25c. per pt.; qt., 45c.; 85c. for 2 qts.; 4 qts., \$1.50; \$2.75 per pk.; bu., \$10.00; \$47.50 per 100 lbs.

Michell's Southern States Evergreen Lawn Grass Seed. In the southern states especially below Virginia, it is extremely hard to establish a permanent lawn, if the proper combination of grasses are not used; after exhaustive tests and experiments we are pleased to state that our Southern States Evergreen Grass Seed Mixture will come up to the most sanguine expectations. Especially for dry, hot localities. 20 lbs. per bu.

 $25\mathrm{c.}$  per pt.; qt.,  $45\mathrm{c.}$ ;  $85\mathrm{c.}$  for 2 qts.; 4 qts., \$1.50; \$2.75 per pk.; bu., \$10.00; \$47.50 per 100 lbs.

Michell's Terrace or Embankment Grass Seed. It is usually difficult to establish turf on steep inclines or on terraces. mixture is composed of deep rooting varieties which will give satisfactory results. 20 lbs. per bu.

25c. per pt.; qt., 45c.; 85c. for 2 qts.; 4 qts., \$1.50; \$2.75 per pk.; bu., \$10.00; \$47.50 per 100 lbs.

Michell's Putting Greens Mixture. This is a quick-growing mixture of short, fine-bladed grasses. In sowing Putting Greens it is wise economy to be very liberal with the seed, as they are subjected to continuous hard use. We do not recommend less than 100 lbs. to a green 100 ft. square. 25 lbs. per bu.

40c. per pt.; qt., 75c.; \$1.40 for 2 qts.; 4 qts., \$2.50; \$4.75 per pk., bu., \$18.00; \$67.50 per 100 lbs.

Michell's Special Sod Grass Seed. A quick growing mixture, making a tough and heavy sod in a short time. 20 lbs. per bu. 25c. per pt.; qt., 45c.; 85c. for 2 qts.; 4 qts., \$1.50; \$2.75 per pk.; bu., \$10.00; \$47.50 per 100 lbs.

Michell's Fairmount Park Lawn Seed. A mixture meeting the requirements of those desiring a moderately priced grass seed. 20 lbs. per bu.

15c. per pt.; qt., 30c.; 55c. for 2 qts.; 4 qts., \$1.00; \$1.90 per pk.; bu., \$7.00; \$32.50 per 100 lbs.

Michell's Fairways (Golf Course) Mixture. Composed of shortgrowing, deep-rooted varieties that resist wear. Fairways to retain their permanency should receive additional sowings during the season. 20 lbs. per bu.

\$2.25 per pk.; bu., \$8.00; \$37.50 per 100 lbs.

Michell's Athletic Field Grass Seed. A special mixture of deep rooting, fine leaved grasses, especially suited for Baseball, Football and Cricket Grounds. 20 lbs. per bu. \$2.25 per pk.; bu., \$8.00; \$37.50 per 100 lbs.

#### MISCELLANEOUS MIXTURES

Michell's Permanent Pasture Grass Seed. This mixture is a combination of hardy grasses which are the most nutritious for stock feeding or grazing. Sow 4 to 5 bu, per acre on new land or 2 bu. on established pastures. 20 lbs. per bu.

\$1.75 per pk.; bu., \$6.50; \$30.00 per 100 lbs.

Michell's Permanent Hayfield Grass Seed. Its main advantages are that certain grasses in this mixture will grow better in varying conditions of soil thus giving a full crop of hay on land that otherwise might produce but a half crop of timothy and clover. Sow 4 to 5 bu. per acre on new lands or 2 bu. on established fields. 20 lbs. per bu.

\$1.75 per pk.; bu., \$6.50; \$30.00 per 100 lbs.

### MICHELL'S RELIABLE GRASS SEEDS

#### SEPARATE VARIETIES

All Strictly Recleaned and Carefully Tested for Purity and Germination.

On account of the fluctuations of the market, the prices quoted on separate varieties of Grass Seeds are subject to change. We endeavor at all times to maintain our prices as low as possible, consistent with quality. Please send us your inquiries and orders for Grass Seeds in separate varieties, stating quantities wanted and we will give them our best attention.

If separate varieties of Grass Seeds are wanted by Parcel Post, add 10c. per lb.; 30c. per 10 lbs., for postage; larger quantities by express or freight.

- Bent Grass, Colonial or Velvet. A very fine bladed grass, producing a thick turf; especially valuable for putting greens. 20 lbs. per bu. 90c. per lb.; 10 lbs., \$8.50; \$20.00 per 25 lbs.; 100 lbs., \$75.00.
- Bent Grass, Creeping. Admirably adapted for lawns, also putting greens, tennis courts, etc.; sow 100 lbs. on a putting green 100 feet square. 90c. per lb.; 10 lbs., \$8.50; \$20.00 per 25 lbs.; 100 lbs., \$75.00.
- Bent Grass, Rhode Island. For sowing at seashore resorts, on putting greens, tennis courts, etc. Sow 100 lbs. on a putting green, 100 ft. square. 20 lbs. per bu. \$1.00 per lb.; 10 lbs., \$9.50; \$22.00 per 25 lbs.; 100 lbs., \$80.00.
- Bermuda Grass. For sowing as far North as Washington, D. C., above which latitude it is not hardy. 35 lbs. per bu. 55c. per lb.; 10 lbs., \$4.50; \$10.50 per 25 lbs.; 100 lbs., \$40.00.
- Blue Grass, Fancy Kentucky (*Poa Pratensis*). Our stock of this is extra fine, thoroughly recleaned; sow 70 to 85 lbs. per acre on lawns, 50 to 70 lbs. on pasture fields. 14 lbs. per bu. 45c. per lb.; 10 lbs., \$4.00; \$9.00 per 25 lbs.; 100 lbs., \$35.00.
- Blue Grass, Canadian (Poa Compressa). Makes an ideal pasture, highly relished by cattle; excellent also for sowing on embankments; sow in same proportions as Kentucky Blue. 14 lbs. per bu. 40c. per lb.; 10 lbs., \$3.85; \$8.50 per 25 lbs.; 100 lbs., \$30.00.
- Crested Dogstail (Cynosurus Cristatus). Excellent as a pasture and lawn grass. Sow 80 to 100 lbs. per acre. 21 lbs. per bu. 55c. per lb.; 10 lbs., \$4.90; \$11.75 per 25 lbs.; 100 lbs., \$45.00.
- Fescue, Chewing's New Zealand (Festuca Chewing's). Especially recommended for putting greens and lawns. 14 lbs. per bu. 45c. per lb.; 10 lbs., \$4.00; \$9.25 per 25 lbs.; 100 lbs., \$35.00.
- Fescue, Fine Leaved (Festuca Tenuifolia). This grass is especially valuable for dry soils. Sow 70 to 85 lbs. per acre. 14 lbs. per bu. 60c. per lb.; 10 lbs., \$5.40; \$13.00 per 25 lbs.; 100 lbs., \$50.00.
- Fescue, Hard (Festuca Duriuscula). A splendid grass for golf links, tennis courts, etc.; will resist droughts. Sow 80 to 100 lbs. per acre. 14 lbs. per bu. 45c. per lb.; 10 lbs., \$3.75; \$9.00 per 25 lbs.; 100 lbs., \$31.00.
- Fescue, Meadow (Festuca Pratensis). Sow 100 lbs. per acre. 22 lbs. per bu. 30c. per lb.; 10 lbs., \$2.50; \$6.00 per 25 lbs.; 100 lbs., \$23.00.
- Fescue, Red or Creeping (Festuca Rubra). Valuable for putting greens; also for sowing on sandy soil and in shaded places. 14 lbs. per bu. 45c. per lb.; 10 lbs., \$3.90; \$9.25 per 25 lbs.; 100 lbs., \$35.00.
- Fescue, Sheep's (Festuca Ovina). This makes an excellent grass for sowing on lawns, fields or pleasure grounds. Sow 80 to 100 lbs. per acre. 14 lbs. per bu. 45c. per lb.; 10 lbs., \$3.75; \$8.50 per 25 lbs.; 100 lbs., \$31.00.
- Herd or Red Top, Fancy Recleaned. This is one of the best grasses for sowing for immediate effect. Our stock is free from chaff and is absolutely pure. Sow 35 lbs. per acre. 32 lbs. per bu. 35c. per lb.; 10 lbs., \$3.00; \$6.75 per 25 lbs.; 100 lbs., \$25.00.

- Herd or Red Top, Unhulled (Agrostis Vulgaris). Sow 60 to 80 lbs. per acre on lawns, or 50 to 60 lbs. on pasture lands. 10 lbs. per bu. 30c. per lb.; 10 lbs., \$2.25; \$4.50 per 25 lbs.; 100 lbs., \$15.00.
- Orchard Grass (Dactylis Glomerata). For early pasturing this is very desirable; also fine for sowing in shaded places. Sow 50 lbs. per acre. 14 lbs. per bu. 35c. per lb.; 10 lbs., \$2.70; \$6.50 per 25 lbs.; 100 lbs., \$24.00.
- Rough Stalked Meadow (Poa Trivialis). A splendid grass for shady places and valuable for use in golf course turff ormation. Sow 100 lbs. per acre. 14 lbs. per bu. 65c. per lb.; 10 lbs., \$6.00; \$12.50 per 25 lbs.; 100 lbs., \$45.00.
- Rye Grass, Domestic. Valuable in lawn grass mixtures demanding immediate effect. Sow 100 lbs. per acre. 20 lbs. per bu. 20c. per lb.; 10 lbs., \$1.50; \$3.25 per 25 lbs.; 100 lbs., \$10.00.
- Rye Grass, English or Perennial (Lolium Perenne). (Pacey's Fancy Short Seeded). This makes the quickest returns in growth of any grass; is deep rooted and readily established. Sow 100 to 120 lbs. per acre. 24 lbs. per bu. 25c. per lb.; 10 lbs., \$2.00; \$4.75 per 25 lbs.; 100 lbs., \$18.00.
- Rye Grass, Italian (*Lolium Italicum*). Very desirable for pasture; comes to maturity the first season; the ideal seed for southern lawns in winter. Sow 100 lbs. per acre. 18 lbs. per bu. 25c. per lb.; 10 lbs., \$1.75; \$4.00 per 25 lbs.; 100 lbs., \$15.00.
- Sudan Grass Seed (Annual). This belongs to the forage crops and is allied to the millets. Sow 16 to 24 lbs. per acre. 16c. per lb.; 10 lbs., \$1.30; \$2.75 per 25 lbs.; 100 lbs., \$9.00.
- **Sweet Vernal** (*Perennial*). Sow 5 lbs. per acre. 95c. per lb.; 10 lbs., \$8.50; \$21.00 per 25 lbs.; 100 lbs., \$80.00.
- **Timothy** (*Phleum Pratense*). Sow 25 lbs. per acre alone. 45 lbs. per bu. 15c. per lb.; 5 lbs., 60c.; \$1.00 per 10 lbs.; bu., \$4.00.
- Wood Meadow (Poa Nemoralis). The best grass for sowing under trees where a lawn is desired. Sow 75 to 100 lbs. per acre. 14 lbs. per bu. 75c. per lb.; 10 lbs., \$7.00; \$15.00 per 25 lbs.; 100 lbs., \$55.00.

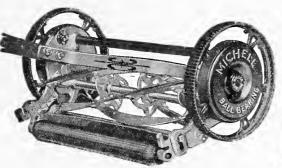

#### WHITE DUTCH LAWN CLOVER

Splendid for sowing among grass on lawns and other places where a thick, quick growth is desired; especially adapted for seashore lawns. Per oz., 10c.; 25c. per  $\frac{1}{4}$  lb.;  $\frac{1}{2}$  lb., 45c.; 85c. per lb.; 5 lbs., \$4.00; \$7.75 for 10 lbs.; per bu. of 60 lbs., \$45.00; \$75.00 per 100 lbs.

If wanted by Parcel Post, add for postage as follows: 5c. for  $\frac{1}{2}$  lb.; 10c. for 1 lb.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

## MICHELL'S LAWN ACCESSORIES

MICHELL'S BALL-BEAR-ING MOWER

High wheel,	5-blade	cylinder.

Choice Mixed	60 .15

Cineraria, Multiflora Nana

### MICHELL'S NOVELTIES AND SPECIALTIES IN FLOWER SEEDS

Calendula, Campfire (Sensation)

## CALENDULA, CAMPFIRE (SENSATION)

A splendid new type of this popular flower; color, brilliant orange with a scarlet sheen and full yellow center; of vigorous growth; flowers are borne on long stems. Valuable for bedding or forcing in pots. Pkt., 25c.; 85c. per large pkt.

#### CALENDULA, RADIO

A late English introduction and a great acquisition to this popular flower. A distinct new break; flowers very full, practically no open centers, petals beautifully quilled. Color, a rich glowing orange. Pkt., 25c.; 85c. per large pkt.

#### COSMOS

#### NEW EARLY EXPRESS PINK

An early dwarf variety, growing 2 to 3 feet high and blooming in 45 to 50 days from the time seed is sown. The plants are covered with medium sized, bright pink flowers. Pkt., 25c.; 75c. per large pkt.

#### DAHLIA, COLTNESS HYBRIDS

A splendid new form of the dwarf single type; plants are of ideal habit and very free flowering; height about 2 feet. Choice mixed colors. Pkt., 25c.; 75c. per large pkt.

## DOUBLE DAHLIA CALIFORNIA GIANTS

A selection from named varieties, grown by a celebrated producer in California. Will produce a varied range of colors and shades. Pkt., 75c.; \$1.25 per large pkt.

#### BEGONIA, SEMPERFLORENS

#### **GUSTAV KNAAKE**

Large flowering pink with salmon shadings; excellent for bedding as well as for pot culture. Pkt., 25c.; \$1.50 per large pkt.

#### GAILLARDIA GRANDIFLORA TANGERINE

A new variety of this popular perennial; giant orange flowers, overlaid with red. Pkt., 25c.; 75c. per large pkt..

## GAILLARDIA GRANDIFLORA PORTOLA HYBRIDS

This superb new strain of Gaillardias produces flowers of immense size, the colors ranging through shades of bronzy red, with golden tipped petals; splendid for cutting. Pkt., 25c.; 75c. per large pkt.

#### NEW LARKSPUR LOS ANGELES

This splendid Double Stock Flowered type is the best of its color to date, a pleasing rich salmon, overlaid with brilliant rose; of strong growth with heavy dark green foliage; a valuable addition to this type. Pkt., 25c.; 85c. per large pkt.

## NEW LARKSPUR EXQUISITE ROSE

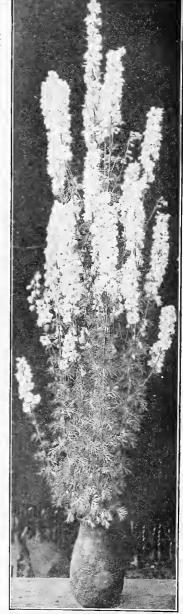

A wonderful new variety; a beautiful shade of rose pink, several tones deeper than Exquisite Pink; of new improved Delphinium form and comes quite true from seed. Pkt., 25c.; 60c. per large pkt.

#### LARKSPUR EXQUISITE PINK

A new color in the splendid stock flowered type. The color is a soft yet bright rose color, that makes a charming and effective bunch when cut and equally as effective in the garden. Per pkt., 25c.; 40c. per large pkt.

#### MECONOPSIS, BAILEYI

A beautiful new perennial species, bearing an irregular cyme of nodding flowers of a most glorious shade of sky blue, a ring of golden anthers adds to the beauty of the bloom. Pkt., 50c.

Larkspur, Exquisite Rose

### MICHELL'S NOVELTIES AND SPECIALTIES IN FLOWER SEEDS

Petunia, Dwarf California Giants

## NEW PETUNIA DWARF CALIFORNIA GIANTS

A splendid new dwarf strain of the well known California Giants; excellent for pot culture and also good for bedding; the flowers are large and beautifully colored, with open throats well marked and veined. Pkt., 40c.; \$1.50 per large pkt.

#### PETUNIA, DIENER'S PINK GLORY

Extra large flowers, beautifully ruffled and fringed; color, an attractive shade of rose pink. Pkt., 25c.; 85c. per large pkt.

## PETUNIA, BLUEBIRD OUR NOVELTY FOR 1930

A new variety of incomparable beauty and luxuriance and therefore valuable as a pot plant, as well as for garden beds; medium sized flowers, of a deep blue color. Pkt., 25c.; \$1.25 per large pkt.

#### PETUNIA, THEODOSIA

A new and exceedingly attractive large flowered fringed variety; color, rosy pink, with a clear golden center. Pkt., 25c.; \$1.25 per large pkt.

#### PETUNIA, DOUBLE FRINGED MIXED

Our strain has been selected and hybridized with the greatest care; flowers are of large size, beautifully fringed and embraces a splendid variety of colors in many beautiful combinations. Pkt., 50c.; \$1.50 per 500 seeds.

#### NEW DWARF SALVIA SCARLET GLOBE

#### A MICHELL NOVELTY FOR 1930

This new type of Scarlet Sage is extremely dwarf, growing about 15 inches high; of very compact bushy growth and of a true globe shape; plants simply covered with masses of brilliant scarlet flowers. Pkt. (100 seeds), 75c.; \$1.50 per large pkt. (250 seeds).

#### **SCABIOSA**

#### COLUMBARIA ANTHEMIFOLIA

This splendid low growing perennial has fine, light green foliage and produces immense quantities of large flowers, measuring from 2 to  $2\frac{1}{2}$  inches across; color a delightful shade of pink; valuable for cutting. Pkt., 25c.; \$1.25 per large pkt.

Scabiosa Caucasica, Giant Hybrids

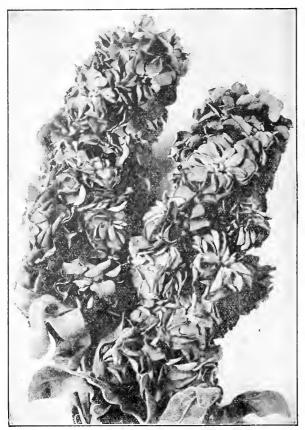

#### SCABIOSA CAUCASICA GIANT HYBRIDS

(Isaac House Strain)

A new and splendid improvement of the Caucasica strain, flowers are one-third larger, with longer, stouter stems, on plants of very vigorous growth. Colors range from light lavender to dark blue, giving a splendid range of colors. Pkt., 25c.; \$1.25 per large pkt.

Salvia, Scarlet Globe

Stock, Early Giant Imperial, Elk's Pride

#### STOCKS, EARLY GIANT IMPERIAL

A splendid addition to the early forcing class; of tall branching habit, from 24 to 30 inches high and producing a very high percentage of double flowers.

Large pkt. Pkt. Elk's Pride. A new shade in this early group; in-

tense royal purple; very early; florets large and

double\$0.75	\$0.25
Apple Blossom. Blush pink	.25
Chamois. Ivory tinted old rose	.25
Fiery Blood Red. Extra fine	.25
Lavender	.25
Rose. Deep rose pink	.25
White	.25
Mixed Colors	.25

#### VIOLA, JERSEY GEM

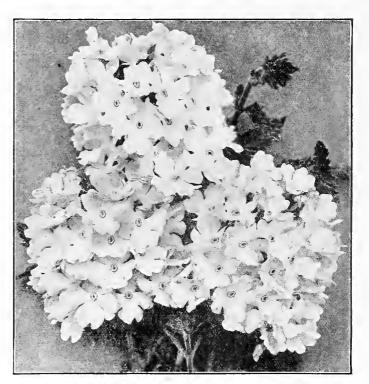

A new variety possessing the dwarf habit and continuity of blooming of the true Viola Cornuta, but is of more vigorous, bushy, growth, making it one of the finest bedding varieties. Color, pure rich violet; slightly perfumed. Pkt., 50c.; \$1.25 per large pkt.

#### VIOLA, ROSY GEM

Of dwarf, compact habit, its rosy pink flowers are freely produced; an ideal variety for the rock garden. Pkt., 20c.; 75c. per large pkt.

### WALLFLOWER EARLY FLOWERING DOUBLE

This is an extra early variety, flowering from seed in 90 days. Choice mixed colors. Pkt., 25c.; \$1.25 per large pkt.

Verbena, Newport Salmon

## VERBENA, NEWPORT SALMON Our Novelty for 1930

This new variety is a splendid giant flowering, true salmon pink, with white eye; extra large individual florets and coming absolutely true from seed; plants are of very vigorous habit. One of the finest Verbenas. Pkt., 25c.; \$1.25 per large pkt.

#### VERBENA, DWARF COMPACT FIREBALL

A new dwarf, compact variety, growing about 6 inches high and literally covered with bright scarlet blooms; excellent for. borders, beds or pot plants. Pkt., 25c.; \$1.25 per large pkt.

#### ZINNIA NEW GIANT DAHLIA FLOWERED

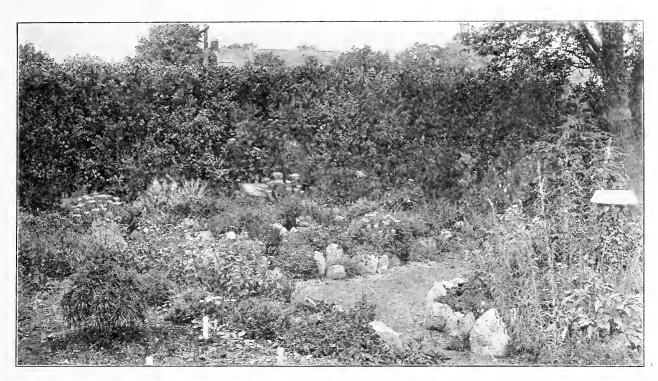

See color plate on 4th cover

Plants are of strong, vigorous habit, from  $2\frac{1}{2}$  to 3 feet high; mammoth flowers 4 to 6 inches across and  $2\frac{1}{2}$  to 3 inches deep, and so closely resemble decorative Dahlias, that when placed by their side, it is difficult to distinguish one from the other.

### MICHELL'S "DISTINCTIVE" FLOWER SEEDS

#### For Novelties and Specialties see pages 8 to 10

Our flower seeds have a reputation for their superior quality and for the excellent results obtained by sowing them. It is our constant endeavor to supply only such varieties and strains that will give the best of satisfaction.

Throughout the following pages of Flower Seeds the different varieties are designated as Annuals, Biennials, Perennials, etc., and for the benefit of those who are not familiar with these terms, we wish to make the following brief explanation:

Annuals. These grow and bloom, mature their seed and then die in the same year, such as Asters, Balsams, Poppies, Sweet Peas, Morning Glories, etc., some of which may be sown in the house from March to May, or outdoors, after danger from frost is over.

Biennials. These grow from seed sown during mid-summer, flowering the second year, after which they die; many of the varieties bloom the first season if sown early. In this class we have Pansies, English Daisies, Campanula Medium, Dianthus, etc.

Perennials. Those which live from year to year, such as Aquilegia, Delphinium, Foxgloves, etc. Seed may be sown outdoors from June to September and transplanted late in fall into their permanent quarters, and protected during winter with a light litter of straw or leaves. The hardy perennials not usually needing any protection after the first winter; the half-hardy perennials require protection during the winter, and the tender perennials during the winter require greenhouse protection.

.10

### A COMPLETE INDEX OF FLOWER SEEDS WILL BE FOUND ON PAGE 2.

#### ABUTILON (Flowering Maple)

Large pkt. Pkt. Choice Mixed. Used for bedding out in the summer;

also for flowering indoors during the winter; foliage of maple form; flowers bell-shaped; height, 3 feet .. \$0.75 \$0.10

## MICHELL'S SUPERB ASTERS

We can imagine no other flower which combines so much beauty with grace and usefulness and with which more brilliant effects can be achieved. From July until September this flower reigns supreme in the garden, not equalled by any other. For these obvious reasons we give a great deal of attention to these flowers, and are in a position to offer our patrons remarkably fine strains, producing perfect flowers of great beauty. All of the strains we offer are grown under our own supervision by specialists in this country. To have early flowers, sow the seed in the house, hotbed or cold frame, from March until May; otherwise sow outdoors after danger from frost has passed. To do well, Asters require a well pulverized soil, always kept open by continuous cultivation.

Special Note.—While this splendid fall flower is very easily grown from seed, the greatest possible care should be exercised with the seed bed; old soil and boxes should never be used the second time without thoroughly sterilizing, to avoid the numerous diseases to which Asters are so susceptible. Barnyard manure should never be employed as a fertilizer; we recommend the use of fine ground bone meal and on no account should they be grown in the same location two years in succession.

American Beauty Aster

#### **AMERICAN BEAUTY ASTERS**

This variety is similar in type of flower and growth to the well-known Late Branching Asters, but differs in that all the large blossoms are produced on much longer and heavier stems.

		Large pkt. Pkt.

Beautiful hardy perennials of easy culture; the plants continue in bloom throughout the summer.

Large pkt. Pkt.

ORNAMENTAL GRASSES. See page 27

# MICHELL'S GIANT PANSIES

Strictly considered this is a biennial, but the fact that it flowers the first season from seed recommends it for an annual. There are actually three seasons in which pansies can be planted. If started in the house from February until April pansies will begin to bloom from July on; sown outdoors in May beautiful flowers are produced in the fall; sown in frames during July and August and transplanted later gives us the main crop of flowers the following spring.

### GIANT PANSIES (Separate Colors)

A strain secured from the leading pansy specialists, and not to be compared with the ordinary Giant Trimardeau, as the flowers are of much heavier texture.

are of mach heavier tenture.	Large

# MICHELL'S POPPIES

One of our favorite and most popular flowers, producing during the blooming period, a profusion of brilliant colors and shades. Seeds should be sown as early in the spring as possible, where they are to remain, as they do not stand transplanting. Sow very thinly and barely cover the seed, press down firmly and they will come up in a few days. Several sowings of the annual varieties may be made at intervals to have a succession of bloom.

### MICHELL'S SPENCER OR ORCHID SWEET PEAS

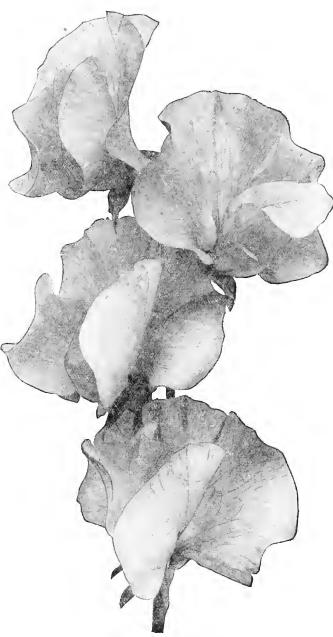

### Summer Flowering Varieties

These are distinguished from the old-fashioned Grandiflora sorts by the enormous flowers with crinkled and wavy petals, and also from the fact that they usually bear four blossoms on a stem. The plants are of robust growth and bear the flowers on long stems. On account of their superiority over the Grandiflora sorts, we have discontinued listing the latter. The varieties we list are selected from a long list and are considered to be the best up-to-date varieties.

# COLLECTION OF SPENCER OR ORCHID SWEET PEAS

One pkt. each 12 named varieties our selection, \$1.00.

Spencer or Orchid Sweet Pea

### MICHELL'S SUPERB SPENCER MIXTURE

A mixture that cannot be surpassed. Blended by ourselves from only the Giant Waved Spencer varieties in proper proportions of bright colors and including a number of new hybrids of exquisite colors and shades. Per pkt., 10c.; 25c. per oz.; ¼ lb., 60c.; \$2.00 per lb.

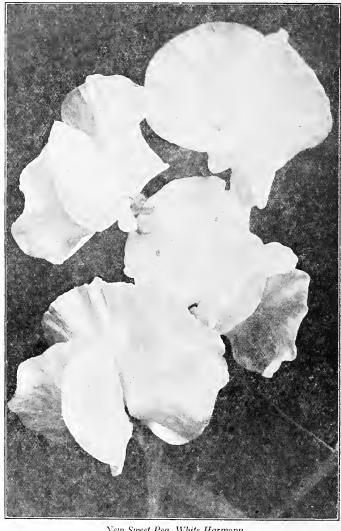

Our Booklet "How to Grow Sweet Peas" included in all orders if requested.

For Early or Winter Flowering Spencer Sweet Peas, see page 42.

# MICHELL'S EARLY OR WINTER FLOWERING SPENCER SWEET PEAS

While these are especially adapted for forcing under glass for winter and early spring blooming, they are also valuable for outdoor culture, coming into bloom five or six weeks earlier than the regular Spencer or Orchid flowered type, and if the flowers are kept cut, they will continue to bloom for a long time.

# MIXED FLOWER SEEDS FOR WILD GARDEN

This mixture embraces a large number of varieties of easy-growing, beautiful and interesting annual flowers, which will furnish a profusion of bloom throughout the entire summer and autumn; many of the varieties will be found useful for cutting. Pkt., 10c.; 25c. per oz.; 1/4 lb., 60c.; \$2.00 per lb.

Viola Cornuta

# MICHELL'S ZINNIAS (Youth and Old Age)

One of the most showy and satisfactory of our hardy annuals for beds, mixed borders and for cutting purposes; easy to grow in any good garden soil. They commence flowering early in the summer and continue until frost.

Zinnia, Giant Dahlia Flowered

### GIANT DAHLIA FLOWERED ZINNIAS

Plants of vigorous habit, from  $2\frac{1}{2}$  to 3 feet high; mammoth flowers 4 to 6 inches across and  $2\frac{1}{2}$  to 3 inches deep and so closely resembling decorative Dahlias, that when placed by their side, it is difficult to distinguish one from the other. This new type is also valuable for growing under glass for cutting. See color plate, 4th cover page.

Liliput Zinnias

## MICHELL'S VEGETABLE SEED SPECIALTIES

In line with our usual custom, we have taken from our general list certain specially meritorious varieties of vegetable seeds to which we call, on this and the 2 succeeding pages, special attention. Planters will do well to include these sorts in their seed order.

If Beans, Sugar Corn, or Peas are wanted by Parcel post, add for postage as follows: 10c. for ½ lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

### BEAN, DWARF GREEN POD ROUNTIFUL

See color plate opposite.

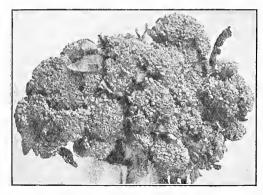

One of the best flat, green-podded bush beans; the plants are of very vigorous growth, early, a continuous bearer and very prolific; entirely stringless, very tender and of delicious flavor; pods 5 to 7 inches long. Valuable also as a dry shelled bean. Pkt., 10c.; 55c. per lb.; 2 lbs., \$1.05; \$2.50 per 5 lbs.; 10 lbs., \$4.80; \$11.25 per 25 lbs.

#### BEET

### Michell's "Winter Keeper"

See color plate opposite.

This grand beet is almost globe shaped, tapering slightly toward the root. The dark blood red flesh is always tender; the hard, stringy, woodenlike substance, so common in many varieties, is entirely absent in this sort. It is ideal as a late summer cropper, or for use during winter and spring, until new beets are on the market again. Pkt., 10c.; 25c. per oz.; ½ lb., 65c.; \$2.25 per lb., postpaid.

Broccoli, Early Green Calabrese

### BROCCOLI, EARLY GREEN CALABRESE

This is the variety so much sought by the Italian trade and has become quite popular in our American gardens; forms a fair size, green head; after this is cut from the main stalk, new sprouts develop, which form small heads of a loose nature. In order to get an early crop, sow seed in cold frames, transplanting at the proper time; ready for use in about four months from sowing of seed. Prepare this delicious vegetable same as you would cauliflower. Pkt., 20c.; 75c. per ½ oz.; oz., \$1.25; \$4.50 per ¼ lb., postpaid.

### PEAS, EXTRA EARLY EIGHT WEEKS

This is one of the earliest dwarf Peas in cultivation, commencing to bear  $6\frac{1}{2}$  weeks after planting. They usually grow to a height of from 12 to 15 inches; on account of their dwarf habit they can be planted closer than most other varieties, yielding a greater quantity of peas from a comparatively small space of ground than from almost any other variety. The pods are of medium size and well filled with peas of extra fine quality. Pkt., 10c.; 25c. per  $\frac{1}{2}$  lb.; lb., 45c.; 85c. per 2 lbs.; 5 lbs., \$2.00; \$3.80 per 10 lbs.; 25 lbs., \$9.00.

# CHINESE OR CELERY CABBAGE WONG BOK

Easily grown and can be served in numerous ways. Does not grow quite as tall as the Pe Tsai, but is thicker through; the heads are elongated, self-folding and requires no blanching; it resembles Romaine lettuce. In order to get proper results, seed should not be sown until after August 1st. Pkt., 10c.; 30c. per ½ 0z.; oz., 50c.; \$1.50 per ½ lb., postpaid.

# SUGAR CORN Golden Sunshine

Especially desirable for its extreme earliness, maturing a week or ten days before Golden Bantam; dwarfer in habit; ears  $6\frac{1}{2}$  inches long and containing 12 rows of broad, yellow sweet grains. Pkt., 15c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 100 lbs.

### RADISH, ICICLE

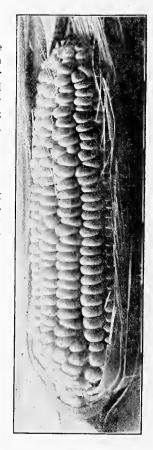

See color plate opposite.

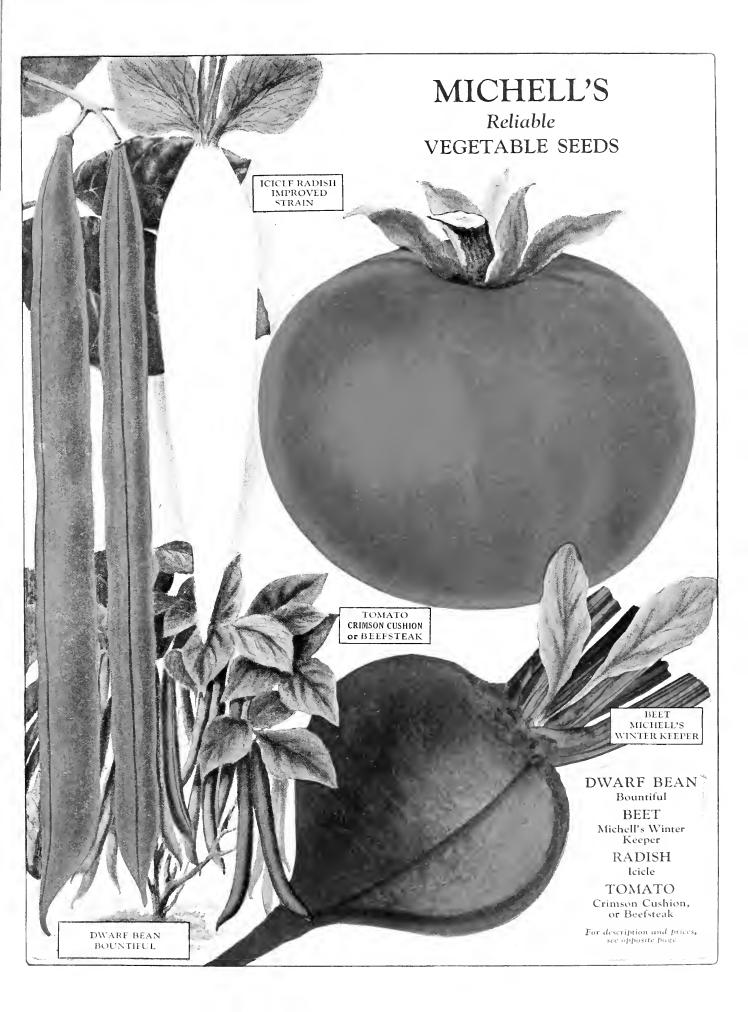

This is one of the finest of all long radishes; long, slender root which remains crisp even when well developed; matures early and is good for either spring or fall sowing. Pkt., 10c.; 15c. per oz.; ½ lb., 49c.; \$1.25 per lb., postpaid.

### TOMATO, CRIMSON CUSHION OR BEEFSTEAK

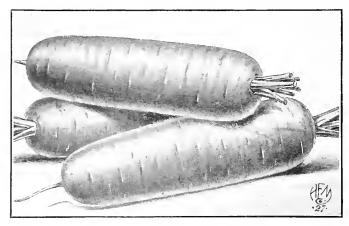

See color plate opposite.

A vigorous grower; heavy, dark green foliage; fruits large, crimson scarlet, solid and suitable for slicing or canning. This is a variety that will grow and produce in most any locality. Pkt., 15c.; 35c. per ½ oz.; oz., 60c.; \$2.00 per ¼ lb., postpaid.

### MICHELL'S VEGETABLE SEED SPECIALTIES

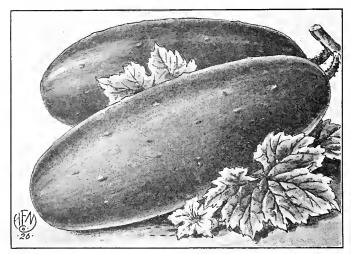

Carrot, Coreless or Nantes Half Long

### CARROT

### Coreless, or Nantes Half Long

One of the most symmetrical and handsomest of the medium sized varieties; the roots grow about 6 inches in length, are blunt pointed, smooth, bright orange in color, sweet and sugary. Pkt., 10c.; 25c. per oz.; 1/4 lb., 60c.; \$2.00 per lb.

Cucumber, Early Market

### EARLY MARKET CUCUMBER

A new variety worthy of a trial in your garden. Plant this one and you will have cucumbers before your neighbors. An attractive dark green variety, uniform in shape and size; averages 8 inches in length; excellent for slicing. Pkt., 10c.; 35c. per oz.; 1/4 lb., 85c.

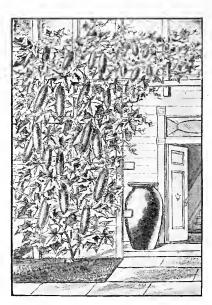

### MUSK MELON, Michell's Delicious

This variety deservedly enjoys a good name; large in size, often weighing 15 to 20 lbs.; ideal for home use. The flesh is very deep orange-salmon and represents most of the melon, as the seed space is very small with but few seeds. Continues bearing till cold weather and holds its splendid quality up to the very last. Pkt., 15c.; 35c. per ½ oz.; oz., 60c.; \$2.00 per ¼ lb.

NOTE-All seeds on this page sent postpaid at quoted prices.

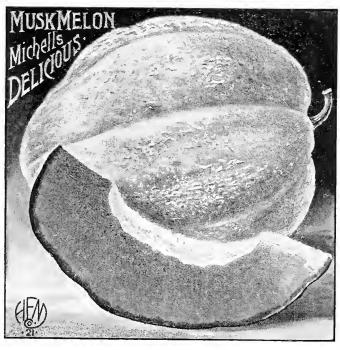

### **JAPANESE CLIMBING CUCUMBER**

The vines attain almost twice the length of other varieties and can be successfully grown on fences, poles or trellises. The extra long, light-green fruits are produced in abundance; flesh thick and firm, never bitter; a superb variety for slicing; when young makes fine pickles. The fruits are raised well above the ground, so seldom suffer from wet weather or insects. Pkt., 15c.; 40c. per oz.; 1/4 lb., \$1.00.

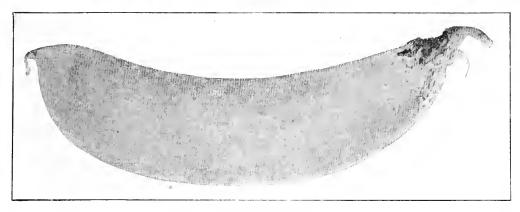

### FINNOCCHIO, or FLORENCE FENNEL

A delicious vegetable and one which should be more widely grown. It is quite distinct from the common sweet fennel used for flavoring. This variety produces a bulb at the surface of the ground. It is extensively used in Italy and by Italians in this country; can be used as a salad or served boiled with a cream dressing; the flavor is somewhat like celery. Sow seed in rows about 2 feet apart and thin out or transplant to 8 to 10 inches apart in the row. Sow in May or June and again a month later for fall use. When the plants are half grown, drag up earth to them to blanch Finnocchio or Florence Fennel the bulbs. Pkt., 10c.; 30c. per oz.

### MICHELL'S VEGETABLE SEED SPECIALTIES

Tall Luscious Sugar Pea: Natural Size Pod

### TALL LUSCIOUS SUGAR PEA (EDIBLE POD)

Grows to the height of 4 feet and bears profusely, long, broad, light green pods. If picked when about half grown, the whole pod is used the same as string beans, they are broken and boiled and served the same; they are extremely sweet flavored. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; 82.25 per 5 lbs.; 10 lbs., \$4.30; \$10.50 per 25 lbs.

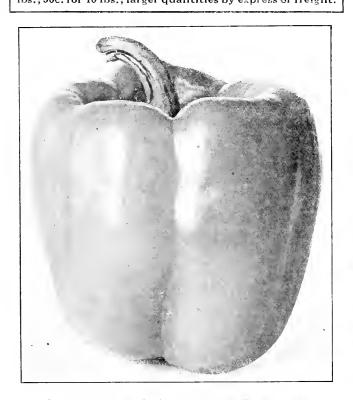

### ONION, WHITE BARLETTA

An extremely early small variety, with silvery white skin and flesh; very mild in flavor. This is the variety generally used for pickling. Pkt., 10c.; 35c. per oz.; ½ lb., \$1.10; \$3.75 per lb., postpaid.

White Barletta Onions

If Peas are wanted by Parcel Post, add for postage as follows: 10c. for ½ lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

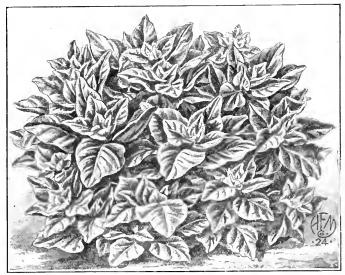

### CALIFORNIA WONDER PEPPER

A new variety of great merit; the plants are sturdy, bearing nice, heavy fruit of a glossy green color, later turning to vivid red. The flesh is thick and can be eaten like an apple. A great producer in the latitude of Philadelphia and points South. Pkt., 20c.; 45c. per ½ oz.; oz., 85c.; \$3.00 per ½ lb., postpaid.

### SPINACH, NEW ZEALAND

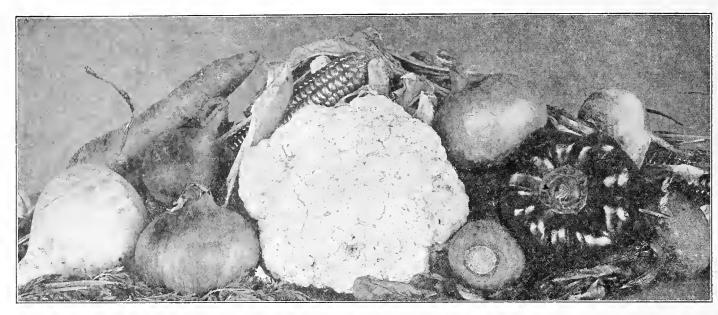

This variety endures heat and drought; excellent for summer use; the leaves are small and thick. It is a heavy yielder, growing upright; one sowing can be picked from throughout the entire summer. A very distinct variety. Do not confuse this with other varieties of spinach, as the seed should be sown about May 15th. In order to get a successful germination of the seed, it should be soaked in warm water for about 12 hours before sowing. Pkt., 10c.; 15c. per oz.; ½ lb., 45c.; \$1.50 per lb., postpaid.

Spinach, New Zealand

### VEGETABLES YOUR BEST FOOD

Our health depends a great deal on what we eat. The average American meal consists of acid forming foods and so refined that the best elements are lost and therefore detrimental. Vegetables are your best food; eat more of them.

It will be observed that the varieties offered in these collections are such as can be planted as late as most gardening can be undertaken. The "Collection Idea" of Vegetable Seeds is gaining in popular favor; many persons, even the experienced gardeners do not know the best varieties to order. These collections have also a decided feature of advantage, as they save time and money; they cover the most popular kinds of vegetables used in every household and we are sure our customers will find them made up with the thought of being entirely practical. As these collections are put up previous to the busy season we cannot make any changes in the varieties or quantities. The collections named below if bought separately would cost considerably more.

## Michell's City Garden Collection

- 1 Pkt. Beans. Stringless Green Pod.
- 1 Pkt. Beans. Dwarf Golden Wax.
- 1 Pkt. Beans. Fordhook Bush Lima.

Michell's Practical Garden Pointers. A publication we have compiled that contains valuable information on the culture of Vegetables, Flowers, etc., also Garden Plans, will be sent free with any of the above collections.

### MICHELL'S VEGETABLE SEEDS, ETC.

### **ASPARAGUS** PRODUCTION

 $\mathbf{B}\mathbf{v}$ 

#### Jones and Robbins

A practical treatise on the planting, cultivation, marketing, etc., of this important vegetable.

Price, \$2.25.

#### ANISE( Herb)

Seed is used for flavoring. Pkt., 10c.; 35c. per oz. ARTICHOKE

Artichaut (Fr.); Artischoke (Ger.); Articiocca (Ital.). 1 oz. will produce about 500 plants. Sow seed in January in the greenhouse, or in

hotbeds in March. Transplant when large enough, in rows 3 feet apart, 2 feet apart in the row. Protect the plants in winter by taking them in a cellar or putting in a cold frame; may be left outdoors if protected by straw or leaves.

Green Globe. Pkt., 15c.; 40c. per  $\frac{1}{2}$  oz.; oz., 65c.; \$2.25 per 1/4 lb.

> ARTICHOKE PLANTS (Ready in April)

We grow a large stock of these, Green Globe. for those who do not care to bother with them from seed; thus an early crop may be assured. Pot grown, \$1.50 per doz.; 25 for \$3.00; \$10.00 per 100 (by express only).

> ARTICHOKE ROOTS Jerusalem (Ready in April)

Used for table and stock feeding. Cut the tubers to single eyes and plant like potatoes, 3 to 4 feet apart each way, three or four tubers in a hill. Leave the tubers in the ground and dig as wanted. 20c. per lb. (by parcel post, 30c.); 75c. per 5 lbs. (by parcel post, 95c.); 10 lbs., \$1.20 (by parcel post, \$1.50); \$2.75 per 25 lbs.; 50 lbs., \$4.50.

Washington Asparagus

#### **ASPARAGUS**

Asperge (Fr.); Spargel (Ger.); Sparagio (Ital.). Sow 5 lbs. per acre for roots, or 1 oz. to 50 feet.

A well-cared-for bed improves with age and lasts for many years. It may be established from seed, but much time is saved by planting roots. Seeds should be sown thinly in early spring in rows 1 to 2 feet apart. Thin out the weakest plants so the remainder will be 4 inches apart. When one or two years old, transplant in the permanent bed in rows 3 feet apart, setting the roots 1 foot to 1½ feet apart, from where it can be cut three years later. "Michell's Practical Garden Pointers" gives full information and is mailed free.

Michell's Giant Argenteuil (French Grown Seed). A remarkable shoot or spear is often two inches in diameter and 12 inches long, of which every part when boiled is tender and delicious. Color, white, with a greenish purple tip. 15c. per oz.; ¼ lb., 40c.; \$1.00 per lb.

Barr's Mammoth. Produces heavy, stout spears, of delicious flavor. Remains green when cooked. 15c. per oz.; ¼ lb., 40c.; \$1.00 per lb.

Palmetto or Eclipse. One of the earliest; very prolific and finely flavored. Color, green. 15c. per oz.; ¼ lb., 40c.; \$1.00 per lb.

Pedigreed Washington. A rust-resisting variety; long stout spears, of a dark green color, with a rich purple tinge. Pkt., 10c.; 20c. per oz.; ¼ lb., 65c.; \$2.00 per lb.

### ASPARAGUS ROOTS

(Ready about March 20th)

4000 to 6000 roots are required for an acre.

	2- Y	ear-Old 1	<b>toots</b>
	Per 50	100	1000
arr's Mammoth	.80.75	\$1.25	\$10.00

Raffia. Ideal for tying asparagus in bunches. Natural, 50c. per lb. (by parcel post, 60c.); 5 lbs., for \$2.40 (by parcel post, \$2.60).

Green, 85c. per lb. (by parcel post, 82.60).

Raffia Tape. A linen and paper composition; nile green color. 90c. per bolt of 250 yards (by parcel post, 81.00); 6 bolts, 85.00 (by parcel post, 85.25).

Jute Twine. For tying asparagus, 2 and 3-ply; soft and pliable. Per ball, 18c. (by parcel post, 25c.); 30c. per lb. (by parcel post, 40c.).

Asparagus Salt. Applied in the spring for destroying weeds, 800 lbs. per acre.

\$2.00 per 100 lbs.; 200 lbs., \$3.50; \$16.00 per  $\frac{1}{2}$  ton; ton, \$30.00. Asparagus Fertilizer. Compounded after a formula recommended by a leading asparagus grower; apply 800 lbs. per acre. In 200-lb. bags, \$5.00; \$22.50 per ½ ton; ton, \$40.00.

### BASIL, Sweet (Herb)

Pkt., 10c.; 25c. per ½ oz.; oz., 45c.

Getting Michell's Stringless Green Pod Beans ready for Market

### MICHELL'S DWARF BEANS

Haricots Nains (Fr.); Buschbohnen (Ger.); Fagiuoli Nani (Ital.). Plant 90 lbs. per acre. 2 lbs. will plant a 100 foot row. Cultural Directions.—A rich, sandy loam suits beans to perfection. Toward the end of April or, still better, in May, sowings may be made and may be repeated every two weeks until August. Have the rows about two feet apart. Sow quite thinly in the row and about two inches deep; thin out to stand four to six inches apart in the rows.

If Beans are wanted by Parcel Post, add for postage as follows: 10c. for ½ lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

### GREEN-PODDED VARIETIES

Black Valentine. Pods long and slender, semi-round and wellflavored; slight string when old. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$8.75 per 25 lbs.

Bountiful. A flat podded sort; stringless, tender and a prolific bearer. Pkt., 10c.; 55c. per lb.; 2 lbs., \$1.05; \$2.50 per 5 lbs.; 10 lbs., \$4.80; \$11.25 per 25 lbs.

Early Mohawk. This variety can be planted before any other sort, being quite hardy; large cropper; flat pod. Pkt., 10c.; 55c. per lb.; 2 lbs., \$1.05; \$2.50 per 5 lbs.; 10 lbs., \$4.80; \$11.25 per 25 lbs.

Early Red Valentine. An extra early variety, maturing a crop time; pods 5 to 6 inches long, round, thick, tender and of good quality. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs. in 45 to 50 days, a large portion of which can be picked at one

Mammoth or Giant Stringless. Of vigorous habit; great producer of large round pods, from 5½ to 6½ inches long; a good one for the market or home garden. Pkt., 10c.; 55c. per lb.; 2 lbs., \$1.05; \$2.50 per 5 lbs.; 10 lbs., \$4.80; \$11.50 per 25 lbs.

Masterpiece. A large, flat-podded variety, especially adapted for growing under glass, though it may be grown successfully authors. Pkt. 15c. 65c. per lb.; 21 lbs. \$1.25; \$2.00 per 5 lbs.

outdoors. Pkt., 15c.; 65c. per lb.; 2 lbs., \$1.25; \$3.00 per 5 lbs.; 10 lbs., \$5.80; \$14.00 per 25 lbs.
\*Stringless Green Pod. A round podded sort, early, prolific

and a continuous bearer, pods measure 5 to 6 inches, very meaty; even when the pods become quite old they retain their stringless qualities. Pkt., 10c.; 30c. per ½ lb.; lb., 55c.; \$1.05 per 2 lbs.; 5 lbs., \$2.50; \$4.80 per 10 lbs.; 25 lbs., \$11.50.

Triumph of the Frames. Splendid for forcing under glass, producing long, narrow, tender pods. Pkt., 15c.; 70c. per lb.; 2 lbs., \$1.35; \$3.25 per 5 lbs.; 10 lbs., \$6.30; \$15.00 per 25 lbs.

### DWARF VARIETIES OF SHELL BEANS For Winter Use

For soups, baked beans, etc., these are always useful. They can be used in the green state like other sorts when picked very young, but for the first named purpose they are the best. Plant when ground is warm in spring and up to July 1st in rows 2 feet apart, beans 3 inches apart in the row.

Boston Navy or Pea. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.25 per 25 lbs.

Broad Windsor. An English bean used in the dry state shelled.

Plant in rows about 3 feet apart, about 8 inches apart in the row. Pkt., 10c.; 60c. per lb.; 2 lbs., \$1.15; \$2.75 per 5 lbs.; 10 lbs., \$5.30; \$12.50 per 25 lbs.

Dwarf Horticultural. One of the best early shell beans; the thick, flat, stringless pods are colored red and green; the bean is large, round and speckled. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$8.75 per 25 lbs.

Red Kidney. Pods long, kidney-shaped, light red in color and of

good quality. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

White Marrowfat. Somewhat larger than the Boston Navy or Pea and extensively planted for shelling for winter or for using in the green state. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

FAVORITE COLLECTION. Three of the best Green Pod Beans—Extra Early Red Valentine; Bountiful; Improved Stringless Green Pod. Plant at intervals of 2 weeks, in rotation as given. Specially priced, 1 pkt. each for 25c.; 1 lb. each for \$1.25, postpaid.

### MICHELL'S DWARF BEANS-Continued

If Beans are wanted by Parcel Post, add for postage as follows: 10c. for ½ lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

### YELLOW-PODDED VARIETIES

Black Wax (Pencil Pod Strain). A round-podded, hardy sort, entirely stringless, very early. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

\*Golden Wax Rust Proof. A very desirable variety for the home garden; vigorous grower and rust-resisting, making it one of the best of the wax beans; pods flat, medium length, good quality. Pkt., 10c.; 25c. per ½ lb.; lb., 45c.; 85c. per 2 lbs.; 5 lbs., \$2.00; 83.80 per 10 lbs.; 25 lbs., \$9.00.

Round-Podded Kidney Wax. A vigorous grower; fleshy pods, stringless and rust-proof. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; 82.25 per 5 lbs.; 10 lbs., 84.30; §10.25 per 25 lbs.

Stringless Refugee Wax. Round-podded, entirely stringless and of exceptional flavor. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Sure Crop Stringless Wax. Very productive, hardy and may be planted early; long, thick, flat-pods of excellent quality. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.25 per 25 lbs.

Wardwell's Kidney Wax. A favorite market bean; long, thick, flat pods in great abundance; one of the best medium early sorts; free from rust. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.25 per 25 lbs.

### MICHELL'S POLE OR RUNNING BEANS

Haricots a Rames (Fr.); Stangenbohnen (Ger.); Fagiuoli (Ital.)

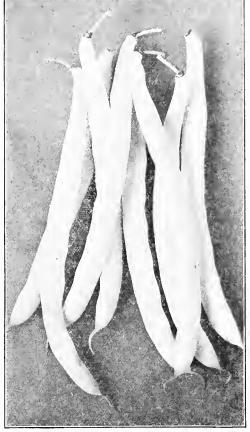

When all danger of frost or cold nights is over, plant in hills 4 feet apart each way, about 4 or 5 beans to the hill, eyes downward. When up and established,

thin out to 3 plants in a hill. Plant about 20 lbs. to the acre.

Pole Beans are not accorded in the north the same attention they deserve and receive in the southern part of the United States, where they are found in practically every garden.

They are frequently more tender, and yield larger crops than dwarf sorts. One planting lasts usually for the season.

Stringless Refugee Wax Bean

### **GREEN-PODDED VARIETIES**

\*Giant Podded Asparagus. Also known as the yard long bean. Produces an enormous crop of long pods, measuring 2 feet or more in length, which are tender and of excellent quality. Pkt., 20c.; 80c. per ½ lb.; lb., \$1.50; \$2.95 per 2 lbs.

\*Kentucky Wonder or Old Homestead. In the South this variety is grown more extensively probably than any other; a tremendous yielder of long round pods, very tender and practically stringless. Quite early, being ready for picking about 85 days from planting. Pkt., 10c.; 25c. per ½ lb.; lb., 40c.; 75c. per 2 lbs.; 5 lbs., 81.75; 83.30 per 10 lbs.; 25 lbs., \$7.50.

Lazy Wife. The best late, green podded pole bean; pods broad, thick, very fleshy and stringless; very prolific. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Scarlet Runner. While used principally for its flowering qualities, this makes a splendid winter shell bean. The bright red flowers are an attraction when the vine is used for covering arbors, trellis, fences, etc. Pkt., 10c.; 50c. per lb.; 2 lbs., 90c.; \$2.15 per 5 lbs.; 10 lbs., \$4.20; \$10.00 per 25 lbs.

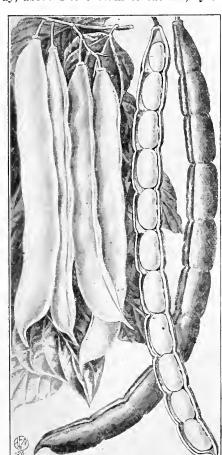

### YELLOW-PODDED VARIETIES

\*Early Golden Cluster Wax. Deep yellow, flat pods, frequently 8 inches long; quite stringless and matures in about 85 days. A heavy yielder, the pods being borne in large clusters. One of the best of the pole beans and a splendid variety for the home garden. Pkt., 10c.; 25c. per ½ lb.; lb., 45c.; 85c. per 2 lbs.; 5 lbs., 82.00; \$3.80 per 10 lbs.; 25 lbs., \$9.00.

Kentucky Wonder Wax. A very prolific sort, producing long, thick and almost straight pods, which are of a light yellow color and of excellent quality. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.00 per 25 lbs.

Disinfection of bean seeds by dusting with Semesan destroys surface-borne seed diseases and increases stand and yield. See page 78.

Early Golden Cluster. Kentucky Wonder

# MICHELL'S LIMA BEANS

Haricots a rames (Fr.); Stangenbohnen (Ger.); Fagiuoli di Lima (Ital.)

If Beans are wanted by Parcel Post, add for postage as follows: 10c. for ½ lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

### POLE VARIETIES

2 pounds will plant 100 hills; 25 to 30 pounds per acre.

Plant when all danger of frost or cold nights is over with the eye of the bean down. Put a liberal number in a hill, as this is cheaper than replanting. When up and established, thin out to 3 or 4 plants in a hill. The poles should be set as soon as the garden is made in rows about 3 feet apart, with the poles about 3 feet apart in the row. It is a good plan to put a small shovelful of well-rotted cow manure in each hill when the poles are set, so the beans when started will make rapid growth and mature early.

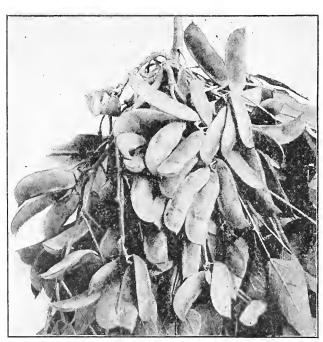

Carpinteria. A variety that retains its green color in all stages of growth, even after being dried; with this it combines wonderful prolificness, flavor, and size; a good early variety; 4 to 5 beans in a pod. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Dreer's Improved. Also known as Challenger or Potato Lima. Although somewhat smaller than other limas, it is very early, prolific and of delicious flavor. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.25 per 25 lbs.

Giant Podded. Produces a heavy, stocky vine, well filled with gigantic pods, in clusters, producing a nice size white bean. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

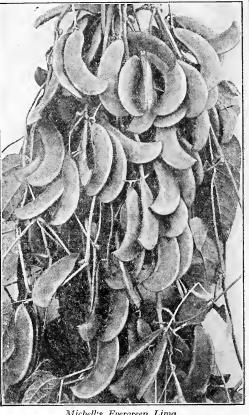

\*King of the Garden. An old time favorite, but still popular with the amateur as well as the market gardener; of sturdy growth, exceedingly productive and of good flavor. Pkt., 10c.; 25c. per  $\frac{1}{2}$  lb.; lb., 45c.; 85c. per 2 lbs.; 5 lbs., \$2.00; \$3.80 per 10 lbs.; 25 lbs., \$9.00.

Michell's Evergreen. Any one wishing an exceptionally early pole lima should plant this one. It is remarkable for its productiveness and good flavor; continues bearing until frost. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Fordbook Bush Lima

See page 48 for complete colcomplete col-lections of Vegetable Seeds.

Ba

Michell's Evergreen Lima

### **BUSH OR DWARF VARIETIES**

Bush Limas should be planted for early crops, as they come into bearing much sooner, although they are not so prolific as the pole varieties. They are usually planted in rows about 3 feet apart, while the beans are put in hills about 2 feet apart, about 3 beans to the hill.

Burpee's Improved Bush Lima. A great improvement over the old strain of Burpee's Bush Lima; the bean is thicker, sweeter, and more prolific. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.25 per 25 lbs.

\*Fordhook. This is the best type of bush lima in cultivation; has a distinct upright vigorous growth; pods are borne in clusters well above the ground and frequently contain as many as 4 thick luscious beans. It matures very early and continues in bearing till frost. Pkt., 10c.; 30c. per ½ lb.; lb., 55c.; \$1.05 per 2 lbs.; 5 lbs., \$2.50; \$4.80 per 10 lbs.; 25 lbs., \$11.50.

Hendersons. A dwarf, compact growing variety, with large clusters of pods, containing very small flat beans; a favorite sort for canning, but cannot be recommended for flavor. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Wilson's Improved. Claimed to be two weeks earlier than Burpee's Improved Bush Lima; it also is much more prolific, though the pod nor the bean is quite as large. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.25 per 25 lbs.

Cedar Bean Poles (Pointed). Extra selected quality, about 10 feet long. 12 for \$2.25; 25 for \$4.00; 50 for \$7.75; \$15.00 per 100.

### NITROGEN BACTERIA FOR BEANS

Stimugerm. If you want your bean patch to yield earlier and better, inoculate the seed before planting with nitrogen bacteria. See

When ordering, be sure and specify wanted for garden beans, as each leguminous crop requires a separate culture.

### MICHELL'S CHOICE BEET SEED

Betterave (Fr.); Salatrube (Ger.); Barbabietola (Ital.). One ounce will sow a row 50 ft. long; 5 lbs. per acre.

Sow in drills one foot apart and one inch deep, as early as the ground can be worked; when the plants are large enough thin out to stand four inches apart in the row. For an early crop in hotbeds the seed should be sown in early March, while for a winter supply sow about July 10th outdoors. Prices of all seeds on this page includes mailing charges.

Arlington Favorite. Extra early; exceedingly sweet; rich blood red. Pkt., 10c.; 20c. per oz.; ½ lb., 45c.; \$1.25 per lb.

Bassano Extra Early. A flat variety; flesh white and rose colored. Pkt., 10c.; 20c. per oz.; 1/4 lb., 45c.; \$1.25 per lb.

Bastian's Early Blood Turnip. The best beet for market and family use; grows quite large; turnip-shaped. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.25 per lb.

Bastian's Half Long Blood. Used extensively for winter use. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.25 per lb.

Crimson Globe. Almost round in shape, a rich deep red color, has a distinct delicious flavor and is very tender. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.25 per lb.

Beet, Crosbu's Equation

Crosby's Egyptian. Especially desirable on account of its rich blood red color throughout. An early variety and one of the best all around table beets. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

Detroit Dark Red (Michell's Special Strain). The seed of this variety is a careful re-selection from the choicest, most uniform roots; it will be found superior to the usual type of Detroit Beet. Pkt., 10c.; 25c. per oz.; 1/4 lb., 65c.; \$2.25 per lb.

Detroit Dark Red (Regular Strain). Pkt., 10c.; 20c. per oz.; 1/4 lb., 60c.; \$1.75 per lb.

Early Wonder. An extra early variety; globe shaped; flesh deep blood red and very tender. Pkt., 10c.; 20c. per oz.; ¼ lb., 60c.; \$1.75 per lb.

Eclipse. Perfectly smooth and round; skin and flesh intense red.

An excellent sort for forcing or for planting in the garden. Pkt., 10c.; 20c. per oz.; ½ lb., 45c.; \$1.25 per lb.

Lentz Early. Fine for sowing in hotbeds and outdoors early; inside color red, with zone of lighter shades. Pkt., 10c.; 20c. per oz.; ½ lb., 45c.; \$1.25 per lb.

Michell's Ideal. A splendid turnip-shaped beet of rich, blood-red color; fine grained and very tender. Pkt., 10c.; 20c. per

oz.; ½ lb., 60c.; \$2.00 per lb.

Michell's Winter Keeper. Globe shaped; rich red, tender and sweet; one of the best winter varieties. Pkt., 10c.; 25c. per oz.; ¼ lb., 65c.; \$2.25 per lb.

#### SEMESAN MAKES SEEDS HEALTHY

An organic mercury disinfectant that can be used in either dust or liquid form. See page 78.

### SWISS CHARD (Spinach Beet)

Giant Lucullus. Used extensively, either as greens or in the same manner as asparagus, when only the rib is eaten. For illustration and full description, see page 74. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

### BEETS

Mangel Wurzel or Cattle Varieties. (See page 64.)

### BORAGE (Herb)

Pkt., 10c.; 35c. per oz.

### BROCCOLI

Broccoli (Fr.); Sparkelkohl (Ger.); Broculi (Ital.). One ounce will produce 3000 plants.

A vegetable resembling cauliflower and often grown where the latter does not thrive. Cultural method is much the same.

Early Green Calabrese. This is the variety so much sought by the Italian trade and has become quite popular in our American gardens; forms a fair size green head; after this is cut from main stalk, new sprouts develop, which form small heads of a looser nature. For illustration and full description, see page 46. Pkt., 20c.; 75c. per  $\frac{1}{2}$  oz.; oz., \$1.25; \$4.50 per  $\frac{1}{4}$  lb.

White Cape. Pkt., 10c.; 40c. per ½ oz.; oz., 65c.; \$2.25 per ¼ lb.

Brussels Sprouts

### **BRUSSELS SPROUTS**

Chou de Bruxelles (Fr.); Rosekohl (Ger.); Berza de Brussels (Ital.)

One ounce will produce about 3000 plants.

Sow seed about May 15th; transplant when about 4 ins. high in rows 3 feet apart, 2 feet apart in the row. When heads begin to crowd, the lower leaves should be broken from the stem of the plant to give them plenty of room. They are best for cooking after they have had a slight frost.

Long Island Half Dwarf. Compact heads; very productive. Pkt., 10c.; 30c. per oz.; ¼ lb., 85c.

Matchless Improved. Pkt. 10c.; 30c. per oz.; 1/4 lb., 85c.

### BRUSSELS SPROUTS PLANTS (Ready in July)

25 for 30c. (by parcel post, 40c.); \$1.00 per 100 (by parcel post, \$1.15); per 1000, \$6.50.

### CARAWAY (Herb)

For flavoring, etc. Pkt., 10c.; 25c. per oz.

### VEGETABLES YOUR BEST FOOD

Our health depends a great deal on what we eat. The average American meal consists of acid-forming foods and so refined that the best elements are lost and therefore detrimental. Vegetables are your best food; eat more of them.

### MICHELL'S CHOICE CABBAGE SEED

Chou pomme (Fr.); Kopf Kohl (Ger.); Cavolo Cappuccio (Ital.)

One ounce will produce about 3,000 plants; 4 oz. will produce enough for an acre.

Our strains are the very best to be had, selected from specimen heads in well rogued fields. Sow seeds of the early varieties in February in hotbeds and transplant latter part of April or early in May to open ground, or an early sowing in open ground can be made as soon as weather will permit. Set the plants in rows 2 feet apart and 12 to 18 inches apart in the row. The second early varieties sow in April and transplant in May; late varieties, sow in May and transplant in July, setting plants in rows 3 feet apart and 2 feet in rows. Never plant cabbage in the same location two years in succession.

All seeds on this page mailed postage free.

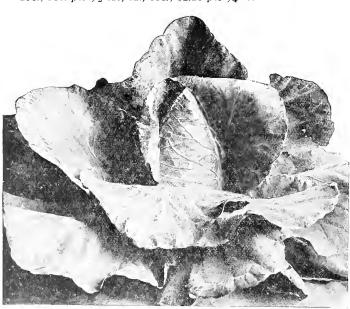

### **EARLY VARIETIES**

All Head. The largest of the early cabbages. The head is roundish flat and remarkably solid; excellent for winter as well as early spring. Pkt., 10c.; 20c. per ½ oz.; oz., 35c.; \$1.00 per ¼ lb.

Babyhead. An excellent variety, characterized especially by its extreme earliness and the small size of the heads, which is usually less than six inches across, round, firm and of splendid cooking quality; has a short stem and few small outer leaves; plants may be set as close as 8 to 10 inches apart. It is an ideal variety for growing under glass and early open ground planting. Pkt., 15c.; 40c. per ½ oz.; oz., 70c.; \$2.25 per ¼ lb.

Charleston or Large Wakefield. Similar to the Early Wakefield, but the heads are more blunt, equally as solid, grows almost twice the size and matures one week later. Pkt., 10c.; 25c. per ½ oz.; oz., 45c.; \$1.50 per ¼ lb.

Copenhagen Market. An early, round headed variety, following the Golden Acre. The heads frequently weigh as much as 10 lbs. Our stock is imported and the best the market affords. Pkt., 10c.; 35c. per ½ oz.; oz., 65c.; \$2.25 per ¼ lb.

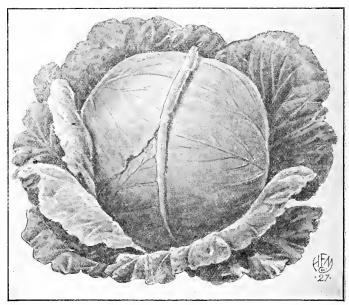

Extra Early Jersey Wakefield Cabbage

Extra Early Jersey Wakefield. One of the finest types of early cabbage; produces uniform pointed heads. The cuter leaves form a protection for the heads, which enables it to be set out earlier than other sorts. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.50 per ¼ lb.

Henderson's Early Summer. Heads of medium size, roundish-flat and solid. A fine variety for following the early types. Pkt., 10c.; 20c. per ½ oz.; oz., 35c.; \$1.00 per ¼ lb.

 Surface-borne seed diseases and damping off are controlled by Semesan treatment. Danish Ball Head. This excellent winter cabbage is unequaled for its keeping qualities, massiveness and weight. For boiling, cold slaw, sauer kraut, etc., it is ideal, being crisp, tender and sweet. Does well under most any condition of moisture or drought; heads seldom burst. Pkt., 10c.; 35c. per ½ oz.; oz., 65c.; \$2.25 per ½ lb.

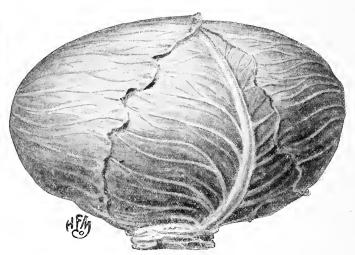

Golden Acre Cabbage

Golden Acre. Early, solid and uniform; a new acquisition to the cabbage family; the plant is dwarf in habit; heads medium size, averaging 5 lbs., round, solid and grows but few outer leaves; suitable for close planting. Follows the Baby Head in earliness yet ten days earlier than Copenhagen Market. Pkt., 15c.; 50c. per ½ oz.; oz., 90c.; \$3.25 per ½ lb.

### LATE OR WINTER VARIETIES

All Seasons (Vandergaw). A very large head, round and solid. Valuable for late summer or winter use. Pkt., 10c.; 20c. per ½ oz.; oz., 35c.; \$1.00 per ¼ lb.

Late Flat Dutch Cabbage

Late Flat Dutch. This has been selected especially for our trade, the seed being taken from the finest types of heads which are selected for solidity and uniformity. Heads large and quality unsurpassed. Pkt., 10c.; 20c. per ½ oz.; oz., 35c.; \$1.00 per ½ lb.

### MICHELL'S CHOICE CABBAGE SEED

# LATE OR WINTER VARIETIES Continued

Perfection Drumhead Savoy. A beautifully crimped-leaved sort; color, a deep glossy green. The head is almost round. Savoy cabbage is distinctly flavored, being much sweeter than the other kinds. Pkt., 10c.; 25c. per ½ oz.; oz., 45c.; \$1.60 per ½ lb.

Red Dutch. A red variety, used extensively for pickling. For cole slaw it has merits over the white kinds. It is principally used for winter, keeping well until spring. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.50 per ¼ lb.

### CABBAGE PLANTS

	100	By P.P.	1000
Early Sorts.	Hotbed grown	\$0.90	\$6.50
	Cold-frame grown 1.00		8.50
	Field grown		5.50

### CHINESE OR CELERY CABBAGE

Pe Tsai. This resembles in appearance and growth a head of Cos Romaine or Celery Lettuce. The heads are firm, almost like cabbage. The flavor is delightful, not at all like cabbage, but rather on the order of Witloof Chicory or French Endive. The plants are handled much like lettuce, except that they should be set from 15 to 18 inches apart, the rows 2 to 2½ feet apart. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.50 per ½ lb.

Wong Bok. Easily grown and can be served in numerous ways. Does not grow quite as tall as the Pe Tsai, but is thicker through; the heads are elongated, self-folding and requires no blanching; it resembles Romaine lettuce. In order to get proper results, seed should not be sown until after August 1st. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.50 per ½ lb.

#### AROUND THE YEAR IN THE GARDEN

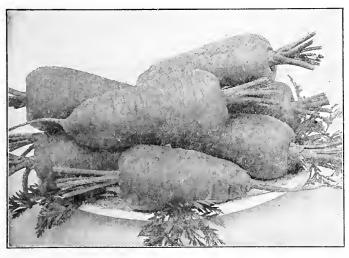

Gives a complete outline of the years work in the garden; 350 pages. Price, \$2.50.

### MICHELL'S CHOICE CARROT SEEDS

All seeds on this page mailed postpaid at quoted prices.

Carotte (Fr.); Mohruben (Ger.); Carota (Ital.)
One ounce will sow 100 ft. of drill; 3 to 4 lbs. per acre.

For an early crop sow as soon as danger from frost is over in rows 1 foot apart; when 2 inches high, thin out to stand 2 inches apart in the row. For a late crop sow in May or June. The long sorts should be sown early; the half-long and round sorts can be sown later.

Chantenau Half Long Carrot

Chantenay Half Long. Orange scarlet color; very productive; especially desirable for market or home use; flesh tender, and fine grained; 5 inches long, stump-rooted. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.75 per lb.

Coreless, or Nantes Half Long. One of the finest medium sized varieties; blunt pointed, smooth; bright orange in color. See illustration on page 46A. Pkt., 10c.; 25c. per oz.; ¼ lb., 60c.; \$2.00 per lb.

Danvers Half Long. The best variety for general crop; rich orange color; heavy yielder and splendid keeper; a first-class carrot for all soils and valuable both for table and stock; 6 to 7 inches long, stump-rooted. Pkt., 10c.; 25c. per oz.; 1/4 lb., 60c.; \$2.00 per lb.

Early Half Long Scarlet. A very desirable stump-rooted variety, coming in between the Scarlet Horn and the Long Orange; early, of fine flavor and good color; can be sown in hotbeds for early use, for which purpose it is very good; 5 to 6 inches long. Pkt., 10c.; 25c. per oz.; ½ lb., 60c.; \$2.00 per lb.

Early Scarlet Horn. A favorite early red variety; fine grain and good flavor; stump-rooted, about 6 inches long; ideal for soups. Pkt., 10c.; 20c. per oz.; ½ lb., 50c.; \$1.75 per lb.

Guerande or Oxheart. A desirable variety on soils too hard and stiff for the longer growing sorts, as it is not over 3 to 4 inches long. Rich orange color and fine flavored. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.50 per lb.

Improved Long Orange. Deep orange color; 10 inches long; yields heavily; fair table quality; best for stock feeding. Pkt., 10c.; 20c. per oz.; ½ lb., 45c.; \$1.50 per lb.

Rubicon Half Long. One of the best in shape; deep orangered colored flesh, of finest quality; stump-rooted; earlier than the Danvers and not quite so long; well adapted for early forcing and for growing outside. Pkt., 10c.; 20c. per oz.; 1/4 lb., 50c.; \$1.75 per lb.

Very Early Short Horn or French Forcing. An early forcing variety; small round root, not much larger than a radish. It may be sown outdoors as well as under glass. Pkt., 10c.; 25c. per oz.; ½ lb., 60c.; \$2.00 per lb.

White Belgian. Used principally for stock, not being desirable for table; produces a long thick white root. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.75 per lb.

### CATNIP (Herb)

For making tea; a cat tonic, etc. Pkt., 20c.

### CHAMOMILE (Herb)

Pkt., 10c.; 35c. per ½ oz.; per oz., 60c.

### VEGETABLES YOUR BEST FOOD

Our health depends a great deal on what we eat. The average American meal consists of acid forming foods and so refined that the best elements are lost and therefore detrimental. Vegetables are your best food; eat more of them.

# MICHELL'S CAULIFLOWER SEEDS

Choux Fleurs (Fr.); Blumenkohl (Ger.); Cavol Fiora (Ital.)
One ounce of seed will produce about 3,000 plants.

Sow seed in hotbeds or window boxes in February or March and transplant in cold frames. When hard frosts are over plant outdoors. For second crop, sow in April and set out in May. For late crop, sow in June and set out in July. Plants should be set in rows 3 feet apart, 2 feet apart in the row.

Danish Giant, or Dry Weather. An ideal variety for summer use; stands drought and heat better than other sorts; heads snow white and of enormous size; later than other sorts. Pkt., 25c.; 50c. per large pkt.; ¼ oz., \$1.25; \$2.00 per ½ oz.; oz., \$3.50. Early Snowball. For either forcing under glass in cold frames

Early Snowball. For either forcing under glass in cold frames or outdoor spring planting, producing magnificent medium size white heads. Pkt., 25c.; 50c. per large pkt.; 1/4 oz., \$1.00; \$1.85 per 1/5 oz.; oz., \$3.25.

\$1.85 per ½ oz.; oz., \$3.25.

Half Early Paris. A small head; suited to growing outdoors only. Pkt., 15c.; 50c. per ½ oz.; 85c. per ½ oz.; oz., \$1.50.

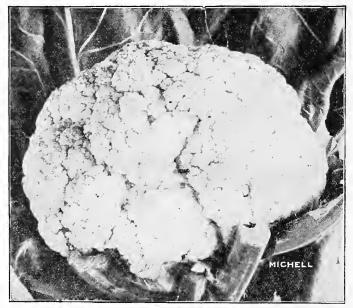

Michell's Earliest Snowstorm. Colossal heads of purest white, averaging often 10 inches in diameter; especially desirable for its earliness under glass, but does equally well in late spring, summer, or autumn outdoors. Pkt., 25c.; 50c. per large pkt.; 14 oz., \$1.25; \$2.00 per 1/2 oz.; oz., \$3.50.

Michell's Special Strain Selected Erfurt. One of the earliest

Michell's Special Strain Selected Erfurt. One of the earliest varieties; heads not as large as the Snowstorm sort. Pkt., 25c.; 50c. per large pkt.; ¼ oz., \$1.00; \$1.85 per ½ oz.; oz., \$3.25.

CAULIFLOWER PLANTS (Ready April 1st)

Snowball variety only. Pot-grown plants. 75c. per doz.; per 100, \$5.00. Not mailable.

Michell's Earliest Snowstorm Cauliflower

Double Curled Chervil

### **CHERVIL**

One ounce will sow a row 50 feet long.

An aromatic plant used extensively in Europe as a salad garnishing and seasoner. Sow in rows like parsley, which it somewhat resembles. For a continuous crop, sow every two weeks; if one has heated frames or a greenhouse it can be sown under glass all winter or in hotbeds in February. It can be cut 4 or 5 weeks after sowing.

Double Curled. Pkt., 10c.; 25c. per ½ oz.; oz., 40c.; \$1.25 per ⅓ lb.

### **CHICORY**

One ounce will sow a row 100 feet long.

Witloof. The roots are easily produced from seed, sown in May or June, in rows 12 inches apart; thin out the plants to 2 or 3 inches. They are taken up after a few hard frosts and cared for the same as Turnips or similar crops. Used only as a winter vegetable, the top part only being edible. Plant under a bench in the greenhouse or a light, dry, warm portion of a cellar in a bed of rich garden soil 12 inches deep. Place about 6 inches apart each way. The top growth remains intact, and may be cut any time after 5 inches growth. Roots should be set in the soil the same depth as they were originally in the garden. A continuous supply of this delicious winter vegetable can be had all winter. A cold frame makes also an ideal place for forcing them in the late winter or early spring months. Pkt., 10c.; 25c. per ½ oz.; oz., 40c.; \$1.35 per ½ lb.

Witloof

### CHIVES (Schnittlauch)

Indispensable for flavoring certain dishes, imparting a mild taste of onion. The plants are hardy and will last for years; don't cut the plant too close when gathering. For winter use, lift and plant in a pot or box and place in a sunny window in the kitchen.

Seed. Pkt., 15c.; 45c. per ½ oz.; oz., 75c.

**Strong Plants.** 3 for 50c. (by parcel post, 60c.); \$1.50 per doz. (by parcel post, \$1.70); \$10.00 per 100.

#### CITRON

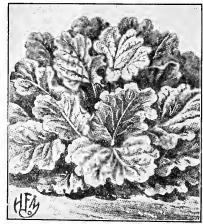

This will be found described under the heading of melons. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.25 per lb.

#### COLLARDS

One ounce of seed will produce 3000 plants.

These are extensively grown in the south and used as greens during the winter months. In that latitude the plant is practically hardy, the lower leaves are pulled off and used, when new ones then form on the upper part of the stem, which increases in height. Planted much like cabbage.

Georgia or Southern. Pkt., 10c.; 25c. per oz.; ¼ lb., 60c.

Collards

### CORIANDER (Herb)

For flavoring, etc. Pkt., 10c.; 25c. per oz.

#### GARDEN GUIDE

A complete treatise on the garden; 360 pages. Price, cloth, \$1.50; paper, \$1.00.

NOTE—All seeds on this page sent postpaid at quoted prices.

### MICHELL'S CHOICE CELERY

Celeri (Fr.); Sellerie (Ger.); Sedano (Ital.)

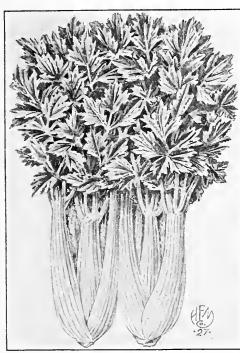

One ounce of seed will produce 3000 to 5000 plants; half pound is sufficient for one acre.

Sow in hotbeds in March or in open ground in April. See that no weeds infest the seed bed; when 3 inches high transplant in a bed outdoors in rows 3 inches apart each way; let them remain there until July when they should be planted where they are to mature in rows 3 feet apart, 6 inches apart in the row. Celery Plants if topped a few times before and when transplanted into their permanent growing place will make shorter, stockier plants. Seeds offered on this page mailed at quoted prices.

#### EARLY VARIETIES

Easy Blanching (Private Stock, Penna. Grown). A very much improved type. Flavor delicious, stalk very large and fine grained. Plants set out in June are fully matured and ready for use the early part of September. The seed is grown for us by one of the leading Market Gardeners of Penna., who has made a specialty of celery for many years. Pkt., 15c.; 75c. per ½ oz.; oz., \$1.25; \$4.25 per ½ lb.

Easy Blanching. A splendid first early variety, being ready in October; produces enormous stalks which are very crisp. Pkt., 10c.; 35c. per ½ 0z.; 0z., 60c.; \$2.10 per ¼ lb.

Celery, Golden Plume

Golden Plume. Matures very early, blanches very quickly, of finest flavor and without strings; crisp and tender. Pkt., 20c.; 85c. per ½ oz.; oz., \$1.50; \$5.00 per ½ lb.

Golden Self Blanching (French Grown Seed). One of the earliest and most productive sorts. The beautiful golden-colored stalks attain a height of 18 inches, which are never pithy and of excellent flavor; ready in October, but may be kept for early winter use. Pkt., 15c.; 75c. per ½ oz.; oz., \$1.25; \$4.00 per ¼ lb.

Golden Self Blanching (American Grown Seed). Pkt., 10c.; 35c. per ½ oz.; oz., 60c.; \$2.10 per ½ lb.

Pink Plume. A very solid, crisp, desirable sort; the stalks when blanched are a beautiful rose-pink. Pkt., 10c.; 40c. per ½ oz.; oz., 65c.; \$2.10 per ½ lb.

White Plume. The standard early celery for market and the home garden. The stalks and heart, which blanch very quickly to almost a pure white, are very crisp and brittle; it can be used early in November. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

### CORN SALAD (Fetticus)

Mache Ronde (Fr.); Ackersalat (Ger.)

This is principally sown for a supply of greens during winter and early spring months. Sow thinly in drills early in the spring or during August and September; when cold weather approaches, cover with a litter of leaves or long manure or straw; upon the approach of spring the covering can be taken off entirely.

Large Leaved, Round Seeded. Pkt., 10c.; 25c. per oz.; 1/4 lb., 65c.; \$2.25 per lb.

### LATE WINTER VARIETIES

Emperor. Dwarf growing; very brittle and of extra fine flavor; a good winter keeper. Pkt., 10c.; 35c. per ½ oz.; oz., 60c.; \$2.10 per ¼ lb.

Giant Pascal. This is in its prime for use during February and March, and can be used well up into spring. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ½ lb.

Winter King. Perfectly solid, crisp and of delicious flavor; good keeper. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ½ lb.

Winter Queen. A medium tall, solid variety; will retain its qualities long through the winter. The heart is very full and large. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

### CELERY PLANTS (Ready in July)

Leading varieties. Per 100, 75c. (by parcel post, 90c.); \$6.00 per 1000.

#### CELERIAC

This vegetable is used for two purposes the leaves are cut when young and used to flavor soups and meats; the roots are boiled, sliced, cooled, and served as a salad.

Giant Prague. Pkt., 10c.; 25c. per ½ oz.; oz., 40c.; \$1.35 per ¼ lb.

### CELERY FOR FLAVORING (Not for Sowing)

10c. per oz.; ¼ lb., 25c.; 85c. per lb.

### **CELERY PAPER**

For winter protection; 500 sq. ft. per roll. Price, \$2.00 per roll.

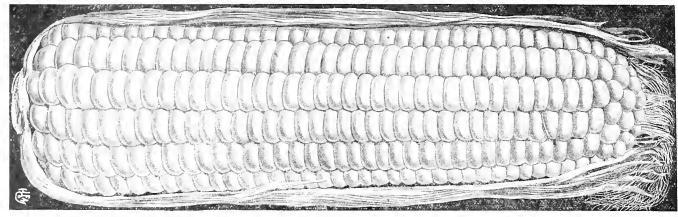

### **CELERY TAPE**

Fast red, in 1000-yard spools, \$4.00 per spool (by parcel post,

\$4.15). Green, in 1000-yard spools, \$3.50 per spool (by parcel post, \$3.65).

## MICHELL'S SELECTED SUGAR CORN

Early Mayflower

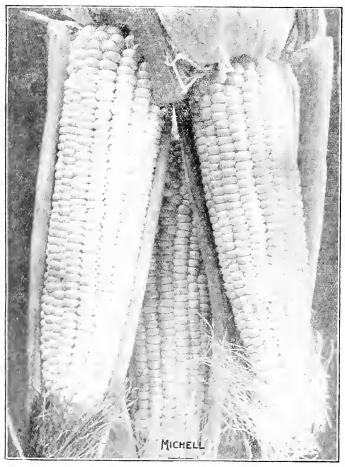

Mais (Fr.); Welschkorn (Ger.); Grano Turco (Ital.)

1 lb. will plant about 150 hills; 12 to 15 lbs. will plant an acre.

Plant once a week from the time the ground is permanently warm until July 15th, 6 to 8 grains, in hills three feet apart each way, or in rows three feet apart; if the latter, thin out so the plants stand 12 inches apart; if left in hills, thin out when 4 inches high to 3 to 4 plants to the hill. Early varieties should be planted for a late crop to be sure of maturity.

If Sugar Corn is wanted by Parcel Post, add for postage as follows: 10c. for  $\frac{1}{2}$  lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

PLEASE NOTE.—Only varieties of Sugar Corn marked\* can be supplied in  $\frac{1}{2}$  lb. packages.

Howling Mob

Adams Extra Early. Pure white medium sized ears, not entirely sweet. Pkt., 10c.; 30c. per lb.; 2 lbs., 55c.; \$1.25 per 5 lbs.; 10 lbs., \$2.30; \$5.00 per 25 lbs.

Bantam Evergreen. A yellow variety noted for its excellent qualities; much larger than Golden Bantam, claimed to be more productive and much earlier; a splendid variety for mid and late season planting. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

Early Evergreen. This variety is closely allied to Stowell's in shape and flavor, but is much earlier; produces large well-shaped ears, with deep grains. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

Early Mayflower. Slightly earlier than Golden Bantam; ears long and well filled for an early corn; grains tender and of excellent flavor. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

\*Golden Bantam. While yellow in color this is one of the sweetest and earliest varieties. Ears medium size; kernels tender and delicious; plant is of dwarf growth; we recommend it very highly for the home garden. Pkt., 10c.; 25c. per ½ lb.; 35c. per lb.; 65c. per 2 lbs.; 5 lbs., \$1.50; \$2.80 per 10 lbs.; 25 lbs., \$6.50.

Golden Cream. A cross between Country Gentleman and Golden Bantam and combines the excellent qualities of both. When ready is a very light yellow; after being cooked it turns darker. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

\*Golden Giant. Ears about 11 inches long, well filled out from butt to tip and very symmetrical. Deep golden yellow grains. Pkt., 10c.; 25c. per <sup>1</sup>/<sub>2</sub> lb.; lb., 35c.; 65c. per 2 lbs.; 5 lbs., \$1.50; \$2.80 per 10 lbs.; 25 lbs., \$6.50.

Golden Sunshine. Extremely early; maturing a week or ten days before Golden Bantam. See illustration and full description page 46. Pat., 15c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Howling Mob. A splendid sort for the market gardener, as well as for home use. Might be classed worm-proof, since the husk covers the ear completely and in a tight fashion. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

Kendel's Early Giant. Large ears, deep grain, well flavored and extra sweet; ears very cylindrical. An ideal sort for the first and last planting. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

\*Stabler's Extra Early. This is the standard sort for the home garden. The large ears are well arrayed with even grains, which cook pure white and are very tender. Pkt., 10c.; 25c. per ½ lb.; lb., 35c.; 65c. per 2 lbs.; 5 lbs., \$1.50; \$2.80 per 10 lbs.; 25 lbs., \$6.50.

### MICHELL'S SELECTED SUGAR CORN

If Sugar Corn is wanted by Parcel Post, add for postage as follows: 10c. for ½ lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

### **MEDIUMOR LATEVARIETIES**

Black Mexican. A medium late variety; while the grains are young they cook white, as they become older it cooks a violet shade on the outside, but in either stage of growth it is desirable. The ears are medium sized and are produced abundantly. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

\*Country Gentleman. A distinct sort, with deep, fine grains which are staged irregularly on the cob. In sweetness it is unapproached; ears large and borne on stalks about 6 feet high; a very productive and desirable variety. Pkt., 10c.; 25c. per ½ lb.; lb., 35c.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

Late Mammoth. Gigantic ears of extra fine quality, produced in great quantity. The latest maturing and largest of all sweet corns. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

Only varieties of Sugar Corn marked \* can be supplied in ½ lb. packages.

Little Gem or Shoe Peg (Ne Plus Ultra). This variety is closely allied to Country Gentleman. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

Michell's Delicious. Ever since we acquired control of this variety we have placed it with our best sugar corn grower with instructions to grow it for us exclusively and keep re-selecting it. The ears are well filled, medium in size and mature after the early varieties. Pkt., 10c.; 35c. per lb.; 2 lbs., 65c.; \$1.50 per 5 lbs.; 10 lbs., \$2.80; \$6.50 per 25 lbs.

\*Stowell's Evergreen. The best late corn grown. Ears extra large, and produced in abundance; stalks often grow to a height of 7 feet. In sweetness it is unexcelled and for this reason it is the great favorite of the market and home gardener. Pkt., 10c.; 20c. per ½ lb.; lb., 35c.; 65c. per 2 lbs.; 5 lbs., \$1.50; \$2.80 per 20 lbs.; 25 lbs., \$6.50.

#### SEMESAN JR.

dusted over seed corn before planting protects the seed in soil from rot, increases germination, stand and yield. See page 78.

### Popular Collection—Choicest Sugar Corn

Early Mayflower.-Early.

Howling Mob.—Early.

Stowell's Evergreen.—Late.

Plant every two weeks, in rotation as given. Specially priced as follows: 1 pkt. each, for 25c.; 1 lb. each, for 90c., postpaid.

### For Field Corn, see page 79

### POP CORN (Shelled)

There is hardly a home in this vast country where the popping of corn is not considered an excellent pastime during the long, dreary evenings of winter. When popped, buttered and sugared it is not only delicious, but healthful. Not all pop corn is in the right condition for popping. What we offer, however, can be relied upon for planting and popping.

Queen's Golden. Pops white. Lb., 15c. (by parcel post, 25c.); 40c. for 3 lbs. (by parcel post, 55c.).

Snowflake. Lb., 15c. (by parcel post, 25c.); 40c. for 3 lbs. (by parcel post, 55c.).

### **CORN POPPERS**

Made of the best quality wire. Price includes handle and lid. 1 qt. size, 25c. each; 2 qt. size, 35c. each.

Water Cress

### GARDEN CRESS

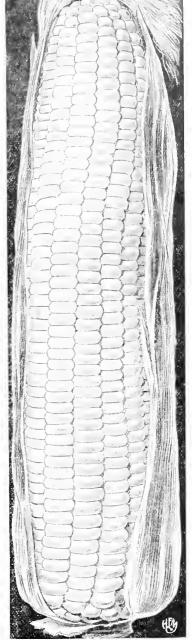

Sow thickly in early spring in drills one foot apart and follow every two weeks, up to August 1st, with a new sowing. Its pungent taste is acceptable to most any one who is fond of garden greens. It is eaten prepared with either a little salt and vinegar, or without. Makes a very tasty salad.

Extra Curled. Pkt., 10c.; 25c. per oz.; 65c. per 1/4 lb.; lb., \$2.25.

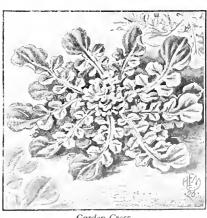

### WATER CRESS

This may be sown early in spring near the brink of a pond of spring water or piece of running water. Scatter the seed and it will sprout and grow with wondrous rapidity; once established it remains for years, reseeding itself.

True Erfurt. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.75 per ¼ lb.

Stowell's Evergreen

Garden Cress

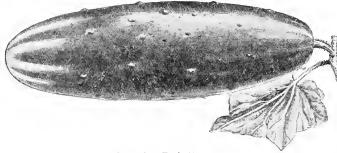

# MICHELL'S CUCUMBERS

Concombre (Fr.); Gurken (Ger.): Cetriolo (Ital.). One ounce of seed will plant 60 hills; 2 to 3 pounds per acre.

Plant when the ground has become thoroughly warmed, in hills 4 feet each way, 8 seeds in a hill; when the second set of leaves have formed thin out to 4 plants in a hill. A type of beetle attacks this crop occasionally, which can be conquered by spraying the vines with Arsenate of Lead; when this is used always wash the fruits thoroughly before using. If the foliage is attacked beneath, by aphis or green fly, a spraying with Black Leaf 40 is usually very effective.

Arlington White Spine. This variety is absolutely perfect in form, color, size and productiveness and is therefore the leading sort, not only for the home or market garden, but also with those who make a specialty of growing them under glass. The fruit is smooth, deep green to the tip and measures uniformly 8 inches in length. It has few seeds, making it a valuable variety for slicing or pickling. Pkt., 10c.; 25c. per oz.; 1/4 lb., 60c.

Davis Perfect. The fruits are uniform in shape and size, often measuring 10 to 12 inches in length. Color is dark green all over, quite smooth and very productive. Pkt., 10c.; 30c. per oz.; ½ lb., 70c.

Cucumber, Early Fortune

Early Fortune. One of the finest cucumbers of the White Spine Early Fortune. One of the finest cucumoers of the write Spine type; medium length and dark green in color, which it holds for a long time after picking; flesh white and very crisp. Pkt., 10c.; 30c. per oz.; ½ lb., 70c.

Early Market. A new variety of uniform shape and size, averaging 8 inches in length, dark green; excellent for slicing. See illustration page 46A. Pkt., 10c.; 35c. per oz.; ½ lb., 85c.

Evergreen. The name is derived from the feature of its dark

green color-retaining qualities; thick fruits, measuring about 8 to 9 inches long. Pkt., 10c.; 25c. per oz.; 1/4 lb., 60c.

### DANDELION

Pissenlit (Fr.); Loewenzahn (Ger.); Dente di leone (Ital.)

A valuable vegetable, prized as the first spring greens. The leaves are boiled and served hot or cold. Seed should be sown in spring, in a bed where the plants should remain for the season; late in the fall cover the bed with a movable sash, or leaves, or salt hay for protection.

Thick Leaved or Cabbaging. Pkt., 15c.; 60c. per ½ oz.; oz., \$1.00; \$3.60 per 1/4 lb.

DILL (Herb)

Used extensively for culinary purposes and for putting with cucumbers when pickling, producing the famous "Dill Pickles.' Pkt., 10c.; 25c. per oz.; ¼ lb., 85c.

EGG PLANT

Aubergine (Fr.); Eierpflanze (Ger.); Petonciano (Ital.) One ounce will produce 1000 to 2000 plants.

Sow seed in March in hotbeds, and when 3 inches high transplant into boxes or small pots. Plant outdoors in May or June or after the weather has become permanently warm, in rows 3 feet apart, with the plants set 2 feet apart in the row.

Black Beauty. An extra early, large variety, almost black in color, very prolific and with few seeds. Pkt., 10c.; 35c. per 1/2

oz.; oz., 60c.; \$2.10 per ½ lb.

Florida High Bush. Plants grow very erect and bear good sized purple fruits well above the ground. Pkt., 10c.; 35c. per ½ oz.;

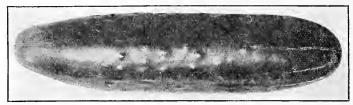

oz., 60c.; \$2.10 per ½ lb.

Michell's New York Improved. An old standard; quite large and more elongated than the Black Beauty, with a rich purple color. Pkt., 10c.; 35c. per ½ oz.; oz., 60c.; \$2.10 per ¼ lb.

EGG PLANT PLANTS (Ready May 15)

New York Improved and Black Beauty. Pot-grown. Per doz., \$1.00; \$7.00 per 100. Not mailable.

Gherkin or Burr Cucumber. For pickling only; the small fruits are about 2 inches long, thick, rounded form; very prickly when green. Pkt., 10c.; 35c. per oz.; 1/4 lb., 85c.

Cucumber, Improved Long Green

Improved Long Green. One of the long varieties, used principally for slicing. Its dark color makes it desirable for market. The vines are vigorous and productive; the fruits are formed almost as early as the short sorts and average 12 inches in length. Pkt., 10c.; 35c. per oz.; 1/4 lb., 85c.

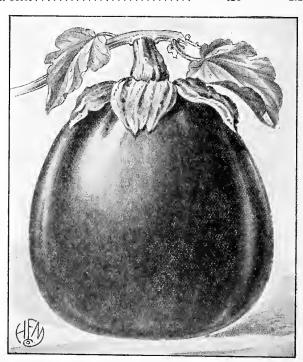

Japanese Climbing. A trellis variety used for shade as well as eating purposes. The vine is very ornamental and produces extra long light green fruits in abundance. See illustration page 46A. Pkt., 15c.; 40c. per oz.; 1/4 lb., \$1.00.

Jersey Pickle or Green Prolific. This sort can be used for slicing, but is best for pickling on account of its size, which averages 5 inches in length; makes ideal "Dill Pickles" as sold extensively in the delicatessen stores. Pkt., 10c.; 25c. per oz.; 1/4 lb., 60c.

### ENGLISH FORCING CUCUMBERS

These are splendid for growing in hotbed frames during the summer months, in preference to the open garden ground. may also be grown under glass in greenhouses during the winter, producing enormous fruits, generally 18 to 24 inches long and 3 inches in diameter. They have a delicate flavor and possess very few seeds; for slicing, no other sorts can approach them.

Pkt. 10 Seeds 100 Seeds Lockie's Perfection. A favorite stand-\$2.25 ard variety..... \$0.25Sion House 2.25 Telegraph. Smooth fruits, 14 to 16 2.25 inches long .25 Tender and True. Long, smooth, dark .25 2.25 in color......

Eag Plant, Black Beauty

# MICHELL'S VEGETABLE SEEDS

#### **ENDIVE**

Chircoree (Fr.); Endivien (Ger.); Indivia (Ital.) One ounce will sow a row of 200 feet.

Sow from June to August in shallow drills; when 2 inches high thin out to 10 inches apart. When well developed, tie the plants together at the top to blanch the inner leaves; do not tie up when the leaves are wet. If the plants are protected they may be left outdoors till Christmas. If wanted for later use they may be lifted late in autumn and placed in a dry, cool cellar, covering the roots with soil.

Broad Leaved Batavian (Escarolle). Leaves broad, light green, nearly plain. Pkt., 10c.; 25c. per oz.; 1/4 lb., 75c.

Giant Fringed (Oyster Endive). A variety with a large white heart and broad fringed leaves; heads measure 15 inches in diameter. Pkt., 10c.; 25c. per oz.; 1/4 lb., 75c.

Improved Green Curled. An improvement over the common green variety, producing a larger head and thicker leaves. Pkt., 10c.; 25c. per oz.; ¼ lb., 75c.

White Curled (Self-blanching). This is the finest White Curled variety; always crisp and tender. Pkt., 10c.; 25c. per oz.; 1/4 lb., 75c.

#### FENNEL (Herb)

Finnocchio, or Florence. See illustration, page 46A. Pkt., 10c.; 30c. per oz.

Sweet. Pkt., 10c.; 25c. per oz.

#### GARLIC SETS

Ail (Fr.); Knoblauch (Ger.); Aglio (Ital.) One pound will plant 200 feet of drill.

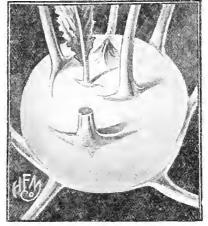

A hardy flavoring onion, used extensively in the French method of cooking. 30c. per lb. (by parcel post, 40c.); 5 lbs. for \$1.40 (by parcel post, \$1.60); \$2.50 per 10 lbs. (by parcel post, \$2.80).

#### **HERBS**

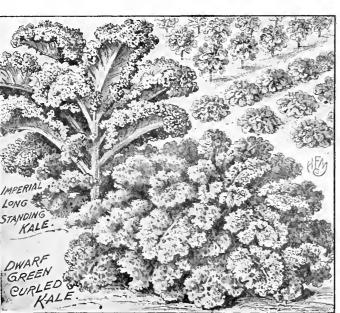

Complete list on page 76.

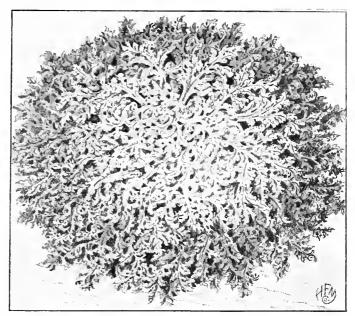

#### HOP VINE

Besides being used in culinary and medicinal ways, this makes a valuable shade plant. Hardy and rarely winter kills. The hops are gathered about September and stored for use on a dry floor, or hung in bags. Green Variety, Pot-Grown Plants. 3 for \$1.00 (by P. P., \$1.15); \$3.00 per doz. (by P. P., \$3.30); per 100, \$18.00.

Kohl-Rabi

Endive, Improved Green Curled

#### HORSERADISH ROOTS (Ready in March)

Set the roots in rows 21/2 feet apart, 11/2 feet apart in the row. Late in the fall lift as many roots as you think you will use, cut off the top and place in a cool cellar, covered with soil or sand.

Maliner Kren. A quick-growing variety and far superior to the common variety. Large cuttings, 35c. per doz. (by parcel post, 45c.); per 100, \$1.50 (by parcel post, \$1.65); \$10.00 per 1000.

#### KOHL-RABI

Chou Rave (Fr.); Kohl Rabi (Ger.); Cavolo rapa (Ital.)

#### One ounce will sow about 200 feet of drill

We would suggest to those who have not given this a trial that they do so. Sow seed in the early spring in hotbeds or outdoors and transplant when 3 inches high, in rows 18

inches apart, 6 inches in the row. The edible part is the root and should be used when it attains a size of  $2\frac{1}{2}$  inches in diameter or less, when it is extremely tender and delicious. Prepared and served like turnips, except that a few of the bottom leaves can be cooked with the root.

Early White Vienna. This variety is suited for sowing under glass or for outdoors. The top is very short, thus allowing all the development to go to the root, insuring early maturity.

Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.25.

Purple Vienna. Flesh white, skin a bluish color. Principally used for outdoor sowing. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.25.

#### KALE OR BORECOLE

Chou Vert (Fr.); Blatterkohl (Ger.); Cavolo Verde (Ital.) One ounce will sow a drill 150 ft. long

For early use it may be sown in May; when desired for winter use, sow in September, broadcast or in rows 2 ft. apart. Cover for protection against severe freezing and snow. Do not handle while in a frozen condition. One of the finest nutritious greens for winter and early spring use.

Dwarf Green Curled. Very dwarf and compact, rarely attaining

a height of over 6 inches; color, dark green and curly. Pkt., 10c.;

20c. per oz.; 1/4 lb., 50c.; \$1.75 per lb.

Imperial Long Standing. The outer edge of leaves are very crimpy, inside smooth, dark green with bluish cast. It is just as hardy as any of the other sorts. Pkt., 10c.; 20c. per oz.; 1/4 lb., 50c.; \$1.60 per lb.

A very hardy variety; leaves large and cook very Siberian. A very hardy variety; leaves large and cook tender. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.50 per lb.

# MICHELL'S CHOICE STRAINS OF LETTUCE

All prices on this page include postage

Latue (Fr.); Lattich Salat (Ger.); Lattuga (Ital.) One ounce of seed will produce about 2500 plants.

#### HEADING VARIETIES

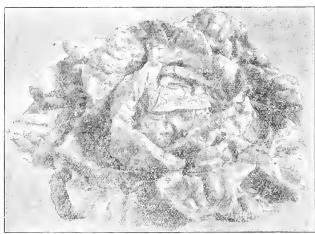

For the first outdoor crop, seed is usually sown in hotbeds in February or March and transplanted to the garden in April, in rows 1½ feet apart, 8 to 12 inches apart in the row. For a succession, sow in drills in the open ground at intervals of two or three weeks, and thin out to 8 inches apart. For plants to force in hotbeds from November until spring, sow seed in hotbeds in the fall. Where it is difficult to have the heading varieties develop properly on account of soil conditions, we recommend the use of the loose leaf varieties.

All Heart. An excellent lettuce for either spring or summer use. The head, while large, has a loose heart, which is of a decided buttery flavor; can be used for sowing in frames, or in spring and early summer outdoors. Pkt., 10c.; 30c. per oz.; 1/4 lb., 85c.

All Right. A fine variety for an early spring crop in the hotbed or outdoors and for sowing in August for late autumn under sash or outside: it is not affected by cold, which, with some sorts turns them brown; on the other hand, this variety retains a rich green color. The heads are very large, solid and with a rich buttery heart of light yellow. Pkt., 10c.; 35c. per oz.; 1/4 lb., \$1.00.

Big Boston. A large, flat, cabbage-headed variety; splendid for midsummer or fall use, or under glass in the early spring and autumn; a delightful shade of light green, tinged light brown on the outer leaves. Pkt., 10c.; 30c. per oz.;  $\frac{1}{4}$  lb., 85c.

Boston Market (White Seeded Tennisball). Early, small heading variety; one of the best for forcing; the heart is very solid and crisp. Pkt., 10c.; 35c. per oz.; 1/4 lb., \$1.00.

Davey's Improved Big Boston Lettuce

Davey's Improved Big Boston. This strain is superior to the usual strain of Big Boston; heads larger, more solid and of better flavor; excellent for under glass or for midsummer or fall outdoors. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.00.

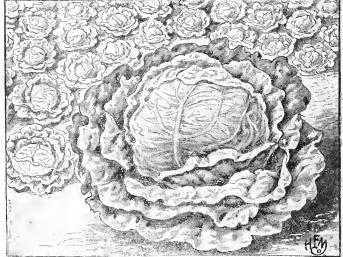

Dutch Butter. A medium-sized head; light green leaves, with delicate yellow heart. The outer leaves are tinged brown on the edges. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.00.

Hanson Improved. Tremendous solid heads; the outer leaves are curled, the interior is almost white and very tender; resists the heat well, therefore excellent for summer use. Pkt., 10c.; 30c. per oz.; ½ lb., 85c.

Iceberg. A splendid varity, producing large, solid cabbage-like heads; firm, crisp and of fine flavor; leaves curly, slightly tinged red. Pkt., 10c. 35c. per oz.; 1/4 lb., \$1.00.

Mammoth Salamander. One of the best midsummer varieties, resisting heat and drought, and remains in heading condition longer than many others. Pkt., 10c.; 30c. per oz.; 1/4 lb., 85c.

May King. The first solid head lettuce to mature outdoors; it is of good size, with tender, full heart. Suitable for sowing under sash in early spring. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.00.

Michell's Number One Lettuce

Michell's Number One. This lettuce is a positive header under most trying conditions. It is tender, of a decided buttery flavor and unusually large. A valuable type for hot weather; also desirable for autumn use. Should not be used for forcing. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.00.

New York or Wonderful. Of the cabbage-headed sorts this is a

leader; color, dark green, with white interior; heads large, with curled outer leaves, a popular kind for summer. Pkt.,

10c.; 40c. per oz.; ¼ lb., \$1.10. Prize Head. A splendid loosely-formed head, claimed to do well where all others fail; desirable for outdoor planting only; has a dark tinge on the outer leaves. Pkt., 10c.; 30c. per oz.;

1/4 lb., 85c.
Unrivaled. Very large, light green and of a crisp nature; very desirable for summer use. Pkt., 10c.; 35c. per oz.; 1/4 lb.,

The earliest hard heading lettuce in cultivation, Wayahead. doing well either under glass or in the open, in spring or autumn. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.00.

Iceberg Lettuce

VEGETABLES YOUR BEST FOOD

Our health depends a great deal on what we eat. The average American meal consists of acid forming foods and so refined that the best elements are lost and therefore detrimental. Vegetables are your best food; eat more of them.

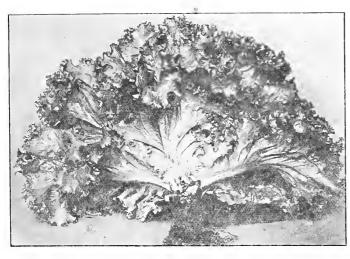

# MICHELL'S CHOICE STRAINS OF LETTUCE—Continued 63

#### LOOSE LEAF OR CUTTING VARIETIES

For early or midsummer use seed should be sown very thickly. When pulling the young plants try to do so with an effort to thin out the bed, thus allowing the remaining plants to become large. This class of lettuce is always tender.

Black Seeded Simpson. Ideal for midsummer use, as it withstands the most trying conditions of heat and drought. When matured, presents a formidable loose head with finely fringed leaves. Pkt., 10c.; 30c. per oz.; 1/4 lb., 85c.

Early Curled Simpson. A splendid curly-leaved sort; loose heads and very tender. Pkt., 10c.; 30c. per oz.; ½ lb., 85c.

Lettuce, Grand Rapids

Grand Rapids. The leading variety in this class for forcing under glass, but it may also be grown successfully outdoors. The leaves are very curly, crisp and brittle and have a palatable flavor. Pkt., 10c.; 35c. per oz.; 1/4 lb., \$1.00.

Silesian. This variety should be cut instead of pulled, as it makes new growth from the same root. A light green color, and when given plenty of room will form a large loose head. Pkt., 10c.; 30c. per oz.; ½ lb., 85c.

Lettuce, Kingsholm Cos

#### COS. ROMAINE OR CELERY LETTUCE

Of French origin, this type, as will be seen by the illustration, differs greatly from the American varieties by its peculiar upright growth. To have it tender the heads must be tied together at the top so that the inner leaves blanch; it has a decided flavor. It is best adapted to outdoor planting and stands the heat well.

Kingsholm Cos. The largest and best heading variety of this type, the inner leaves blanch almost pure white and have little or no rib, the heads are very full throughout and therefore contain more edible part. Pkt., 10c.; 35c. per oz.; 14 lb., \$1.00.

#### LETTUCE PLANTS

We can supply these (at all seasons) in heading varieties only, of our selection. 25 for 25c. (by parcel post, 40c.); 75c. per 100 (by parcel post, 95c.); per 1000, \$6.00.

#### LAVENDER (Herb)

Seed. Pkt., 15c.; 50c. per oz.

#### LAVENDER PLANTS

Pot grown. 3 for \$1.00 (by parcel post, \$1.15); \$3.00 per doz.; per 100, \$18.00.

#### LEEK

Poireau (Fr.); Lauch (Ger.); Porro (Ital.) One ounce of seed will sow about 100 feet of drill.

Allied to the onion family but producing no bulb; the stalks are cut and used for flavoring soups; also they are boiled and served with melted butter, and make a very palatable dish on account of their mild flavor. Sow seed in April in rows I foot apart, covering the seed about an inch; when about 4 inches high transplant where it is to

develop, in rich soil in rows 18 inches apart 6 inches in the row.

American Flag. Popular for the home garden. Makes a longer but narrower stalk than others. Pkt., 10c.; 30c. per oz.; ¼ lb., 80c.

Giant Carentan. A variety which produces colossal stalks of tender quality; splendid for exhibition purposes. Pkt., 10c.; 35c. per oz.; ¼ lb., 90c.

#### MARTYNIA (Unicorn Plant)

A bushy plant growing 2 feet in height, bearing clusters of pink flowers resembling gloxinias, which afterwards turn to long green pods, which when picked may be pickled the same as cucumbers, making a very tasty relish. Sow seeds in April outdoors and transplant so the plants stand 2 feet apart each way. Proboscidea. Pkt., 10c.; 25c. per 1/2 oz.; oz., 45c.

Giant Carentan Leek

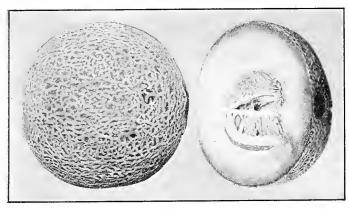

Melon Muscade (Fr.); Melone (Ger.); Popone Melone (Ital.) One ounce will plant about 50 hills; 2 to 3 lbs. are required for an acre.

While these do best in a light sandy loam, any good well-prepared garden soil suits them. Plant when the ground has become permanently warm in hills 6 feet apart each way, 8 to 10 seeds in a hill. After the second tier of leaves have formed, thin out to 4 plants in a hill. Watch carefully for insects of various kinds, especially the melon louse that works under the leaf and shrivels it, causing the plant to die. To fight this successfully, raise up the vines and spray underneath with Arsenate of Lead, or some of the various Nikoteen preparations.

Delicious Gold Lined. Flesh thick, fine grained and sweet; color green with a gold margin next to the seed cavity; slightly oval and heavily netted. Pkt., 10c.; 20c. per oz.; ½ lb., 50c.

Emerald Gem. Flat shape; the flesh, which is thicker than any other melon of the same shape, is a rich salmon shade and ripens extremely close to the rind; exceedingly sweet. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.

Fordhook. Of flat shape like Emerald Gem, on which it is an improvement. The flesh is a beautiful salmon orange, very sweet. The fruits are large, often weighing 2 lbs. each; an early variety, and very prolific. The netted rind is very thin and the melon can be eaten very close thereto. Pkt., 10c.; 20c. per oz.; 1/1 lb. 50c.

Hearts of Gold Muskmelon

Hearts of Gold. A splendid mid-season variety; fruit round, distinctly ribbed; flesh which is a deep salmon color, is thick and can be eaten very close to the rind, excellent flavor. Pkt., 10c.; 30c. per oz.; ¼ lb., 65c.

Honey Dew. A late maturer; large in size, being 6 inches in diameter and from 7 to 8 inches long. The skin is smooth with an occasional net and creamy white. The thick flesh is emerald green, melting, and of a wonderfully delicious flavor, sweet as honey. The ripe melons can be kept in a suitable place for several weeks before using. Pkt., 10c.; 30c. per oz.; ¼ lb., 85c.

Melon seeds mailed postpaid at prices quoted.

Jenny Lind. A small, flat, very early sort, heavily netted and ribbed; green flesh; a good home garden melon; edible in about 87 days from time of planting. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.

Michell's Delicious. This deservedly enjoys a good name, large in size, often weighing 15 to 20 lbs. The flesh is deep orange-salmon and of splendid quality. See illustration on page 46A. Pkt., 15c.; 35c. per ½ oz.; 60c. per oz.; per ½ lb., \$2.00.

Rockyford Muskmelon

Rockyford. A medium early variety, suitable for growing in all sections; the fruit is oval in shape and covered with a fine netting; flesh green, very sweet and highly flavored. Pkt., 10c.; 20c., per oz.; ¼ lb., 50c.

FORCING MELONS (English Varieties)

Forcing melons can be grown successfully outside in hotbeds. Sow seed in pots in March and ransplant to hotbed when three leaves have developed; these will ripen fruit in June and July. For indoor use treat same as forcing cucumber.

Blenheim Orange, Windsor Castle. Each variety per pkt.,

25c.; 65c. per 3 pkts.

Sutton's A1. In original packets, \$1.25 per pkt.

MELON NETS. For supporting forcing melons in green-houses; made very strong; will last for a number of crops. \$2.50 per doz.; per 100, \$18.00.

# MANGEL-WURZEL OR CATTLE BEETS

Seed selected from specimen roots

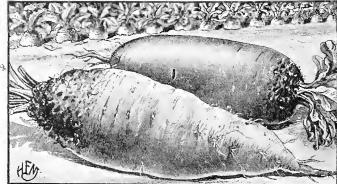

Sow 5 lbs. per acre in April and May in thoroughly plowed, well-manured soil, in drills about 24 inches apart. Thin out to 12 inches apart in the row and keep the weeds down by frequent hoeing and cultivating. Low ground is best adapted for Mangel-Wurzels. They provide excellent winter food for cattle, sheep, hogs and

Golden Tankard. The best long yellow mangel in cultivation. Matures earlier than other large sorts. 15c. per oz.; ¼ lb., 35c.; \$1.10 per lb. (by parcel post, \$1.20); \$5.25 per 5 lbs. (by parcel post, \$5.45); 10 lbs., \$10.00 (by parcel post, \$10.30).

poultry.

Lane's Improved White Sugar. This variety attains an enormous size, growing considerably above the ground; one of the best for stock feeding. Contains a very high percentage of sugar content. 15c. per oz.; ½ lb., 35c.; 95c. per lb. (by parcel post, \$1.05); 5 lbs., \$4.50 (by parcel post, \$4.70); 10 lbs., \$8.50 (by parcel post, \$8.80).

Mammoth Long Red. This is an enormously productive variety, yielding from 50 to 75 tons to the acre, a single root often weighing from 20 to 40 pounds. It is the best long red mangel. 15c. per oz.; ¼ lb., 35c.; \$1.10 per lb. (by parcel post, \$1.20); 5 lbs., \$5.25 (by parcel post, \$5.45); 10 lbs., \$10.00 (by parcel post, \$10.30).

Michell's Mammoth Long Red and Golden Tankard Mangels

# MICHELL'S CHOICE STRAIN WATERMELON

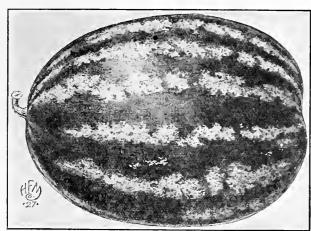

Melon d'eau (Fr.); Wasser Melone (Ger.); Melone d'aqua (Ital.)

One ounce will plant 30 hills, four pounds are required for an acre.

Plant in hills 8 to 10 feet apart each way; scatter 8 to 10 seeds in each hill, covering half an inch deep; when well established thin out to three or four of the strongest plants to each hill. A little land plaster dusted over the young plants will keep beetles away. Watermelons should not be planted until after the soil has become thoroughly warm. Our list of watermelons is limited, as we offer only the varieties which from experience we know are the better ones.

Dixie. This is an old-time favorite, roundish-long in shape. The skin is dark green, mottled light; the flesh is very sweet and ripens close to the rind. Pkt., 10c.; 20c. per oz.; 1/4 lb., 45c.; \$1.50 per lb.

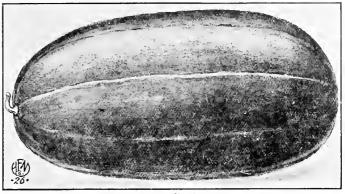

Halbert Honey. The long fruits with blunt ends are very large, often weighing 50 lbs.; the rind is very thin, dark green, while the flesh is a rich crimson and very sweet. It is very prolific and is altogether a first-rater. Pkt., 10c.; 20c. per oz.; 1/4 lb., 45c.; \$1.50 per lb.

Watermelon, Harris' Earliest

Harris' Earliest. Ripens very early and is one of the best on this account to raise in the northern states. Fruit oblong and marbled with light and dark green; flesh bright red and of good quality. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.50 per lb.

All seeds (not plants) on this page sent postpaid at prices quoted.

Watermelon, Kleckley Sweets

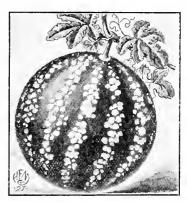

Kleckley Sweets. A sweet one, to be sure, with a luscious tenderness all its own. It is not a shipping variety, as the rind is too close to the ripe, fluffy, rich red meat, when in condition to use. The melons average about 20 inches long and ripen quite early. Pkt., 10c.; 20c. per oz.; ¼ lb., 55c.; \$1.75 per lb.

Tom Watson. A very handsome large fruit, frequently 2 feet long and 12 inches in diameter. The dark green rind is a contrast to the bright scarlet flesh, which is of splendid texture and flavor; the sugary meat really melts in your mouth. Nothing can touch it in the melon line for shipping qualities. The rind being tough, it will resist plenty of abuse. Pkt., 10c.; 20c. per oz.; ¼ lb., 55c.; \$1.75 per lb.

Watermelon seed for medicinal purposes, 30c. per lb.

#### PRESERVING MELON OR CITRON

California Red Seeded. A large-fruited variety; pure white flesh and thin rind. This is expensive when bought, yet can be grown and preserved by any energetic housewife, who will then also know it to be absolutely pure and good. It is planted like watermelon. Pkt., 10c.; 20c. per oz.; ¼ lb., 45c.; \$1.25 per lb.

Preserving Citron

#### MINT (Herb)

Pkt., 25c.; 65c. for 3 pkts.

#### MINT PLANTS (Pot Grown)

Spearmint. 3 for 75c. (by parcel post, 90c.); doz., \$2.50 (by parcel post, \$2.70); \$15.00 per 100.

#### **MUSTARD**

One ounce will sow a row 75 feet long.

Makes a delicious green salad, pungent in taste, highly palatable and healthy. Sow every two weeks in rows the same as spinach. Fine winter greens if sown in a heated frame or greenhouse, also fine if served with lettuce for flavoring. If the plant is allowed to stand, the seed can be harvested and used for other culinary purposes.

Southern Giant Curled. The best of the curled mustards; sweet flavor; matures very early and produces abundant foliage. Pkt., 10c.; 15c. per oz.; 1/4 lb., 40c.; \$1.25 per lb.

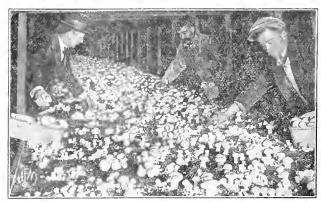

White or Yellow. Small, smooth, deeply serrated leaves which are tender and mild in flavor; plant is of upright habit. Pkt., 10c.; 15c. per oz.; 1/4 lb., 35c.; \$1.00 per lb.

Seeds treated with Semesan produce more and finer vegetables.

Mustard, Southern Giant Curled

# MICHELL'S VEGETABLE SEEDS, ETC.

Bed of Michell's Pure Spore Culture Mushroom Spawn

#### PURE SPORE CULTURE SPAWN

A fine crop of mushrooms can be secured with very little labor or expense, provided a suitable location can be obtained. Cellars, greenhouses and sheds can be used for their culture. We are now offering our customers spawn that is made in quart milk jars under absolutely sterile conditions, so that every mould, weed seed or insect is destroyed and each bottle contains nothing but the pure spawn. One carton of the spawn equals 5 bricks of ordinary spawn and is sufficient to spawn about 40 square feet. The sterile spawn is dried thoroughly and each piece wrapped in tissue paper, which contains full instructions, not only as to how the spawn should be used, but full particulars about growing mushrooms. Any one can order spawn and with it get the necessary knowledge to make growing entirely successful.

Prices											
Per carton											
12 cartons 10.75	60 cartons 48.00										

If wanted by P. P., allow 10c. per carton for postage.

#### PURE CULTURE BRICK SPAWN

A crop is produced with good spawn, and a little care and patience in about 5 to 10 weeks, and continues bearing about two months. New beds can be started at intervals which will give a supply the entire season. The first planting can be made in July, the last in March. Ask for our Free Leaflet on Mushroom Culture. One brick will spawn 8 to 10 sq. ft.

Direct No. 8. Cream White. For use from April to October. Direct No. 9. Pure White. For use from October to April.

Per brick	
Per 50 bricks	

If wanted by P. P., allow for postage at the rate of 10c. per brick; 20c. per 5 bricks; 30c. per 10 bricks.

#### MUSHROOM OR HOTBED THERMOMETERS

No. 20450. Iron Point, oxidized finish. Price, \$2.25 (by parcel post, \$2.45).

Thermometers should, wherever possible, be sent by express. We do not guarantee safe arrival if forwarded by parcel post.

#### **BOOKS ON GROWING MUSHROOMS**

Mushroom Growing			
Mushrooms, How to	Grow (Fa	lconer). 169 pages.	1.75

#### VEGETABLES YOUR BEST FOOD

Our health depends a great deal on what we eat. The average American meal consists of acid forming foods and so refined that the best elements are lost and therefore detrimental. Vegetables are your best food; eat more of them.

#### OKRA OR GUMBO

Gombo (Fr.); Ocher (Ger.); Ocra (Ital.) One oz. will sow a row about 100 feet long.

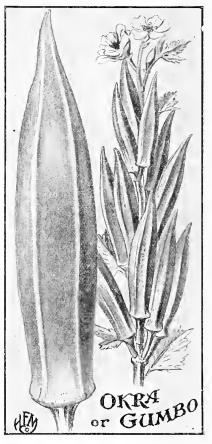

The seed is sown in rows, thickly, after the frost and cold have disappeared, in rows, 3 feet apart; when about 6 inches high the plants should be thinned out to stand 12 inches apart in the

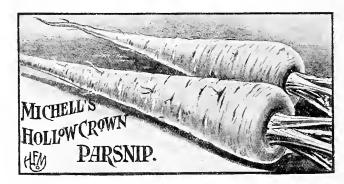

row. The pod is used when young and tender, sliced in soups and stews; what is not utilized during the summer may be harvested, cut in slices and dried in the sun, and put away for use during the winter.

Perkin's Long Pod. A dwarf type, setting pods when the plants are only a foot high; can be planted somewhat earlier than other sorts. The pods are exceedingly long and tender and of a dark green color. Pkt., 10c.; 15c. per oz.; ½ lb., 35c.; \$1.00 per lb.

White Velvet or Creole. The pods of this variety are very free from ridges, being almost perfectly smooth; they are tender and very light green, almost white in color. Pkt., 10c.; 15c. per oz.; 1/4 lb., 35c.; \$1.00 per lb.

Prices quoted for Okra seed are postpaid.

#### **PARSNIP**

Panais (Fr.); Pastinake (Ger.); Pastinaca (Ital.) One ounce will sow a row 150 feet long; 5 lbs. per acre.

Sow early in spring in drills about 24 inches apart, covering the seed slightly; when plants are 2 or 3 inches high, thin out so the roots will develop; cultivate well during the growing season.

Improved Sugar or Hollow Crown. A very thick, broad-topped root, which makes it lift easily. Flesh is very fine grained and sweet, while the outer surface is smooth and almost white. Pkt., 10c.; 20c. per oz.; ½ lb., 40c.; \$1.25 per lb.

# MICHELL'S SELECT ONION SEED

Ognon (Fr.); Zwiebel (Ger.); Cipolla (Ital.)

To grow full size onions, one ounce of seed will sow a 100 foot row; 5 to 6 pounds are required per acre. If it is desired to grow onion sets, sow 40 to 50 pounds per acre.

Sow in the early spring in rows 2 feet or less apart, according to cultivation method employed. The seed should be firmed in the soil. If it is desired to grow full size onions the first year, thin out when 3 inches high, so that they stand about 2 or 3 inches apart. White onions are mildest in flavor and are recommended for early use. The yellow sorts are best for winter keeping.

Ailsa Craig. The largest of all onions, often weighing 3 lbs. and over, each. Globe-shaped, slightly pointed at top and base; color a beautiful straw yellow. To obtain best results sow seed in hotbed and later transplant where they are to grow; in planting place 4 to 6 inches apart and thus procure gigantic specimens. Pkt., 10c.; 30c. per oz.; ¼ lb., 95c.; \$3.50 per lb.

Bermuda White. Although known as the Bermuda White it is a light yellow or straw color; early and if transplanted about 4 inches apart, will produce immense flat bulbs. In the raw state it is very mild, while when cooked, the flesh is tender and of a delicious flavor; an elegant variety for slicing. Pkt., 10c.; 35c. per ½ oz.; oz., 60c.; \$2.10 per ¼ lb.

Danvers Yellow Globe. This almost round-shaped onion is extensively sown by the private and market gardener on account of its good keeping qualities. It is a dark straw color and always produces a good crop, growing to a large size. Pkt., 10c.; 35c. per oz.; ¼ lb., 90c.; \$3.25 per lb.

Ebenezer or Japanese. This is one of the mildest flavored varieties; similar in shape and size to the Danvers Yellow Globe; firm, solid and an excellent keeper. Pkt., 10c.; 35c. per oz.; ½ lb., \$1.15; \$4.25 per lb.

Large Red Wethersfield. A flat, large growing variety; an excellent winter keeper; flavor much like the yellow sorts; full-size onions can be grown in one season. Pkt., 10c.; 35c. per oz.; ½ lb., 85c.; \$3.00 per lb.

Prizetaker. A mammoth yellow variety; if sown thinly it produces full-size onions in one season from seed, rivaling with the Bermuda varieties for size and flavor, often weighing 3 lbs. or more each. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.00; \$3.50 per lb.

Southport White Globe. A beautiful type of an almost round onion, growing to an enormous size. The flesh when cooked is of a rich milky color, of tender and delicious flavor and in the raw state it is one of the mildest. Pkt., 10c.; 40c. per oz.; ¼ lb., \$1.15; \$4.25 per lb.

Southport Yellow Globe. Similar to the Danvers except larger in size, more like the Prizetaker. This is probably one of the most uniform growing varieties, every bulb being almost perfectly round and of the same size; light straw colored skin. Pkt., 10c.; 35c. per oz.; ¼ lb., 90c.; \$3.25 per lb.

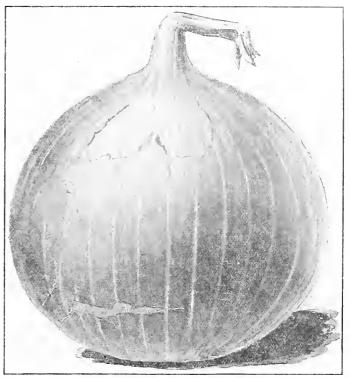

White Barletta. An extra early small round variety, used principally for pickling, also for bunching. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.10; \$3.75 per lb.

White Portugal or Silver Skin. The standard white onion for market or home use; mild flavor; semi-globe shaped and very uniform in growth and size. Pkt., 10c.; 35c. per oz.; ¼ lb., \$1.00; \$3.75 per lb.

Yellow Strasburg or Dutch. A dark straw color skinned sort; almost flat in shape, but a large onion. Its fine keeping qualities is what recommends itself to the home, as well as the market gardener. For a yellow sort it is rather mildly flavored; for growing sets, more of this variety is sold than any other. Pkt., 10c.; 25c. per oz.; ¼ lb., 70c.; 82.50 per lb.

The New Onion Culture (Greiner)

A book for the home garden or market; 140 pages. Price, \$1.10.

Onion, Prizetaker

#### ONION SETS

One quart will plant a row about 50 feet.

Plant as soon as the ground can be worked. Press the bulb in the ground lightly (do not cover), in rows 12 inches apart, 2 inches apart in the row; so that all the development goes in the onion, on signs of their going to seed, bend the top over, but do not break it off. The advantage in planting onion sets lies in the fact that the young onion is ready often 5 weeks from the time of planting, while those grown from seed cannot be used until well in the autumn.

Shipped on Local Orders about March 10, unless otherwise requested.

If Onion Sets are wanted by parcel post, add 5c. per pt.; 10c. per qt.; 15c. per 4 qts.; 25c. per peck for postage.

Tree or Top Onions. Ready latter part of August.

We give 32 lbs. per bushel on Onion Sets.

Prices quoted above are subject to market change. Prices on larger quantities of Onion Sets will be quoted on request.

We make a specialty of choice Onion Sets.

## MICHELL'S CHOICE GARDEN PEAS

Pois (Fr.); Erbsen (Ger.); Pisello (Ital.). 2 lbs. will plant 100 ft. of row; 90 to 120 lbs. per acre.

The smooth-seeded varieties may be sown as soon as the ground can be worked; the wrinkled sorts when the ground has becon warmer. Sow in single or double rows, 2 to 4 feet apart according to the variety. To have a continuous crop, sow weekly up to Ma 15th, then discontinue until August 1st, when the early varieties may be sown for a fall crop.

If Peas are wanted by Parcel Post, add for postage as follows: 10c. for ½ lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

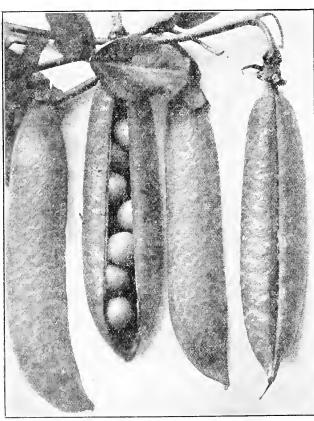

#### **EXTRA EARLY VARIETIES**

Alaska. Smooth seeded; very early; height 2½ feet. Pkt., 10c.; 40c, per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

\*Dandy Extra Early. A selection of the Eureka, but far superior; smooth seeded; very prolific and desirable for the kitchen and market garden; height, 24 inches. Pkt., 10c.; 25c. per ½ lb.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

arly June. A green seeded, smooth pea, desirable for first planting; height,  $2\frac{1}{2}$  feet. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs. Early June.

\*Early Eight Weeks. A wrinkled variety, growing 12 to 15 inches high and commencing to bear  $6\frac{1}{2}$  weeks after planting; a heavy cropper and especially desirable where room in scarce. Pkt., 10c.; 25c. per ½ lb.; lb., 45c.; 85c. per 2 lbs.; 5 lbs., \$2.00; \$3.80 per 10 lbs.; 25 lbs., \$9.00.

Gradus Peas

Gradus or Prosperity. Never was there a pea offered which is so largely demanded as this very early sort. It is exceedingly luscious, wrinkled and a producer of gigantic pods and peas; height, 36 inches. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Laxtonian. An extra fine early, dwarf sort; pods are large and well filled with peas of extra fine quality; height, 18 inches. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

NITROGEN BACTERIA FOR PEAS

See page 78.

Peas, Little Marvel

**Little Marvel.** Wrinkled; dwarf, 18 to 20 inches; prolific and sweet. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

Michell's Special Extra Early. Of the smooth seeded sorts this is the peer. Extremely early, lusciously sweet and very tender; a grand yielder; height, 24 inches. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

Nott's Excelsior. A splendid early wrinkled pea, producing heavy crops of full pods very early. Height, 15 inches. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

Sutton's Excelsior. This variety is quite hardy and can be planted earlier than most other wrinkled sorts; very early; long, broad pods, well filled; height, 16 inches. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

Thos. Laxton. Heavy producer; wrinkled, exceedingly early; pods are large and filled with large peas of excellent flavor. Its heavy cropping qualities make it suitable for an early crop in the private garden; height 36 inches. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

#### PRIZE COLLECTION

The best selection of Garden Peas, which will give a continuous supply. This collection should be sown at one time, as soon as danger of freezing is over.

Dandy Extra Early

Dwarf Champion Little Marvel

Price, 1 pkt. each for 25c.; 1 lb. each for \$1.00, postpaid.

# MICHELL'S CHOICE GARDEN PEAS

If Peas are wanted by Parcel Post, add for postage as follows: 10c. for  $\frac{1}{2}$  lb.; 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs.; larger quantities by express or freight.

#### SECOND EARLY VARIETIES

Bliss Abundance. Produces very large pods containing six or more peas of delicious flavor; wrinkled; height, 20 inches. Pkt., 10c.; 45c. per lb.; 2 lbs., 85c.; \$2.00 per 5 lbs.; 10 lbs., \$3.80; \$9.00 per 25 lbs.

\*Daisy or Dwarf Telephone. One of the best medium early sorts; large pods, peas wrinkled and very sweet; height, 18 inches. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

Potlatch. A wrinkled variety, similar to Daisy; pods well filled with peas; height, 18 inches. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

#### GENERAL OR LATER CROP VARIETIES

Champion of England. A very tall, rank grower, but a wonderful yielder of delicious quality peas; seed wrinkled; height, 5 feet. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

\*Dwarf Champion. Possesses most all the good qualities of the famous Champion of Eugland, and has the further advantage of being dwarf; a very delicious pea which should be planted extensively; height, 2 feet. Pkt., 10c.; 25c. per ½ lb.; lb., 40c.; 75c. per 2 lbs.; 5 lbs., \$1.75; \$3.30 per 10 lbs.; 25 lbs., \$7.75.

Long Island Mammoth. A very large podded semi-wrinkled variety; heavy yielder; height about 2½ feet. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

Telephone (Tall). The finest late wrinkled pea grown; exceedingly sweet; an abundant producer; height,  $3\frac{1}{2}$  feet. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

Yankee Prince. A large podded wrinkled sort; heavy yielder; pods often measure 6 inches in length; height, 4 feet. Pkt., 10c.; 40c. per lb.; 2 lbs., 75c.; \$1.75 per 5 lbs.; 10 lbs., \$3.30; \$7.75 per 25 lbs.

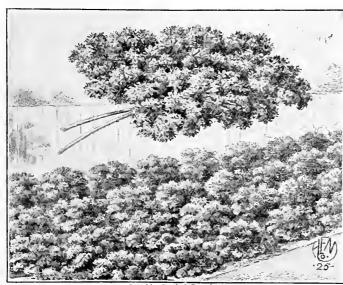

#### SUGAR OR EDIBLE POD PEAS

This type produces large, well-filled pods. They are cooked with the peas intact; very tender and exceedingly sweet.

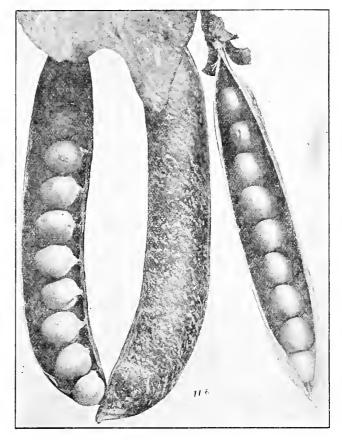

Dwarf Gray Sugar. Gray seed; height, 2 feet. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.25 per 25 lbs.

Tall Luscious Sugar. Gray seed; height, 4 feet. Pkt., 10c.; 50c. per lb.; 2 lbs., 95c.; \$2.25 per 5 lbs.; 10 lbs., \$4.30; \$10.25 per 25 lbs.

Only varieties of Peas marked \* can be supplied in  $\frac{1}{2}$  lb. packages.

Double Curled Parsley

Tall Telephone Peas

#### NITROGEN BACTERIA FOR PEAS

See page 78.

#### PARSLEY

Persil (Fr.); Petersilie (Ger.); Prezzemolo (Ital.). One ounce will sow a row 100 ft. long.

After soaking the seed for a few hours in warm water, it should be sown in rows 18 inches apart and when 2 inches high thinned out so the plants will stand 4 inches apart in the row. It takes parsley seed from 3 to 6 weeks ordinarily to germinate, so that a little patience in growing this is necessary.

#### Prices quoted for Parsley seeds are postpaid.

Champion Moss Curled. Beautifully crimped and curled. It can be cut the year round. Pkt., 10c.; 20c. per oz.; ½ lb., 50c.; \$1.75 per lb.

Double Curled or Covent Garden. A great improvement over all other varieties; nicely curled leaf which has a tendency to retain its deep green color the entire season. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.75 per lb.

Hamburg or Rooted. The fleshy roots are used for flavoring

soups, stews, etc. Pkt., 10c.; 25c. per oz.; ¼ lb., 60c.; \$2.00 per lb.

Plain or Single. Leaves not curled. Pkt., 10c.; 20c. per oz.; 1/4 lb., 45c.; \$1.50 per lb.

#### PARSLEY PLANTS (Ready in April)

Large specimens; pot-grown ready for use. Per doz., \$1.00; \$7.00 per 100. Not mailable.

#### PENNYROYAL (Herb)

Pkt., 10c.; 45c. per  $\frac{1}{2}$  oz.; oz., 75c.

# MICHELL'S VEGETABLE SEEDS

Piment (Fr.); Pfeffer (Ger.); Peperone (Ital.). One ounce produces about 1200 plants.

Sow the seed in a hotbed or window box about March 1st. Transplant to the open ground when all danger from frost is over,

in rows 3 feet apart, 18 inches apart in the row.

Bell or Bull Nose. Very thick flesh; a great producer. The large fruits are green turning to vivid scarlet; fine for slicing on tomatoes, or stuffed as mangoes, slightly hot or pungent. Pkt., 10c.; 25c. per ½ oz.; oz., 45c.; 81.45 per ½ lb.

California Wonder. A new variety of great merit; glossy green turning later to vivid red. See illustration, page 47. Pkt.,

20c.; 45c. per ½ oz.; oz., 85c.; \$3.00 per ¼ lb.

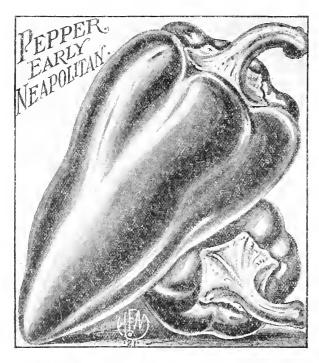

Cayenne. A long red variety; very hot and used principally for bunching with pot herbs. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per  $\frac{1}{4}$  lb.

Chinese Giant. A monster pepper; perfectly sweet, green fruit turning bright scarlet; matures late; fine for stuffed mangoes.

Pkt., 10c.; 35c. per ½ oz.; oz., 60c.; \$2.10 per ¼ lb. Golden Dawn. A large yellow variety shaped like the Chinese

Giant; very sweet. Pkt., 10c.; 30c. per ½ oz.; oz., 55c.; \$1.75 per ½ lb.

Harris' Early Giant. A new early variety of large size; deep green turning to red; flesh thick and of a sweet pleasant flavor. Pkt., 15c.; 40c. per  $\frac{1}{2}$  oz.; oz., 70c.; \$2.35 per  $\frac{1}{4}$  lb.

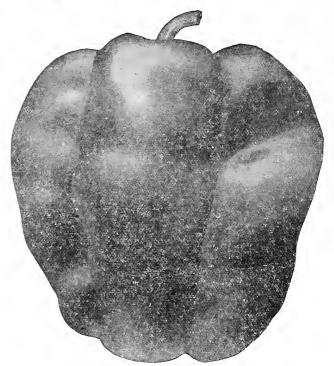

Neapolitan. Early; large size; thick meated; mild flavor; bright red when ripe. Pkt., 10c.; 30c. per ½ oz.; per oz., 50c.; \$1.60 per ¼ lb.

Pimiento. A splendid uniformly shaped, sweet variety; green fruit changing to red when fully ripe. Pkt., 10c.; 25c. per ½ oz.; oz., 45c.; \$1.45 per 1/4 lb.

Pepper, Red Chili

The small narrow red pods are very hot; used for Red Chili. seasoning. Pkt., 10c.; 30c. per  $\frac{1}{2}$  oz.; oz., 50c.; \$1.60 per  $\frac{1}{4}$  lb.

Pepper, Ruby Giant

Ruby Giant. Very large; adapted for stuffing; mild flavor. Pkt., 10c.; 30c. per  $\frac{1}{2}$  oz.; oz., 50c.; \$1.60 per  $\frac{1}{4}$  lb.

Ruby King. A large red variety resembling Bull Nose; grows a trifle larger. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per 1/4 lb.

Tomato, or Squash. Upright growth; fruit small and shaped like a tomato; mild flavor. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

World Beater. This variety is very similar to Ruby Giant, but grows slightly larger; very meaty. Choice seed, grown in New Jersey. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

PEPPER PLANTS (Ready in May)

Pot grown Plants. Per doz., \$1.00; \$7.00 per 100. Not mail-

#### **PEANUTS**

Arachide (Fr.); Erdnuss (Ger.); Cece de terra (Ital.).

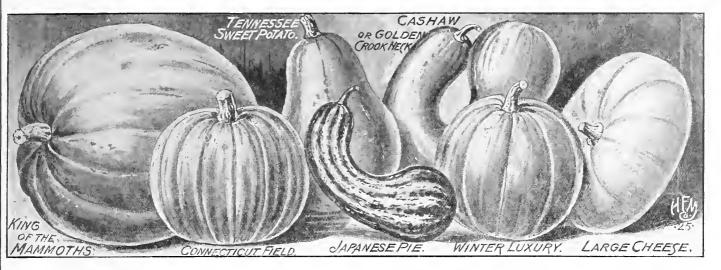

One bushel nuts unshelled with plant an acre, but shell must be removed beforehand.

It is generally believed peanuts cannot be grown anywhere north of Virginia, but this is a mistake; most any welldrained garden soil suits them, where they will yield a big crop. The yield a big crop. peanut plant rather enriches the soil instead of impoverishing it, as it is an abundant gatherer of free nitrogen. Selected Virginia.

1b., 25c. (by P. P., 30c.); 40c. per lb. (by P. P., 50c.); 5 lbs., \$1.75; \$3.00 per 10 lbs.

# MICHELL'S PUMPKINS

Potiron (Fr.); Kurbis (Ger.); Zucca (Ital.) One ounce will plant 25 to 50 hills; 4 to 5 lbs. for an acre.

Plant any time after the ground has become permanently warm, about four seeds to the hill; the latter to be about 8 feet apart each way. To obtain strong vines, they may be pinched back somewhat and if large specimens are desired, leave but one or two pumpkins on a vine. Do not plant near other vine crops, as they may hybridize the latter and spoil the taste; they can also be planted among corn after the last working.

Connecticut, or Common Field. Shape almost round; fruits produced in great abundance; flesh coarse and suitable only for stock feeding; color light yellow. Pkt., 10c.; 15c. per oz.; ½ lb., 40c.; \$1.25 per lb.

Japanese Pie. A crook-necked variety; deep green with darker stripes, which turn to a rich golden yellow. The fruit sets and matures early. The name given to it is derived from the seed, which is curiously marked like Japanese letters of the alphabet. Pkt., 10c.; 20c. per oz.; 1/4 lb., 50c.; \$1.75 per lb.

King of the Mammoths. This variety grows to an enormous size; orange-salmon skin, bright yellow flesh, fine grained and of excellent quality for pies. Pkt., 10c.; 25c. per oz.; 65c. per 1/4 lb.; lb., \$2.25.

NOTE-All seeds on this page sent postpaid at quoted prices.

Large Cheese. A very large, flat ribbed fruit, of a beautiful, buff yellow color; the interior is of fine quality. An enormous producer; ideal for market, home gardens and canning purposes. Pkt., 10c.; 15c. per oz.; 1/4 lb., 40c.; \$1.25 per lb.

Mammoth Cashaw or Golden Crook Neck. Very meaty, suitable for pie or stock feeding purposes; flesh golden yellow and very tender. Pkt., 10c.; 15c. per oz.; ½ lb., 40c.; \$1.25 per

Tennessee Sweet Potato. An oblong-shaped, medium-sized fruit, with a very light buff yellow skin. For pies it is delicious while for cooking for table use it is dry and tasty. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.75 per lb.

Winter Luxury. Known as the New England pie pumpkin. The skin is a russet yellow, while the flesh is golden orange when ripe. This is also used for making Jack-o-Lanterns, for which purpose it is well suited, on account of its very round and symmetrical shape. Pkt., 10c.; 20c. per oz.; 1/4 lb., 50c.; \$1.75 per lb.

Pumpkin Seed for medicinal purposes, 40c. per lb.

# MICHELL'S MAINE-GROWN SEED POTATOES

Pomme de Terre (Fr.); Kartoffel (Ger.); Patata (Ital.)

TIME OF SHIPMENT.—Potato shipping with us commences about March 15th (weather permitting), unless otherwise requested. We can ship at customer's risk any time during cold weather. Plant 12 to 14 bushels per acre.

Our potatoes are put up in sacks of  $2 \frac{1}{2}$  bushels each. Beats them All (Michell's). This famous variety has given the best results wherever tried, yielding more than any other early potato; quality fine; extremely early, coming in about one week

or ten days earlier than Early Rose. Oblong in shape.

Early Rose. (Houlton or Maine). A leading variety for earliness, quality and productiveness; pink skin, oblong shape.

Gold Coin. This potato seems to be in great demand, though by

no means a new one. It is large, somewhat roundish flat and a wonderful cropper; a late maturer.

Green Mountain. An excellent general crop variety; white, roundish flat.

Irish Cobbler. A splendid sort, almost round in shape.

Jersey Red Skin. These are especially adapted for planting in light, sandy soil late in June and in early July. They are oval shaped, medium size and cook pure white.

Russet. A splendid late variety, claimed to be absolutely rust and blight proof; medium size, oval or flat in shape.

State of Maine. An old favorite, grown by every gardener; good keeper; flat in shape.

#### SEMESAN BEL

The premier disinfectant for Potatoes; helps to improve the crop. See page 78.

Prices on Seed Potatoes are established about March 1st.

#### SWEET POTATO PLANTS (Ready in May)

Yellow and Red Nansemond. Per 100, \$1.00 (by parcel post, \$1.15); \$6.00 per 1000. Not less than 100 plants of a variety can be furnished.

We regret we cannot supply tubers of sweet potatoes.

#### CONCAVE POTATO KNIFE

Made of best steel with concave blade. Price, 45c. each.

#### POTATO SCAB DESTROYER

imately 15 bushels of potatoes. by parcel post).

(Formaldehyde)

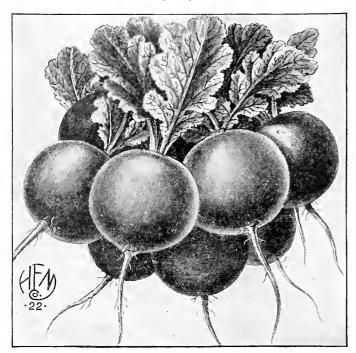

Dilute 1 quart in 25 gallons of water and soak the seed potatoes in this solution for 2 hours before cutting. They should then be taken out and dried; 25 gallons treating liquid is sufficient for approx-85c. per pt. (cannot be sent

# MICHELL'S SELECT RADISH SEED

Radis (Fr.); Radies (Ger.); Ravanelli (Ital.)

One ounce of seed will sow a row about 75 feet long; 8 to 10 lbs. are required for an acre.

Radishes should be sown in good rich ground, where they can make rapid growth, for then only do they produce the best results. Early sowings can be made as soon as frost is out of the ground. The winter radishes are sown in July and are developed by autumn, at which time they may be taken up and stored in a cool cellar and covered with sand.

Radish, Round Red Forcing or Button

#### **EARLY VARIETIES**

Crimson Giant. Early; globe shaped and of large size; crisp, solid flesh; remains a long time without getting pithy. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

Early Scarlet Globe (Special Forcing). A popular variety for hotbed or greenhouse forcing; also valuable for outdoor planting; very early, crisp and mild; may be pulled in 25 days from sowing the seed. Pkt., 10c.; 25c. per oz.; ¼ lb., 60c.; \$2.00 per lb.

French Breakfast. Oblong shape; rapid grower; very mild and tender; of a beautiful searlet color, tipped with white; good for open ground or forcing. Pkt., 10c.; 15c. per oz.; 1/4 lb., 40c.; \$1.25 per lb.

Icicle (Improved Strain). A magnificent white variety of fine taste; grows  $3\frac{1}{2}$  to 4 in. long in 22 days. Valuable for forcing as well as for open ground. Pkt., 10c.; 15c. per oz.;  $\frac{1}{4}$  lb., 40c.; \$1.25 per lb.

Long Scarlet Short Top. A favorite variety; long, bright scarlet with small top; excellent quality. Pkt., 10c.; 15c. per oz.; ½ lb., 40c.; \$1.25 per lb.

Round Red Forcing, or Button. One of the earliest varieties, maturing very quickly; splendid for hotbed or garden culture; flesh white, mild and tender. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

Philadelphia White Box. A selection of the old reliable White Box radish; more perfect form, producing shorter tops and does not have a tendency to grow long in shape. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

Scarlet or Cardinal Globe (Improved Strain). This popular radish will be welcomed readily in an improved form. The color and shape, a vivid scarlet oval form, are perfect. Pkt., 10c.; 20c. per oz.; ½ lb., 50c.; \$1.50 per lb.

Scarlet Turnip, White Tipped. Fine early scarlet variety with white tip. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

All seeds on this page mailed post free at prices quoted.

#### SUMMER AND WINTER VARIETIES

Celestial, or White Chinese. Large size; pure white; excellent keeper. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

China Rose. Bright rose color; flesh firm; one of the best for winter use. Half-long in shape with a scarlet blunt tip. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

Long Black Spanish. Of large size; skin black, flesh white; very firm. Pkt., 10c.; 15c. per oz.; ½ lb., 40c.; \$1.25 per lb.

White Strasburg. Oblong; of a pure white color and mild flavor; a splendid variety for summer. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

#### SAFFRON (Herb)

Pkt., 10c.; 30c. per ½ oz.; oz., 50c.

#### SAGE (Herb)

Pkt., 10c.; 30c. per ½ oz.; oz., 50c.

Semesan treated seeds produces more and finer vegetables. See page 78.

Salisbury, N. C.

Had splendid success with your seeds last year and wish to send another order.

Mrs. J. F. Miller

Radish, French Breakfast

#### VEGETABLES YOUR BEST FOOD

Our health depends a great deal on what we eat. The average American meal consists of acid forming foods and so refined that the best elements are lost and therefore detrimental. Vegetables are your best food; eat more of them.

## MICHELL'S VEGETABLE SEEDS

Rhubarb

#### RHUBARB

Rhubarbe (Fr.); Rhabarber (Ger.); Rabarbaro (Ital.) One ounce will sow a row 125 feet long.

Seed should be sown early in the spring in shallow drills I foot apart; thin out to stand 4 to 5 inches apart in the row. In the fall or following spring the roots should be transplanted into permanent beds and placed 3 feet apart each way; the year following that, or two years after sowing the seed, the rhubarb may be used. Roots may be planted in the Spring up to May 15th.

Victoria. Immense long stalks of a cherry-red color; a most popular variety. Pkt., 10c.; 25c. per oz.; ¼ lb., 65c.

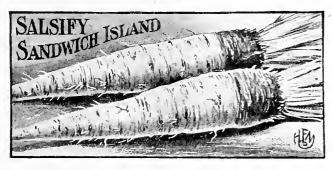

#### RHUBARB ROOTS

Victoria. 3 for 60c. (by parcel post, 75c.); \$2.00 per doz. (by parcel post, \$2.35); per 100, \$12.00.

#### ROSEMARY (Herb)

Pkt., 10c.; 35c. per  $\frac{1}{2}$  oz.; oz., 60c.

RUTA BAGA See page 76.

#### SALSIFY (Oyster Plant)

Salsifis (Fr.); Hafer Wurzel (Ger.); Salsefia (Ital.) One ounce of seed to 50 feet of drill; 10 lbs. per acre.

Sow in early spring, in drills fifteen inches apart and one to two inches deep; when about 4 inches high, thin to three inches apart. Soil should be deep and mellow in order that the root may grow straight down. Store same as carrots for winter use, or they can be left in the ground until spring.

Mammoth Sandwich Island. Of enormous size, very tender and delicious. Pkt., 10c.; 25c. per oz.; ¼ lb., 80c.; \$3.00 per lb.

#### SAVORY (Herb)

Summer. Pkt., 10c.; 30c. per  $\frac{1}{2}$  oz.; oz., 50c. Winter. Pkt., 10c.; 35c. per  $\frac{1}{2}$  oz.; oz., 60c.

SHALLOTS See page 67.

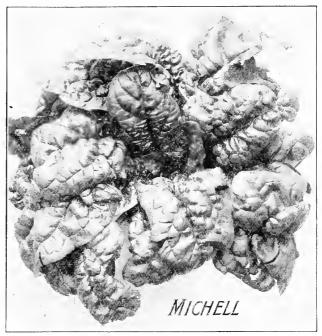

#### SORREL

Oseille (Fr.); Sauerampfer (Ger.); Acetosa (Ital.) Broad Leaved French. Relished principally by the French people, who use it as a spinach dressing, also as a salad; has an acid flavor. Sow seed in the spring in good light soil in shallow drills 1 foot apart; thin out to 4 inches apart in the row. The seed stalks should be cut off when they appear. Pkt., 10c.; 30c. per oz.; ½ lb., 85c.

#### **SPINACH**

Epinard (Fr.); Spinar (Ger.); Spinaccio (Ital.) One ounce will sow a row about 75 feet long; 10 to 12 pounds are required for an acre.

Sow for spring use, in drills one foot apart (covering the seed about one-half inch) as early as the ground can be worked and continue to sow every two weeks till May 15th. Spinach seed seldom germinates during June, July or August, so we do not recommend sowing again until September, which is the season to provide an early winter and spring crop. On the approach of cold weather cover with long manure, straw or other litter. Spinach can also be grown successfully under hotbed sash.

Spinach, Bloomsdale Savoy

Bloomsdale Savoy. Dark green leaves; the hardiest variety; curled and crimped, thick, fleshy leaves; the best for early spring and fall sowing. Oz., 10c.; 25c. per 1/4 lb.; per lb., 60c.; \$2.75 for 5 lbs.; 10 lbs., \$5.00.

King of Denmark. A new and remarkable variety, stands a long while without running to seed; large yielder and of excellent quality. The leaves are large, rounded, slightly blistered and deep green. 10c. per oz.; 1/4 lb., 25c.; 75c. per lb.; 5 lbs., \$3.50; \$6.50 per 10 lbs.

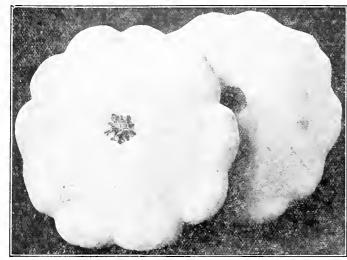

Long Season. Large plants and leaves, which are strong, robust and crinkled; will resist a great deal of heat without shooting to seed. 10c. per oz.; ¼ lb., 25c.; 60c. per lb.; 5 lbs. for \$2.75; \$5.00 per 10 lbs.

Market Gardeners. This new variety is the highest perfection of the Spinach family, being a decided improvement on all other kinds. Leaves are broad, heavy and of a dark green, glossy color, heavily blistered; will stand a week or ten days longer without shooting to seed, than any variety we know of. The plants are large and strong, requiring a less number of plants to fill a basket than any other variety. 10c. per oz.; ¼ lb., 25c.; 75c. per lb.; 5 lbs., \$3.50; \$6.50 per 10 lbs.

New Zealand. This variety endures heat and drought; excellent

New Zealand. This variety endures heat and drought; excellent for summer use; leaves small and thick. Heavy yielder, growing upright; one sowing can be picked from throughout the entire summer. A very distinct variety. In order to get a successful germination of the seed, it should be soaked in warm water for about 12 hours before sowing. Do not confuse this variety with other sorts, as the seed should be sown about May 15th. Pkt., 10c.; 15c. per oz.; ¼ lb., 45c.; \$1.50 per lb.

# MICHELL'S VEGETABLE SEEDS

Squash, Mammoth White Bush

#### **SQUASH**

Courge (Fr.); Kurbis (Ger.); Zucca (Ital.)
One ounce will plant 20 to 50 hills, 3 to 4 lbs, for one acre. This vegetable is a popular one for summer and winter use and being susceptible to cold it should not be planted until the ground is thoroughly warm. The bush sorts should be planted in hills 4 to 5 feet apart each way; the running varieties 8 to 12 feet apart. Place 8 to 10 seeds in a hill, and when the third stage of leaves are set, thin out to about 4 plants in a hill.

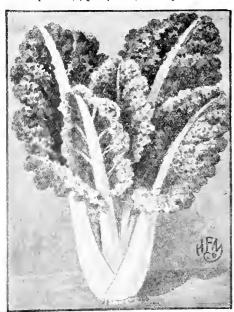

#### SUMMER VARIETIES

Cocozelle or Italian. A bush variety with long, smooth fruits, dark green, striped a lighter color; elegant for slicing and frying as you do egg plant. Pkt., 10c.; 20c. per oz.; 1/4 lb., 60c.; \$2.00 per lb.

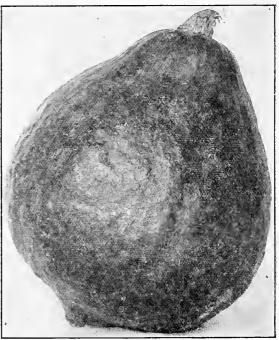

Giant Yellow Summer Crookneck. Shaped like a club with a bent neck. The skin is very rough and warted and of an orange yellow color. This is a running variety. Pkt., 10c.; 20c. per oz.; 1/4 lb., 50c.; \$1.75 per lb.

Large Yellow Bush. An improvement on the Golden Custard variety; at least 4 to 5 days earlier and of much finer quality; of scalloped type, beautiful creamy color; ready for the table in about 55 days. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.75 per lb.

Mammoth White Bush. Of round scalloped form with an ivory white skin; has an abundance of meat of very fine flavor; one of the earliest to mature and is very prolific. Pkt., 10c.; 20c. per oz.; 1/4 lb., 60c.; \$2.00 per lb.

Gunt Lucullus Swiss Chard

Squash, Boston Marrow

#### FALL AND WINTER VARIETIES

Blue Hubbard. A new variety and a selection from the original Hubbard. The fruit is of a gray blue color; grows large, is a remarkably good keeper and of excellent quality. Pkt., 10c.; 20c. per oz.; ¼ lb., 60c.; \$2.00 per lb.

Boston Marrow. Shaped similar to Hubbard; color, golden

orange; fine for canning for winter use, cooked as a vegetable or in pie. Pkt., 10c.; 15c. per oz.; ¼ lb., 50c.; \$1.75 per lb.

Delicious. Well named, as it has the finest flavor of any squash; of oblong shape, with deep green skin and thin rind, and with a very small seed cavity. One of the best winter keepers. Pkt., 10c.; 25c. per oz.; ¼ lb., 65c.; \$2.25 per lb.

Golden Hubbard. Used extensively for pie, but served as a

vegetable, it is very dry and delicious; outside deep orange red.

Pkt., 10c.; 20c. per oz.; ¼ lb., 60c.; \$2.00 per lb.

Hubbard (True). Fruits large, olive-shaped, with dark green skin and rich flesh; fine quality; excellent keeper. Pkt., 10c.; 20c. per oz.; ¼ lb., 60c.; \$2.00 per lb.

Vegetable Marrow. A long, greenish white variety; fine for cooking; sweet and tender. A favorite squash with the English people. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.75 per lb.

#### SWISS CHARD (Spinach Beet)

Poireau (Fr.); Mangold Kohl (Ger.); Bieta (Ital.)

1 oz. will sow a row about 50 feet long.

Readily grown from seed, when it can be used five weeks after sowing and is a continuous crop until killed by frost. The plant is cultivated for the leaves which are used for greens; the outer leaves only should be carefully pulled from the plant and the foliage part separated from the rib in preparing to cook. The former when cooked is served like spinach, which it resembles in taste; the ribs when boiled and served with melted butter are the equal of finest asparagus.

Giant Lucullus. Very tall growing; crinkly leaves often two feet long; a beautiful ornamental plant for any garden. Pkt., 10c.; 20c. per oz.; ¼ lb., 50c.; \$1.50 per lb.

#### SWEET BASIL (Herb)

Pkt., 10c.; 25c. per ½ oz.; oz., 45c.

#### TARRAGON

Fine for flavoring. Pot-grown plants, 3 for \$1.00 (by parcel post, \$1.20); \$3.00 per doz. (by parcel post, \$3.30); per 100, \$18.00. Pot grown. 3 for \$1 \$1.15); \$2.50 per doz. \$2.75); per 100, \$15.00.

#### SWEET MARJORAM (Herb)

Pkt., 10c.; 30c. per ½ oz.; oz., 50c.

THYME (Herb)

Seed. Pkt., 10c.; 35c. per ½ oz.; oz., 60c.

#### THYME PLANTS

Pot grown. 3 for \$1.00 (by parcel post \$1.15); \$2.50 per doz. (by parcel post,

#### **TOBACCO**

Many people like to have a few plants of this in the garden, it attracts butterflies. The flower is very sweet scented, while the leaves may be dried, cured and made into smoking tobacco and cigars. Sow in a box indoors and set outdoors in May.

# MICHELL'S SELECT TOMATO SEED

Pomme d'Amour (Fr.); Liebsapfel (Ger.); Pomo d'oro (Ital.)
One ounce will produce 3500 plants; ¼ lb. will provide enough plants for an acre.

Sow in the house or hotbed about March 1st, transplant when 3 inches high and again later to produce vigorous specimens. Set plants outdoors about May 1st in rows 3 feet apart, 18 inches in the row, or in hills 4 feet apart each way. Properly grown tomato plants should be supported. Note—All seeds on this page mailed postpaid at prices quoted.

Beauty. One of the largest purplish pink tomatoes; solid and meaty. Pkt., 10c.; 25c. per ½ oz.; oz., 40c.; \$1.25 per ¼ lb.

Bonny Best. One of the most prolific of early tomatoes. The size is not so large, but is very solid and evenly formed; color, bright red. Pkt., 10c.; 25c. per ½ oz.; oz., 45c.; \$1.50 per ¼ lb.

Chalk's Early Jewel. Extra early; bright red; fine flavor; very productive. 10c. per pkt.; ½ oz., 25c.; 45c. per oz.; ½ lb., \$1.35.

Crackerjack (Michell's). This is one of the best early tomatoes for the home garden, its productiveness being wonderful; quite free from acid and of a convenient size. Color, rich red and produced in clusters. Pkt., 10c.; 35c. per ½ oz.; oz., 60c.; \$2.00 per ¼ lb.

Crimson Cushion or Beefsteak. A vigorous grower, producing immense solid fruits, suitable for slicing or canning; a very meaty tomato with but few seeds. Pkt., 15c.; 35c. per ½ oz.; oz., 60c.; \$2.00 per ¼ lb.

Dwarf Champion. A distinct type; the plant looks like a miniature tree; very dwarf and compact; red with a purplish cast; very solid; late maturer. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

Dwarf Stone. A dwarf, compact growing plant, yielding a large crop of medium-sized, very solid tomatoes. Color, bright red. The plant is very distinct and upright; late cropper. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

Earliana (Penn State). Great improvement on ordinary variety of Earliana, one of the earliest bright red varieties; compact in growth, good yielder, fruit solid, uniform and of excellent quality. Pkt., 10c.; 35c. per ½ oz.; oz., 65c.; \$2.25 per ¼ lb.

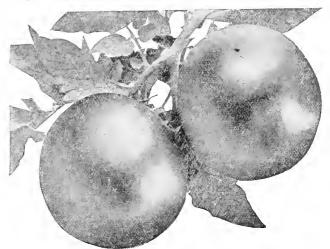

Early Detroit. A productive, early purple sort; large and smooth. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

Golden Ponderosa. The best large golden yellow variety; early, smooth and of excellent quality; similar in shape to the regular Ponderosa. Pkt., 15c.; 40c. per ½ oz.; oz., 70c.; \$2.50 per ¼ lb.

Golden Queen. Medium yellow fruit; very sweet, almost free from acid; splendid for preserving or for slicing; to those who generally (on account of acidity) do not eat tomatoes, we can recommend this variety. Pkt., 10c.; 30c. per ½ oz.; per oz., 50c.; \$1.60 per ½ lb.

Greater Baltimore. A main crop variety; fruit large and of a brilliant red color; ripens evenly to the stem. Pkt., 10c.; 25c. per ½ oz.; oz., 40c.; \$1.30 per ¼ lb.

John Baer. Plants are of strong, vigorous growth, producing fruit in clusters, of good size, a beautiful red in color and nearly round in shape; one of the best second early varieties to follow our Penn State Earliana. Pkt., 10c.; 25c. per ½ oz.; oz., 45c.; \$1.50 per ¼ lb.

Tomato, Michell's Crackerjack

June Pink. A large pink variety; the purplish red flesh is solid and of fine texture. Pkt., 10c.; 30c. per ½ oz.; oz., 55c.; \$1.85 per ¼ lb.

Livingston's Globe. Especially adapted to slicing; very solid, a purplish red color and of true globe type; well adapted for southern planting. Pkt., 10c.; 35c. per ½ oz.; per oz., 55c.; \$1.85 per ¼ lb.

Marglobe (New). This new variety should be in every garden. The Marglobe originated with the U.S. Dept. of Agriculture by crossing the Marvel and Globe varieties, hence the name; it has retained the good characteristics of its parent Marvel which was found to be practically immune from the many tomato diseases and the Globe in quality and productiveness; color, a handsome scarlet, making it a suitable variety for all purposes; an excellent variety to follow our Penn State Earliana. Pkt., 15c.; 40c. per ½ oz.; oz., 70c.; \$2.50 per ¼ lb.

Matchless. Large red fruit; a general crop variety. Pkt., 10c.; 30c. per ½ oz.; oz., 50c.; \$1.60 per ¼ lb.

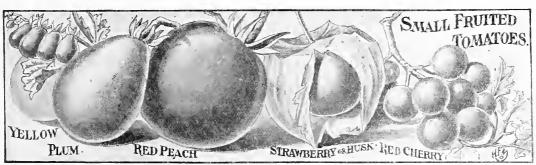

Ponderosa. The largest tomato in existence; a beautiful deep pink; rather uneven at times in shape. Pkt., 15c.; 35c. per ½ cz.; per oz., 65c.; \$2.25 per ½ lb.

Red Rock. One of the most solid varieties; of a brilliant red color; a fine one for the home or market garden. Pkt., 10c.; 25c. per ½ oz.; per oz., 40c.; \$1.30 per ¼ lb.

Stone. A very careful selection of the old favorite Stone. The fruits are larger, more even and produced in greater abundance. Pkt., 10c.; 25c. per ½ oz.; per oz., 40c.; \$1.30 per ¼ lb.

#### FORCING TOMATOES

#### SMALL FRUITED TOMATOES

Red Cherry. Pkt., 15c.; 40c. per ½ oz.; oz., 75c. Red Peach. Pkt., 15c.;

40c. per ½ oz.; oz., 75c.

Yellow Plum. Pkt., 15c.;
40c. per ½ oz.; oz., 75c.

**Strawberry or Husk.** Pkt., 15c.; 40c. per ½ oz.; oz., 75c.

# TOMATO PLANTS (Ready in April)

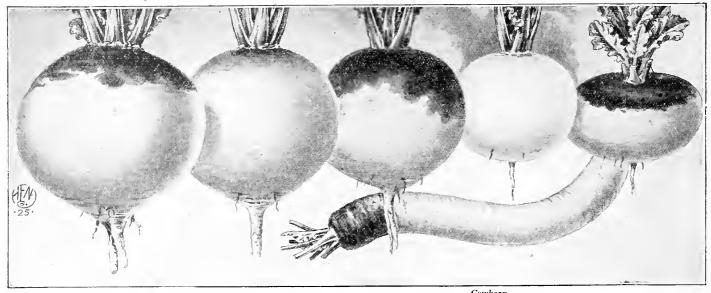

Pot Grown. Per doz., 75c.; \$5.50 per 100 (not mailable).

# MICHELL'S TURNIP AND RUTA BAGA SEED

Yellow Globe

Purple Top White Globe

Early Purple Top Flat

Cowhorn

Herbst Ruben (Ger.); Navet (Fr.); Navone, Rapa (Ital.)

One ounce of seed for 100 feet of drill; two lbs. per acre, broadcast.

For early use sow the small sorts as soon as the ground can be worked in the Spring in drills 14 inches apart. As the seed is fine it should be covered but slightly, except in very dry weather. Do not sow too thickly, so the roots can develop. For Fall and Winter use sow broadcast from the middle of July to the middle of August.

#### TURNIP

Aberdeen. A globe-shaped yellow variety; a good winter keeper. Pkt., 10c.; 15c. per oz.; ¼ lb., 35c.; \$1.00 per lb.; 5 lbs., \$4.75. Cow Horn. A long white variety. Pkt., 10c.; 15c. per oz.; ¼ lb.

35c.; \$1.00 per lb.; 5 lbs., \$4.75. Early Purple Top Flat. One of the most popular of the early varieties; root clear white, purple top; good quality. Pkt., 10c.; 15c. per oz.; 1/4 lb., 35c.; \$1.00 per lb.; 5 lbs., \$4.75.

Early White Flat Dutch (Strap Leaf). An attractive variety,

producing a medium size root; very early and of fine quality. Pkt., 10c.; 15c. per oz.; ½ lb., 35c.; \$1.00 per lb.; 5 lbs., \$4.75. Purple Top White Globe. Large root, part white, purple top; a good table and market variety. Pkt., 10c.; 15c. per oz.; ½ lb., 25c.; \$1.00 per lb.; 5 lbs. \$4.75. 35c.; \$1.00 per lb.; 5 lbs., \$4.75.

Snowball. A pure white globe variety; very early. Pkt., 10c.; 15c. per oz.; ¼ lb., 35c.; \$1.00 per lb.; 5 lbs., \$4.75.

Southern Seven Top. For winter greens chiefly; extensively sown in the South. Pkt., 10c.; 15c. per oz.; ¼ lb., 35c.; 90c. per lb.; 5 lbs., \$4.25.

Yellow Globe or Amber. Shaped like the Purple Top Globe, but the color is like that of a Yellow Ruta Baga. 15c. per oz.; ¼ lb., 35c.; \$1.00 per lb.; 5 lbs., \$4.75.

#### RUTA BAGA

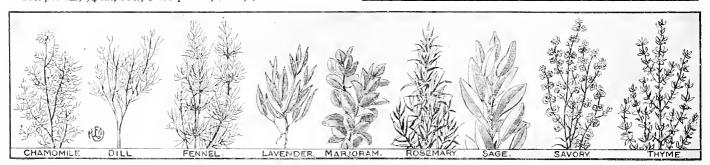

Ruta Bagas should be sown in drills about 30 inches apart and when 3 inches high thinned out to get the greatest root development. They need to be cultivated liberally and hilled up when about 6 inches high.

Customers frequently complain that Ruta Bagas grow too long in shape, rather than in a round form. Careful inquiry has developed the fact that this is caused by sowing the seed too early.

In the locality of Philadelphia and New York the seed should be sown from July 15th to August 1st. Seed sown earlier than this invariably produces the long shaped roots with long stems.

Purple Top Yellow. This is the perfect ideal Ruta Baga. Top is purple, the bottom yellow. It brings a high price when sold in the market on account of its shape. Pkt., 10c.; 15c. per oz.; 1/4 lb., 40c.; \$1.25 per lb.; 5 lbs., \$6.00.

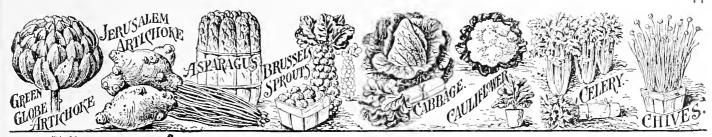

**NOTE**—All seed offered on this page mailed free at quoted prices.

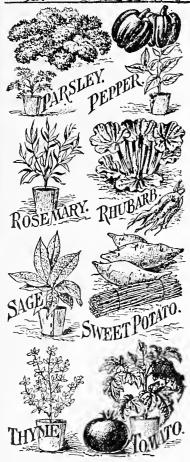

#### SEEDS OF CULINARY AND MEDICINAL HERBS

For Winter use, they should be cut just as they come into flower, tied in bunches and hung in a light, airy place indoors, where they can be available any time.

#### SPECIAL NOTICE

We regret that it is not practicable to ship Pot Grown Plants of Cauliflower, Pepper, Parsley, Egg Plants and Tomatoes via Parcel Post.

The foliage of these plants is very soft and tender and from experience (largely because of delays in the mail service) they reach their destination in a worthless condition.

Nor can we ship any of the above-mentioned plants outside the Beetle zone.

## VEGETABLE AND HERB PLANTS AND ROOTS

We have fresh supplies of this stock in daily, during the season of planting; we grow them at our own nurseries, and in extra good quality.

#### ARTICHOKES (Ready in April)

Green Globe. Pot Grown. \$1.50 per doz.; 25 for \$3.00; \$10.00 per 100 (by express only). Jerusalem. Used for table and stock feeding. 20c. per lb. (by P. P., 30c.); 75c. per 5 lbs. (by P. P., 95c.); 10 lbs., \$1.20 (by P. P., \$1.50); \$2.75 per 25 lbs.; 50 lbs., \$4.50.

#### ASPARAGUS ROOTS (Ready about March 20th)

The two-year-old-roots usually produce two years after planting; our stock is especially fine in quality

2 Year Old Roots 50 100 1000 Barr's Mammoth.....\$0.75 \$1.25 \$10.00 10.00 10.00 12.00 If above are wanted by parcel post add 10c. for 50; 15c. per 100 for postage.

**BRUSSELS SPROUTS** (Ready in July) Matchless Improved (*Hotbed Grown*). 25 for 30c. (by P. P., 40c.); \$1.00 per 100 (by P. P., \$1.15); per 1000, \$6.50.

#### CABBAGE PLANTS

Early Sorts. From Hotbeds. Wakefield and All Head only. Ready April 15th. 75c. per 100 (by P. P., 90c.); per 1000, \$6.50.

Early Sorts. Cold frame plants. Ready April 1st. \$1.00 per 100 (by P. P., \$1.15);

per 1000, \$8.50.

Late Sorts. Ready July 1st, in Late Flat Dutch, Danish Ball Head and Red Dutch Drumhead varieties only. Per 100, 75c. (by P. P., 90c.); \$5.50 per 1000.

#### **CAULIFLOWER PLANTS** (Ready April 1st)

Snowball variety only. Pot-grown, 75c. per doz.; per 100, \$5.00. Not mailable.

CELERY PLANTS (Ready in July) White Plume, Giant Pascal, Winter Queen and Golden Self Blanching. 75c. per 100 (by P. P., 90c.); per 1000, \$6.00.

#### CHIVES (Ready in April)

Strong Plants. 3 for 50c. (by P. P., 60c.); doz., \$1.50 (by P. P., \$1.70); \$10.00 per 100.

## EGG PLANTS (Ready after May 15th)

Pot-grown stock only.

New York Improved and Black Beauty. Per doz., \$1.00; \$7.00 per 100. Not mailable.

#### HOP VINE (Hardy)

This makes a valuable shade plant, grown on arbors, trellises, etc.

Strong Pot-grown Plants. 3 for \$1.00 (by P. P., \$1.15); doz., \$3.00 (by P. P., \$3.30); \$18.00 per 100.

#### HORSERADISH ROOTS (Ready in March)

Maliner Kren (Bohemian). Large, strong cuttings, 35c. per doz. (by P. P., 45c.); per 100, \$1.50 (by P. P., \$1.65); \$10.00 per 1000.

#### LAVENDER (Ready in April)

Pot-grown plants, 3 for \$1.00 (by P. P., \$1.15); per doz., \$3.00; \$18.00 per 100.

#### LETTUCE PLANTS

Heading varieties; our selection only. 25 for 25c. (by P. P., 40c.); 75c. per 100 (by P. P., 95c.); per 1000, \$6.00.

#### MINT (Hardy) (Ready in April)

Spearmint. Pot-grown plants. 3 for 75c. (by P. P., 90c.); per doz., \$2.50 (by P. P., \$2.70); \$15.00 per 100.

PARSLEY PLANTS (Ready in April) Pot-grown. Per doz., \$1.00; \$7.00 per 100. Not mailable.

#### PEPPER PLANTS (Ready in May)

Bull Nose and Ruby King varieties only. Pot-grown plants. Per doz., \$1.00; \$7.00 per 100. Not mailable.

#### RHUBARB ROOTS (Ready May 15th)

Victoria. 3 for 60c. (by P. P., 75c.); \$2.00 per doz. (by P. P., \$2.35); per 100, \$12.00.

#### ROSEMARY (Perennial) (Ready in April)

Pot-grown plants. 3 for \$1.00 (by P. P., \$1.15); doz., \$3.00.

**SAGE** (Hardy) (Ready in April) Holt's Mammoth. Pot-grown plants. 3 for \$1.00 (by P. P., \$1.15); per doz., \$3.00 (by P. P., \$3.30); \$18.00 per 100.

#### SWEET POTATO PLANTS (Ready in May)

Yellow and Red Nansemond. \$1.00 per 100 (by P. P., \$1.15); 1000, \$6.00. Not less than 100 plants of a variety can be furnished.

TARRAGON (Ready in April)

Hardy if given protection in winter. Potgrown plants. 3 for \$1.00 (by P. P., \$1.20); per doz., \$3.00 (by P. P., \$3.30); \$18.00 per 100.

THYME (Hardy) (Ready in Aprii) English Broad Leaved. This is almost an indispensable herb. Pot-grown plants. 3 for \$1.00 (by P. P., \$1.15); per doz., \$2.50 (by P. P., \$2.75); \$15.00 per 100.

#### TOMATO PLANTS (Ready after April 15th)

Pot-grown Plants in the following varieties only; Crimson Cushion, or Beefsteak, Earliana, Stone, Dwarf Stone, Ponderosa, Crackerjack. Per doz., 75c., \$5.50 per 100. Not mailable.

NOTE—Mailing charges include packing costs and safe delivery or insurance. Also please note the smallest number or quantity of vegetable plants that can be supplied, is offered or specified here.

# SEED DISINFECTANTS

Control Seed-borne Diseases of Farm and Garden Crops; Stimulate Germination — Improve Stands; Generally Produce Increased Yields of Higher Quality

#### CERESAN

#### for seed treatment of small grains

Ceresan has proven effective in controlling such seed-borne diseases as bunt or stinking smut of wheat; stripe disease of barley; loose and covered smuts of barley and oats and covered kernel smut of sorghum. It is the only dust treatment which has successfully controlled these destructive grain diseases. Ceresan does not injure the seed nor the grain drill. Only 2 oz. of Ceresan required per bushel of wheat, rye or sorghum, and 3 oz. for barley and oats. Easy to apply, economical to use.

#### SEMESAN JR.

#### for seed field and sweet corn

Semesan Jr. is especially effective in controlling seed-borne infections of diplodia, Gibberella and Basisporium, without harming the seed embryo in the least. Its use protects the seed from rotting in the ground and makes possible earlier planting which generally results in increased yields. Improved germination, better stands, control of certain diseases, increased yields are the benefits which thousands of farmers are reaping, at a cost of less than 3c. an acre. Succeeds the products sold as Du Pont Semesan Jr. and Bayer Dust.

## SEMESAN BEL

#### for seed white and sweet potatoes

Simply mix, dip, drain, dry and your seed potatoes are ready for planting. Semesan Bel may be used on either whole or cut seed pieces. Semesan Bel effectively controls such seed-borne disease organisms as scab, rhizoctonia and black-leg. By controlling these diseases, germination is generally increased, stand improved and the resultant crop bigger and of better quality. One pound treats 16 to 20 bushels of seed. Du Bay Semesan succeeds the products sold as Du Pont Semesan Bel and Bayer Dipdust.

#### SEMESAN

#### for flower and vegetable seeds, also for lawns

Semesan may be applied in dust or liquid form to the seed before planting. It is harmless to the seed but deadly to disease organisms that may be on the seed. Semesan is such a powerful and effective disinfectant that seed treatment with it is ridiculously low in cost, ranging from ½c. to 1c. per pound of seed. One ounce treats 15 lbs. of seed. Effective in controlling damping off and such devastating gladiolus diseases as hard rot and scab. Also the most effective means of controlling "Brown Patch" which attacks the turf of golf courses, tennis courts and lawns. Du Bay Semesan succeeds the products sold as Du Pont Semesan and Bayer Upsulum

(Jelly Medium)

# MICHELL'S SELECTED HAND PICKED FIELD CORN

Plant 8 to 10 qts. per acre in hills for shelled corn or for silo, or sow 1½ to 2 bushels broadcast for fodder.

Our strains of corn are not the common kinds usually found in abundance on the market; we give very careful attention to selected stock in all lines of farm seeds. This is particularly true of field corn where re-selection means the limit of crop with little or no increase in cost. Our stock is selected for size of ear and fodder, uniformity of kernel and the careful finish of the tip and butt, all of which means a considerable increase in production.

Champion White Pearl. An immense yielder, maturing in about 115 days; kernels deep set and snowy white; the merits of this corn are surprising.

Cloud's Early Yellow Dent. Our stock of this is grown on especially prepared ground. Every grain is uniform and perfect. Though the fodder grows often 10 feet high, the crop is matured in 100 days. The ear is about 10 inches long with a very thin cob when shelled, while the canary yellow grains are about 34 of an inch long. It delights in rich soil if the best is expected of it.

Early Canada Flint (Eight Rowed). A medium broad grained variety, perfectly smooth on the end and very hard. Makes a desirable sort for late planting. The cobs are very thin when shelled; excellent for pigeon and poultry feed.

Golden Beauty. The broad, massive golden yellow dented grains are arranged very evenly on gigantic ears. Fodder is enormous, often growing 12 feet high; matures late, but yields wonderful crops; desirable for silo and ensilage nurposes.

Lancaster County Sure Crop. One of the best all-around general purpose varieties and has proved to be a most reliable and profitable corn for either husking or ensilage purposes. A rather odd variety, in that the grains have a tendency to grow on curved rows. Grows quite tall; a sure cropper, producing a big ear on every stalk, very few nubbins; will yield good crops on land that is not so fertile; ears long, cob thin; top of grain rich yellow, when shelled the grain has a reddish yellow cast; matures early; husks very easily.

Learning Early Dent. This variety has always been used foremost by most planters of field corn in the locality of Philadelphia. Beautiful long ears of deep grained, uniform kernels. The cob when shelled is very small. The stalks grow about 7 feet high, very leafy, excellent for fodder and on the average will produce two ears to the stalk; ripens in 90 days and occasionally crops 100 bushels to the acre. Every grain is uniform and perfect.

Improved Golden Dent. A high yielding variety of yellow dent noted for heavy production of both grain and silage. A hardy, resistant corn, producing a good ear on every stalk, with few nubbins. Ears large, rows straight, butts and tips well filled. Grains square cut, moderate in depth, with uniform dimpled dent, easily distinguishing it from other varieties. Fodder heavy and leafy, 10 to 12 ft. tall; on fertile soil capable of yielding 90 bushels shelled corn or 20 tons silage per acre. Season two or three days shorter than Cloud's Yellow Dent. Price, 25c. per qt. (by parcel post, 35c.); 4 qts., 75c. (by parcel post, 95c.); \$1.25 per peck; per bushel, \$4.00.

Reid's Yellow Dent. A splendid late variety with an average record of 100 bushels per acre; small cob, deep bright yellow grain.

Red Cob Ensilage. A long, narrow, white grain; a late maturer, and used for silo, green feed or ensilage purposes. A tall, rank grower and prolific in leaves.

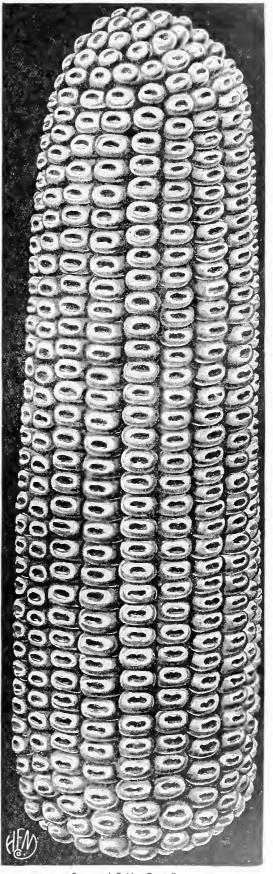

**Price** for any of the above varieties of Field Corn (except where noted) 25c. per qt. (by parcel post, 35c.); 4 qts. 65c. (by parcel post, 85c.); \$1.00 per peck; \$3.50 per bushel.

2 Bu. Seamless Bags used in shipping Field Corn are chargeable at 35c. each, but are returnable for credit if in good order and free of expense to us.

#### STANLEY'S CROW REPELLENT

Rids your corn crop of Crows and other corn pulling birds and animal pests such as Moles, Gophers, Woodchucks, Prairie Dogs, Squirrels, etc. Saves loss of seed and labor of replanting. Positively will not clog any planter. Aids and hastens germination of seed corn. Protects seed from rotting in the ground. Insures larger yields per acre. Is non-poisonous and will not injure the seed. Will not kill birds or animals but will keep them away and prevent destruction by them. Has been used successfully by experienced corn growers for over ten years. Large can, enough for two bushels of seed corn, \$1.50 (by P. P., \$1.75); small can, enough for one bushel, \$1.00 (by P. P., \$1.15).

Improved Golden Dent Corn

#### RECLEANED CLOVERS

Prices quoted are subject to market changes

Alfalfa or Lucerne (Medicago-Sativa). The most valuable forage crop on the American farm today, and can be truly termed a mortgage lifter. Sow during May, August and September, for best results, although it can be sown at other times with a possible chance of doing well. Careful preparation of the soil previous to sowing is the main thing. Our special Instructions on Alfalfa explains this fully, and is free for the asking. Sow not less than ½ bushel (30 lbs.) per acre, preferably with no other crop. Our seed is always over 99 per cent pure, and will investibly give the best results. Chains New Inviscost. will invariably give the best results. Choice Non Irrigated Western Grown Seed. 40c. per lb. (by parcel post, 50c.). Grimm Alfalfa. Claimed to be hardy in any and all regions, a

heavy yielder and of deep rooting ability. Highly recom-mended by various State Experiment Stations. Requires about 15 to 20 lbs. of Grimm Alfalfa to properly seed an acre.

per lb. (by parcel post, 70c.).

Alsike or Swedish Clover (Trifolium Hybridum). One of the best for mixing with timothy; perfectly hardy in every climate or soil condition and seldom has to be reseeded. Under ordinary conditions it grows from 1 to 2 feet high; sow early in the spring or late summer and early autumn. Sow 10 to 15 lbs. per acre alone, or 8 lbs. per acre with Timothy. 40c. per lb. (by

parcel post, 50c.).

Bokhara or Sweet Clover (Melilotus Alba). While extensively used as a bee food, this is a valuable variety for soiling (green manure); for sowing in spring on lands which are later to be sown in Alfalfa, this is excellent. It inoculates the ground and seems to render it more capable of insuring a good stand of Alfalfa than if it is not used. It grows from 3 to 5 feet high, according to soil and location; can be cut as often as three times in a season if wanted for forage. Sow 15 lbs. per acre in early spring, alone, or 10 lbs. per acre with other crops. We handle only the true white flowering hardy variety. Choice Hulled

Seed. 20c. per lb. (by parcel post, 30c.).

Crimson Clover (Trifolium Incarnatum). Used principally for soiling or green manuring. If desired for feed, cut it just before it flowers. When desired for green manure, it should be allowed to mature; its height is from 1 to 2 feet. Sow any time from April to October, the earlier the better, 20 lbs. to the acre. If sown in early spring it can be plowed down the first year. Late summer or fall seeding is usually practiced. It is not hardy for more than one season and must be sown each year. 25c. per

lb. (by parcel post, 35c.).

Mammoth Red Clover (Trifolium Pratense Perenne). Sometimes called Sapling or Pea Vine Clover and English Cow Grass. This differs from the "Medium," being of a ranker growth and yielding more fodder per acre. It ripens somewhat later and is more hardy, lasting several seasons longer than the medium red clover. It also does well on poorer soils. Sow in early spring or in July and August, using 20 lbs. per acre alone, or with other crops 10 lbs. per acre. It can be cut several times in a season. 40c. per lb. (by parcel post, 50c.).

Red Clover, Medium (Trifolium Pratense). More widely known and used than any other; used principally for hay purposes. Height from 18 inches to  $2\frac{1}{2}$  feet. Sow early in the spring or in late summer—July and August; if alone, 20 lbs. per acre; if with other crops, 10 lbs. per acre. A red clover field can be cut twice a season. 35c. per lb. (by parcel post, 45c.).

White Dutch or Lawn Clover (Trifolium Repens). This is valuable for pasturage as well as for lawns; it succeeds where other clovers and grasses fail and it soldom dies out. It can be sown

and for pasturage as well as for lawns; it succeeds where other clovers and grasses fail and it seldom dies out. It can be sown at all seasons, although early spring is best. Sow 10 to 12 lbs. per acre if alone, or 5 lbs. if sown on old turf or with other crops. Per oz., 10c.; 25c. per ½ lb.; ½ lb., 45c. (by parcel post, 50c.); 85c. per lb. (by parcel post, 95c.); 5 lbs., \$4.00 (by parcel post, \$4.20); \$7.75 per 10 lbs. (by parcel post, \$8.05); per bu. of 60 lbs., \$45.00; \$75.00 per 100 lbs. Prices on White Clover subject to change. Clover subject to change.

Prices on Clovers, for quantities larger than 5 lbs., will be quoted on request.

Mammoth Yellow Soja Beans

#### BEANS, SOJA OR SOY

This valuable farm plant enriches the ground in which it is planted by the free nitrogen gathered from the air and which is deposited in the ground by the roots, leaving it in ideal condition and rich in nitrogen for the next crop. Fodder is relished in either green or dry form by cattle and dairy cows. Excellent to combine as feed with hay or corn. The seed when harvested and ground into meal is fed with great advantage to milch cows, mixed with have no represented and control of the corn and the seed with the control of the corn and the seed with the control of the corn and the seed with the control of the corn and the seed with the s bran or any soft feed. Sow 1½ bushels per acre alone, or ½ bushel Soja Beans with one bushel Cow Peas. Sow in drills 2½ feet apart, any time from the first to the last of May. If wanted for silo it will be ready for harvest about the first of September, when the pods will be well filled; yields as high as 20 tons of green food per acre. 60 lbs. per bushel.

Mammoth Yellow (Late). 20c. per qt. (by parcel post, 35c.). Wilson (Early). 20c. per qt. (by parcel post, 35c.); larger quantity,

price upon application.

Two bushel seamless sacks, used in shipping farm seeds, in one bushel lots and over, are charged for at 35c. each; returnable at price charged if in good condition and prepaid.

## MICHELL'S HIGH GRADE FARM SEEDS

#### BARLEY

The straw is good for green feed or when cured as hay. The grain in the hull is excellent poultry feed. If wanted for hay it should be cut while the grain-head is in a soft or milky condition. Sow broadcast 1½ to 2 bushels per acre from May 15th to July 1st. 48 lbs. per bushel. Makes an ideal nurse crop for spring sown Alfalfa. When sown in connection with Alfalfa use ½ to ¾ bushel per acre broadcast; when ripe harvest as usual or cut and rake off. New York grown stock; frequently yields 50 bushels per acre. 20c. per qt. (by parcel post, 30c.); larger quantity, price upon application.

#### **BROOM CORN**

The chief value of this plant lies in the top or brush, as it may be called, which is made into brooms. The fodder grows to a height of about nine feet, and is suitable for bedding. Sow in May, about ten pounds per acre, in drills 3 feet apart. Plants should be thinned out to stand 3 inches apart in the row.

Evergreen. This sort produces extremely straight brush retaining its green color well after ripening, thus commanding the highest market prices. Yields 1000 lbs. of salable brush per acre. Bushel 50 lbs. 25c. per qt. (by parcel post, 35c.); larger quantity, price upon application.

Japanese Buckwheat

#### **BUCKWHEAT**

Japanese. In the locality of Philadelphia this is sown any time from June 1st to July 15th, one bushel of 48 lbs. broadcasted to the acre. If one has the ground prepared and the opportunity it can be sown as early as May 1st. It makes a very fine quality of flour, but is largely used for poultry food. The flower makes ideal bee food, while the straw is very abundant. Any of the clover crops can be sown with buckwheat, these to mature the following season. Buckwheat frequently yields as much as 80 bushels to the acre. 15c. per qt. (by parcel post, 25c.); larger quantity, price upon application.

Two Bushel seamless sacks, used in shipping farm seeds, are charged for at 35c. each; returnable at price charged if in good condition and prepaid.

#### CANADIAN FIELD PEAS

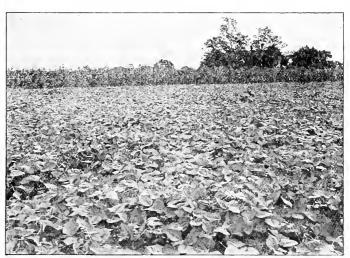

These are used for various purposes, chief among them being a very early green food; when used this way they are sown with oats about April 1st at the rate of  $1\frac{1}{2}$  bushels of Peas and  $1\frac{1}{2}$  bushels of Oats to the acre either drilled or broadcasted. They are cut just after the peas flower and fed green; sheep, hogs and cattle relish them keenly. They may be sown successively up to July if one has the available land. Peas may also be sown alone at the rate of 3 bushels per acre and furnishes excellent hay. For plowing under as green manure, they add a vast amount of nitrogen to the soil and succeeding crops sown there the same year or even later, particularly wheat, are wonderfully benefitted by producing a more luxuriant growth and larger yield. The dried peas are extensively fed to pigeons while when ground as meal is an excellent addition to the regular soft food of cows, sheep and horses. 25c. per qt. (by parcel post, 40c.); larger quantity, price upon application.

#### CORN, FIELD (See page 79)

#### CORN, WHITE KAFFIR (for Seed)

The grain is used for feeding poultry and the fodder for cattle. Grows from 4 to 6 feet high, the grain being produced on the top of stalk in the shape of a brush; frequently as many as four heads of grain will be found on a single stalk. It usually ripens after the first few frosts; produces enormous crops. Can be sown as late as July at the rate of 10 lbs. per acre in drills. (Bu. 56 lbs.). 15c. per lb. (by parcel post, 25c.); larger quantity, price upon application.

#### **CLOVER SEED** (See page 80)

A Field of Cow Peas

#### **COW PEAS**

Cow Peas are one of the best, largest yielding and most nutritious of the farm crops; they provide the most inexpensive methods of bringing soil back to a stage of fertility. On ordinary ground they will yield from 10,000 to 20,000 lbs. of green fodder to the acre. They grow in the poorest kind of soil, leaving it very rich in ammonia. In the latitude of Philadelphia sow from May 1st to July 1st, two bushels per acre broadcast, or one bushel per acre in drills. For a large crop sow the seed as late as possible.

Black. One of the popular varieties extensively grown; very prolific and matures early. It is of upright growth, consequently preferred for ploughing under or for grazing stock. 30c. per qt. (by parcel post, 45c.); larger quantity, price upon application.

Whippoorwill. Medium early; upright growing; a variety more extensively used than any other. The seed is gray speckled; a heavy producer of both pods and fodder. 25c. per qt. (by parcel post, 40c.); larger quantity, price upon application.

# MICHELL'S HIGH GRADE FARM SEEDS

#### FLAX

This is grown for the fibre from which linen thread is made and also for the seed from which that indispensable product, "Linseed Oil," is made. When ground it makes an excellent tonic when fed to horses, cattle and poultry. If grown to harvest seed, sow 1 bushel to the acre from May 15th to June 15th. If desired for the fibre, sow  $1\frac{1}{2}$  to 2 bushels per acre (56 lbs. per bushel). 20c. per lb. (by parcel post, 30c.); larger quantity, price upon application.

#### MANGEL WURZEL

Sow 5 lbs. per acre in April and May in thoroughly plowed, well-manured soil, in drills about 24 inches apart. Thin out to 12 inches apart in the row, and keep the weeds down by frequent hoeing and cultivating. Low ground is best adapted for Mangel-Wurzels. They provide excellent winter food for cattle, sheep, hogs and poultry.

Golden Tankard. The best long yellow mangel in cultivation. Relished by cows, sheep and hogs. Matures earlier than other large sorts. Per oz., 15c.; 35c. per ½ lb.; lb., \$1.10 (by parcel post, \$1.20); \$5.25 per 5 lbs. (by parcel post, \$5.45); 10 lbs., \$10.00 (by parcel post, \$10.30).

Lane's Improved White Sugar. This variety attains an enormous size, growing considerably above the ground; one of the best for stock feeding. Per oz., 15c.; 35c. per ½ lb.; lb., 95c. (by parcel post, \$1.05); \$4.50 per 5 lbs. (by parcel post, \$4.70); \$8.50 per 10 lbs. (by parcel post, \$8.80).

Mammoth Long Red. This is an enormously productive variety, yielding from 50 to 75 tons to the acre, a single root often weighing from 20 to 40 pounds. It is the best long red mangel. Per oz., 15c.; 35c. per ½ lb.; lb., \$1.10 (by parcel post, \$1.20); \$5.25 per 5 lbs. (by parcel post, \$5.45); \$10.00 per 10 lbs. (by parcel post, \$10.30).

#### MILLET

Can be sown as late as July 15th and yield a tremendous crop. Also desirable for green manuring, when it should be turned under when about 10 inches high. Makes an excellent green food for stock. If used for hay it should be cut just as it matures.

Hungarian. The seed produces hay not so fine in quality as the "Golden," also fully a foot less in height; it can, however, be sown some 2 weeks later. Sow 1 bushel (50 lbs.) per acre. 15c. per lb. (by parcel post, 25c.); larger quantity, price upon application.

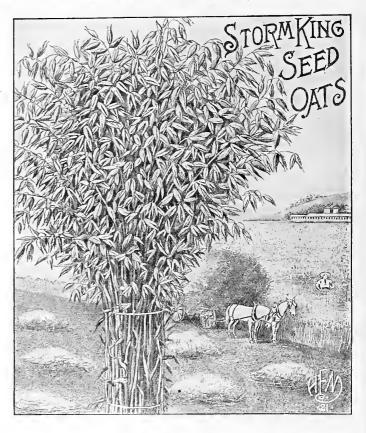

Japanese Barnyard. This wonderful variety yields possibly more fodder than any other forage plant. Frequently as high as 12 tons of green food has been obtained from an acre. If sown early in May it may be cut twice in one season. Sow 12 lbs. per acre, broadcast, any time from May 1st to June 15th. 20c. per lb. (by parcel post, 30c.); larger quantity, price upon application.

Tennessee Golden. This requires a longer season to mature than the other sorts; it produces a very fine quality of hay and makes a larger seed head. In good seasons it grows about 4 feet high. Sow 1 bu. (50 lbs.) broadcast to the acre, from April 10th to July 10th. 15c. per lb. (by parcel post, 25c.); larger quantity, price upon application.

#### RAPE

Dwarf Essex. This can be pastured 8 weeks after sowing; sow in succession, as the stock eat it close to the ground and it will not stand pasturing any great length of time. Sow 6 lbs. per acre broadcast, from April 1st to October 1st. It produces enormous crops, and is ideal green manure. Stock feeding on it should have ready access to salt. 15c. per lb. (by parcel post 25c.); larger quantity, price upon application.

Two bushel seamless sacks, used in shipping farm seeds, in one bushel lots and over, are charged for at 35c. each; returnable at price charged if in good condition and prepaid.

#### SEED OATS

We make quite a specialty of these, having them grown especially on contract for us; they are large, plump, free from weed seeds or other foreign substance, and of high vitality. Sow them at the rate of  $2\frac{1}{2}$  to 3 bushels per acre alone or  $1\frac{1}{2}$  bushels with peas, during April, for best results.

Storm King (Pedigree Stock). Our strain of this variety was brought from Russia several years ago, and is, without a doubt, the finest and plumpest oats we have ever seen. The straw is very stiff, often measuring five feet in height. Often yields 85 bushels per acre. Price, 20c. per qt. (by parcel post, 30c.); larger quantity, price upon application.

Swedish or Washington. The long, erect straw is noted for its ability to stand up in rough weather; grains are very plump and nearly pure white in color. Price, 15c. per qt. (by parcel post, 25c.); larger quantity, price upon application.

Victory (New). Originated at the Royal Seed Breeding School of Sweden. Straw is of good length and stands up well; heads are branching and well filled with grain of the finest quality for milling or feeding purposes. Price, 20c. per qt. (by parcel post, 30c.); larger quantity, price upon application.

Welcome. A well-known and extensively grown variety; extra strong straight straw; large plump grains; very productive. Price, 15c. per qt. (by parcel post, 25c.); larger quantity, price upon application.

#### **FORMALDEHYDE**

Improved Treatment for Oats Smut

Use one pint of Formaldehyde in 10 pints of water and with a spray pump direct a spray into each shovelful of grain as it is being shoveled over on a clean floor or canvas. This quantity, 11 pints, will

treat 55 bushels at the rate of 1 pint to 5 bushels. Grain may be immediately sacked. Formaldehyde will increase the yield of oats, wheat, barley and rye materially. Per pint bottle, 50c.

## MICHELL'S HIGH GRADE FARM SEED

Spring Rye

#### RYE (For Seeding)

Spring. An excellent early green food, or for pasture; the grain is used for feeding and other purposes, while the straw is a very fine quality, making a larger yield than the winter rye from which it is quite distinct, the seed being smaller. Sow from May 1st to June 1st, 1½ bushels to the acre. 56 lbs. per bu. Don't sow Winter Rye in Spring as it will not grow at that season. 25c. per qt. (by parcel post, 35c.); larger quantity, price upon application.

Pennsylvania White Winter. This may be sown in the autumn as late as November, making a very fine yield of long, stiff straw, or may be used as a cover crop. Winter rye will not mature if sown in spring. 20c. per qt. (by parcel post, 30c.); larger quantity, price upon application.

Rosen Winter Rye. An improvement on the Pennsylvania White Winter Rye, from a standpoint of yield, as to grain and straw. Sow 1½ bushels per acre. 16c. per qt. (by parcel post, 25c.); larger quantity, price upon application.

#### **SUDAN GRASS**

An annual, and must be sown each year. Resembles millet somewhat; stock seems to relish it; will yield from 2 to 4 tons per acre. Sow in drills or broadcast 16 to 24 lbs. per acre; several cuttings can be made from a sowing in one season. Thrives well in a season of drought. Price, 16c. per lb. (by parcel post, 25c.); larger quantity, price upon application.

#### SUGAR CANE or SORGHUM

Early Amber. Either green or in a cured state this makes ideal cattle food. The seed can be threshed out of the stalks and used as poultry feed. It is a tremendous producer, growing often 12 feet high; it stands the hot, dry weather and can be cut several times in one season. Sow 25 lbs. of seed to the acre in drills  $3\frac{1}{2}$  feet apart; 1 or 2 bushels broadcast. 50 lbs. per bushel. 25c. per qt. (by parcel post, 35c.); larger quantity, price on application.

#### SUNFLOWER

Mammoth Russian. This makes a splendid poultry food, especially for winter use, on account of its heating and fattening qualities; will yield sometimes as high as sixty bushels per acre. Sow 10 qts. per acre in drills 3 feet apart, dropping the seed about every 4 inches. Prices (subject to change): 15c. per lb. (by parcel post, 25c.); 40c. per 3 lbs. (by parcel post, 55c.); 5 lbs., 65c. (by parcel post, 85c.); \$1.25 per 10 lbs. (by parcel post, \$1.55); 25 lbs., \$3.00.

Timothy

#### TIMOTHY SEED

Our stocks of this important hay producing seed are especially fine; thoroughly recleaned, and free from weeds. If sown alone it requires 25 lbs. to seed an acre; if sown with wheat 12 to 15 pounds are the usual quantities. 45 lbs. per bu. 15c. per lb. (by parcel post, 25c.); 10 lbs., \$1.00 (by parcel post, \$1.30); \$4.00 per bu.

#### **VETCHES or TARES**

This has been used in Europe for many years as a stock food and green manuring or cover crop. Does best if sown with rye; the latter gives it support and thus ensures enormous crops; makes an ideal hay. It fertilizes the ground without further trouble or cost, on account of the free nitrogen it gathers from the air. The height when supported is frequently 4 feet.

Winter Vetch (Vicia Villosa). Sometimes called Sand or Hairy Vetch. Our stock of this is the true type, imported by us direct from Russia, which will absolutely live throughout the winter. Sow from August 1st to October 1st, but the earlier the better, broadcast, 1 bushel per acre, to which we suggest adding a bushel of winter rye or wheat. In the spring it can be plowed under as green manure, or when in flower cut for hay. Price, 20c. per lb. (by parcel post, 30c.); larger quantity, price upon application.

Spring Vetch (Vicia Sativa). The seed of this is larger than the "Winter" and of a brownish gray color. It is not hardy and must therefore, be sown in the spring during May or June, 1 to 2 bushels per acre if broadcast, and 1 bushel if in drills, with either spring wheat, spring rye or oats, for support. Has the same desirable features as the winter vetch. Price, 20c. per lb. (by parcel post, 30c.): larger quantity, price upon application.

#### SPRING WHEAT

A desirable crop to sow where fall sown wheat has been killed by a severe winter; the grain is very hard and of excellent milling quality. Macaroni is made from this variety.

Saskatchewan Fife. A favorite sort in this locality and is used on account of its prolific, vigorous growth and early qualities. It often produces 50 bushels per acre. Sow in April or May, 1½ to 2 bushels per acre, broadcast or in drills. Price, 25c. per qt. (by pareel post, 40c.); larger quantity, price upon application.

# MICHELL'S SUPERB SUMMER-FLOWERING BULBS

#### **AMARYLLIS**

One of the most gorgeous showy house plants, giving splendid satisfaction, not only because of their requiring little care, but also on account of their ever-lasting nature and tendency to increase.

Belladonna. A beautiful bright pink. 35c. each;

doz., \$3.50 (by parcel post, \$3.65); \$25.00 per 100.

Formosissima. Crimson. 75c. each; doz., \$7.50 (by parcel post, \$7.65); \$60.00 per 100.

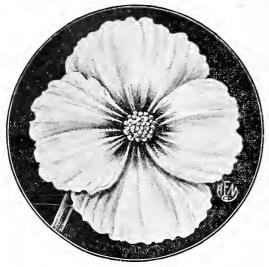

Hippeastrum Equestre. A garden species, producing large, bright red flowers. 50c. each; doz., \$5.00 (by parcel post, \$5.25); \$38.00 per 100.

Giant American Hybrids. The finest race of

Amaryllis in cultivation, exceeding in the size and fine form of their flowers as well as in the diversity of colors and markings all former hybrids; flowers striped and flaked. 75c. each; doz., \$7.50 (by parcel post, \$7.85); \$60.00 per 100.

Hallii (Lycoris Squamigera). A perfectly hardy variety bearing during July and August, beautiful lilac pink flowers. 85c. each; doz., \$8.50 (by parcel

post, \$8.75).

Single Tuberous Rooted Begonia

Amaryllis, Giant American Hybrids

Cultural Directions for Amaryllis.—When bulbs are received, place in live moss, moderately moist, near the window of a warm room. When the first sign of growth appears, pot up in 5 or 6 inch pots; water sparingly at first, increasing as growth increases.

When ordering Amaryllis bulbs, please ask for cultural leaflet.

#### BEGONIAS (Tuberous Rooted)

Enormous wax-like flowers appear uninterruptedly from June until frost. Plant bulbs outdoors latter part of May or start indoors any time prior to then.

#### **SEMESAN**

controls and prevents infection by the common diseases to which bulbs and flowers are subject; easy to use either as a dust or liquid. See page 78.

If wanted by Parcel Post, add 10c. per doz.; 25c. per 100, for postage. Single bulbs mailed free.

# MICHELL'S LARGE FLOWERING CANNAS

Cannas can be used both for bedding and border planting, producing very effective results. They bloom from early Summer until frost.

The heights given for Cannas are as they average in the Nurseries: this height may vary, depending on soil, weather and climatic conditions.

If Canna Roots are wanted by parcel post, please add 20c. per dozen for postage. Single roots mailed free.

Alphonse Bouvier. Rich velvety red; green foliage; 5 feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Ambassador. Brilliant cherry red flowers; plants of vigorous growth; blooms early; bronze foliage; 3½ feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Apricot. Color, buff yellow base, overspread with salmon pink; a very effective variety; green foliage; 4 feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Cheerfulness. Bright, fiery deep orange, bordered golden yellow; green foliage; 3½ feet. Roots, 15c. each; doz., \$1.50; per 100, \$10.00.

City of Portland. A glowing pink; flowers borne in great profusion; height, 3½ feet; foliage green. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Enchantress. Delicate old rose passing to light salmon; tree flowering; green foliage;  $4\frac{1}{2}$  feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Eureka. The best white variety; free bloomer; green foliage; 4 feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

General Merkel. Bright scarlet, splashed golden yellow; green foliage; 4 feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Golden Eagle. Clear golden yellow, showy trusses well above the foliage; an early and free bloomer; green foliage; 4 feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Hungaria. Plant dwarf and compact; flowers rich peach blossom pink; free, early and continuous bloomer. Foliage green and very massive; height, 3½ feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

King Humbert. Truly a king among cannas, because of its majestic growth, which is doubly enhanced by its massive truss of coppery scarlet flowers; foliage is deep bronze; 4½ feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Meteor. Of compact growth; broad green foliage, large heads of bright red flowers; 4½ feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Miss Mary Wallace. Flowers of large size; color, soft, crimson pink; green foliage; 3½ feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Mme. Crozy. Scarlet, bordered golden yellow; green foliage; 3 feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Mrs. Alfred F. Conard. Gigantic flowers borne in immense clusters; color, delightful salmon pink, a shade which becomes more brilliant as the flower develops; foliage light green; 4 feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Mrs. Pierre S. duPont. A very showy variety and the queen of all pink cannas; blooms from June until frost. Color, a vivid watermelon pink; each individual flower is very large; one plant will make several heads of bloom. Plants only, \$1.00 each; doz., \$10.00.

Richard Wallace. Large, showy, pure canary yellow flowers carried on good stems; green foliage; 4½ feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Shenandoah. A beautiful salmon pink color; bronze foliage; 4 feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Canna, The President

The President. This splendid variety produces immense flowers of a rich, glowing scarlet; superior in quantity and quality of bloom to any other red variety; green foliage; 4 feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Venus. A gay rosy-pink with a well defined border of creamy yellow; green foliage; 4 feet. Roots, 15c. each; doz., 81.50; \$10.00 per 100.

William Bates. Free flowering, pure yellow; green foliage; 4½ feet. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Wintzer's Colossal. Vivid scarlet flowers of immense size; profuse bloomer; green foliage; 5 feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Wyoming. Immense spikes of large, massive orange colored flowers; bronze foliage; 6 feet. Roots, 15c. each; doz., \$1.50; \$10.00 per 100.

Yellow King Humbert (Queen Helen). A sport of the well-known bronze-leaved variety, but with green foliage; about 4½ feet high, with masses of golden yellow flowers, dotted red; occasionally some will be streaked red. Roots, 20c. each; doz., \$2.00; \$12.50 per 100.

Mixed Cannas. All colors. Roots, 3 for 30c.; doz., \$1.00; \$7.50 per 100.

#### PRICES OF CANNA PLANTS

Please note that the prices quoted above are for dry roots. If plants are wanted they are ready about May 10th, and will be supplied at the following prices, 3 for \$1.00 (by parcel post, \$1.20); doz., \$3.50; \$25.00 per 100. Please specify if roots or plants are wanted, when ordering.

Our list of Dahlias has been most carefully revised and is made up of the newer and also the better standard varieties.

Note—Unless specially requested we do not send Dahlias out until about March 15th to April 1st.

The natural season for the Dahlia to be at its best is during September and October; in fact, effort to get superior blooms before that time should not be attempted. To get large flowers, the plants should be disbudded up to August 1st.

Spade or plow the ground to a depth of from 12 to 18 inches. As a fertilizer, use either well-rotted stable manure, or, better still sheep manure or bone meal, which should be well mixed with the soil; if the soil is very heavy, a good quantity of Granulated Peat Moss incorporated with the soil will give the desired results. When the soil is properly prepared, dig a hole 6 inches deep in which to plant the Dahlias. The bulbs should be laid down flat and covered to a depth of about 6 inches. Every Dahlia should have from 2½ to 3 feet space in the row and at least 4 feet between the rows.

As soon as the plants are a foot above the ground they should be tied to a stake. Keep ground well cultivated and free from weeds. Never leave more than one shoot to a plant if you want to grow exhibition flowers.

About Dahlia Plants. It happens sometimes that there is an unusually large demand for certain varieties and our stock of roots becomes exhausted. In such instances we will send out strong plants after May 1st.

#### HOW TO KEEP DAHLIA ROOTS AFTER THEY ARE SHIPPED TO YOU IF TOO EARLY TO PLANT

In order to keep the tubers in prime and plump condition until planting time it is best to leave them in the packing you receive them in; it is well however to open the package so as to admit a little air in order to prevent the tubers being affected with mildew; exposure to too much air causes them to shrivel, sometimes rendering them worthless. Do not moisten them and also keep them in a cool place but not where they will freeze.

Our booklet on the culture of Cannas, Dahlias and Gladiolus is a comprehensive treatise on these important flowers. Free on

#### FIRST NATIONAL ATLANTIC CITY FLOWER AND GARDEN PAGEANT

Michell's customers are cordially invited to compete for the many fine prizes that will be offered at this event, September 9th to 14th, 1930. Classes will be provided for Gladiolus, Dahlias, Garden Flowers and other horticultural products. The show will be held in the New Auditorium, the World's largest show hall. Premium lists and additional information may be had by addressing J. W. Johnston, Director, The Bourse, Philadelphia, Pa.

PLAN AND PLANT FOR THIS GREAT FLORAL EVENT

## MICHELL'S PRIZE WINNING DAHLIAS

OUR OWN INTRODUCTIONS AND OTHER MERITORIOUS VARIETIES

#### MICHELL'S COLOR PLATE DAHLIAS

- Dr. H. Wesley Jack (Decorative). An extra fine new variety, producing on long, stiff stems, very attractive, large flowers; color, creamy white, tinted pink on outer edge of petals. Tubers, \$10.00 each.
- Hollopockeny (Decorative). Creamy white in center; petals striped, blended and heavily marked carmine, tips of petals lighter; a profuse bloomer and fine keeper. Tubers, \$5.00
- Hyperion. A beautiful shade of yellow, with a slight suffusion of vermilion red over the outer petals; the immense blooms are very finely formed. Tubers, \$5.00 each.

One tuber each of the above 3 varieties for \$16.00.

- Aztec Glory (Hybrid Decorative). Flowers large, of fine form and carried on good stems; color, a bright, attractive lemon yellow; a fine exhibition variety. Tubers, \$5.00 each.
- Commander Hugo Eckener (Peony). Rich velvety red, reverse of petals veined silvery white; petals slightly reflexed; an exceedingly attractive variety. Tubers, \$10.00 each.
- Eliza London Shepard (Decorative). Clear, glistening golden orange, reflex darker; this is a one tone flower and one of the most beautiful of golden dahlias; flowers are of beautiful form and full to the center to the end of the season; stems long. Tubers, \$10.00 each.
- Golden Dawn (Decorative). Massive flowers of fine form, on long stems; color, creamy yellow. Tubers, \$5.00 each.
- Helen J. Burroughs (*Hybrid Cactus*). Immense size flowers on long, strong stems; color a beautiful silvery rose. Plants only, \$5.00 each.
- King Midas (Decorative). An extra fine golden yellow variety; mammoth flowers of good depth, on good stems; plants are strong vigorous growers. Tubers, \$10.00 each.
- Lady Drummond Hay (Decorative). This beautiful new variety was chosen by the Hon. Lady Drummond Hay. A beautiful orange flame color; an exhibition type of large size and great beauty; vigorous grower; profuse bloomer; a splendid keeper. Tubers, \$10.00 each.

#### OUR NEW INTRODUCTION MRS. G. BERRY BEAUMONT

A new and very attractive Hybrid Cactus variety; flowers of large size, fine form and produced on long stems. Color, outside petals brilliant rose, tinged with orchid, tinting to ivory in the center. Tubers, \$15.00 each.

- Mrs. C. F. Schermerhorn (Hybrid Cactus). Light salmon orange suffused light pink, reverse of petals pencilled lavender; flowers large; plants of vigorous growth. Tubers, \$10.00 each.
- Mrs. Joseph Hurley (Decorative). A magnificent exhibition flower of perfect form and full center; best described as scarlet red, petals edged light purple, base of petals faintly suffused old gold. Plants only, \$2.50 each.
- Mrs. Walter M. Jeffords (Decorative). A 1930 introduction of exceptional merit. Color clear primrose base with vermilion showing at the ends of the petals and sometimes blushing toward the center with the same color; one of the most beautiful and unusual varieties listed today. Plants only, \$2.50 each.

  Please Note.—Owing to the great demand for the above two

varieties, our stock of tubers is exhausted and therefore we can

only supply plants.

- The World (Decorative). A greatly admired variety; the coloring is unusual—rich, deep rosy magenta overlaid garnet with silver shadings on edges of petals. Perfect full flowers, 8 to 10 inches across and half as deep. Tubers, \$7.50 each.
- Treasure Island (Decorative). One of the brightest autumn shade varieties; color, bright apricot with gold and rose suffusion and shadings; flowers measure 10 inches across. Tubers, \$7.50 each
- Thomas A. Edison (Decorative). This gorgeous royal purple exhibition decorative, selected and named by permission of the Famous Electrical Wizard met with his complete approval when viewed at his West Orange Estate. Furthermore, it has met with universal approval in the Dahlia Shows of 1929. The Staghorn petal formation, the dark green, insect resistant foliage, the cane stiff stems and its thrifty growing habits, leaves nothing to be desired. Plants only, \$10.00 each.

## SELECT DECORATIVE VARIETIES

Aibonita. Flowers large, on long, graceful stems, deep and well formed; color, a bright glowing pink shading to a rich golden yellow at the center. Tubers, 75c. each; doz., \$7.50.

Amanda Greinberg. Amaranth pink, shaded and veined light purple; an extra fine variety. Tubers, \$10.00 each.

Amun Ra or The Sun God. Of immense size and new formation. The colors are copper and orange shading to gold and amber, deepening in center to a rich, dark, reddish bronze. Flowers keep for days when cut and last a long time on the plant. Tubers, \$1.00 each.

Anna Marie. An attractive color of old gold suffused with reddish-salmon, distinctly tipped with white; flowers of good form on fine stems. Tubers, \$2.50 each.

Avalon. Immense flowers of a beautiful chrome yellow; long stems; an ideal variety. Tubers, \$1.00 each.

Barbara Wear. Color, pinkish lavender and cream; free bloomer; good stems. Tubers, \$5.00 each.

good stems. Tubers, \$5.00 each.

Beau Ideal. Color, pinkish lavender; blooms large and well

formed with good center. Tubers, \$3.50 each. Bruno. Large flowers on long, strong stems; strong grower; free

bloomer. Color, a beautiful rose shaded cardinal; flowers often measure 9 inches in diameter. Tubers, \$1.50 each. California Superba. An immense flower, with petals long and

narrow; delicate shade of pink without any blue tone, gradually shading to a white center. Tubers, \$1.50 each.

Calvin Coolidge, Jr. Flowers immense and beautifully shaped. Color, rose pink, suffused with salmon, shading deeper towards the center, while the petals are distinctly edged with gold. Tubers, \$2.00 each.

Casper G. Ware. Flowers are large, regularly formed and produced profusely on long stems; color, silvery violet rose; an exceptional exhibition variety. Tubers, \$1.50 each.

Chas. Stratton. A blue ribbon winner in the class for large blooms and artistic coloring; flowers deep and massive, keeping well when cut; color, pale gold shaded and blended with old rose; blooms early. Tubers, 75c. each; doz., \$7.50.

City of Trenton. This variety has all the qualifications of a first class exhibition dahlia, producing autumn-colored flowers up to 12 inches across, with full centers, petals curl gracefully. Tubers, \$5.00 each.

Color Sergeant. A fine exhibition variety. Color, a rich, deep salmon-bronze of one shade, not only a distinctive color, but one of the finest colored dahlias. Excellent habit of growth, with perfect stems. Tubers, \$5.00 each.

Coquette. Face of petals velvety red, blending with gold and shading to a golden sunset color at points, back of petals gold. An exhibition variety of great beauty. Tubers, \$6.00 each.

Dainty Maid. A beautiful and graceful variety; color, light sulphur yellow; an ideal cut flower variety. Tubers, \$1.00 each.

Derrill W. Hart. Capucine yellow shading to grenadine red, in cool weather almost copper color; well-formed flowers. Tubers, \$5.00 each.

Dorothy Stone. A huge exhibition rose-pink variety; free bloomer; straight stems. Tubers, \$10.00 each.

Eastern Star. Flowers of good substance and are produced onstrong, erect stems; color, beautiful soft saffron yellow with old gold shadings; free flowering; good keeping qualities. \$1.50 each.

Eldorado. Plants are of dwarf habit, producing immense golden yellow blooms. One important feature of this variety is the depth of the flower. Tubers, \$1.00 each.

Elite Glory. A most sensational variety; extremely large flowers of a brilliant rich red color; flowers remain in good condition a long while after being cut. Strong grower; unusually heavy Tubers, \$2.50 each.

Elizabeth Dinsmore. An excellent variety for the garden or for house decoration; color, brilliant orange with salmon shadings, a bright color combination. Tubers, \$3.50 each.

Eliza Clarke Bull. An extra large white variety of perfect form;

free bloomer. Tubers, \$2.00 each.

Eva Williams. An exhibition variety of amethyst color with slight silver shadings; stiff stems; free bloomer. Tubers, \$1.50

Faith Garibaldi. A deep rose color, shading lighter on the outer petals; flowers perfect in form and of immense size; an early and continuous bloomer. Tubers, \$1.00 each.

Decorative Dahtia, Elizabeth Dinsmore

518. Color, soft yellow with a deep and tight center, which is tipped flame pink, reverse of petals tipped flame pink. A wonderful acquisition to any collection. Tubers, \$2.00 each.

Florence Michell. See color plate opposite. Another seedling from the gardens of Mr. John M. Root, who is well known as a hybridizer of several of the leading varieties. Color, creamy white with suggestion of shell pink. Petals long and nicely formed. Tubers, \$2.00 each.

Frances Peter. This variety is of robust growth; very large flowers, on long, stiff stems; the color is best described as that of the favorite La France rose; excellent for exhibition and all purposes. Tubers, \$5.00 each.

F. T. D. An exact counterpart of Trentonian, except in color, which is a rich, Tyrian rose. A prize winner. Tubers, \$2.00 each.

Galli Curci. Selected at the 1927 New Jersey State Show at Atlantic City by Madame Galli Curci to bear her name. A strong semi-dwarf grower; blooms large, unusually deep and carried on long stems; petals long, pointed and wavy; color, brilliant salmon orange with gold suffusion. Tubers, \$5.00 each.

Giant Ruby. Beautiful vivid red; enormous flowers with full center, good stem. Excellent for exhibition, also garden decoration. Tubers, 75c. each; doz., \$7.50.

Gold Imperial. Deep flowers with perfect centers; a rich gold

color; wavy like petals with just a tint of lavender on reverse side; vigorous grower. Tubers, \$10.00 each.

Gov. Morgan F. Larson. A variety of supreme merit; clear golden yellow with slight apricot blush on reverse of petals. A prize winner at the shows. Tubers, \$10.00 each.

Grace Ricords. A decided novelty; flowers large, with full high centers, tipped and suffused lavender on a white ground. Tubers, \$10.00 each.

Greinberg's Oriental. This variety is a great acquisition to our list of Dahlias; plants are of strong, vigorous growth; long, stout stems, enormous flowers; color, beautiful crimson lake, suffused vermillion. Tubers, \$2.00 each.

Grover A. Whalen. A pure orange colored variety; profuse

bloomer; perfect stem; excellent cut flower. Tubers, \$7.50 each.

Single tubers of Dahlias mailed postpaid. If a larger number are wanted by parcel post, please add 15c. per  $\frac{1}{2}$  doz., or 25c. per doz. for postage.

## SELECT DECORATIVE VARIETIES

- Haddon Hall. Amber yellow with carmine suffusion toward outer edge of petals, best describes this flower; a vigorous grower and persistent bloomer. Tubers, \$1.50 each.
- Helen Ivins. A beautiful orchid lavender variety; flower has good depth and is of exhibition size; free bloomer; stiff stems; beautiful under artificial light. Tubers, \$7.50 each.
- Henry F. Michell. Immense, heavy flowers of a brilliant scarlet, 8 to 9 inches in diameter; tall grower; stems heavy and strong. Tubers, \$1.00 each.
- Herbert Yowell, Jr. Vigorous grower, producing immense blooms, which are old-rose suffused salmon, petals lightly edged canary yellow. Tubers, \$5.00 each.
- Ida Perkins. One of the finest large white varieties; fine form and full centers; blooms early. Tubers, \$5.00 each.
- Insulinde. Immense flowers of a rich, golden orange color and of splendid form; fine for exhibition or cutting; an extra fine variety. Tubers, 60c. each; doz., \$6.00.
- Jack O'Lantern. Petals wide and twisted, of a brilliant orange red, shading to a dark Spanish red near the center. Tubers, \$2.50 each.
- James Yowell. Dark velvety red, almost black; an outstanding flower, commanding attention wherever exhibited. Tubers, \$5.00 each.
- Jane Cowl. Deep massive blooms of bronzy buff and old gold, blending darker toward the center; petals broad and of fine twisted form; stems unusually strong. Tubers, \$7.50 each.
- Jean Kerr. This fine white dahlia of medium size is always in bloom; fine for bedding and a good keeper for cutting. Tubers, 40c. each; doz., \$4.00.
- Jersey Beacon. Color bright scarlet, with a buff reflex, giving a two toned effect; a free early bloomer of extra large size. Tubers, \$1.00 each.
- Jersey Beauty. A famous prize winning variety; blooms are carried high above the foliage on long, strong stems; flowers are of immense size and a vivid, glowing pink color; a wonderful keeper when cut. Tubers, 60c. each; doz., \$6.00.
- Jersey's Glory. Color a blend of orange and yellow; blooms large and well formed on long stems. Tubers, \$7.50 each.
- Josephine Michell. The predominating color of this beautiful flower is lavender, with the center showing creamy white and a suggestion of creamy white throughout the petals, making a very attractive combination. Tubers, \$1.50 each.
- Judge Marean. A wonderful big flower on fine, upright stems; color, salmon pink, yellow, orange and red in a beautiful combination. Tubers, 60c. each; doz., \$6.00.
- Katherine Harlan Noble. Carmine changing to spectrum red; a very attractive variety. Tubers, \$2.50 each.
- Kathleen Norris. This outstanding exhibition variety is a true rose pink, deepening later to mallow pink; petals are broad and overlap each other. Tubers, \$10.00 each.
- Kathryn Charman. Entirely distinct; flowers are held upright, are 10 inches across and 6 inches deep; color a wonderful combination of golden bronze autumn shades. Plants only, \$5.00.
- Kemp's Violet Wonder. Color rich deep violet; blooms large with good stems and centers. Tubers, \$7.50 each.
- Kitty Dunlap. This wonderful variety is one of the most popular and should be in every collection; color a delightful shade of carmine rose with a brilliant suffusion; stems long and stiff. Tubers, 60c. each; doz., \$6.00.
- Leo Niessen. Brilliant red; keeping qualities unsurpassed; long stems; excellent cut flower. 75c. each; doz., \$7.50.
- **Lyndora.** Medium yellow with suffusion of amaranth pink on the reverse of petals; flowers large and of fine form; long, wavy petals which show just enough of the pink in reverse to brighten and illuminate the whole flower. Tubers, \$3.50 each.

- Margaret Masson. This variety has been awarded many prizes; a wonderful exhibition variety, of a beautiful silvery pink, of great depth and size; stiff stems; an excellent keeping variety. Tubers, \$1.00 each.
- Margaret Woodrow Wilson. A large variety having broad petals well placed, terminating in points making a very thick flower; color, opalescent pink (meaning the reverse of petals are so colored as to reflect a pink tone to the whole flower). Strong, upright stems. Tubers, \$1.50.
- Marlton. A very striking flower of garnet and white; petals full and nicely arranged, with the center ones nearly white, outer ones garnet, intermediate ones tipped white. Tubers, \$1.00 each.
- May Trower. Color gold, shaded apricot; blooms large, deep and of unusual form; long stems. Tubers, \$5.00 each.
- Michell's Autumn. A fine full centered variety of pleasing formation and beautiful autumn tints; large bloom and fine keeper. Tubers, \$2.50 each.
- Michell's Lavender. An attractive variety, of a beautiful shade of lavender; fine for cutting. Tubers, \$2.50 each.
- Michell's White. Pure white of beautiful form held on fine, straight stems; excellent for cutting. Tubers, \$2.50 each.
- Michell's Yellow. A beautiful shade of yellow, finely formed, tight-quilled, held on perfect stems. Tubers, \$2.50 each.
- Mr. Alex. Waldie. An attractive variety; flowers large on fine stems; color, a creamy ground overlaid with delicate salmon pink. Tubers, 60c. each; doz., \$6.00.
- Mrs. Alfred B. Seal. Old rose and lavender; strong grower; large, perfect formed flowers with good center. Tubers, \$15.00 each.
- Mrs. Clarence H. Geist (*Decorative*). A new introduction of the decorative type; color, creamy white blending to lavender pink, with a suggestion of yellow at base of petals. Very large, rather flat blooms, held on straight, stiff stems. Tubers, \$3.50 each.
- Mrs. Coleman Du Pont (Decorative). A new and very attractive variety; color, yellow with vermilion suffusion; flowers large and produced on long, strong stems. Tubers, \$2.00.
- Mrs. Eleanor Martin. A prize winning variety of giant size; color, a beautiful mulberry, suffused gold; flowers of elegant form. Tubers, \$1.50 each.
- Mrs. Elizabeth Glendenning. Color decided oriental, a pleasing blend of orange, tyrian rose and amaranth pink; of large size and good form. Tubers, \$2.00 each.
- Mrs. Frederick J. Michell, Jr. Magnificent blooms with the most pleasing blend of color, a deep true pink; petals also blended and streaked with a lighter pink in a way difficult to describe. An exhibition variety of fine form. Tubers, \$3.50 each.
- Mrs. Geo. W. Elkins, Jr. Flowers very large, 8 to 9 inches in diameter, and of perfect form; color beautiful old gold, suffused salmon pink, with faint reflex of salmon pink. Tubers, 75c. each; doz., \$7.50.
- Mrs. I. De Ver Warner. Immense flowers on long stems, are of perfect form and of a lovely mauve pink color; early and free bloomer. Tubers, 40c. each; doz., \$4.00.
- Mrs. John Scheepers. Upon opening the flowers are clear, canary yellow which gradually changes to a delicate pink suffusion on outer petals. Tubers, 60c. each; doz., \$6.00.

Single tubers of Dahlias mailed postpaid. If a larger number are wanted by parcel post, please add 15c. per  $\frac{1}{2}$  doz., or 25c. per doz. for postage.

## SELECT DECORATIVE VARIETIES

- Mrs. Reinbold Greinberg. Beautiful orchid pink with bluish shadings; very large flowers on long, stiff stems; free bloomer and excellent keeper when cut. Tubers, \$3.50 each.
- Natalie Kingston. Very large flower of good form; color a bright attractive gold with a reddish salmon reverse. Plants only, \$15.00.
- North's Yellow. A fine new variety which cannot help being a real favorite; large, full centered blooms on long stems; color, clear sulphur yellow without any shadings. Tubers, \$5.00 each.
- Old Hickory. A rugged, semi-dwarf plant, bearing large blooms with centers always full; color madder red with apricot suffusion. Tubers, \$5.00 each.
- Oyster Bay Beauty. Dark velvety red; fine, large, artistically formed, full centered flowers on long erect stem. Tubers, \$1.25 each.
- Patrick O'Mara. Plant of excellent habit, free flowering; color, rich, chrome yellow with salmon red suffusion. Tubers, 40c. each; doz., \$4.00.
- Penn Charter. Strong grower; deep flowers of great beauty; color rich, gold blended with apricot; a brilliant color in both garden and house. Tubers, \$10.00 each.
- Regal. A very large well-formed flower, of a pleasing combination of bronze and dull old rose; a very fine introduction. Tubers, \$7.50 each.
- Robert Leeds. Massive flowers of a rich, royal purple color and of fine formation, holding the full center throughout the season. Blooms large and heavy but are held well on stout, strong stems. Tubers, \$3.50 each.
- Rodman Wanamaker (Decorative-Peony). A wonderful color effect in autumn shades and tints; buds are light lemon yellow and as each petal expands the color changes to golden salmon with bronze suffusion. Tubers, \$1.50 each.
- Roman Eagle. A large exhibition variety of a flaming, brilliant burnished copper color; profuse bloomer. Tubers, \$1.50 each.
- Rosa Nell. A grand variety; color clear, bright rose; flowers large, perfectly full and double; continuous bloomer. Tubers, 60c. each; doz., \$6.00.
- Rubaiyat. The color of this excellent exhibition variety is deep scarlet of velvety texture; flowers are large and held on long, stiff stems. Tubers, \$7.50 each.
- Sagamore. Rich amber gold, shaded toward the center with salmon rose or orange buff. Tubers, 75c. each; doz., \$7.50.
- Salbach's White. One of the best all around white varieties; flowers are uniform, of good substance and keeping qualities, blooms large and ivory white in color. Tubers, \$2.00 each.
- Sanhican's Bluebird. A pleasing variety with outer petals of bright violet blue while the center petals retain the violet tint. Tubers, \$2.00 each.
- Sanhican's Princess. A fine dahlia, specially suited for cutting and indoor decorating; color, true shrimp pink; an early and profuse bloomer. Tubers, \$1.00 each.
- Seal's California. A very attractive variety; color, yellow and rose pink. Tubers, \$5.00 each.
- Spotswood Beauty. A beautiful soft combination, Chatenay pink with yellow shadings at the base of petals; flowers of good form on long stems. Tubers, \$5.00 each.
- Susan G. Tevis. This variety has a distinctly new color tone, best described as a shade of lilac with a bluish sheen; narrow, flat, pointed petals. Blooms early and continues perfect to the end of the season. Tubers, 75c. each; doz., \$7.50.

- The U. S. A. A distinct variety; color, pure deep orange; large size and of good form, petals twisted and curled, free bloomer. Tubers, 60c. each; doz., \$6.00.
- T. A. Leonard. A large, early flowering variety of a glistening and luminous cerise or crimson-carmine; very free bloomer. Tubers, 75c. each; doz., \$7.50.
- Trentonian. A giant variety that appeals to anyone. The color is a wonderful blending of old gold, amber and coppery bronze, with a center zone of bronze. Highly recommended for garden or exhibition. Tubers, 75c. each; doz., \$7.50.
- Uncle Tom. One of the best deep garnets, almost black, yet rich and artistic; excellent keeper. Tubers, \$1.50 each.
- Valley Forge. Flowers of enormous size on stiff stems; color, light purple tinted with white. Fine for exhibition and all purposes. Tubers, 50c. each; doz., \$5.00.
- Vario. A tiny stripe of pink runs down the center of the deep amber colored petals, terminating in a pale pink tip; petals are long and gracefully recurved. Tubers, \$2.00 each.
- Waldheim Sunshine. A most remarkable variety; deep yellow, reflex darker; long wavy and twisted petals; stems long, flowers face upright; free bloomer. Tubers, \$7.50 each.
- Watchung Sunrise. Color a golden amber, with the reverse of petals showing rose pink and each petal distinctly edged rose pink; petals somewhat curled and twisted, of very large size and on strong stems. Tubers, \$5.00 each.
- Wizard of Oz. Of large size and fine form; very profuse bloomer; color, a rare shade of glowing amber pink or soft salmon shades. Tubers, \$1.00 each.
- Yellow Beauty. A seedling of Jersey Beauty; pure empire yellow; splendid stems; an excellent cut flower variety. Tubers, \$7.50 each.

#### SELECT COLLARETTE VARIETIES

- Banker. Rich scarlet, collar petals scarlet tipped yellow. Tubers, 30c. each; doz., \$3.00.
- Elgrave. A novel and effective variety; rich maroon, collar petals maroon, heavily tipped white. Tubers, 25c. each; doz., \$2.50.
- Traymore. Bright red with yellow collar. Tubers, 25c. each; doz., \$2.50.

#### **SELECT SINGLE VARIETIES**

- Alva. Large flowers on long stems; color, red. Tubers, 30c. each; doz., \$3.00.
- Apple Blossom. Soft pink, heavily tipped carmine pink, edged crimson. Tubers, 30c. each; doz., \$3.00.
- Rantendlein. A white variety, having each petal narrowly margined deep crimson on each side. Tubers, 25c. each; doz., \$2.50.

Single tubers of Dahlias mailed postpaid. If a larger number are wanted by parcel post, please add 15c. per ½ doz., or 25c. per doz., for postage.

## SELECT HYBRID CACTUS VARIETIES

- Andalusia. Rich, deep crimson, shading of which becomes intensified towards center, reverse of petals suffused yellow. Excellent for cut or show. Tubers, \$7.50 each.
- Atlantic Ocean. Full flowers with long, pointed and folded petals, slightly curving; color, canary yellow; free bloomer; good stem. Tubers, \$1.00 each.
- C. B. Githens. A fine, large clear yellow variety; well-formed flowers of good substance and keeping qualities. Tubers, 75c. each; doz., \$7.50.
- Cigarette. A distinct and attractive color, creamy white heavily edged with orange red; petals long, narrow and inclined to roll, forming a large, deep, well-shaped flower on long stems. Tubers, 75c. each; doz., \$7.50.
- Clifford Yowell. Very large deep flowers, averaging 12 inches across; an ideal exhibition variety; mallow purple in color, reverse of petals suffused aster purple. Tubers, \$5.00 each.
- Col. Chas. A. Lindbergh. One of the earliest to bloom and continues until very late in the season; a beautiful rose "du Barry" shade, overlaid and suffused with old ivory, shading to pale gold in the center; reverse of petals carmine pink; an exhibition variety. Tubers, \$5.00 each.
- Daddy Butler. An exceptionally fine exhibition variety; petals rolled; color is of the American Beauty rose shades, or rosy carmine, with reverse of petals a lighter tint; profuse bloomer. Tubers, 75c. each; doz., \$7.50.
- D. H. Kelly. An indescribable riot of oriental and pastel shades, which must be seen to be appreciated, combining many colors. An outstanding novelty for exhibition purposes. Tubers, \$5.00 each.
- Eagle Rock Jewel. Cream overlaid shell pink; large flowers on long stems; vigorous grower. Tubers, \$5.00 each.
- Edna Ferber. Size of flowers very large; color, coral shading to old gold at base of petals, which are long and wavy. Tubers, \$3.00 each.
- Emma Marie. Clear violet rose with creamy white center; large flowers on straight stems; fine for exhibition and a wonderful cut flower. Tubers, 75c. each; doz., \$7.50.
- Esther R. Holmes. A wonderful orchid pink variety and a prize winner; a most graceful flower on good stems; excellent for cutting. Tubers, 75c. each; doz., \$7.50.
- Fort Monmouth. Rich crimson maroon, shading to bluish violet at tips of petals; giant flowers, well formed; free bloomer; splendid keeper. Tubers, \$7.50 each.
- Gertrude Ederle. Color, creamy yellow; blooms medium to large on good stems; petals long and straight. Tubers, \$5.00 each.
- Islam Patrol. Deep scarlet, tipped gold; a very striking flower, on long stiff stems. Tubers, \$1.00 each.
- La Mexicana. This is best described as burnt orange toning to copper; center lighter and tips of petals tinged with gold; an early and free bloomer and of extra large size. Tubers, \$2.50 each.
- La Roda. An extra fine exhibition variety; flowers of large size; color, silvery pink, held erect on strong stems. Tubers, \$7.50 each.
- Mariposa. Beautiful shade of true pink; center intensified and suffused with a faint violet; narrow, incurved petals; a sturdy grower and a great favorite. Tubers, 60c. each; doz., \$6.00.
- Minnie Eastman. A beautiful variety of a bright flame color with undershadings of deep yellow; stems long and erect; a prize winner. Tubers, \$7.50 each.
- Miss Desner Rice. A gorgeous combination of autumn shades; color shading from yellow to gold with a suffusion of scarlet, reverse of petals flushed rose. Tubers, \$5.00 each.
- Miss Margaret Yowell. Large open flower, 10 inches across; exquisite deep rose pink with a fine, tight center; erect, strong stems. Tubers, \$3.50 each.
- Mrs. Alexander Sellers. Color a rich golden mahogany; an early and free bloomer; stems rigid and straight, flowers large and of fine formation. Tubers, \$7.50 each.
- Mrs. Harold Downs. An exceptional new yellow, producing gigantic blooms, averaging 14 inches across; color, clear yellow. Tubers, \$5.00 each.
- Mrs. John M. Root. An enormous flower of pure canary yellow; petals long, broad and slightly twisted. Tubers, \$1.50 each.

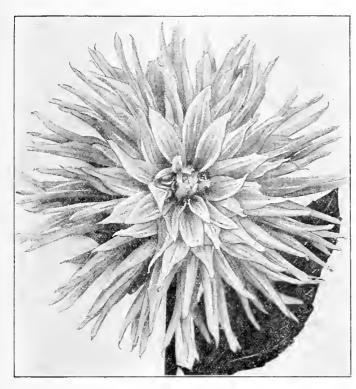

Hybrid Cactus Dahlia, Resalada

- Mt. Shasta. A light shell pink with a faint tinge of yellow showing towards the center; an extra fine, full deep flower of large size. A fine all purpose dahlia. Tubers, 40c. each; doz., \$4.00.
- My Maryland. An unusually delicate pink with the faintest suggestion of lavender; twisted petals; flowers large on excellent stems. Tubers, \$7.50 each.
- Naagles Roem. A recent introduction from Europe; excellent stems; color, buff yellow, tipped rose; excellent keeper. Tubers, \$1.00 each.
- Resalada. An odd and difficult color to describe; amber, brown or coffee will give some idea of the color. Large blooms very graceful in formation, held on straight stiff stems. Tubers, \$1.50 each.
- Robert E. Lee. Rich, clear cardinal red, without spot or blemish and does not fade; splendid formation and flowers face upright; a wonderful exhibition variety. Plants only, \$10.00 each.
- Silverado. Flowers very large; white with violet tinted center; much admired at shows. Tubers, \$3.00 each.
- Siskiyou. Pink tinged mauve; one of the largest varieties; has created a sensation wherever exhibited. Tubers, \$1.50 each.
- Snowboy. Pure, clear solid white; petals closely rolled and well placed; center well formed; flowers large; a good grower and free bloomer; excellent for cutting. Tubers, \$2.00 each.
- Temerosa. Lavender suffused with cream; flowers large and of fine form. Tubers, \$1.50 each.
- Theodore Roosevelt. An attractive variety which has proven itself worthy of a place among the best. The flowers, which are large, are a beautiful shade of lemon yellow, deepening towards the center, which is often hidden by a wealth of incurved petals; free bloomer. Tubers, 75c. each; doz., \$7.50.
- W. H. Yowell. Flowers very large, averaging 10 inches and over, and held erect; color, spectrum red shading to carmine, the petals of which are flushed salmon orange and tinged with gold, reverse of petals Hermosa pink. Tubers, \$7.50 each.

Single tubers of Dahlias mailed postpaid. If a larger number are wanted by parcel post, please add 15c. per ½ doz., or 25c. per doz. for postage.

## SELECT CACTUS VARIETIES

Cactus Dahlia, Ambassador

- Adda Patterson. Flowers large, of splendid, even form and pure white in color; an exhibition variety; good keeper. Tubers, \$2.50 each.
- Amber Glow. Color, bright yellow deepening to orange at center; flowers large; free bloomer; an exhibition and cut flower variety. Tubers, \$1.00 each.
- Ambassador. Soft yellow buff shaded salmon pink, center canary yellow; large flowers held erect above foliage on strong stems. A strong grower and free bloomer. Tubers, 75c. each; doz., 87.50.
- Andreas Hoffer. Ideal form with narrow petals of a delicate pink, with salmon suffusion, passing to a creamy white center. Tubers, \$1.00 each.
- Attraction. A gigantic variety and one of the best cut flower sorts; a deep full flower of a clear lilac rose; long, stiff stems. Tubers, 40c. each; doz., \$4.00.
- Betty Austin. Rosy carmine, shading yellow at base and tips of petals; flowers held well above the foliage on erect slender stems. Tubers, 40c. each; doz., \$4.00.
- Dakota. A good exhibition variety; color a deep tone of rich coral red with coppery suffusion. Tubers, 35c. each; doz., \$3.50.
- Dorothy Dix. A fine large flower produced on long stems; color, silvery pink; a very attractive variety. Tubers, \$7.50 each.
- Edith Carter. A soft bright yellow, suffused and heavily tipped bright rosy carmine; of fine form on long stiff stems Tubers, 35c. each; doz., \$3.50.
- Ella May. Flowers large and deep, with full centers; color, deep, rich crimson carmine; a distinct variety. Tubers, \$3.00 each.
- Ellis A. Gimbel. A large variety of beautiful form; color clear chamois, without tinting or shading; bushes are strong and vigorous and the stems long; a very graceful variety. Tubers, \$1.00 each.
- F. J. Michell, Sr. A beautiful amber color; flowers large, well formed and carried on excellent straight stems. Tubers, \$3.50 each.

- F. W. Fellows. Flowers are of unusual size for the long, narrow-petaled type; color, orange scarlet; this variety should be in every collection. Tubers, 40c. each; doz., \$4.00.
- Gladys Bates. Immense blooms with incurved petals of tan, with a reverse of rose; flowers of perfect form on long stems. Tubers, 60c. each; doz., \$6.00.
- J. H. Jackson. One of the best and most reliable of the so-called black Dahlias; rich velvety maroon, shaded black; a fine flower and free bloomer. Tubers, 35c. each; doz., \$3.50.
- Marion Bromall. Plants tall and vigorous; blooms large with excellent centers; petals long and narrow; color, a two tone combination of pink and white. Tubers, \$2.00 each.
- Mary Dorr. Bright tyrian pink blending to white at center and tips of petals; a splendid garden and exhibition variety. Tubers, 40c. each; doz., \$4.00.
- Miraflora. Color, white tinted violet pink; flowers of graceful formation, good keeper when cut. Tubers, \$1.00 each.
- Mother. A fine white on erect stems; continuous bloomer; healthy green foliage. Tubers, \$1.00 each; doz., \$10.00.
- Mrs. Edna Spencer. Large flowers of a most delicate lavender pink color with white suffusion; one of the best for cutting. Tubers, 35c. each; doz., \$3.50.
- Mrs. Germain Lentz. Showy apricot pink, center shading to canary yellow; large, massive blooms. Tubers, \$5.00 each.
- Nibelungenhort. Petals curled and twisted; color, a beautiful shade of old rose with golden apricot suffusion. Tubers, 40c. each; doz., \$4.00.
- 101. A most unusual cactus variety; velvety red with a beautiful sheen hard to describe. Tubers, \$2.50 each.
- Papillon. A beautiful shade of old rose with golden lights; flowers large; a fine exhibition variety. Tubers, \$1.00 each.
- Sophy Morry. The flowers are white, flushed with pale lilac on the center petals. Tubers, 40c. each; doz., \$4.00.
- Sunset Glow. A profuse bloomer, which holds a full center. One of the pleasing autumn shades, yellow at base of petals, suffused scarlet and tipped yellow. Tubers, 40c. each; doz., \$4.00.
- Washington City. A fine large, pure white, looking almost like a white star; fine bush growth. Tubers, 40c. each; doz., \$4.00.

#### **SELECT SHOW VARIETIES**

These are the old-fashioned quilled double, ball-shaped flowers, full to the center.

- American Beauty. An extra large flowering red variety. Tubers, 35c. each; doz., \$3.50.

#### **HYACINTHUS CANDICANS**

#### (Summer Hyacinth)

A white summer flowering Hyacinth growing 4 to 5 feet high, each spike bearing from twenty to thirty pure white, bell-shaped flowers. Large bulbs, 15c. each; doz., \$1.50 (by parcel post, \$1.65); \$10.00 per 100.

# MICHELL'S SUPERB GLADIOLUS

There is no other Summer flowering bulb that is enjoying so great popularity as that of the Gladiolus. Their adaptability to garden decoration or to use as cut flowers during the Summer and early Autumn is surpassed by no other flower. They are not only showy in the garden but when cut with the first flower open, will last for 10 days in the house. They thrive in almost any good garden soil but better results may be had if soil is well prepared and enriched with some of our pulverized manures. Great improvements have been made in the size, color and beauty of these flowers. Our list comprises the best of recent introductions as well as the most popular of the standard varieties. Plant bulbs 4 inches deep and from 4 to 6 inches apart.

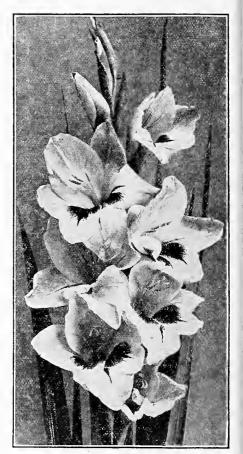

> If Gladiolus Bulbs are wanted by Parcel Post, add 10c. per doz., 30c. per 100, for postage; larger quantities by express.

# MICHELL'S HARDY GARDEN LILIES

A garden is not complete without a planting of Hardy Lilies; they do exceedingly well in the herbaceous border; the varieties listed can be planted in the early spring months and it is recommended that they be planted among hardy perennials, as the shade from the surrounding plants is necessary for their welfare.

Cultural Directions.—All Hardy Lilies should be planted from 6 to 8 inches deep, the Japan varieties even 12 inches deep; the bulbs should be completely enveloped in sand; no manure should come in contact with the bulbs, but may be placed 4 to 6 inches underneath. All loose petaled bulbs should be planted on their side instead of upright. Cover with leaves or litter during winter. Our Bulb Growing Guide gives full instructions on the growing of Lilies; ask for free copy.

If Lily Bulbs are wanted by Parcel Post, add 25c. per doz. for postage.

Lilu, Rubrum

# JAPANESE LILIES

Auratum (Golden Banded Lily). Enormous, measuring frequently 8 to 12 inches across; pure white, spotted crimson, each petal marked in the center with a band of yellow. # REGALE LILY (LILIUM MYRIOPHYLLUM)

One of the finest garden lilies introduced; sturdy stems 3 to 5 feet high, producing an abundance of large, beautiful flowers, centers of which are flushed bright golden yellow, shading off to creamy white at outer edges; externally the flowers are streaked with brown, shaded a delightful pearly tint. Should be planted in fall or early spring, 8 to 9 inches deep; commences flowering in July. This variety has also been used for forcing with fairly good results.

Lily of the Valley

#### MICHELL'S COLD STORAGE LILY OF THE VALLEY

These Lily of the Valley pips are suitable for culture in a greenhouse or in the window garden; they are not for planting out doors; for the latter purpose we recommend pips put up in bundles especially for the purpose, offered below. Cold storage Lily of the Valley can be forced into bloom in about 25 days.

Michell's Superb Exhibition. Per doz., \$1.50; \$2.75 per 25; per 100, \$10.00; \$21.00 for 250; 500 for \$41.00; \$80.00 per 1000.

Michell's Fancy Flowering. Per doz., \$1.25; \$2.00 per 25; per 100, \$7.50; \$17.50 for 250; 500 for \$32.50; \$65.00 per 1000.

Bundles or Clumps. For outdoor planting only. Bundles contain 15 good size pips, with good root growth, all of which will flower with the proper care. They are especially imported from abroad, the best of the stock being selected for us. We can make shipment of these up to May 1st. 65c. per bundle (by P. P., 75c.); doz. bundles, \$6.75 (by P. P., \$7.00); \$52.50 per 100 bundles.

#### **TESTIMONIAL**

Forest Glen, Md.

I have as you will notice on your books, given your firm all of our orders this year and shall continue to do so. All stock received was in fine condition, and I wish to tell you that the lily bulbs received a short time ago were without doubt the best I ever saw.

Chas. A. Stewart.

# MICHELL'S SUPERB SUMMER-FLOWERING BULBS

Ismene Calathina

# ISMENE CALATHINA (Pancratium Lily or Peruvian Daffodil)

A choice flowering bulb, blooming profusely during the summer. Clusters of large, striking, fragrant pearly white flowers. Bulbs should be kept warm and dry and planted out the middle of May; they will commence flowering in July. Before freezing weather sets in they should be lifted and kept in a warm, dry place. Large bulbs, 25c. each (by parcel post, 30c.); doz., \$2.50 (by parcel post, \$2.65); \$15.00 per 100.

#### MADEIRA OR MEXICAN VINE

This old favorite, also known as "Climbing Mignonette" is a beautiful and popular vine, growing rapidly and much prized for porches and arbors; leaves heart-shaped and of a light green color; racemes of feathery, white fragrant flowers are produced in profusion. Should be protected with litter during the winter. We offer extra large selected tubers. 3 for 30c.; doz., \$1.00 (by parcel post, \$1.10); \$7.50 per 100.

### **MONTBRETIAS**

One of the brightest and most attractive of summer flowering bulbs and should be planted extensively. Bulbs should be planted out in the early spring, in clumps of a dozen or more, placing the bulbs 3 to 6 inches apart. They should be protected during the winter with a heavy covering of leaves or litter.

#### If wanted by Parcel Post, add 15c. per 100 for postage.

# MICHELL'S RELIABLE PLANTS

# PLEASE READ CAREFULLY BEFORE ORDERING PLANTS FROM THIS CATALOG

So far as possible, when there are other goods on your order, please write the portion applying to plants on a separate sheet. Plant orders are filled and shipped at what we consider the proper season for planting, unless otherwise instructed by customers. Shipments for Southern States or localities, where cold weather is not a permanent thing, are made as soon as possible, unless otherwise instructed.

Shipments are best made by express unless otherwise instructed, except orders for small plants or few in number. These can be

sent via parcel post, if sufficient remittance on cash orders accompanies same.

Where no postage charges are quoted, please allow 15% of the price of Plants or Bulbs on all shipments for points east of the Mississippi River; for points west of the Mississippi River allow 25% of the price of Plants or Bulbs ordered. For example:—

"If you reside in Augusta, Ga., and send us an order for \$2.00 in value for Plants or Bulbs, and want same shipped via parcel post, please remit \$2.30. If you reside in Pueblo, Col., and send us an order for \$2.00 for Plants or Bulbs, and want same shipped via parcel post, please remit \$2.50."

In some cases the parcel post charges may be slightly in our favor, in the other instances they will be in favor of the buyer, although our extension about the standard process.

although our customers should not overlook that it requires expert packing for safe arrival of shipments via parcel post.

Please Note:—Orders for less than the number of Plants listed cannot be filled, except they are offered at our counter and are

taken with. Prices are especially established for these.

SHIPPING TIME

In average seasons, applying to orders booked for Spring. Hedge, Small Fruits, Trees, Flowering and Ornamental Shrubs—sometimes late in March, generally during April and lasting until growth is too far advanced for transplanting with safety or assurance of stock surviving.

Herbaceous Perennials—April and continuing until either stock is exhausted or until season is too far advanced. Most perennials are pot-grown and can be planted safely at any season, as long as they are procurable.

Roses-May is the best month for these, unless April is warm and settled.

Bedding Plants—Geraniums, Cannas, Salvia, etc., are usually shipped beginning May 10th.

### SPECIAL CAUTION

NOTICE—On receiving Plants, unpack them, plant and water thoroughly immediately. If they cannot be planted at once, at least unpack and water them. Newly planted stock, no matter how moist it may appear, should at planting time and every day (in the evening) for a week thereafter, be watered thoroughly, unless we have rain each day during the period. Most losses through Plants, Shrubs, Trees, Hedge, etc., dying, are caused by their not being watered sufficiently and regularly at planting time.

Antirrhinum (Snapdragon)

# SPECIAL NOTICE ON GUARANTEE

We spare no effort to supply all Plants, Trees, etc., of the best quality in first-class living condition. On account of the many causes beyond our control, we regret we cannot guarantee this stock to live and establish itself, as that is entirely within the power of the buyer or planter.

# MICHELL'S CHOICE BEDDING PLANTS

NOTE—Please read carefully instructions above before ordering plants.

#### **ACHRYANTHES**

Excellent for edging beds of various kinds; makes a fine show against a green or yellow background; grow about 12 inches high and very compact. Brilliantissima. Crimson foliage; very bright. Extra strong plants, 6 for \$1.50; doz., \$2.50; \$15.00 per 100.

#### AGERATUM (Floss Flower)

These are one of the freest of flowering annuals and can be adapted to many purposes. As an edging in a garden border few plants surpass it. Flower heads very large. Plants 10 inches high; ideal for massive bedding or edging.

Blue Perfection. 6 for \$2.00; doz., \$3.50; \$25.00 per 100.

#### **ALTERNANTHERA**

Used principally for carpet bedding effects and edgings; fine for working out designs; of very dwarf growth, 4 inches high.

Aurea Nana. Green and yellow, mottled foliage. Brilliantissima. Red, with a slight trace of green. 6 for \$1.00; doz., \$1.75; \$12.00 per 100.

#### **ALYSSUM**

Little Gem. Pure white flowers; dwarf compact plant; desirable for edging, flowering all season; 6 inches high. 6 for \$1.00; doz., \$1.50; \$10.00 per 100.

#### ANTIRRHINUM (Snapdragon)

A very effective plant for massive bedding or border planting, also much used in Italian Gardens. If flowers are cut off after blooming they will continue to flower until frost. In separate colors as follows:

Giant White, Pink, Yellow and Scarlet. Extra strong plants, 3 for \$1.00; 6 for \$1.75; doz., \$3.00; \$20.00 per 100.

# MICHELL'S CHOICE BEDDING PLANTS

Aster, Giant Branching

ASTERS (Giant Branching)

We grow a large stock in separate colors; Pink, Crimson, White and Blue. Extra strong plants, 6 for \$1.00; doz., \$1.50; \$10.00 per 100

BEGONIAS (Fibrous Rooted)

Erfordi. Of the same habit as Vernon, but having bright pink flowers which almost hide the foliage during the whole summer. 4-inch pot-plants, 6 for \$1.75; doz., \$3.50; \$25.00 per 100.

Gracilis Luminosa. A splendid variety with bronzy red foliage and brilliant scarlet flowers; very free blooming. 4-inch potplants, 6 for \$1.75; doz., \$3.50; \$25.00 per 100.

Prima Donna. One of the best bedding Begonias, having levely

rose-colored flowers shading to carmine. 4-inch pot-plants, 6 for \$1.75; doz., \$3.50; \$25.00 per 100.

BEGONIA BULBS (Tuberous Rooted) See Page 84

CALENDULA (Pot Marigold)

These somewhat resemble a double daisy; are fine for cutting, border planting or as a background.

Orange King. \$20.00 per 100. Very deep orange. 6 for \$1.75; doz., \$3.00;

**CANNA ROOTS AND PLANTS** 

See Page 85
CENTAUREA CYANUS (Cornflower)

These are also known as Bachelor's Buttons, and were always found in old-fashioned gardens. They are easily grown and are excellent for cutting. 6 for \$1.75; \$3.00 per doz.; per 100, \$18.00.

CENTAUREA GYMNOCARPA (White-leaved Centaurea or Dusty Miller)

Grown for their silvery foliage as edging plants; also fine for bed-

ding, vases, hanging baskets, etc. As a border for a bed of Scarlet Sage they are very showy. 6 for \$1.25; \$2.00 per doz.; per 100, \$15.00.

COBAEA SCANDENS

A beautiful blue, cup-shaped flowering annual climber; very desirable for lattice covering, etc. Extra strong plants, 40c. each; 6 for \$2.25; per doz., \$4.00.

COLEUS

The popular bedding plant so commonly used for edging canna and geranium beds, making an effective show till frost. Verschaffelti. Dark crimson foliage.

Golden Bedder. Rich canary yellow. Queen Victoria. Red, with yellow edge. 6 for \$1.00; doz., \$1.50; \$10.00 per 100.

NOTE—Please read carefully instructions on page before ordering plants.

#### COSMOS

Michell's Giant Flowering Strain, producing enormous, longstemmed flowers late in the autumn.

Pink, White, Red, each color separate. 6 for \$1.00; doz., \$1.50; \$10.00 per 100.

### DAHLIA ROOTS AND PLANTS

See Pages 86 to 90

#### **GERANIUMS**

Alphonse Ricard. Bright scarlet; double.

Beaute Poitevine. Salmon pink; very double.

Helen Michell. Bright rich scarlet; gigantic flower. La Favorite. Double; pure white.

Rose Scented. The old fashioned sweet scented variety.

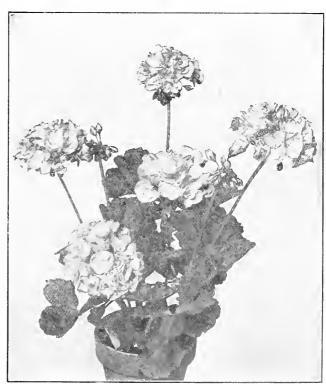

S. A. Nutt. Rich crimson; double.

Price of any of the above Geraniums, extra fine stock, 6 for \$2.00; doz., \$4.00; \$27.50 per 100.

GLADIOLUS (See pages 92 and 93)

# **NEW SCARLET GERANIUM** "MICHELL'S SENSATION"

Double, of the clearest possible shade of scarlet, is early in bloom, and flowers continuously during the entire season; grows compact, medium dwarf, light green foliage with dark center. The double flower heads expand 5 to 6 inches across. Covered continuously with flower heads, often 6 to 7 at one time. As a pot plant or as a bedding plant it has no equal. Price, strong 4-inch pot plants, \$1.00 each; per doz., \$10.00.

New Scarlet Geranium, Sensation

# MICHELL'S CHOICE BEDDING PLANTS

NOTE—Please read carefully instructions on page 96 before ordering plants.

Mariaold

#### HELIOTROPE (Cherry Pie)

A great favorite in the old-fashioned gardens, principally on account of their delightful fragrance. We offer two varieties which are the finest to date.

Centefleur. A vigorous grower, producing large trusses of deep blue flowers with a conspicuous white eye. 6 for \$2.00; doz., \$4.00; \$27.50 per 100.

Royal Fragrance. The latest introduction, truly a wonderful Heliotrope. A dwarf grower, about 10 inches high, bearing immense trusses of deep violet-blue flowers, marvelously fragrant. Grown in a solid bed it makes a wonderful show, blooming continuously from early July until frost, perfuming the whole garden. 6 for \$3.00; doz., \$5.00; \$40.00 per 100.

#### HYDRANGEAS (See pages 127 and 130)

#### LANTANA

There are few summer-flowering plants that give more satisfaction than Lantanas; they bloom continuously throughout the summer and are coming into great favor on account of their bright, showy colors.

Iolando. Rich orange turning to crimson; dwarf and bushy.
Juan d'Or. Bright sulphur shading to deep rose-pink; rather tall.

Lyre. Pure white with yellow center; medium tall. 6 for \$1.75; doz., \$3.50; \$25.00 per 100.

PLEASE NOTE—Bedding plants cannot be sent by parcel post as they cannot be packed satisfactorily to ensure safe carriage by this method; we therefore recommend shipping by express.

#### LEMON VERBENA

Pointed green lemon-scented foliage; fine for mixing among cut flowers. 3 for \$1.00; doz., \$3.50; \$25.00 per 100.

### **LOBELIA**

Compacta. Blue flowering plant, for edging and hanging baskets. 6 for \$1.00; doz., \$1.75; \$12.00 per 100.

#### MARIGOLD

These are favorites in all old-fashioned gardens; in bloom from early summer until frost. Grown from selected seed; flowers grow to enormous size.

Legion of Honor (Little Brownie). Single flowers; golden yellow with a large spot of crimson velvet; 9 inches; early flowering.
Lemon Queen. Bright yellow. Orange King. Deep orange.
6 for \$1.00; doz., \$1.75; \$12.00 per 100.

#### MOON VINE

Ipomoea Noctiflora. A pure white variety blooming toward evening and in the forenoon; the flowers are frequently 6 inches in diameter. Extra strong plants, 40c. each; doz., \$4.00; \$25.00 per 100.

#### PASSIFLORA (Passion Flower)

Pfordti. An attractive climber for outdoor planting in summer, bearing a profusion of light blue flowers suffused with pink. Price, 75c. each (by P. P., 90c.).

#### **PETUNIAS**

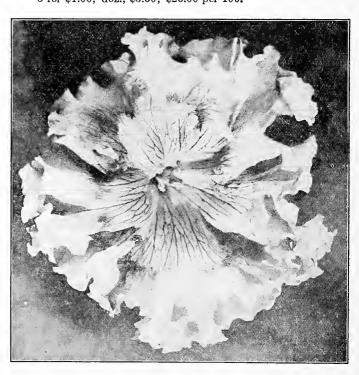

Of the annual flowers, this is probably the most universally used; it can be put to a variety of uses, for bedding, baskets, window boxes or urns; they flower continuously.

Giant Single Strain. (See illustration). Mixed colors.

Rosy Morn. Dwarf; brilliant rose color with white throat.

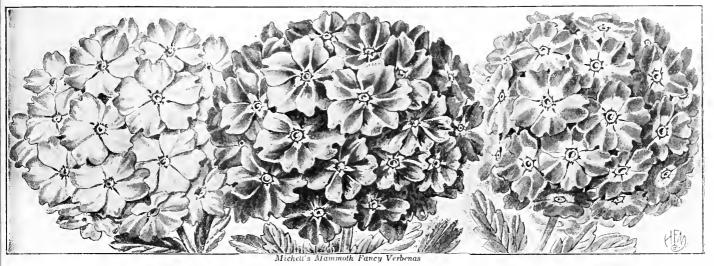

Double Petunias. Choice mixed colors.

3 for \$1.00; doz., \$3.50; \$25.00 per 100.

Petunia, California Giants

# MICHELL'S CHOICE BEDDING PLANTS

#### PHLOX DRUMMONDI

These are a splendid bedding or border plant. **Dwarf.** Red, white, pink, each separate. 6 for \$1.50; doz., \$3.00; \$20.00 per 100.

#### SALPIGLOSSIS (Painted Tongue)

Easy growing annual plants which have become great favorites, not only because of its easy culture, but mainly for its beautifully tinted and veined flowers; blooms from early summer until late fall; 18 inches. 3 for \$1.00; per doz., \$3.00; \$20.00 per 100.

#### SALVIA (Scarlet Sage)

No show of flowers can equal that produced by Scarlet Sage; it makes a blaze of color when massed or planted in beds that can be recognized at a great distance.

America. The best of all the Scarlet Sages; the earliest and most continuous bloomer, as well as the most uniform in habit of growth

Strong plants, 6 for \$2.00; doz., \$3.50; \$25.00 per 100.

Zinnia, Giant Dahlia Flowered

NOTE—Please read carefully instructions on page 97 before ordering plants.

#### SCABIOSA (Mourning Bride)

Magnificent hardy annuals of easy cultivation, blooming freely through the summer and autumn. They are very decorative for beds or borders in the garden and are invaluable for cutting. 3 for \$1.00; per doz., \$3.00; \$20.00 per 100.

# VERBENAS MICHELL'S MAMMOTH FANCY STRAIN

Used for edging borders, or for window boxes and vases. In separate colors, pink, white, scarlet, purple. 4 for \$1.00; doz., \$2.50; \$15.00 per 100.

### VERBENA VENOSA (HARDY GARDEN VERBENA)

Becoming very popular as a bedding plant. A strong thrifty grower about 1 foot high, producing freely bright, heliotrope-colored flowers from early Summer until frost. 3 for \$1.00; per doz. \$3.00; \$18.00 per 100.

### **VINCA**

Rosea. This is the flowering type used for bedding or vases; a bed or border planted with these is a beautiful sight; for either full sun or in partial shade they are well adapted. Pink, white, white with pink eye, each color separate. 3 for \$1.00; doz., \$3.00; \$20.00 per 100.

Major Variegata. A trailing plant used for hanging baskets and window boxes; green foliage mottled white. Extra strong pot-plants, per doz., \$5.00; \$35.00 per 100.

#### ZINNIAS

Michell's Giant Dahlia Flowered. Distinct from the ordinary Giant flowering class; extra large and of a true Dahlia flowered type. Plants grow from 2½ to 3 feet high. Mixed colors. 6 for \$1.00; doz., \$1.50; \$12.00 per 100.

Note regarding Quality of our Bedding Plants.—This stock is grown with a view to making shipment via local express or American Railway Express and with this in mind we grow our plants in larger size pots which develops a heavier plant than is required by the mail order trade; send us a trial order and note the difference in quality.

# MICHELL'S DECORATIVE HOUSE PLANTS

#### ASPARAGUS

Plumosus Nanus (Asparagus Fern). Highly desirable for fern dishes, bouquet greens, garlands, etc. 3-inch pots, 6 for \$1.50; doz., \$2.50; \$15.00 per 100. 4-inch pots, 50c. each; doz., \$5.50.

#### DRACAENA

Godseffiana. Entirely different from all other Dracaenas; of free branching habit, making bushy and graceful plants; dark green leathery foliage dotted with spots of creamy-white. 3-inch pots, 50c, each.

Indivisa. Attractive; used as a center piece for a round bed, urn or vase and in cemetery work. Strong, 4-inch pot-plants, 50c. each; 5-inch pot-plants, \$1.25 each; 6-inch pot-plants, \$2.00 each

Massangeana. An excellent house plant with broad, dark green foliage and a broad golden yellow band through the center of each leaf. Strong plants, 4-inch pots, \$1.50 each; 6-inch pots, \$3.00 each.

Fern, Nephrolepis, Teddy, Jr

#### **FERNS**

The varieties we offer here are the best of their class and all are good house plants.

Nephrolepis, Dwarf Boston. A dwarf form of the original Boston Fern, makes a more shapely plant.

Scotti. An old favorite; dwarf and bushy.

"Scotti. An old favorite; dwarf and bushy.

Teddy, Jr. A dwarf form of the Roosevelt fern; very bushy.

"Verona. The best of the crested or Lace Ferns.

Any of above Ferns, 4-inch pots, 75c. each; 6-inch pots, \$1.50 each.

#### **PANDANUS**

We highly recommend this plant where a good many varieties of other decorative plants will not do. They will thrive even in dark places such as reception halls, living rooms, etc.

dark places such as reception halls, living rooms, etc. Veitchi. Highly colored plants. 4-inch pots, \$1.25 each; 6-inch pots, \$2.50 each; 7-inch pots, extra heavy, \$5.00 each; 8-inch pots, extra heavy, \$7.50 each.

#### SANSEVIERIA ZEYLANICA LAURENTI

This variety, in addition to the variegation shown in the ordinary sort has a band of yellow on each edge of the leaves, which adds greatly to its decorative effect.

Price: Strong 6-inch pot-plants, \$2.50 each.

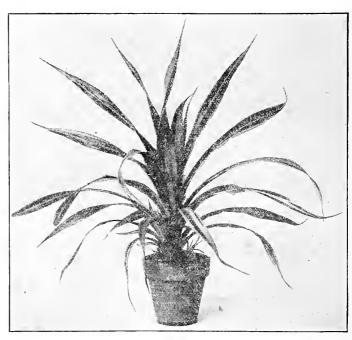

Asparagus, Plumosus

# New Pelargonium "EDITH NORTH"

A most valuable addition to this race of pot plants; of wonderful habit, holding its fine trusses of flowers well above the foliage. The color is rose-pink, shaded deeper pink in upper petals, blotched dark brown. It is well branched, producing 15 to 20 branches, each branch furnishing 4 to 5 flower heads. Each flower head has six to nine florets, each floret measuring about 2 inches. The plants, when in bloom, are similar in appearance to a well grown Azalea indica.

Price: Strong 4-inch pot plants \$1.00 each
Strong 5-inch pot plants 1.50 each
Strong 6-inch pot plants 2.00 each

Pandanus. Veitchi

## Ready for shipment about May 1st.

The Roses we are offering are all strong 2-year field grown plants that were dug last Fall and potted into 5-inch and 6-inch pots. Roses thrive best in an open sunny position and they should be planted away from all trees and shrubs so that the roots will have the full benefit of the nourishment in the soil. Roses are gross feeders and consequently require a rich soil. Select a well drained position where the soil is good and dig in a liberal amount of well decomposed stable manure thoroughly mixing it with the soil. For best results the beds should be made from 4 to 5 feet wide, planting the Hybrid Teas 18 inches apart and the stronger growing Hybrid Perpetuals 2 feet apart, planting all about 8 inches or 10 inches from the edge of the beds. The pot grown plants we send out arrive with a ball of earth around the roots, this ball should not be disturbed but should be thoroughly wet when planted. Budded Roses should be planted so that the bud is about 2 inches below the surface of the ground; firm the soil well around the roots and give a thorough watering. Throughout the Summer, the surface of the bed should be frequently cultivated, or a good mulch of our granulated Peat Moss will be found very beneficial, as it not only keeps the ground cool and moist but it prevents the growth of weeds. Roses we send out require no further pruning, but are ready to be planted when received. The best method of protecting Roses for the Winter in this locality is to draw up a mound of soil around the base of the plant to a height of 8 to 10 inches, thereby protecting the buds at the base of the plants from the alternate freezing and thawing, which is so injurious. In addition to this a covering of strawy manure, evergreen boughs or corn stalks is very beneficial. When Roses are growing freely they are less liable to insect pests or fungous diseases than if they are starved or otherwise neglected. A weekly application of Aphistrogen or Fungtrogen and Insectrogen will keep the plants free of most all insect pests and mildew as we

# GENERAL LIST OF MICHELL'S SELECT HYBRID TEA ROSES

Under this heading we offer only the best and well tried varieties for outdoor planting and our customers will make no mistake in selecting any of these for their gardens. For best results Hybrid Tea Roses should be severely pruned, the stronger shoots should be cut back to from 8 to 12 inches in height, while all weak thin wood should be removed entirely.

Angele Pernet. A most unusual color in Roses. Long pointed buds opening into semi-double fragrant flowers of a coppery, orange-yellow.

Betty. A superb rose with blooms of good size, full and globular, with a delightful fragrance. The color is a coppery-rose, overspread with golden-yellow. An excellent Autumn blooming variety.

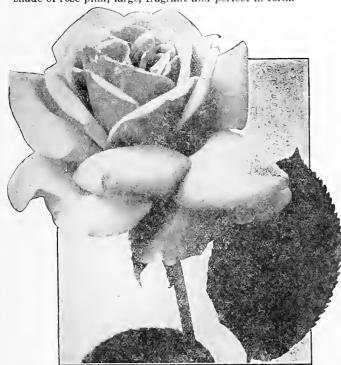

Betty Uprichard. Well formed medium sized flowers of a pleasing combination of colors, the inside of petals being salmonpink, the outside carmine with copper and orange suffusion.

**Briarcliff.** A recent introduction which gives promise of a great future. The size, form, color, stem and foliage leave nothing to be desired. A glowing rose-pink in color with delightful fragrance.

Charles K. Douglas. Fine long pointed buds opening into large flowers of bright crimson-scarlet; slightly fragrant. A strong grower and one of the finest red roses for the garden.

grower and one of the finest red roses for the garden.

Columbia. One of the most popular roses, being a vigorous grower and very free flowering. The flowers are of a pleasing shade of rose pink, large, fragrant and perfect in form.

Hybrid Tea Rose, Columbia

Constance. A free-flowering variety, producing beautiful long orange-yellow buds of perfect form, somewhat streaked with crimson, opening to full globular flowers of golden-yellow.

Dame Edith Helen. Shapely buds and substantial high centered blooms of clear pink, sweetly scented. A strong grower and very free flowering.

**Duchess of Wellington.** Intense saffron yellow changing to coppery yellow. Flowers large, moderately full, of the Killarney type, beautiful buds and delightfully fragrant. A superb yellow rose and a splendid grower.

Edel. A British introduction of exhibition quality, producing large beautifully formed flowers of ivory-white passing to pure white. A strong grower of uniform habit, very free-flowering, opening in all weathers and delightfully fragrant.

Etoile de France. Crimson with darker shading; very free flowering and fragrant.

Francis Scott Key. Large double flowers of rich crimson-red; a strong grower and very free flowering.

Gen. MacArthur. A well known rose, being one of the earliest and most perpetual flowering sorts. The blooms are large, full and delightfully fragrant. In color it is a rich crimson scarlet; growth is vigorous.

Golden Emblem. A most desirable Yellow Rose and likely to become a real favorite in the garden. Beautifully formed, long buds, which sometimes have flames of light crimson on the outer petals; held erect on long stems well above the glossy green foliage; delightfully fragrant.

Golden Ophelia. Golden yellow in center shading to pale yellow on the outer petals. This is a seedling of the well-known variety Ophelia, possessing its many good qualities.

Gruss an Teplitz. This is a rose for everybody, being the most profuse blooming crimson rose in existence. The color is of the richest scarlet, shading to a velvety crimson; very fragrant. It will succeed under the most ordinary conditions.

Hadley. One of the very best garden roses; deep rich velvety crimson in color and one of the most fragrant roses in our collection. Free bloomer with long stiff stems.

Hoosier Beauty. Glowing crimson-scarlet with darker shadings; buds of good length and splendid shape, opening into a magnificent and delightfully fragrant bloom. A strong, clean grower and very free flowering.

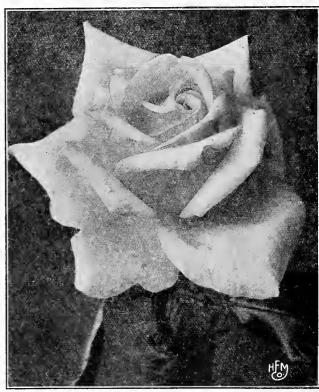

Imperial Potentate. A recent introduction, but fast becoming one of the most popular garden varieties: beautifully shaped buds opening to well formed, large double, sweet scented flowers of a delightful rose-pink.

Price on any of the above, \$1.00 each; doz., \$11.00; \$99.00 per 100. 6 Roses supplied at the dozen rate, 25 supplied at the 100 rate. Single plants of roses can be sent by parcel post at an additional charge of 25c. per plant for mailing and special packing.

# GENERAL LIST OF MICHELL'S SELECT HYBRID TEA ROSES

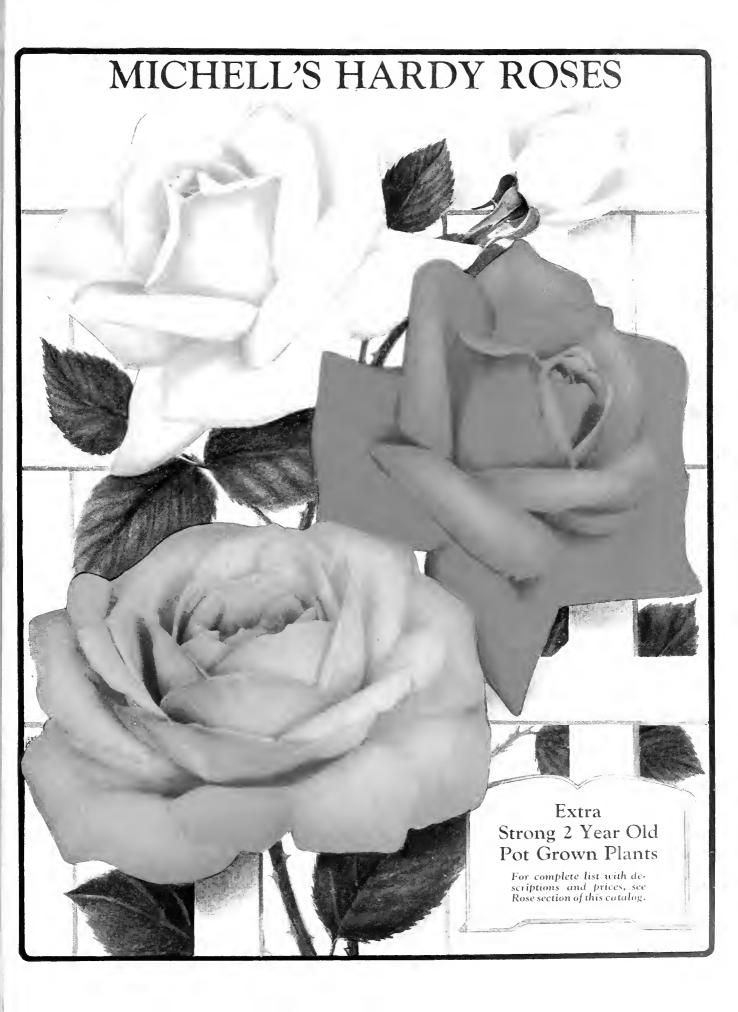

- Independence Day. Flaming yellow buds, shaded copper, opening to fairly large flowers of a light orange-pink. A strong upright grower and very free flowering.
- Janet. Large flowers of golden-fawn with copper and rose shadings, becoming lighter with age; fragrant. A strong grower and very free flowering.
- Jean C. N. Forestier. Reddish buds, opening to fragrant flowers of carmine, orange and yellow; free flowering and a strong grower.
- Jonkheer J. L. Mock. A favorite with hundreds of Rose lovers. The flowers are large and of more than ordinary beauty. The deep imperial pink on the outside of the petals and the shining silvery pink on the inside make a double colored bloom.
- Julien Potin (Golden Pernet). Long pointed buds opening into large full flowers of a pleasing golden-yellow. A strong upright grower and profuse bloomer. Price, \$1.50 each.
- Kaiserin Augusta Victoria. An old variety but still one of the best and it should be in every collection. In color it is a soft pearly white tinted with lemon,
- Lady Alice Stanley. A rose that is admired by every one, not only for its freedom of bloom and fragrance, but also for its color, which is a beautiful shade of coral-rose on the outside of the petals with purple flesh on the inside.
- Lady Ashtown. Extremely beautiful flowers of pale carmine-pink, shading to golden yellow at the base of the petals. The blooms are large, globular, and well formed, rather higher in the center than at the edge.
- Lady Hillingdon. One of the best Tea Roses of its color, deep apricot yellow throughout. It varies from medium to large size and is very beautiful both in bud and in flower. The plant is hardy, a strong grower and very floriferous.
- Lady Ursula. One of the hardiest, healthiest and strongest growing varieties. Well shaped buds and flowers, shading from light pink to yellow at the base.
- La Tosca. An exceptionally strong growing and free flowering sort, with bright silvery-pink flowers.
- Lieut. Chaure. Large pointed buds and cupped blooms of brilliant garnet-crimson, moderately fragrant.
- Los Angeles. A wonderful American Rose, introduced in 1917 and described by the originators as follows: "Los Angeles is by all odds one of the finest Roses ever introduced. In color a luminous flame pink toned with coral and shaded with translucent gold at the base of the petals. In fragrance it is equal in intensity to the finest Marechal Neil. The buds are long, pointed and extend into a flower of mammoth proportions. The growth is vigorous to a degree. The beauty of the form and ever increasing wealth of color are maintained from the incipient bud until the last petal drops."
- Mme. Butterfly. While this is a sport of Ophelia, it shows an even better growth, with more and larger flowers, in a brilliant pink, suffused apricot and gold. These flowers are in the ideal Rose form, of good texture and fragrance, and are unusually enduring. The plant is free and fine in growth and habit.
- Mme. Caroline Testout. One of the most popular and valuable bedding varieties; large globular flowers of bright satiny rose with brighter center. Strong vigorous grower; very free flowering and fragrant; particularly fine in Autumn.
- Mme. Edouard Herriot. This is the celebrated "Daily Mail" rose which has been so extensively advertised. In color it is coral red, shaded with yellow and bright rosy scarlet, with yellow at the base; a wonderful combination of most pleasing colors.

- Mme. Jules Bouche. Beautiful white flowers, sometimes shading to light blush in the center. One of the best white bedding Roses to date.
- Mme. Jules Grolez. Bright rose-pink; pointed blooms with heavy waxy petals; free flowering and a good bedding Rose.
- Mme. Poincaire. A most desirable variety, of vigorous growth and very free flowering. Buds are long and open into full double salmon-pink flowers, shading to apricot in the center.
- Miss Cynthia Ford. Sparkling pink, very double, perfectly formed flowers. A strong erect grower and free flowering.
- Miss Lolita Armour. This beautiful Rose won the Gold Medal at the Bagatelle Gardens in Paris, France, in 1921. It is a strong vigorous grower and very free-flowering. The buds are well shaped, chrome-yellow at the base, shading to orange and copper. As the flowers expand they develop to a deep coral red; very fragrant.
- Mrs. Aaron Ward. A very free blooming variety of vigorous but compact growth. The flowers, which are of splendid form are full double and are equally attractive when in full bloom as in the bud state. The color is a distinct Indian yellow which under certain conditions becomes yellow tinted white. A favorite everywhere.
- Mrs. Ambrose Riccardo. Very large full flowers of pale pink and light yellow; slightly fragrant and very free flowering.
- Mrs. A. R. Barraclough. One of the finest of recent introductions; very large pointed buds of a pleasing carmine-pink shaded with clear light yellow at the base of the petals, opening into a full double flower; very fragrant.

Hybrid Tea Rose, Mrs. A. R. Barraclough

Prices of Roses above, except where noted, \$1.00 each; doz., \$11.00; \$90.00 per 100. 6 Roses supplied at the dozen rate, 25 supplied at the 100 rate. If wanted by P. P., add 25c. per plant for mailing and special packing.

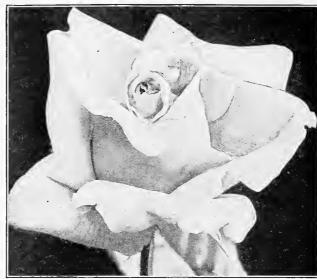

#### GENERAL LIST OF MICHELL'S SELECT HYBRID TEA ROSES

- Mrs. Henry Morse. A bright flower of two contrasting tones of pink; large, double, high centered flowers, moderately fragrant; free flowering.
- Mrs. S. K. Rindge. This beautiful and distinct Rose has given general satisfaction. It is of strong, free branching habit of growth, with dark green, mildew-proof foliage; long pointed buds carried erect on stiff stems. Color, clear, rich chrome-yellow, which as the flowers mature, become suffused with salmon-pink. The flowers are of good size, moderately double and are produced freely and continuously.
- Mrs. Wakefield Christie-Miller. Large, globular, peonyflowered blooms of pearly blush, shaded salmon-pink, the outside of the petals being vermilion and rose, which lovely combination is not affected by the hottest sun. Plants strong, of erect and vigorous growth, and with a blooming habit taking it clear through the season and until late autumn. Should be in every selection for the garden.
- Mrs. William C. Egan. A vigorous and healthy grower, producing long, perfectly shaped buds which open into large shapely flowers of a two-tone pink, the inside of the petals deep flesh, while the reverse is of a soft light-pink. An exceptionally free flowering, long stemmed variety.
- President Wilson. Very large bright pink flowers of excellent quality, with a luminous glow overspreading the petals. A strong grower and free flowering.
- Radiance. A Rose of American origin and to our mind one of the very best varieties in cultivation today. It is an ideal bedder, producing large flowers throughout the Summer when many other varieties are out of bloom; in color a beautiful even shade of pink. This Rose should be in every garden.
- Red Radiance. A counterpart of Radiance from which it is a "sport," possessing all of the good points of that valuable variety, but differing in color, which is bright cerise-red.
- Rev. F. Page Roberts. Long pointed, coppery-red buds opening into golden-yellow flowers, stained with red on the outside; fully double, very large and fragrant. A strong branching plant with good healthy foliage. Price, \$1.50 each.
- Rose Marie. One of the best bedding roses. It produces beautiful long buds which open into large flowers of perfect form and of a pleasing clear rose-pink in color.
- Souvenir de Claudius Pernet. A most vigorous grower of erect branching habit; beautiful, brilliant green foliage; long pointed buds of exquisite shape, carried on long, stiff stems. Very large full flowers with elongated deep petals, a beautifully formed bloom. Color, a most striking sunflower-yellow, deeper in the center without any color blending and which is retained without fading even in the warmest weather.
- Souv. de Georges Pernet. A strong vigorous grower and free bloomer. The flowers are large; globular in form; color, Orient red shading to a cochineal-carmine at the end of the petals, the whole being suffused with a golden sheen.
- Sunburst. A vigorous grower with erect or slightly spreading habit and dark bronzy foliage. The flowers are of medium size, full and of fine elongated cup form; color a superb cadmium-yellow passing to yellow-orange in the center.
- Talisman. A new American rose of exceptional coloring; the outside of the petals is bright yellow, gold and pink; as the flower opens it becomes bright apricot, gold and rose-pink. The bud is long, pointed and opens into a full double flower. A strong grower with glossy foliage and very free flowering. Price, strong 2 year-old plants, \$2.00 each.
- William F. Dreer. Flowers similar in shape to Los Angeles and like that variety, beautiful in all stages of development; are at their best in the half-expanded flower. These, in expanding, are of a soft, silvery shell-pink, the base of the petals of a rich golden-yellow which, at certain stages of development, gives a golden suffusion to the entire flower, this golden suffusion being particularly brilliant early and late in the season.

#### SPECIAL OFFER

Choice H. T. Roses (named sorts labeled) our selection of variety, your selection of color, \$1.00 each (by P. P., \$1.25); \$10.00 per doz.; per 100, \$75.00.

Hybrid Tea Rose, Mrs. Henry Morse

## HARDY HYBRID PERPETUAL ROSES

Before the development of the Hybrid Teas, this was the most popular type for garden planting and even now they should not be overlooked, but should be used extensively in conjunction with the other sorts. They are perfectly hardy and of vigorous growth, blooming tremendously in June and sometimes sparingly in Autumn. Hybrid Perpetuals are taller in growth and need more space than the Hybrid Teas; in pruning cut away all weak growth, and if quality of bloom is desired, cut back the strong canes to within 8 or 9 inches of the ground, but if quantity of bloom for garden effect is desired, leave these canes from 2 to 3 feet high, according to their strength.

- American Beauty. Very large flowers, deep pink to carminecerise, delicately veined with darker red. A strong grower and deliciously fragrant.
- Frau Karl Druschki. This is the queen of all white roses both in size and purity. The flower is very double and opens to a pure snow white. The growth is vigorous and the plant is a most prolific bloomer during the month of June. Scattering flowers often appear in the Fall.
- George Ahrends. One of the best pink Hybrid Perpetual Roses. The flowers are large and a beautiful pure delicate pink; a strong grower and very free flowering. This variety is sometimes called "Pink Druschki."
- Gen. Jacqueminot. The old favorite "Jack" rose is still popular. The blooms are large, full and globular, having an excellent cup shaped form; in color they are brilliant scarlet crimson, with deep veining toward the base of the petals.
- Magna Charta. An old variety of great merit. The blooms are of large size, in color a bright pink suffused with carmine. It is very fragrant and free flowering.
- Mrs. John Laing. Beautifully formed shell-pink flowers; exceedingly fragrant and borne on strong stems; splendid for cutting. A good grower and one of the most popular roses.
- Paul Neyron. Probably the largest rose in cultivation; in color a clear pink shading to soft rose and having a delightful fragrance. A strong vigorous grower.
- Ulrich Brunner. Bright cherry red flowers of large size and good form, produced freely on long stems. An old favorite and very desirable.

Prices on any of the above (except where noted), \$1.00 each; \$11.00 per doz.; per 100, \$90.00; 6 Roses supplied at the dozen rate, 25 supplied at the 100 rate. If wanted by P. P., add 25c. per plant for Postage and special packing.

#### HARDY CLIMBING AND RAMBLER ROSES

As an ornamental plant for covering verandas, porches, side walls, pillars, fences, etc., these are unequalled, calling forth more admiration than anything else that can be used. They require no pruning in the Spring beyond the cutting out of very old or dead wood and shortening of the laterals and long canes to make the growth conform to the space to be covered, but a severe pruning in July directly after they have finished flowering is beneficial. Cutting away at that time all old flowering wood will encourage a vigorous growth which will give an abundance of flowers the following season.

American Pillar. The large single flowers are a lovely shade of cherry pink, with a clear white eye surrounding numerous

golden yellow stamens.

Aviateur Bleriot. A strong growing plant with beautiful glossy insect and disease proof foliage, bearing large clusters of medium sized double flowers of a saffron yellow.

Bess Lovett. Resembles Climbing American Beauty in shape of

flower but much brighter in color, being a clear bright red, double, full cupped form and of notable lasting quality. Christine Wright. A beautiful rose of strong climbing habit,

producing double flowers 3 to 4 inches in diameter, singly and in clusters, of a wild rose pink.

Climbing American Beauty. The name of this rose is rather misleading, yet on its own merits it is a splendid climber. It has but one blooming season, June, when it bears abundantly, bright self colored, medium pink flowers of moderate size.

Dr. W. Van Fleet. One of the most important climbing roses, having perfectly formed buds, long pointed, deep pink in color and very solid. The full bloom flowers are very large, borne on

long stems, fragrant and fine for cutting.

Dorothy Perkins. Beautiful shell pink, fragrant and full, blooming in clusters in June. The most popular of all climbing roses during the past few years. This is a very good rose for covering stone walls, fences, embankments and arbors.

Emily Gray. A real yellow climbing rose, producing long pointed buds opening to large orange-yellow flowers with stems long enough for cutting. These stems are crimson-red in color, contrasting beautifully with the dark green, glossy, holly-like foliage.

Excelsa. Here we have a worthy successor to Crimson Rambler, being equally as free flowering as that variety but without its unsatisfactory foliage. Really the best double red rambler.

Gardenia. A very desirable Yellow Climbing Rose. The flowers are of a pleasing shade of yellow in bud form, turning to a creamy white as the flowers open.

Jacotte. A wonderful new yellow climbing rose with bright glossy green foliage and sweet scented orange-yellow flowers.

Mary Wallace. Long pointed buds and very large, cupped semidouble flowers, clear rose-pink in color. A strong grower and very free flowering.

Paul's Scarlet Climber. No other rose in any class can compare with it for brilliancy of color, which is a vivid scarlet that is maintained without burning or bleaching until the petals fall.

Roserie (Red Tausendschoen). Identical with Tausendschoen in habit of growth and flowering, but the flowers are carmine in color.

Silver Moon. An indispensable hardy climber, having long well shaped buds, creamy yellow on first appearance, opening into immense Clematis like flowers of a waxy whiteness. The center is a mass of bright yellow stamens, making a wonderful contrast.

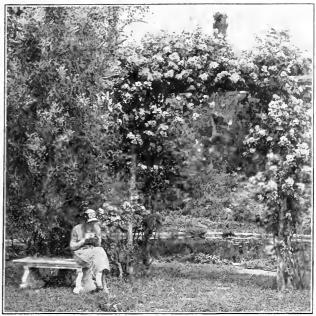

Tausendschoen. The individual flowers are of a most elegant and graceful form. In color it is a most delicate shade of soft pink when first opening, changing to carmine on the reverse of the petals when fully expanded. The flowers are produced in trusses, each truss almost a bouquet in itself.

White Dorothy. A handsome pure white sport from the old favorite Dorothy Perkins, and it has all of the finer qualities

\$90.00 per 100.

found in that charming variety.

Any of the above Climbing Roses, in strong two-year-old plants, 80c. each; per doz., \$9.00; \$70.00 per 100.

An Arch of Climbing Roses

### CLIMBING HYBRID TEA ROSES

These are not quite as free flowering as the bush type of Hybrid Tea Roses, but they produce a large crop of beautiful flowers in June with a quite liberal scattering of flowers throughout the season. In pruning these cut out all small thin wood and cut the strong shoots back to prominent eyes.

Climbing Gruss an Teplitz. An exact counterpart of this most popular bush rose, excepting that it is of a vigorous climbing habit. The flowers are crimson-scarlet and produced in great quantities.

Climbing Hoosier Beauty. A climbing form of this beautiful Rose. Brilliant crimson scarlet flowers of exquisite form; long bud and very fragrant.

Climbing Kaiserin Augusta Victoria. Ivory white, identical with the parent K. A. Victoria, except its climbing habit.

Climbing Lady Ashtown. The best of all climbing H. T. varieties; a wonderful grower, producing throughout the entire season, numerous soft rose colored flowers; fine for cutting.

Climbing Los Angeles. A decided acquisition to the list of Climbing Hybrid Tea Roses. A sport from this most popular variety, producing freely beautiful flowers of a luminous flamepink toned with coral, shading to yellow at the base of the petals.

Climbing Mrs. Aaron Ward. A climbing form of the popular vellow variety.

Climbing Sunburst. A true Sunburst of climbing habit.

Any of the above Climbing Hybrid Tea Roses, in strong two-year-old plants, \$1.00 each; per doz., \$11.00; \$90.00 per 100.

#### ROSE INSURANCE

Can be best supplied if you use the celebrated formulas of Edwin M. Rosenbluth in Fungtrogen, Insectrogen or Aphistrogen, see page 178.

#### ROSA HUGONIS (Golden Rose of China)

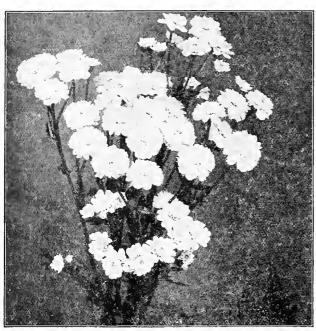

This Chinese native is a notable contribution to American gardens. Every branch of the previous year's growth is, in late April or early May, closely set on both sides to the very tip with exquisitely beautiful, single, clear yellow flowers. The long, arching sprays or early may, closely set on both sides to the very tip with exquisitely beautiful, single, clear yellow howers. The long, arching sprays make Hugonis not only a beautiful shrub, to be planted, if one so prefers, with other shrubs, but when cut are charming as table decoration.

This "Golden Rose of China" is ruggedly hardy everywhere in America. It needs neither protection nor pruning, save in the occasional cutting out of the older shoots. Each Spring the previous year's growth of graceful maroon wands will be laden with curving branches of golden loveliness. Should be planted as a specimen, or grouped in a planting of shrubbery; also makes a fine flowering hedge. Do not plant it among Roses as it is too vigorous in growth to fit in such a planting. \$1.00 each (by parcel post, \$1.15); per doz., \$11.00;

All of the old-fashioned flowers which were the delight of our grandmothers are to be found in this class of plants. They are all perfectly hardy and die down in the Fall, appearing again in the Spring with renewed vigor.

There is an ever increasing demand for hardy perennial plants, as they are of easy culture and there is not a time during the whole season when some are not in bloom. Each variety has a fixed time for flowering so that by making a judicious selection a succession of bloom may be had from early Spring until late Autumn. There is no set rule for the planting of perennials. The amount of room at one's disposal, the location and also the individual taste of the planter must be taken into consideration. Probably the most satisfactory results are obtained from a hardy border backed by a hedge or a fence, planting some of the taller growing sorts such as Hollyhocks, Hardy Asters, Bocconias, Helianthus and Boltonias in the back, graduating the shorter growing sorts toward the front and finishing the border with an edging of Plumbago Larpentae, Phlox Subulata, Arabis and other of the dwarf growers.

Our booklet, "The Hardy Flower Garden," is an instructive publication and will be sent free on request.

Achillea, Boule de Neige

SPECIAL NOTICE ON GUARANTEE.—We spare no effort to supply all plants, trees, etc., of the best quality in first class living condition. On account of the many causes beyond our control we regret we cannot guarantee this stock to live and establish itself, as that is entirely within the power of the buyer or planter.

#### **ALYSSUM**

Saxatile Compactum. An excellent low spreading plant for rockery or border, growing about 10 inches high and producing in May masses of golden yellow flowers. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

### ANCHUSA (Sea Bugloss)

Italica "Dropmore Variety." Plants grow 4 feet high in pyramidal shape, branch freely and are loaded with bright blue, Forget-me-not-like flowers in June; very showy and valuable. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Myosotidiflora. A distinct dwarf variety from the Caucasican Mountains, with clusters of pretty blue Forget-me-not-like flowers in May; 1 foot. 3 for \$1.00; \$3.50 per doz.; per 100, \$25.00.

#### ACHILLEA (Milfoll or Yarrow)

Filipendulina (Fern-leaved Yarrow). Finely-cut foliage and brilliant yellow heads of flowers, lasting in full beauty all summer; 4 to 5 feet.

Millefolium Cerise Queen (Rosy Milfoil). Finely cut, deep green foliage; flowers cherry red in dense heads; 18 inches high.

Ptarmica Boule de Neige (Ball of Snow). An improvement on The Pearl; the flowers, while not quite so large, are of more perfect form, with fuller centers, which makes it appear purer in color.

— The Pearl. A mass of double pure white flowers throughout the entire Summer. The strong erect stems make it one of the best Summer flowers for cutting.

Tomentosa (Wooley Yarrow). Handsome cut foliage with bright yellow flowers. June; 12 inches. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### ACONITUM (Monkshood or Helmet Flower)

Fischeri. A dwarf variety growing 18 inches high, with large, pale blue flowers in September and October.

Spark's Variety. The darkest blue of all; flowers in June; 3 feet.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100, \$25.00.

#### AGROSTEMMA (Rose Campion)

Stout, erect-growing plants, with silvery foliage, which contrasts well with the showy flowers produced during June and July.

Coronaria (Mullein Pink). Bright rosy crimson;  $2\frac{1}{2}$  to 3 feet.

Coronaria Alba. A pure white variety.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Aconitum

Anemone-Japonica

# ANEMONE (Windflower)

As a last greeting of autumn these gay flowers appear in wondrous brilliancy and produce a wealth of bloom until cut

down by hard frost.

Plants vary from 2 to 3 feet high, and are ideal for cutting; the flowers appear in August and remain till frost. They require winter protection with leaves, straw or long manure, which amply repays one for the extra trouble taken.

Japonica, Queen Charlotte. Very large semi-double flowers of
La France pink, a color that is rare among hardy plants.

- Whirlwind. Large, semi-double pure white flowers, very free. - Rubra. A lovely rosy-red with bright yellow stamens.

Hupehensis. A native of central China, resembling Anemone Japonica in a miniature way. The plant grows from 10 to 12 inches in height and is wonderfully free flowering from early

August until late Autumn. A pleasing mauve-rose in color.

Pulsatilla (Pasque Flower). An interesting plant for the rockery or border, producing violet or purple flowers during April and May: 9 to 12 inches.

Price of Anemones, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

AQUILEGIA (Columbine)

For spring blooming these are invaluable, producing their graceful spurred flowers on stems rising 2 feet over their attractive foliage, during May and June.

Michell's Long Spurred Hybrids. The plants are of strong, thrifty growth and the flowers of largest size vary in color through charming tones of cream, pink, lavender, blue, white, red, etc., hardly any two being exactly alike.

Canadensis (Common American Columbine). The native bright

red and yellow variety, and one of the brightest. Chrysantha (Golden Columbine). Bright yellow, long-spurred

flowers. Coerulea (Rocky Mountain Columbine). Bright blue and white

long-spurred flowers. Mrs. Scott Elliott Hybrids. The most famous of these beautiful

flowers; wonderful colors and very long spurs. Nivea Grandiflora. A fine white; strong growing and very free flowering.

Rose Queen. A new variety of a pleasing shade of delicate pink, long-spurred flowers.

Vulgaris (Common European Columbine). Violet blue.

Price of Aquilegias. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### ARABIS (Rock Cress)

Alpina. One of the most desirable of the very early springflowering plants that is especially adapted for edging and for the rock garden, but does equally well in the border, forming a dense carpet, completely covered with pure white flowers. Lasts for a long time in bloom. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### ARMERIA (Sea Pink or Thrift)

Attractive dwarf plants that will succeed in any soil, forming evergreen tufts of bright green foliage, from which innumerable flowers appear in dense heads, on stiff, wiry stems, from 9 to 12 inches high. They flower more or less continuously from early spring until late in the fall. Very useful in the rockery.

Laucheana Rosea. Bright rose.

Laucheana Alba. White.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per

#### ARTEMISIA

A most useful class of plants either for the border or for filling in within the shrubbery. With the exception of the variety Lactiflora, described and illustrated on page 106, they are not remarkable for their flowers; the foliage of the sorts offered is very ornamental. All these varieties offered stand cutting down to 5 or 6 inches when used in carpet or ribbon bedding.

Abrotanum (Old Man, or Southern-wood). Dark green, finely cut foliage, with pleasant aromatic odor; 2 feet.

Lactiflora. See page 106.

Pedemontana. A handsome variety with finely cut silvery foliage.

lver King. A new variety with beautiful, bright silvery foliage, which can be cut and dried, and which will retain its Silver King. silver color all winter. 50c. each; per doz., \$5.00.

Stelleriana (Old Woman). Deeply-cut silvery foliage; much used in carpet bedding; 18 inches.

Price of Artemisias (except where noted), 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Aquilegia (Columbine) Long Spurred

Artemisia Lactiflora

# ARTEMISIA LACTIFLORA

Unlike the other varieties offered, which are grown for their foliage, this comparatively new introduction from China is a most effective flowering plant, with erect stems  $3\frac{1}{2}$  to  $4\frac{1}{2}$  feet high, clothed with elegantly cut, dark green foliage and terminated by panicles of Hawthorn-scented, creamy white Spirea-like light and graceful flowers. It is at its best from the latter part of August to the end of September, and is particularly valuable on this account, being unlike any other plant in bloom at that time. 3 for \$1.00 (by P. P., \$1.20) \$3.00 per doz.; per 100, \$18.00.

#### ASCLEPIAS (Butterfly Weed)

Tuberosa. Very showy native plants, about 2 feet high, producing their flowers of brilliant orange-scarlet during July and August. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

### **DWARF ALPINE ASTERS**

Alpinus. Indispensable for the rockery or edge of hardy borders; grows 6 to 10 inches high and bears large, showy bluish-purple flowers in May and June.

Alpinus Albus. Identical to the above, but with pure white flowers.

Sub-coeruleus. Forms a dense tuft of leaves from which spring many leafless stems 12 inches high, bearing in June and July large, bluish-violet flowers.

Price of Alpine Asters, 3 for 1.00 (by P. P., 1.20); 3.00 per doz.; per 100, 18.00.

#### JAPANESE HARDY ASTER

Mauve Cushion. An entirely distinct species. It forms a circular cushion-like plant  $2\frac{1}{2}$  feet across, rarely exceeding 9 inches in height. The flowers of delicate, soft mauve, with silvery white reflection, measure over  $1\frac{1}{2}$  inches in diameter and are produced in such lavish profusion as to completely cover the plant; the blooms begin to expand early in October, but are not at their best until November. 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100, \$20.00.

#### HARDY ASTERS

Tall-flowering, stately plants, which may be used with splendid effect in borders or in clumps as specimens on lawns, in large groups or beds. They form the basis of a color scheme in a perennial border during the months of September and October, and last well into November. The rich shades of blue and purple blend harmoniously with most any surrounding. They thrive equally well in the sun or partial shade. For cutting they are invaluable. The wide range of color makes this one of our finest summer and autumn-flowering perennials.

#### **FALL FLOWERING VARIETIES**

Anita Ballard. Light Lobelia blue, shading to lighter center.

Early and free. 3 feet.

Autumn Beauty. An exquisite shade of light blue; very large flowers, commencing to bloom in the late summer and continuing almost up to frost time; height, about 4 feet.

Blue Gem. Large rich violet-blue, 3 feet.

Glory of Colwall. A splendid improvement on the variety Beauty of Colwall, with good-sized, nearly double, ageratumblue flowers; remarkably free flowering; 2½ feet, September and October.

Miss Eisele. Very large flowers of a beautiful lavender blue; one of the best; 3 feet.

Novae Angliae. Bright violet-purple flowers in abundance during the early autumn; 4 feet.

Novi Belgii Climax. Of strong, vigorous habit, 5 feet high; branched pyramidical-shaped flower stems; lavender-blue flowers. August-October.

Perry's White. A strong grower whose branches in the early Autumn are literally covered with large white flowers with a golden center, which turns to crimson as the flower matures; 4 feet.

Roseum Superbum. This is one of the best hardy Asters we have ever seen. The color is almost red; profuse bloomer.

Sam Banham. Very large and graceful pure white flowers. One of the earliest to bloom; 3 feet.

St. Egwin. Densely branched, producing beautiful pink flowers; 3 feet; September.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Hardy Aster, Roseum Superbum

Campanula-Media

### ASTILBE ARENDSI

The plants are of vigorous growth,  $2\frac{1}{2}$  to  $3\frac{1}{2}$  feet high, producing many branched feathered heads of flowers in June and July. They prefer a half-shady, moist position in any ordinary garden soil.

Diamant. Pure white flowers in loose clusters.

Gloria. Large feathery spikes of deep pink flowers, shaded carmine.

Granat. Dark crimson; one of the darkest colors yet introduced.

Hyacinth. A beautiful mauve-rose.

Salmon Queen. Graceful panicles of a beautiful salmon pink. Vesta. Very graceful plumes of light lilac-rose. 2 for \$1.00 (by P. P., \$1.25); \$5.00 per doz.

#### **BOCCONIA**

# (Plume Poppy, or Tree Celandine)

ordata. A noble, hardy perennial, beautiful in foliage and flower; admirably adapted for planting in the shrubbery borders, center of beds and in bold groups in almost any position. It will grow in any soil or situation, attaining from 6 to 8 feet in height; flowers in terminal panicles, of a creamy-white color during July and August. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### **BOLTONIA** (False Chamomile)

Among the showiest of our native hardy perennial plants, with large single, Aster-like flowers. The plant is in bloom during the summer and autumn months, and with its thousands of flowers

open at one time, produces a very showy effect.

Asteroides. Pure white; very effective; 5 to 7 feet.

Latisquama. Pink, slightly tinged with lavender, 4 to 6 feet.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# HARDY BORDER CARNATIONS

Choice mixed seedlings produced from seed. We supply strong plants that will furnish an abundance of double flowers this season. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### NEW SINGLE FLOWERING CARNATION "Miss Gladys Cranfield"

The best English Single Border Pink to date, a strong grower producing during May and June, large quantities of beautifully fringed flowers, rose-pink in color with velvety-maroon center, delightfully scented. Excellent for cutting. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

## CAMPANULA (Bell Flower)

Showy perennial plants of special merit. In every well-ordered hardy garden Campanulas should have a prominent place. They delight in good rich loam, preferring a semi-shaded place. The taller varieties should be carefully staked, to prevent them from being broken during windstorms.

Calycanthema (Cup and Saucer). Pink, white and blue, each color separate; height, 18 inches; June-July.

Carpatica (Carpathian Hare-bell). A pretty compact growing variety with flowers of clear blue on erect wiry stems, from July until October. An ideal edging for the border or rockery.

 Alba. A pure white form of the above.
 Media (Old-fashioned Canterbury Bells). It flowers freely from June to August; 3 to 4 feet high. Blue, pink and white, in separate colors.

Persicifolia (Peach Bells). Bright blue flowers during June and July; 2 feet.

Pyramidalis (Chimney Bell Flower). The most conspicuous of all Campanulas, forming a perfect pyramid 4 to 6 feet high of porcelain blue flowers in August.

- Alba. A pure white form of the above.

Any of the above, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

CARYOPTERIS (Blue Spirea)

Handsome, free flowering perennials, of bushy habit; very valuable for their late blooming season. For bedding or pot culture. Mastacanthus. Rich violet flowers produced in great profusion the whole length of the branches. 2 to 3 feet. September and October. 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100,

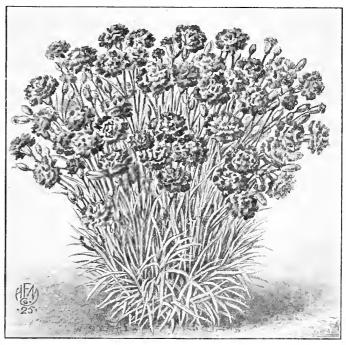

#### CENTAUREA (Hardheads or Knapweed)

Of easy culture, delighting in an open, sunny position, producing a wealth of bloom, which not only makes a fine display in the border, but is excellent for cutting.

Montana (Perennial Corn Flower). Grows 2 feet high, bearing large violet blue flowers from July to September.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

CERASTIUM (Snow-in-Summer)
omentosum. A desirable low growing plant with silvery
foliage and white flowers in June; suitable for the rockery,
sunny spots or for covering graves. 3 for \$1.00 (by P. P., \$1.20); Tomentosum. \$3.00 per doz.; per 100, \$18.00.

Hardy Carnation, Etoile de Lyon

### **NEW CRIMSON HARDY CARNATION** "Etoile de Lyon"

Brilliant crimson; a strong grower, producing large quantities of delightfully clove-scented flowers during May and June. 3 for \$1.00 (by P. P., \$1.20); per doz., \$3.00.

# HARDY GARDEN CHRYSANTHEMUMS

These showy and effective favorites are now universally popular. When planted outside they extend the flowering season of your perennial garden, blooming profusely in October after other flowers have been browned by early frosts, which do not affect the Chrysanthemums, producing a wealth of bloom especially fine for cutting. They should be planted in a well drained position either in the hardy border or at the edge of a shrubbery border. The planting should be done early in the Spring, so that the plants will have the entire Summer to establish themselves, and late in the Autumn, after they have finished flowering and the tops have been cut off they should have a covering of leaves or loose litter as a Winter protection, but do not cover with manure. Early in the Spring after danger of severe freezing is over and before any growth starts, the covering should be removed.

A. Barham (Large Flowering). A beautiful orange-bronze; early.

Alice Howell. A beautiful shade of orange-yellow; early and free flowering.

Baby. Clear bright yellow; very small button.

Boston. A strong upright grower; clear bronze.

Chaldon. Reddish-crimson with golden tips; large flower.

Champaign. Bright ruby-red, wonderfully colored.

Cranfordia (Large Flowering). Deep bronzy-yellow.

Eden. Beautifully formed flowers, rose-pink in color.

Firelight. Bright red, Aster flowered.

Glory of Seven Oaks (Large Flowering). Golden yellow; dwarf and very free.

Golden Climax (Pompon). Orange yellow, one of the finest yellows now in cultivation.

Harvest Home. Deep bronzy-yellow; excellent.

Idolph. A pretty shade of salmon-pink.

Iva (Button). Very small deep bronze.

L'Argentuillius (Large Flowering). Deep chestnut shaded crimson, coming into flower early in October. Very strong grower and free bloomer.

La Garonne (Large Flowering). Rose and buff in color; very attractive.

Le Pactole. A strong grower with large bronzy-yellow flowers.

Lilian Doty (Pompon). The finest pink in the large flowering section of the Pompon family. A strong grower and producing beautiful sprays of clear light pink flowers.

Handsome perennials growing about two feet high and bear-

CHELONE (Shell Flower)

ing numerous spikes of large flower heads during the Summer.

Lyoni. Heads of showy purplish-red flowers. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### CHRYSANTHEMUM (Shasta Daisy)

Shasta Daisy (Alaska). A decided improvement on the original, with blooms 4½ to 5 inches across, of pure glistening white. Very free-flowering and in bloom all summer and fall.

Arcticum (The Arctic Daisy). One of the most attractive fallflowering perennials. It forms a rosette-like clump of pretty dark green foliage during the Summer and early in the Fall sends up multitudes of large pure white flowers, which continue throughout October and frequently into November.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### SHRUBBY CLEMATIS

Davidiana. A most desirable variety with fresh bright green foliage and bell-shaped flowers of deep lavender blue during August and September; very fragrant.

2 for \$1.00 (by P. P., \$1.20); \$5.00 per doz.

#### COREOPSIS

Lanceolata Grandiflora. Flowers rich golden yellow and of graceful form; fine for cutting. A few plants make a handsome display, either planted individually or in clumps; dozens of flowers are produced on a single plant, and where quantity and quality are wanted Coreopsis should be planted; June till October. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Mayellen. Cerise-pink with yellow anemone center; very free flowering.

Mrs. Calvin Coolidge. A new single variety and one of the best garden types yet introduced. The flowers are of a rich mahogany-red; large and produced freely.

Mrs. Nellie Kleris (Pompon). An improved Lilian Doty, but the color is more evenly diffused over the flower. The flowers are equally as large as Lilian Doty and the plant is a fine sturdy

dwarf grower. Mrs. W. E. Buckingham (Single). Mid-season link; has proved itself one of the best varieties for cutting ever introduced. We cannot recommend this variety too highly.

Murillo. One of the best pink hardy Chrysanthemums; medium early.

Nellie Irwin (Pompon). A true Pompon; clear bright yellow in color and having fine clean foliage and stiff stems.

Normandie. White tinted blush-pink; very early.

Oconto (Large Flowering). A Japanese variety with white flowers on strong stiff stems; early.

Petite Louis. A robust grower with flowers of silvery-mauve; one of the best.

Provence (Large Flowering). Light pink; early.

White Doty (Pompon). A sport of the popular variety Lilian Doty, identical in every way except color, which is a pure milk white.

Winnetka. Pure white; very free flowering.
Wolverine. Bright yellow; very early and a good strong grower. Yellow Doty. One of the most robust growers in our collection

producing an abundance of bright, golden-yellow flowers.

Yellow Normandie. A bronzy yellow sport from Normandie.

A beautiful color and very desirable where early flowers are desired.

Price of Hardy Chrysanthemums, 4 for \$1.00 (by P. P., \$1.20); \$2.50 per doz. (by P. P., \$3.10); per 100, \$15.00.

#### DIANTHUS (Pinks)

## Hardy GARDEN PINKS (See page 114)

These are brilliantly colored flowers, which appear in great numbers on the plant, and have a rich clove scent. For table bowls, as a cut flower, they are much in use. For edging hardy borders, garden walks, or planted in rock gardens, they fill an important place. They are at their height of bloom in June.

**Deltoides** (Maiden Pink). A continuous flowering variety with pink flowers. Especially suited for rock work.

Deltoides Alba. White flowers.

Latifolius Atrococcineus Fl. Pl. (Everblooming Hybrid Sweet William). A splendid variety with brilliant crimson, double flowers. Blooms continuously during the entire season.

Any of the above, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

### **DIGITALIS** (Foxglove)

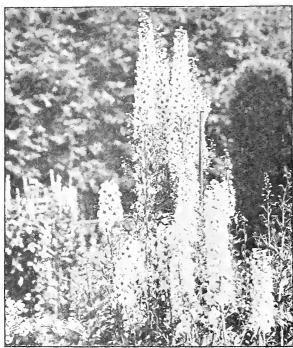

These are showy plants, but are biennials (that is, live outdoors for two seasons), but can be made perennial by the following treatment: Immediately after blooming remove the flower stalk right down to the ground, also crop some of the large leaves; the result is, a number of new plants start from the old crown, which produce splendid flowers the second year. Digitalis will do well in semi-shaded spots; plants grow from 4 to 6 feet high; flower

Gloxiniaeflora. White, Pink, Purple, Lilac. Each separate. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### DORONICUM (Leopard's Bane)

Excelsum. A very showy daisy-like flower of clear bright yellow, blooming in April and May; splendid for cutting. 3 for \$1.00; per doz., \$3.50.

Michell's New and Modern Hybrid Delphiniums

### MICHELL'S MODERN HYBRID **DELPHINIUMS**

In every garden of distinction you will find a generous use of the Modern Delphinium. No garden is complete without them. Theirs is an incredible beauty, at home in the small back yard garden as well as in the more pretentious formal herbaceous plantings.

A beauty majestic in the towering splendor of their perfect

spikes, their range of exquisite colorings of blues, purples and mauves, and all the subtle nuances relating these shades.

The plants we offer are carefully selected seedlings of the English Prize Winning strains checked as to type, while in bloom. At the leading shows last year these same plants were the outstanding sensation. And we are truly proud to serve our discriminating clientele with these New Modern Delphiniums.

Order Early.—Delphiniums start their growth before the last snow has melted. Early plantings will make the strongest blooms. The plants of these wonderful Hybrids are shipped balled and

burlapped, therefore arriving at your home in a condition for un-interrupted growth. The other varieties are shipped out of pots with a full ball of earth.

Make your garden a triumphant thing of beauty this year with Michell's New Modern Delphiniums. NAMED VARIETIES OF MICHELL'S NEW

**MODERN DELPHINIUMS** 

# Advancement. Colors of striking beauty. Rich mauve. \$5.00 semi-double flowers of wonderfully fine form . . . . . . . Edward Bromet. The purplish blue ground is rich and the white eye extremely large. 5 ft. Glory. Mauve, shaded rose. 4 ft. Great Strides. Pale blue, shaded mauve, white eye..... 1.50 Happy Thought. Medium blue, shaded pansy violet. 5 ft. 3.00 Mrs. A. J. Watson. Deep mauve shade with black center. 2.00 Mrs. Norman Holden. Large semi-double flowers of mauve and blue with large blue, A splendid variety. 5 ft... 3.00 Mrs. Shirley. Lovely lilac mauve, white and sulphur eye. 2.00 Mrs. Townley Parker. Sky blue single, white eye. . . . . 1.50

Norah Phillips. A gorgeous effect of deep blue and purple florets on a tapering spike of 6 feet. 5.00

R. A. Pilkington. Rich violet, edged dark blue. Eye is brown and spike well formed. 5 ft. 3.00

The Bishop. Bright royal blue, white center. 5 ft. 3.00

The Shah. A deep rosy lavender self with dark eye. 5 ft. 3.00

#### MICHELL'S NEW DELPHINIUMS IN COLOR GROUPS

A welcome innovation is the following offer of the Hollyhock Delphiniums released in four separate color groups. These plants are grown from the identical strains which comprise our well-known Named Delphiniums. The plants are all heavy field grown material, and are also shipped balled and burlapped. For exhibition material our Delphinium and Lupin are unsurpassable. Offered in the following color groups:

Light Shades, Mauve Shades, Intermediate Shades, Dark Shades, Mixture. Price: \$1.50 each; \$16.50 per doz.; \$125.00

### STANDARD VARIETIES OF HARDY **DELPHINIUMS**

The clear turquoise-blue of its flowers is not Belladonna. equalled for delicacy and beauty by any other flower.

Bellamosum. A dark blue form of Belladonna with which it is

identical excepting in color, which is a rich deep blue.

Chinense. A very pretty dwarf species, with fine feathery foliage and intense gentian-blue flowers in open panicles.

Album. A pure white form of the above.

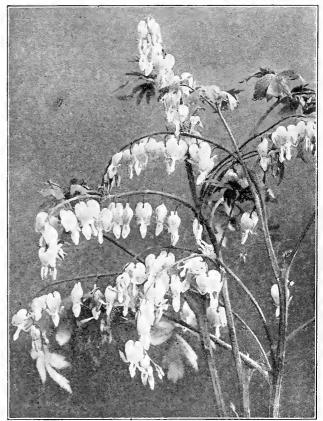

Michell's Gold Medal Hybrids. The plants are of strong, vigorous hapit, with large flowers on spikes two feet and over long, the majority running in the lighter shades of blue. supply them in mixture only.

Price, any of the above, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### DIELYTRA or DICENTRA

Eximea (Fringed Bleeding Heart). A dwarf growing variety with beautiful, finely cut foliage and showy racemes of pretty pink flowers throughout the season. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.

Spectabilis (Bleeding Heart or Seal Flower). We are fortunate in again being able to offer this old fashioned favorite, its long sprays of graceful heart shaped flowers are always attractive. A most satisfactory plant for the hardy border, especially when it can be planted in the shade. 2 for \$1.00 (by P. P., \$1.20); \$5.00 per doz. (by P. P., \$5.50).

Dielytra Spectabilis

# ECHINOPS (Globe Thistle)

Ritro. Deep metallic-blue flowers; 3 feet. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.

### ERYNGIUM (Sea Holly)

Handsome ornamental plants, growing from 2 to 3 feet high. Effective in flower and shrubbery border, woodlands, wild gardens, etc.; the flower heads which are produced from July to September, are useful to cut for vases or to dry for winter bouquets.

Amethystinum. The finely-cut, spiny foliage and the beautiful

thistle-like heads are of glistening amethystine-blue. A most

ornamental plant.

Planum. Steel-blue flowers; large spiny foliage; 2 feet. 3 for \$1.10 (by P. P., \$1.30); \$3.50 per doz.; per 100, \$20.00.

#### **EUPATORIUM**

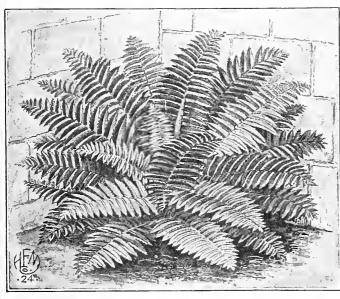

Coelestinum. A pretty hardy plant, with light blue flowers similar to the Ageratum. This is a particularly fine thing in hardy perennials; a splendid cut flower. 18 to 24 inches. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### EUPHORBIA (Milk Wort)

Corollata (Flowering Spurge). A very showy and desirable native plant, growing about 18 inches high and bearing from June to August umbels of pure white flowers with a small green eye. Desirable for cutting.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100,

\$18.00.

Hardy Fern

#### HARDY FERNS

Many persons are perplexed to know what is best suited for planting in densely shaded borders, particularly around porches. Nothing in the world produces such a permanent and satisfactory effect as Ferns. The graceful plants grow on an average from 1 to 2 feet high, according to the variety, and the clumps increase in size and beauty each year. They die down in the winter and break forth again in May.

ADIANTUM Pedatum (Maidenhair Fern). 12 inch.
ASPIDIUM Acrostichoides (Christmas Fern). 12 inch.
— Goldianum (Shield Fern). 24-36 inches.
ASPLENIUM Filix foemina (Lady Fern). 12-15 inch.
CYSTOPTERIS Bulbifera (Bulblet Bladder Fern). 24 inch. DICKSONIA Punctilobula (Gossamer Fern). 18 inch. ONOCLEA Struthiopteris (Ostrick Fern). 24-36 inch.

— Sensibilis (Sensitive Fern). 12 inch.

OSMUNDA—Cinnamonea (Cinnamon Fern). 24 inch.

Claytoniana. 24 inch.

WOODSIA Illvensis. Excellent for rock-work, requiring little soil and thriving best in the sunniest corner. 6 inch.

Price, any of above, in large plants, 3 for \$1.00 (by P.P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

FUNKIA (Plantain Lily; Day Lily)

Japanese perennials producing attractive clumps of foliage and interesting lily-like blossoms. A continuous row along a walk gives a strong and pleasing character. Delight in moist, shady situations. The variegated foliage of some species is extremely beautiful and striking for decorative work.

Coerulea. Blue flowers, broad green leaves; June; 4 feet. Subcordata Grandiflora. Very large, pure white, lily-shaped, fragrant flowers in August and September; 2½ to 3 feet.

Undulata Media Picta. Green and white variegated foliage; purple flowers. Makes a fine edging; July; 2 feet.

Price (except where noted), 3 for \$1.00 (by P. P., \$1.20);

\$3.50 per doz.; per 100, \$25.00.

Gaillardia, Grandislora

#### GAILLARDIA (Blanket Flower)

Beautiful flowers are borne in profusion and make a striking effect. They last a long while as a cut flower, and are abundant from June until frost. Height, about 2 feet.

Grandiflora. Dark brown center, petals on the outer edge are yellow, and the center is surrounded with a rich orange disc.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00. **GEUM** (Avens)

Well-known plants noted for their rich coloring and freedom of flowering. Useful for cutting and the rockery or border. May

Coccineum, Mrs. Bradshaw. Twice the size of the old double scarlet with huge frilled petals, giving a full, double appearance. 6 to 10 inches.

Lady Stratheden. Large double flowers of a rich golden-yellow. Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100 \$18.00.

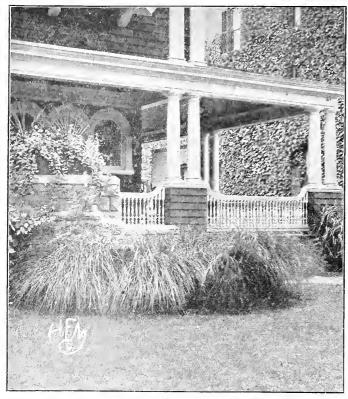

GYPSOPHILA, EHRLEI
A wonderful improvement over Paniculata Fl. Pl. It is a distinct new form, producing immense panicles of pure white double flowers very early in the season and continuing until frost. We offer strong field grown grafted plants that will bloom this Summer at 50c. each; per doz., \$5.00.

GYPSOPHILA (Baby's Breath)

During August and September this is a mass of delicate flowers. These may be used as fresh cut flowers, also for a semi-everlasting effect. They keep for months without water.

Paniculata. Feathery sprays of white flowers; useful for effects in bouquets.

Repens. A beautiful trailing plant for the rockery, with clouds of small white and pink flowers during July and August. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Pennisetum Japonicum

## GRASSES (Hardy Ornamental)

The generous beautiful effect produced by the hardy Grasses is hard to describe. Plantings must be seen to be appreciated. Excellent as individual specimens.

Elymus Glaucus (Blue Lime Grass). A graceful growing type with narrow silvery blue foliage; a dwarf compact grower; height, 3 feet.

Erianthus Ravennae (Plume Grass or Hardy Pampas). Deep green narrow foliage, growing about 10 feet high.

Eulalia Gracillima Univittata (Japan Rush). Graceful narrow

foliage, growing 5 to 6 feet. Green, with silvery rib.

Eulalia Japonica Variegata. An attractive variety with a variation of markings of white, green, sometimes light pink

and yellow; 4 to 5 feet high.

Eulalia Japonica. Like the variegated variety, except that it is entirely green.

Eulalia Japonica Zebrina. Dark green foliage, crossmarked horizontally golden yellow. One of the best of hardy Grasses. Phalaris Arundinacea Variegata (Variegated Ribbon Grass or

Gardener's Garter). This sort is especially suited for edging taller varieties, as it grows somewhat dwarf. The foliage is somewhat broad, variegated white and green. 12 to 15 inches. Pennisetum Japonicum (Hardy Fountain Grass). One of the most valuable hardy Grasses, either for beds, mixed borders or

as individual specimens. Height, 4 feet. Prices of Hardy Grasses, 3 for \$1.00 (by P. P., \$1.20); \$3.00

per doz.; per 100, \$18.00.

# HELIANTHUS (Hardy Sunflower)

Very effective in borders, among shrubbery or as clumps on lawn, etc. They produce masses of flowers during summer the lawn, etc. until frost, which are splendid for cutting and decorative purposes. Maximiliana. The latest of all, blooming profusely in October; the fine golden yellow flowers appear in long graceful sprays;

splendid for cutting; 5 to 7 feet.

Multiflorus Fl. Pl. Large, double golden yellow; July-August; 4 feet.

Orgyalis. A tall variety bearing single yellow flowers of medium

size during September; 6 feet.
Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100

#### HELENIUM (Sneezewort)

These desirable perennials succeed in almost any soil, in a sunny location. The flowers are splendid for cutting.

Autumnale Rubrum. Bright, terra-cotta red; 4 feet.

Autumnale Superbum. Golden yellow flowers in late Summer and Fall; 5 to 6 feet.

Riverton Beauty. Rich lemon-yellow, with large purplish-black cone; August and September; 4 feet.

Riverton Gem. Old gold, changing to Wallflower red; August and September; 3½ feet. Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; \$18.00

HELIANTHEMUM (Rock or Sun Rose)

Perry's Hybrids. Low growing evergreen plants, forming broad clumps, which during their flowering season, July to September, are hidden by a mass of bloom. Very suitable for the front of the border, the rockery or a dry sunny bank. (by P. P., \$1.20); \$3.50 per doz.; per 100, \$20.00. 3 for \$1.00

**HELIOPSIS** (Orange Sunflower)

This genus is very similar to the Helianthus. They are tallgrowing plants, well suited for the back of flower borders, where they flower beautifully throughout the summer.

Pitcheriana. One of the best hardy plants for the perennial border. Daisy-shaped flowers of deep orange color, on good

stems for cutting. 2 to 3 feet.

Scabra Excelsa. A new variety with very rich chrome-yellow flowers, turning to a bright yellow as they mature. These are almost double, having from 4 to 5 rows of petals, and are 3 feet high. Mid-July to the end of August.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; \$18.00

per 100.

#### HEMEROCALLIS (Yellow Day Lily)

Lily-like plants, flowering in great profusion during the summer, making a fine cut bloom.

Citrina Hybrids. A handsome Chinese species with beautiful lemon colored flowers borne on stems 4 to 5 feet high. Late blooming, continuing until September.

Dr. Regel. Handsome, rich orange-yellow flowers in May.

Very fragrant and fine for cutting.

Flava (Yellow Day Lily). Deep lemon-yellow flowers during June and July; very fragrant; 2½ to 3 feet.

Fulva (Tawny Day Lily). Trumpet shaped flowers; coppery

orange shaded crimson; June and July.

Kwanso Flore Pleno (*Double*). Coppery red; July; 3 feet high. 3 for \$1.00 (by P. P \$1.20); \$3.00 per doz.; per 100, \$18.00.

Hemerocallis

# MICHELL'S SUPERB IRIS

# IRIS GERMANICA (Fleur de Lis) SUPERB NEW AND RARE VARIETIES

Ambassadeur (Vilmorin, 1920). Overlapping standards dull purplish bronze; lovely flaring falls, deep velvety maroon; beard and styles yellow. A strong grower, carrying large flowers of heavy substance which stand boldly erect. The

coloring is exceedingly rich and striking; 4 feet. 50c. each.

Asia (Yeld, 1916). Standards broad and massive, pale silvery lavender, suffused yellow and gold at the base; falls pale reddish purple, lighter at the margin; beard bright golden-yellow. Unusually massive flowers on strong stems;  $4\frac{1}{2}$  feet. \$2.00 each.

B. Y. Morrison (Sturtevant, 1917). Standards pale lavender-violet; falls velvety raisin-purple with broad lavender border,

very distinct. 33 inches. 50c. each.

Canopus (Bliss, 1921). Standards light purple, arched; falls velvety prune purple. A magnificent Dominion seedling; its velvety purples and majestic height indicate its splendid parentage. Very free flowering and sturdy; 3 feet. \$1.50 each.

Cecil Minturn (Farr, 1922). Uniform shade of cattleya rose.
Free flowering; 2 feet. 50c. each.
Crusader (Foster, 1913). Standards light blue; falls deep violet blue with orange-yellow beard. Splendid color and form; 42 inches, 50c. each.

Dream (Sturtevant, 1918). A clear even pink. A delicate and

beautiful Iris and a very close approach to the perfect pink self. A charming Pallida type; 3 feet. 50c. each.

Lady Foster (Foster, 1913). Standards pale blue; falls light bluish violet, veined old gold at the broad throat; large ruffled

flowers; 40 inches. 50c. each.

Lent A. Williamson (Williamson, 1918). Standards lavender violet; falls velvety pansy purple, brilliant orange beard. Massive flowers of wonderful texture; growth unusually vigorous and robust; a marvelously prolific bloomer. 50c. each.

Lord of June (Yeld, 1911). Standards lavender blue; falls rich violet blue. The flower is very bold and full proportioned, the edge of the standards being notched and the falls slightly in-

curving. 50c. each.

Magnifica (Vilmorin, 1920). Standards light violet blue; falls dark reddish-violet with brown stripes at base. Probably the

largest of all Iris; fragrant; 4 feet. \$1.00 each.

Medrano (Vilmorin, 1920). Rich rose purple, the falls encrusted with dark maroon, flecked with buff and lavender; very rare color but very attractive and outstanding. Blooms are of good size and stems medium height. \$1.00 each.

Mother of Pearl (Sturtevant, 1921). Pale bluish lavender of

exceptional substance and texture; 4 feet. 50c. each.

Morning Splendor (Shull, 1922). An exceedingly rich, large, deep claret-red of wonderful form and substance. The flowers are well poised on tall and widely branching stalks.

finest American Iris; 42 inches. \$2.00 each.

Ochracea (Syn. Sunset) (Denis, 1919). Fine form and substance; old gold flower with falls flushed blue. Very desirable and

beautiful. \$1.25 each.

Opera (Vilmorin, 1916). Standards reddish lilac; falls purple violet, dark and velvety. A very prolific bloomer and robust grower. An Iris of wonderful coloring, so bright and rich as to attract the eye clear across the garden. 75c. each.

Prospero (Yeld, 1920). Standards pale lavender flushed with

yellow; falls deep ruby-purple, shading lighter at the margin; particularly handsome. 75c. each.

Queen Caterina (Sturtevant, 1917). A large iridescent pale lavender violet with yellow beard. The flower is of high quality, with domed standards and rounded, drooping falls. Vigorous robust grower, wonderful stems and remarkable bloomer. Most pleasing and satisfactory; 3 feet. 50c. each.

Seminole (Farr, 1920). Standards dark violet-rose; falls rich

velvety crimson; brilliant orange beard; 2 feet. 50c. each.
Souv. de Mme. Gaudichau (Millet, 1914). A brilliant velvety

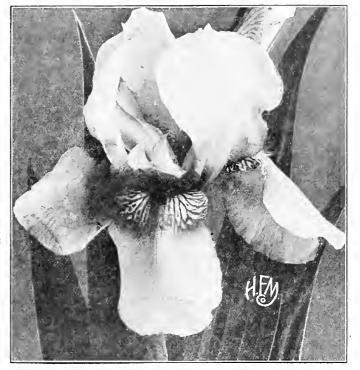

black purple. It has great size, splendid height, excellent substance, clear distinct color and wonderful vigor. Free blooming and striking in the garden; 40 inches. \$1.00 each.

Susan Bliss (Bliss, 1922). A uniform shade of deep rose-pink, with a light orange beard, which adds a delightfully pleasing color tone. The flower is exquisitely shaped and of splendid substance, opening 3 or 4 at a time and borne on tall majestic spikes. Free flowering and of a robust constitution;  $3\frac{1}{2}$  feet. \$1.50 each.

White Knight. A beautiful pure white Iris of fine form and delicately scented. 75c. each.

Wild Rose (Sturtevant, 1921). An adorable pink, having a smooth

satiny texture. \$1.50 each.

Iris Germanica

#### CHOICE STANDARD VARIETIES

Afterglow (Sturtevant, 1917). Misty lavender lit with yellow at the center. Its name fits it perfectly as it has the soft tints of the evening sky after the sun has disappeared; 3 to 5 feet.

Alcazar (Vilmorin, 1910). Standards light bluish violet; falls deep purple, bronze veined at the throat. Its growth is robust and strong with widely branching flower stalks, bearing large blooms of waxy texture; 4 feet tall.

Colonel Candelot (Millet, 1907). Standards bronze overlaid with red lavender; falls rich velvety crimson, yellow beard. A wonderfully beautiful Iris of dark red effect; 3 feet tall.

Fro. Standards deep gold; falls chestnut brown; a highly colored

Monsignor. Standards satiny violet; falls velvety purple crim-

son, with lighter margin; very large flower.

Mrs. Alan Gray. Standards and falls delicate pale rosy mauve;

medium early. Navajo. Standards light bronzy yellow, shaded lavender; falls deep maroon, veined white and yellow; stigmas yellow; deep

orange beard. Nibelungen. Standards fawn yellow; falls violet purple with

fawn margin; a handsome, large flowering variety.

Pallida Dalmatica. Standards and falls clear lavender blue shading to pale silvery blue at the base; large spreading flowers, sweetly scented. This variety is much confused with other Pallida types, which have been widely distributed under this name. The true Dalmatica can be easily distinguished by its form and light silvery shading at the base of the petals.

Powhatan. Standards light bishop violet with deeper border; falls deep purple, shaded crimson; large, horizontal spreading

flower.

Queen of May. Standards and falls lovely, soft rose lilac. almost pink.

Shekinah (Sturtevant, 1918). Soft lemon yellow deepening to rich yellow around its bright orange beard. Majestic Pallida type. Very free flowering; 3 feet.

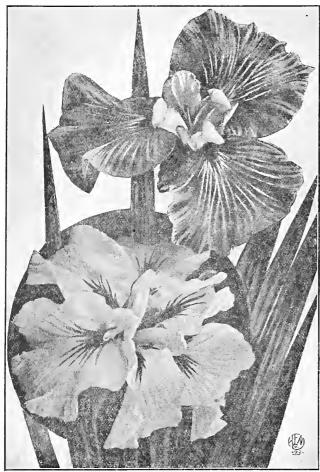

Sherwin-Wright. Rich golden-yellow without markings and a strong grower make this the best clear yellow Iris to date.

Walhalla. Standards light, lavender blue; falls satiny violet blue. Wyomissing. Standards creamy white, suffused soft rose; falls deep rose base, shading to flesh colored border.

Named sorts, any of the above (except where noted), 3 for \$1.00; \$3.00 per doz.; \$18.00 per 100.

Mixed German Iris. 6 for \$1.00 (by P. P., \$1.15); per doz., \$1.50 (by P. P., \$1.75); \$10.00 per 100.

NOTE—If Iris are wanted by Parcel Post, add 10c. per root; 15c. per six roots; 25c. per doz. roots, for postage.

Iris Kaempferi

# IRIS KAEMPFERI (Japanese Iris)

The King of all Iris and in popularity they can be classed with the Hardy Phlox and Peonies; coming into flower about the middle of June, they continue for five or six weeks and are particularly welcome at this time. They succeed in almost any soil and like plenty of water when forming their flower buds.

Astarte. Double; beautiful dark violet.

Circe. Double, dark violet-blue, delicately veined with white.

Gekka-No-Nami. The best early white, very free; pure glistening white with creamy center.

Gold Bound. A fine double pure white, enriched by a creamy glow from the gold banded center.

Hercules. Double; clear lilac-blue.

Iphigenie. Double; beautiful coloring, deep Chinese lilac.

Iso-No-Nami. Double, soft blue with silvery veins.

Mahogany. Large double flowers; the latest to bloom; color, purple mahogany-red, the erect petals being prettily crested.

Melpomene. Double; soft blue distinctly veined with dark blue. Patrocle. Single, superb deep reddish-violet.

**Proserpine.** Single, bright rich blue, produced by sanding of velvety blue on white.

Purple and Gold. Enormous double flowers, ten inches across; early and free blooming; color, rich violet purple with white petaloids, tipped violet; the conspicuous golden throat extends outward in sharp bluish white rays.

Reine de Bulgarie. Soft lilac, lemon yellow throat; very good. Ski-No-Ryo. Double, blue and white.

Uchiu. Double flowers of the largest size, beautiful blue with golden center.

Price, any of the above named sorts of Japanese Iris, 3 for \$1.00; \$3.50 per doz.; \$25.00 per 100.

Mixed Japanese Iris. All colors and shades. 4 for \$1.00; \$2.50 per doz.; per 100, \$18.00.

# **VARIOUS IRIS**

#### IRIS CRISTATA (Crested Dwarf Iris)

A tiny native species growing from 4 to 6 inches high, with delicate, pale lilac flowers in May and June.

## IRIS, INTERREGNA

These bloom earlier than Iris Germanica, and grow about 18 inches high.

Fritjof. Standards light lavender-blue, falls violet blue.Heige. Standards creamy-yellow, falls deeper, veined yellow.

Spectabilis. Violet-purple, very free flowering.

## IRIS, PUMILA HYBRIDA

An early flowering type growing from 10 to 12 inches high. Cyanea. Rich royal purple.

Floribunda. Creamy-yellow. Schneekuppe. Pure white.

#### IRIS SIBIRICA

Emperor. Rich, violet-blue. 3 feet.

Snow Queen. Pure white.

Price, any of the above Iris, 3 for \$1.00 (by P. P., \$1.15); \$3.00 per doz. (by P. P., \$3.25); \$18.00 per 100.

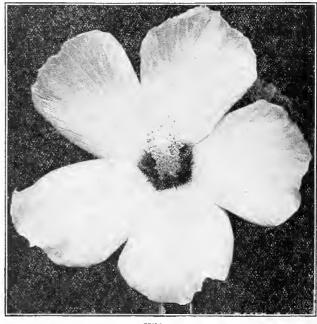

Sibirica Perry's Blue. A recent introduction, with very large, clear blue flowers on long stems; a good grower, free flowering and one of the best for cutting. Price, 75c. each; per doz., \$7.50.

### HEUCHERA (Alum Root or Coral Bells)

Sanguinea. Bright crimson flowers, borne in graceful sprays; excellent for cutting. 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100, \$20.00.

# HIBISCUS (Mailow)

Giant Flowering. A wonderfully improved form of our greatly admired Marsh Mallows. They are unusually attractive and form real show plants during their flowering season. They attain a height of 6 to 7 feet, have beautiful laciniated foliage and monstrous flowers, measuring from 6 to 8 inches in diameter. We offer these in separate colors, Pink, Red and White or all colors mixed. 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100, \$25.00.

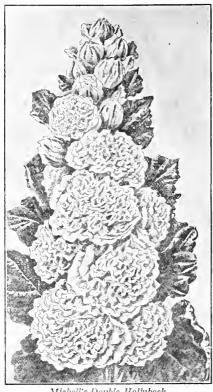

Hibiscus

# HOLLYHOCKS (Double)

These thrive best in soil that is not too wet, which should be enriched with well-rotted stable or sheep manure. While perfectly hardy, we recommend protecting them slightly during the winter with leaves, long manure or straw. guard against fungus or rust we recommend spraying the plants in early spring with Pyrox or Bordeaux Mixture.

Our strain of these is very fine, and we offer the following colors in double flowering only (each separate):

Yellow, Crimson, Pink, White. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz. (by P. P., \$3.30); per 100, \$18.00.

Michell's Double Hollyhock

Allegheny. Large flowers having loosely arranged fringed petals, varying in color from pale pink to deep red. We can supply these in mixed colors only.

Single. The artistic single Hollyhock is becoming more popular each season. They are of stronger growth than the double flowering type and consequently make a better showing. We can supply these in mixed colors only.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz. (by P. P., \$3.30); per 100, \$18.00.

HYPERICUM (St. John's Wort)

Moserianum. A most desirable border plant, of free and graceful habit, producing long, slender, much-branched stems, leafy to the base and all drooping towards the ends, apparently from the weight of the flowers and buds, although the flowers face, so none of their beauty is lost. Free-flowering, of large size, measuring from 2 to 2½ inches in diameter; color rich golden yellow, which is rendered still more effective by the numerous yellow stamens and crimson anthers; blooms continuously. 2 feet. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### IBERIS (Hardy Candytuft)

The Hardy Candytufts are low-growing plants, with evergreen foliage. In spring and early summer they are completely covered with dense heads of pure white flowers. For borders and rockeries they are unsurpassed.

Sempervirens. Pure white flowers; 1 foot. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# LATHYRUS (Everlasting or Perennial Sweet Peas)

The perennial pea is one of the hardiest and most easily cultivated species, thriving almost anywhere. It is a good trellis plant and is adapted as a cover to wild, rough places.

Latifolius. Large deep red flowers on long stems in constant succession. 6 feet.

Pink Beauty. Clusters of large beautiful shell-pink flowers.
White Pearl. Most beautiful of all everlasting peas with pure white flowers, which are about double the size of the ordinary Lathyrus Latifolius albus.
3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# LAVENDULA (Lavender)

Vera. This is the true Sweet Lavender; grows about 18 inches high; delightfully fragrant blue flowers in July and August. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# LIATRIS (Blazing Star, or Gay Feather)

Pycnostachya. Showy and attractive native plants, succeeding anywhere, producing spikes of light rosy-purple flowers in July and August; 5 feet. 3 for \$1.00 (by P. P., \$1.20): \$3.00 per doz.; per 100, \$18.00.

#### LINUM (Flax)

Perenne. A desirable plant for the hardy border or rockery; light graceful foliage and large blue flowers all summer. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### LOBELIA

Handsome border plants thriving in any good garden soil but preferring a moist loam where they will not suffer from drought. Cardinalis (Cardinal Flower). Rich fiery cardinal flowers. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### LYCHNIS (Campion)

All of the Lychnis are of the easiest culture, thriving in any soil and this, in addition to their brightness, has brought them into high favor with lovers of hardy plants.

Chalcedonica. A most desirable plant; heads of brilliant orangescarlet flowers in June and July; grows 2 to 3 feet high.

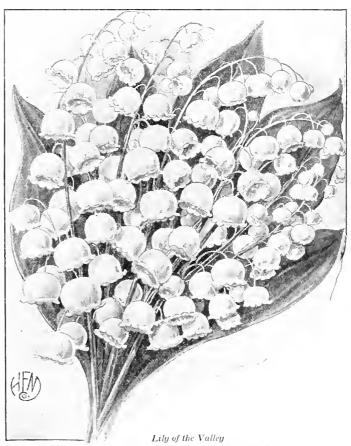

Viscaria. Forms a dense tuft of evergreen foliage, and in June sends up spikes of handsome, double deep red flowers; 1 foot.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### LYSIMACHIA

Clethroides (Loose-strife). A fine hardy variety about 2 feet high; dense, recurved spikes of white flowers from July to September. Nummularia (Creeping Jenny, or Money-wort). Valuable for planting under trees or shrubs where grass will not grow, where it quickly forms a dense carpet.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

### LILY OF THE VALLEY

For outdoor planting in shaded places. Pure white flower bells appear on stems about 8 to 10 inches long, the latter part of May. Bundles, 65c. each (by P. P., 75c.); doz., 86.75 (by P. P., 87.00); 852.50 per 100. Stock cannot be shipped after May 15th.

#### NEW ENGLISH HYBRID

#### LUPINUS

New English Lupins

Truly a wonderful innovation of Lupins. These English Hybrids New created the most flattering comment in England and was awarded Gold Medals at all Exhibitions. We offer these in five distinct color groups, selected from named varie-

Group A. Bronze, apricot, yellow, orange.

Group B. Rose, pink, flesh, buff.

Group C. Purple and mahogany.

Group D. Blue and lavender.

Group E. Cream, white. Price of any of the above, 60c. each; dozen, \$6.00; \$40.00 per 100.

### LUPINUS (Lupins)

These flower in May and June; are 3 to 4 feet high.

Polyphyllus Blue. Very showy. Polyphyllus White.

Polyphyllus Pink.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$20.00.

#### LYTHRUM

Roseum Superbum (Rose Loose-strife). A strong growing plant, thriving in almost any position, large spikes of rose colored flowers from July to September. Grows 3 to 4 feet high. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### MATRICARIA (Feverfew)

Pure white, double flowers, splendid for cutting, Little Gem. flowering July and August; height, 12 inches. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### MERTENSIA (Blue Bells)

irginica. An early spring flowering plant growing 1 to  $1\frac{1}{2}$  feet high with drooping panicles of handsome light blue flowers fading to clear pink; May and June. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### MONARDA (Bergamot)

Didyma Cambridge Scarlet (Oswego Tea). Crimson scarlet. Rosea (Bee Balm). Flowers of a rose color, and sweetly fragrant foliage; 18 inches: July to September.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### MYOSOTIS (Forget-Me-Not)

These are most effective when intermingled with Pansies, English Daisies or amongst summer-flowering perennials.

Palustris Semperflorens (Perpetual Flowering Forget-me-not). Blue with yellow throat; damp places; spread rapidly. 9 inches. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

### **NEPETA**

Mussini. An excellent plant for rock gardens being a compact grower and forming tufts of small violet-blue flowers during July and August. 3 for \$1.00; per doz., \$3.00; \$18.00 per 100.

**OENOTHERA** (Evening Primrose)

The evening Primroses are elegant subjects for growing in an exposed sunny position, blooming the greater part of the summer.

Missouriensis. Large golden-yellow. 1 foot. Youngi. Bright yellow flowers; 18 inches. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

**PACHYSANDRA** 

An evergreen trailing plant, with thick, glossy foliage forming a dense mat; one of the finest ground covers for either sunny or

Terminalis. Green; 6 to 8 inches high; small flower spikes of a grayish white, in May and June. 4 for \$1.00 (by P. P., \$1.20);

\$2.50 per doz.; per 100, \$15.00.

PENTSTEMON (Beard Tongue)

Barbatus Torreyi. Spikes of brilliant scarlet flowers; height, 3 to 4 ft.; June to August.

Digitalis. Large spikes of long purple-white flowers with purple throats, during June and July. 2 to 3 feet.

Gloxinoides, Sensation. A beautiful strain bearing spikes of large Gloxinia-like flowers in a great variety of bright colors, including rose, cherry, crimson, purple, lilac, etc. The plants grow 2 ft. high and bloom from early Summer till frost.

Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100,

\$18.00.

PHYSALIS (Chinese Lantern Plant)

Francheti. An ornamental variety of the Winter Cherry, forming dense bushes, about 2 feet high, producing freely its bright orange scarlet lantern-like fruits; highly interesting. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

PHYSOSTEGIA (False Dragon-Head)

One of the most beautiful of our midsummer flowering perennials, forming dense bushes 4 to 6 feet high, bearing spikes of delicate tubular flowers, not unlike a gigantic heather.

Grandiflora Vivid. A new variety growing from 18 to 24 inches high, bearing a profusion of bright violet-mauve flowers.

Virginica. Bright but soft pink.

— Alba. Pure white; very fine.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

PERPETUAL FLOWERING HARDY PINKS (Dianthus Allwoodi)

This is a most important addition to worth while perennials. They are perfectly hardy and flower continuously from early Spring until late in the Autumn. The flowers are much larger than the old type of Hardy Pinks and are borne on long stems Jean. Pure white with purple center.

Mary. Pale rose-pink with light maroon center.

Robert. Delicate shade of old rose with light maroon center. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

PINKS, HARDY GARDEN (Double) These old-fashioned favorites, bearing their clove-scented flowers during the spring and early summer, are splendid cut

blooms. Bright rose with maroon center. Elsie.

Essex Witch. Delicate pink, finely fringed.

Homer. Rosy-red with dark center.

Juliette. White laced crimson.

White Reserve. An everblooming variety, double pure white. 3 for \$1.00 (by P. P., \$1.29); \$3.00 per doz.; \$18.00 per 100.

PLATYCODON

(Balloon Flower or Japanese Bell Flower)

The Platycodons are closely allied to the Campanulas, and

form neat, branched bushes of upright habit.

Mrs. Ely says of them: "Do best if planted in early spring. They grow from 2 to  $2\frac{1}{2}$  feet high, and after the third season each plant will have from ten to twelve stalks covered with the lovely blue or white blossoms for nearly a month, beginning about July 10th. They are also free from attacks of insects, and if planted in good soil and well covered in late autumn with a litter of leaves or stable manure, will be found to be quite hardy." Grandiflorum. Deep blue cupped, star-shaped flowers.

- Album. A white-flowered form of the above.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00. PLUMBAGO (Lead-Wort)

Larpentae. One of the most desirable border and rock plants; it is of dwarf, spreading habit, growing 6 to 8 inches high, covered with deep blue flowers during the summer and fall months. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# MICHELL'S GIANT FLOWERING PEONIES

Next to Roses these are the most popular June flowers, and justly so, for they lend themselves to almost any style of planting, while for the little care required they give a variety of color and wealth of bloom unequaled by any other plant. Their requirements are few; they will succeed in any good garden soil in an open sunny position. Care should be taken, however, to keep all fresh manure away from the roots—if barnyard manure is used it must be thoroughly decomposed—if you are unable to procure this, Bone Meal makes a good fertilizer. Peonies may be planted any time after September 1st until the ground freezes in the Autumn, and in the early Spring until the season is too far advanced; the best time, however, is during September and October, as they make roots during the moist cool weather of the Autumn and consequently carry through the Winter in better shape. The roots should be set so that the top or upper eyes are about two or not more than three inches below the level of the soil; do not set the roots flat, but stand them up. For the best results Peonies should be planted from three to four feet apart each way, according to the space at your disposal; the ground around them should be well cultivated at all times and in the Spring after growth starts they should have an abundance of water if the season is at all dry. When cutting the flowers always leave one or two bottom leaves; it is best to leave a few flowers on the plant also, as it is of vital importance that sufficient foliage be left to develop the eyes under the ground for next season's growth. Newly planted roots may not develop a characteristic flower the first season, in fact it is usually not until the third year that perfect flowers true to description will be produced. Peonies are seldom troubled with any disease or insect pests; ants sometimes appear on the buds coming to gather a sweet gum which the bud exudes while developing; they will do no harm and will disappear when the flower opens.

Peony, Baroness Schroeder

Adolph Rousseau (Dessert & Mechin, 1890). Early midseason. Very tall strong grower with erect, stiff stems and large perfectly formed flowers; dark velvety red with garnet hues and a distinct metallic reflex. Very fine for the garden and especially desirable for landscape effects. Semi-double type. \$1.50 each.

Albert Crousse (Crousse, 1892). Bomb type. Large, well-formed flowers of soft shell pink with faint salmon tints. Vigorous grower with tall erect stems. Late. \$1.50 each.

Baroness Schroeder (Kelway). Rose type. Flesh white fading to milk white. Immense globular flowers of perfect form; of great lasting substance; ideal for cutting. Tall strong growth with rather light green foliage. Very free blooming, with exquisite rose fragrance that is most appealing. Does fine in southern localities. Late midseason. \$1.50 each.

Claire Dubois (Crousse, 1886). Rose-type; late midseason. Rich, clear satiny pink with glossy reflex. Some describe this as a glorified Mons. Jules Elie. \$1.50 each.

Couronne d'Or (Calot, 1873). Semi-rose type; late. Immense, very full imbricated flat flowers. Solid and compactly built; pure white with a ring of yellow stamens around a tuft of center petals tipped carmine. The whole flower glows with a delightful golden light, gaining the title of "Crown of Gold." Medium tall, robust grower and very free bloomer. 75c. each.

Edulis Superba (Lemon, 1824). Crown type; very early. Beautiful bright, clear mauve-pink with silvery reflex. Decoration day Peony. 75c. each.

Felix Crousse (Crousse, 1881). Rose type; late midseason. Rich, dazzling ruby-red without a tinge of purple, none better. \$1.00 each.

Festiva Maxima (Miellez, 1851). Rose type, early. The finest white in existence. Pure white with clear carmine spot on edge of center petal. 75c. each.

Grandiflora—Syn Henry Woodward (*Richardson*, 1883). Rose type. Very large flat bloom of bright sea-shell pink overlaid with salmon pink. Unusually fragrant; blooms in clusters. Strong tall erect grower. Its beauty, time of blooming and great reliability should commend it to everyone. \$2.00 each.

Georgiana Shaylor (Shaylor, 1912). Rose type. Large globular compact flower with wide graceful petals; flesh pink, changing to a very delicate whitish flesh color in the center. Tall compact erect strong grower and very free blooming. Late midseason. \$5.00 each.

Germaine Bigot (Dessert, 1902). Crown type. Very large compact flower, composed of broad petals. Color lilac rose, medium tall stems; very free. Midseason. 75c. each.

Grover Cleveland (Terry, 1904). Rose type. Very large and full dark crimson flowers. Strong vigorous grower with upright stems. Blooms in clusters; especially desirable on account of being practically the only late dark crimson. \$1.50 each.

Jubilee (*Pleas*, 1910). Rose type. Extremely large flat flower, having long narrow petals arranged loosely, giving a feathery effect. Buds show delicate opal tints, as they unfold the color changes to ivory white. Unlike other Peony buds, which are round, these are pointed like a rose. Fragrant; strong grower and free bloomer; long stems. A very distinctive variety and a great favorite. Midseason. \$3.00 each.

Karl Rosenfield (Rosenfield, 1908). Semi-rose type; midseason. Very large globular compact flower. Rich dark crimson in color. Very strong, tall compact grower and free bloomer. A brilliant and striking variety, attracting universal attention. \$1.50 each.

Lady Alexandra Duff (Kelway, 1902). An immense cup-shaped flower of rose type with wide imbricated petals. The color of the outer petals is delicate blush pink rapidly fading to lovely French white; central flower of rather flattened circular form; central petals have a touch of carmine. Lateral buds come in semi-double, waterlily-like flowers, exposing the anthers. Showy, fragrant, and very prolific. Robust, strong grower, thriving in all sections. \$2.50 each.

La Tendresse (Crousse, 1896). Rose type. Very full large flowers borne in clusters. Color, milk-white, sometimes splashed with carmine. Tall, strong grower, free bloomer and fragrant. Midseason. 75c. each.

Lord Kitchener (Renault, 1916). Rose type; very early. Color a brilliant cherry-red, a most dazzling hue. Free bloomer, strong grower. \$2.00 each.

NOTE—If Peonies are wanted by Parcel Post, add 10c. per root for postage.

# MICHELL'S GIANT FLOWERING PEONIES

- Mme. Emile Lemoine (Lemoine, 1899). Semi-rose type. Large, globular, compact flower. Color on first opening glossy-white overlaid with minute lilac dots. Tall, strong grower and free bloomer. Very beautiful and one of the finest white varieties. Midseason. \$1.00 each.
- Mme. Jules Dessert (Dessert, 1909). Rose type. Exquisite flowers of large size; broad delicate petals of translucent texture. Color creamy-white, overlaid with a sheen of delicate blush, with a pronounced pink center, intermixed with golden stamens. Strong vigorous stems of perfect habit. A charming variety and should be in every collection. Midseason. \$4.00 each.
- Mlle. Jeanne Riviere (Riviere, 1908). Guard petals deep flesh, gradually changing lighter. Center petals narrower and of a deep cream shade. Tall, strong stems making this an especially valuable variety for garden or mass effects. An abundant bloomer. Midseason. \$2.50 each.
- Marie Crousse (Crousse, 1892). Bomb type; enormous full globular blooms of very delicate shell pink, formed of rather incurved petals, interspersed with an irregular ring of yellow stamenoids. A very attractive flower and a strong vigorous grower. Midseason. \$2.00 each.
- Marie Jacquin (Verdier). Large globular semi-double flowers, but coming single on young plants, the laterals blooming about the same time as the terminal flowers. Color, glossy rose-white, blooming in midseason. Sometimes called the "Water Lily Peony" on account of the pleasing cupped form. A most interesting and charming variety, different from all others. 75c. each.
- Marquis C. Lagergren (Dessert, 1911). Semi-rose type; midseason. Large, bright velvety crimson with a distinct silvery border. One of the finest reds ever produced; especially good for mass planting. \$1.50 each.
- Mignon (Lemoine, 1908). Rose type; globular flowers of soft light rose passing to amber cream. Broad imbricated petals form perfectly double blooms, which are delightfully fragrant and standing well above the luxuriant light green foliage. Rather dwarf; midseason. \$6.00 each.
- Milton Hill (*Richardson*, 1891). Rose type; late. Flowers large, cupped, clear soft flesh color, turning nearly white in full sunlight before fading; one of the finest varieties in existence. \$6.00 each.
- Mons. Jules Elie (Crousse, 1888). Bomb type. Very large flower of ideal glossy shell-pink, shading to a deeper rose at the base, the entire flower overlaid with a sheen of silver; fragrant. Such a strong vigorous grower that it will produce enormous flowers on one year plants. Medium height, but very prolific bloomer. Early midseason. One of the most popular and meritorious varieties ever produced; excellent for both land-scape work and cut flowers. 75c. each.
- Mons. Martin Cahuzac (Dessert, 1899). Semi-rose type; midseason. A perfect solid ball of deep maroon with garnet hues and brilliant black luster. Claimed by some to be the darkest Peony in existence. Strong vigorous grower and free bloomer. A very distinct and handsome variety and one that will appeal to everyone desiring a dark colored Peony. \$4.00 each.
- Primevere (Lemoine, 1907). Bomb type. Large full blooms in clusters, with outer petals sulphur-white, center petals deep sulphur yellow. Tall, strong grower and free bloomer. Very fragrant and the yellowest Peony in existence. \$2.00 each.
- Reine Hortense—Syn. Pres. Taft (Calot, 1857). Midseason. Enormous, compact flowers of soft flesh color deepening to shell pink, center showing crimson splashes, sometimes faint stripes on the face of the petals. Well formed and very striking. Deliciously fragrant. A vigorous grower and profuse bloomer. Rose type. Fine for cut flowers and usually in bloom just about Decoration Day. \$2.00 each.
- Sarah Bernhardt (Lemoine, 1906). Semi-rose type; late midseason. Very large flower of perfect form, full and double, with twisted, imbricated petals. Golor apple-blossom pink with each petal silver tipped. Strong grower, free bloomer and very fragrant. One of the finest and most dependable Peonies ever produced, attracting attention in every garden. \$1.50 each.

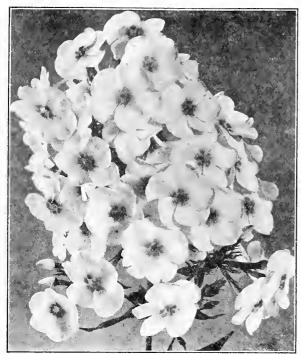

Peony, Mons. Jules Elie

- Solange (Lemoine, 1907). Rose type. A large, full compact flower of indescribable beauty. Color rare, deep orange salmon at the heart overlaid with a delicate tender reddish-brown, a most unique color combination. The plant is a strong, robust grower and very abundant bloomer. Midseason. \$5.00 each.
- Souv. de Louis Bigot (Dessert, 1913). Rose type; midseason. Color, Bengal-rose, turning to salmon-pink, with very bright silvery reflex. Vigorous upright grower. Fragrant. Very fine and scarce. \$4.00 each.
- Suzette (Dessert, 1911). Semi-rose type; midseason. Bengal-rose lightly shaded carmine purple with silvery reflex. Strong stems. Rare. \$1.00 each.
- Therese (Dessert, 1910). Rose type; very large flower of beautiful soft pink with a glossy reflex. Very fragrant, erect, strong, and amazingly free flowering. Blooms in clusters, flowers standing up well. Midseason. \$3.50 each.
- Tourangelle (Dessert, 1910). Rose type; late midseason. Pearly-white overlaid with delicate salmon and with shades of La France. Strong grower and free bloomer, very fragrant. Most unusual and beautiful coloring. \$3.00 each.
- Venus (Kelway, 1888). Pale hydrangea-pink, collar lighter. Fragrance fine. Exquisite pointed buds opening into large compact flowers; very fragrant. Valuable both as a cut flower and for garden planting; free bloomer. Midseason. \$1.00 each.
- Walter Faxon (Richardson, 1904). Semi-rose type. Large globular flowers of perfect form; bright rose-pink with salmon shadings. Sturdy robust grower, proudly bearing the beautiful flowers on tall, erect stems. A most distinctive sort of wonderful lasting qualities. Late. Very scarce and beautiful. \$5.00 each.

#### PEONIES IN COLORS

We can supply good strong roots in separate colors, or all colors mixed at prices quoted below. These should not be compared to the cheap mixtures sometimes offered at a low price, as they are for the most part choice varieties from which the labels have been lost, or have been mixed in planting. Some very choice Peonies will be found in these mixtures.

		Doz.	
Double Pink			
Double Red	.50	5.00	35.00
Double White	50	5.00	35.00

Hardy Phlox, Miss Lingard

# MICHELL'S SUPERB HARDY PHLOXES

Baron von Dedem. Deep pink, suffused orange; immense trusses. B. Comte. Brilliant rich French purple. Beacon. Brilliant cherry-red.

Deutschland. The brightest red Phlox ever introduced; a brilliant red with crimson eye.

Eclaireur. Brilliant rose-magenta, with lighter halo. Elizabeth Campbell. Bright salmon-pink, with lighter shadings and dark red eye.

Eugene Danzanvilliers. Delicate lavender; a very attractive and decorative color; immense flowers. The peer of its color. Europa. Blush white, with a large deep pink center; the flower truss is very large, while the florets are also of gigantic size.

Jules Sandeau. Dwarf; very large flowering; pure pink; extra fine variety.

Montagnard. Dark purple claret; large spikes and flowers.

Mrs. Jenkins. The best pure white.

Mrs. Milly Van Hoboken. Enormous trusses of bright pink flowers; very showy and outstanding.

Rheinlander. Deep salmon pink, with a distinct bright red eye.
Rheinstrom. A splendid new phlox with gigantic flowers of a Quite tall; continues in bloom till frost.

Thor. Deep salmon pink, suffused with scarlet; a white halo

surrounds the aniline red eye.

Price of all varieties Hardy Phloxes, extra strong roots which will flower the first season, 3 for \$1.00 (by P. P., \$1.15); \$3.00 per doz. (by P. P., \$3.30); per 100, \$16.00.

PHLOX SUFFRUTICOSA

Miss Lingard. Pure white, with a lilac eye; very early. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz. (by P. P., \$3.30); per 100, \$18.00.

PHLOX SUBULATA

Alba (Moss Pink). Moss evergreen-like foliage, tucking close to the ground and covered completely with white star-like flowers in May.

Lilacina. A beautiful shade of filac.

Rosea. The same as above but with pure pink flowers.

Vivid. A new introduction with bright rose colored flowers. Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz. (by P. P., \$3.30); per 100, \$18.00.

MISCELLANEOUS VARIETIES OF PHLOX

Amoena. A beautiful plant, with soft rose-colored flowers; one of the best for rockeries or borders; 4 inches high; April-May. Divaricata Canadensis. A patch of these makes a spring show hard to describe. The large heads of fragrant lavender flowers appear the latter part of April and in May. Price, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz. (by P. P.,

\$3.30); per 100, \$18.00.

#### ORIENTAL POPPIES (Papaver Orientale)

These are the royal representatives of this popular genus, growing about 3 feet high and far surpassing in magnificence of bloom all the other types. For a display of brilliant coloring nothing equals them during their time of flowering, May and June, whether planted singly or in masses. They are easy of culture, almost any kind of soil suits them, but they do best in a rich deep loam. Plant them in the fall or early spring before May 1st; give them water during dry spells the first season, and mulch with leaves a stable litter in the fall tracted in this may they will leaves or stable litter in the fall; treated in this way, they will increase in size and consequently freedom of bloom for years to come. After they have finished flowering the plants die back, but appear again in September, or as soon as the weather gets cool; during this resting period care should be taken when cultivating the beds that the roots are not disturbed.

Bracteatum. Rich blood-red.
Edna Perry. Unusually large blooms of a soft salmon-pink, produced with more than ordinary freedom. A strong vigorous

Goliath. One of the most effective; flowers of a rich scarlet.

Orientalis. Very large orange-scarlet flowers.

Mrs. Perry. A soft shade of salmon rose; a beautiful large flower. This variety should be in every garden. 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100, \$25.00.

#### NEW AND RARE ORIENTAL POPPY "WURTEMBERGIA"

One of the best red Oriental Poppies ever introduced; the color is a dark, lustrous, rich red and the flowers are the largest of any Oriental Poppy that we know. A distinct and worthwhile novelty and one that will be appreciated by lovers of good Poppies. Strong plants from 3 inch pots, \$1.00 each.

# NEW DOUBLE FLOWERING ORIENTAL POPPY "OLYMPIA"

We take pleasure in offering this as a most interesting and tanding novelty. The plant is of vigorous, compact growth, outstanding novelty. The plant is of vigorous, compact growth, attaining a height of about  $2\frac{1}{2}$  feet; the flowers, which are borne profusely are about 4 inches in diameter, when first opening full double but show a slight center with a bunch of stamens as they mature. The color is a brilliant scarlet overlaid with golden-salmon; a most beautiful combination.

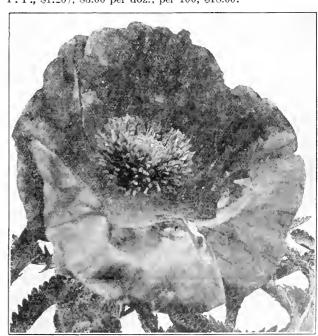

50 cents each; \$5.00 per doz.

### ICELAND POPPIES (Papaver Nudicaule)

The graceful foliage is surmounted with a mass of stems a foot high, which terminate in a beautiful cup-shaped flower. Blooms

the entire summer.

Orange, Yellow, White; each color separate. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Oriental Poppy

Hardy Primroses

# PRIMULA (Hardy Primrose)

One of the first of the early spring flowers. They delight in a rich soil, preferably in a semi-shaded location. Some of the varieties are richly colored, and are worthy of a place in every hardy garden. As a hardy border edging, as well as for rockery planting, it can be highly recommended.

Veris (English Cowslip). A mixture comprising the various shades of red and yellow; a splendid plant for the spring blooming garden.

Vulgaris (English Primrose). Beautiful light canary yellow; long flower stems with trusses.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### RANUNCULUS (Crowfoot Buttercup)

Acris Fl. Pl. A double flowered form of our common buttercup; 2 feet; May and June.

Repens Fl. Pl. (Bachelor's Buttons). A pretty double flowering bright golden buttercup, bearing masses of flowers during May and June.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### RUDBECKIA (Cone-Flower)

Indispensable plants for the hardy border; grow and thrive anywhere, giving a wealth of bloom, which are well suited for cutting.

Golden Glow. A well-known popular plant: a strong, robust grower, attaining a height of 5 to 6 feet, and produces masses of double golden-yellow, Cactus Dahlia-like flowers from July to September.

Newmani. Dark orange-yellow flowers, with deep purple cone; good stiff stems; 3 feet high; July to September.

Purpurea (Giant Purple Cone-flower). Flowers about 4 inches across, of a peculiar reddish purple with a remarkably large cone-shaped center of brown; forms bushy plants 3 feet high and blooms from July to October.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### A LITTLE BOOK OF PERENNIALS

A valuable work on the general principles of growing, using and propagating old-fashioned hardy perennial plants. Price, \$1.50.

Pyrethrum Hybridum

## PYRETHRUM HYBRIDUM

A good old-fashioned perennial resembling colored daisies, blooming in June. They will succeed in any good garden soil in a sunny position and do best when left undisturbed for 2 or 3 years, but they should be given an annual top dressing of well-rotted manure.

Single Flowering. Mixed colors only, ranging from pure white to dark red. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

### PYRETHRUM (Giant Daisy)

**Uliginosum.** Grows 3 to 4 feet high and is covered with large white Daisy-like flowers, 3 inches in diameter, from July to September. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### **ROCK GARDEN PLANTS**

A complete list will be found on pages 122 and 123.

Rudbeckia Purpurea

# SALVIA (Meadow-Sage)

Perennials with strikingly beautiful, orchid-like bloom, that make them welcome in the herbaceous border. Leaves are used in medicine and for the kitchen.

Azurea Grandiflora (Rocky Mountain Sage). Sky-blue flowers in greatest profusion during August and September; 6 feet.

Pitcheri. Similar to Azurea but of more branching habit and

larger flowers of rich Gentian blue; 3 to 4 feet.

Virgata Nemorosa. An interesting plant for the hardy border; flower spikes bear many-flowered whorls of dark blue blossoms: the unexpanded buds are light violet blue, forming a pleasing color combination. It continues in flower for about six weeks during the early summer months; 18 inches.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# SAXIFRAGA (Megasea)

Very useful plants, growing about 12 inches high, having broad, deep green foliage and thriving in any soil in almost any position. The pretty rose-pink flowers which appear very early in the spring, almost as soon as the frost is out of the ground, make this a valuable addition to the hardy garden. Makes an excellent plant for the front of the hardy border, or in the front

of shrubbery.
Cordifolia. Rosy-pink flowers. Crassifolia. Light pink flowers.

Hamalaicus. Bright rosy-pink flowers.

Extra strong plants, 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100, \$25.00.

#### **SCABIOSA**

The hardy variety is even more wonderful and of greater beauty than the annual sort, commonly called Mourning Bride. The flowers are gigantic, measuring frequently 3 inches and more in diameter. It delights in a sunny position, and is a cut flower

refew perennials can equal. It lasts a long while in water; the average height is about 2½ feet. Very free flowering.

Caucasica (Blue Bonnet). A delicate shade of lavender blue, starting in flower in June and lasting well through the summer.

Caucasica Alba. White. Like the above, except the color. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### SENECIO (Groundsel)

Pulcher. Forms a neat tuft of foliage from which springs up from July to October, a succession of 2 feet high stems, with clusters of brilliant, rosy purple flowers, of good size. \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Scabiosa Caucasica

Sedum Spectabile, Brilliant

### SEDUM (Stonecrop) **DWARF VARIETIES**

Suitable for the rockery and covering of graves, etc.

Acre (Golden Moss). Much used for covering graves; has green foliage and bright yellow flowers.

Album. Dark green foliage with pure white flowers in June. Sieboldi. Round succulent glaucous foliage with bright pink

flowers during August and September. Stahli. A compact growing variety with crimson tinted foliage in Autumn.

#### **ERECT GROWING VARIETIES**

Useful and pretty plants for the border, producing their interesting flowers during the late Summer and Fall.

Maximum Atropurpureum. Handsome purple foliage with salmon-pink flowers during August and September; 12 to 18 inches.

A pretty erect growing variety with broad, light Spectabile. green foliage and immense heads of showy rose colored flowers during the Autumn; 18 inches.

-"Brilliant." A rich colored form of the above, being a bright amaranth red.

Prices of any of the above Sedums, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### SOLIDAGO (Golden Rod)

Golden Wings. The finest of the Golden Rods; very showy; 5 feet high, with immense panicles of bright golden yellow flowers from July to September. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# SPIRAEA (Goat's Beard, Meadow Sweet)

Elegant border plants with feathery plumes of flowers and neat, attractive foliage; succeed best in a half-shaded location in rich, moist soil.

Filipendula (*Dropwort*). Numerous corymbs of white flowers on stems 15 inches high, during June and July; pretty fern-like foliage.

Palmata (Crimson Meadow Sweet). One of the most beautiful hardy plants; the deep purple red of the stems and branches passing into the crimson purple of the broad corymbs of flowers, which are produced very freely during June and July. 3 feet.

Ulmaria Fl. Pl. (Meadow Sweet). Double white flowers during July and August; 3 feet. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$20.00.

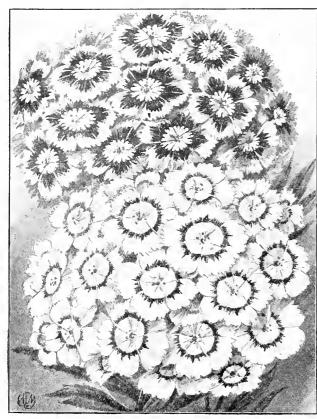

#### **STATICE** (Sea Lavender)

Latifolia (Great Sea Lavender). Handsome plants with heads of dark blue flowers; invaluable for cutting, the flowers when dried, lasting for months. 1 to 2 feet. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### STOKESIA (Cornflower Aster)

The flower has the appearance of combining a giant cornflower and an aster. Plants are 18 inches high and are of spreading habit, blooming from June until frost. Succeeds in most any location.

Cyanea Alba. Pure white. Cyanea Alba. Pure white. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Single Sweet William

### SWEET WILLIAM (Dianthus Barbatus)

This plant occupies a foremost position, producing, early in spring, quantities of bloom which make a grand effect, for just when they are in flower it is generally too soon for other perennials.

For wild garden effect, Sweet Williams occupy first place.

Michell's Prize Mixture. In all colors.

Pink Beauty (Sometimes called Newport Pink). A splendid shade of salmon with immense flower trusses. When massed it is a striking feature of the perennial garden; an extra fine novelty. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

# THALICTRUM (Meadow Rue)

Adiantifolium. A beautiful variety, with foliage like the Maiden Hair Fern and miniature white flowers in June and July; 1½ to 2 feet.

Aquilegifolium. Graceful foliage like that of a Columbine and rosy-purple

flowers from May to July; 2 to 3 feet. ipterocarpum. This beautiful species is yet but little known but we conjuterocarpum. Dipterocarpum. sider it one of the gems of the garden. It makes an ideal cutflower, its graceful sprays are borne on branches about four feet high; the flowers are of a charming shade of violet-mauve which is brightened by a bunch of lemonyellow stamens and anthers.

Intermedium. Pale yellow flowers in July; 2 feet.
3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

### THYMUS (Thyme)

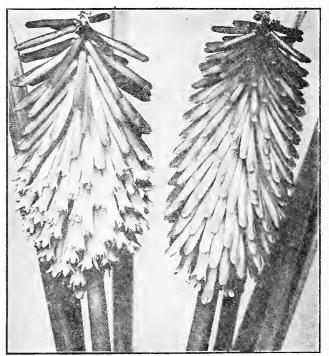

Citriodorus Aureus. The golden-leaved lemon-scented Thyme.
Lanuginosus (Wooly-leaved Thyme). Greyish foliage with rosy-lilac flowers.
Serpyllum Album (White Mountain Thyme). Forms dense mats of dark green foliage and clouds of white flowers during June and July; 3 to 4 inches. Coccineum (Scarlet Thyme). Dark green foliage with bright red flowers. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

TRILLIUM (Wood Lily, or Wake Robin)

Excellent plants for shady positions in the hardy border, or in a sub-aquatic position, flowering in early spring; 12 to 18 inches. Grandiflorum. The largest white; probably the handsomest. 4 for \$1.00 (by P. P., \$1.20); \$2.50 per doz.; per 100, \$15.00.

# TROLLIUS (Globe Flower)

Europaeus. Desirable free-flowering plants, producing their giant bright yellow, Buttercup-like blossoms on stems 1 to 2 feet high from May until August; succeeds admirably in the border in a half shady position in well drained, preferably light soil. 3 for \$1.00 (by P. P., \$1.20); \$3.50 per doz.; per 100, \$25.00.

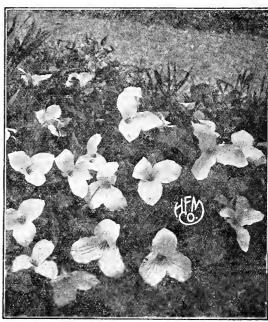

Tritoma, Pfitzerii

#### TRITOMA

(Red-hot-Poker, Flame Flower or Torch Lily)

Pfitzerii (The Everblooming Flame Flower). The early, free and continuous blooming qualities of this variety have made it one of the great bedding plants, and when we consider that there are few flowering plants which are suitable for massing under our severe climatic conditions, it is little wonder that such an elegant subject should become so popular. Succeeds in any ordinary garden soil, but responds quickly to liberal treatment; hardy if given protection, but the most satisfactory method of wintering is to bury the roots in sand in a cool cellar. In bloom from August to October, with spikes 3 to 4 feet high, and heads of bloom of a rich orange-scarlet, producing a grand effect either planted singly in the border or in masses. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

Trillium

## MICHELL'S HARDY PERENNIAL PLANTS

### VALERIANA (Valerian)

Officinalis (Hardy Garden Heliotrope). Produces during June and July showy heads of rose-tinted white flowers, with heliotrope odor, 3 to 4 feet. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

## VERONICA (Speedwell)

A large and much cultivated group of blue-flowered perennials, great favorites in the hardy garden. The taller forms are very pretty border plants, while the more dwarf spreading forms are well adapted to the rockery. Unexcelled for cutting purposes.

Amethystina. Amethyst-blue flowers on short spikes; one of the best; 2 feet; May to June.

ncana. Bright silvery foliage with spikes of Amethyst-blue flowers during July and August; 12 inches. Incana.

Longifolia Subsessilis (Japanese Speedwell). It is the handsomest blue-flowered plant we know of, growing to a height of two feet and completely studded with its spikes of blue flowers, which are fine for cutting. It is perfectly hardy and increases in strength and in beauty each succeeding year. 2 feet; August to October.

Rupestris, True Blue. Literally covers itself with blossoms of

intense blue during June and July; 1 foot.

Spicata. Long spikes of bright blue flowers during June and July; 18 inches. An excellent border plant.

3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

#### VINCA

#### (Periwinkle or Trailing Myrtle)

It is often a perplexing problem to find the plant that will do well in a dense shade; right there is where Vincas of the hardy class should be employed, also in lawn plantings under trees, in woodlands and on spots it is desired to cover where no grass will grow. It is valuable for planting on cemetery lots by reason of its dwarf creeping habit. The foliage is green all winter.

Minor. Green foliage, lavender flowers. Extra strong plants, 4 for \$1.00 (by P. P., \$1.20); \$2.50 per doz.; per 100, \$15.00.

## YUCCA (Adam's Needle)

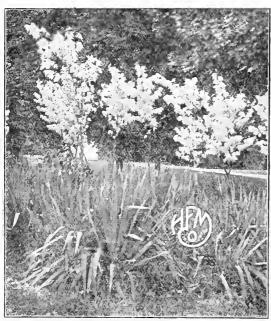

This plant sets off to best advantage if used as individual specimens, either on the lawn or in the shrubbery border. The foliage is of an evergreen nature, is slender and pointed. The tall flower-spikes rise 4 to 5 feet above the plant and are decked with cream-white bell-shaped drooping flowers during July and August.

A majestic plant, especially fine for producing tropical effects.

Filamentosa. White, with reflexed flower bells. Extra strong plants, 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100,

\$18.00.

Variegata. A beautifully variegated form of the above, having a central stripe of green with a border of golden-yellow. \$1.00 each.

Yucca Filamentosa

Veronica, Longifolius Subsessilis

#### **VIOLAS, OR TUFTED PANSIES** (Viola Cornuta)

The improved forms of Viola Cornuta are one of the important bedding plants of Europe, and are rapidly growing in favor here; and while their flowers are not so large as those of the Pansy their bright colors and free-flowering qualities make them welcome additions to any garden.

Apricot Queen. Apricot yellow tinged with orange.

Blue Perfection. Deep purplish-blue.

White Perfection. A fine white.

4 for \$1.00 (by P. P., \$1.20); \$2.50 per doz.; \$15.00 per 100.

NEW VIOLA (Jersey Gem)

Without a doubt the best bedding Viola yet introduced, being most suitable to our climatic conditions, doing well in any good garden soil, but for best results should have full sunlight; under such conditions it will flower continuously from April until heavy frost. The plant is of compact growth; flowers of pure violet on stems about 6 inches long, making it valuable for cutting as well as a most attractive border plant. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$20.00.

#### WALLFLOWERS

The old fragrant favorite; mixed colors, including yellow, brown, etc. 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18,00.

#### MICHELL'S COLLECTIONS OF HARDY **PERENNIALS**

We offer customers who are not acquainted with the different sorts the following collections, at greatly reduced prices, all good, strong plants, which once established will, with little care, keep the garden gay with flowers from the time frost leaves the ground until late in the autumn.

These collections are according to our own selections at prices named.

For Sunny, Shaded or Partially Shady Perennial Border. Collection

No. 1.

- 12 Hardy Perennials in a good assortment for \$2.50.
- 25 Hardy Perennials in a good assortment for \$5.00.
- 50 Hardy Perennials in a good assortment for \$8.00.

100 Hardy Perennials in a good assortment for \$15.00. When ordering give number and collection wanted and state if for sunny or partially shaded position.

## MICHELL'S ROCK GARDEN PLANTS

Rock gardens are yearly increasing in popularity, as rockery building is a fascinating pastime and if one has only a few square yards of ground this will be found sufficient to grow quite a variety of plants, affording a great deal of pleasure in caring for them and watching the rockery develop.

One of the most interesting points of the rockery or rock garden is that each of us may build it according to our own ideas, pro-

viding it is correctly built as to drainage and the proper placing of the rocks in order to keep the soil in place.

The rock garden may be of any size from an unpretentious mound of soil with rocks cropping out here and there, to a miniature mountain range or a rock strewn valley with a small stream running through the center. Before building the rock garden, the location should be selected in an open sunny place or one in partial shade, according to the variety of plants desired; some do best in full sunlight while others require some shade. In either location the ground must be well drained.

The next step is to plan the rockery as to size and shape. Do not use too much stone, too little is better than too much, and use stones of a good size; small stones are of no use except for filling in or drainage. Place the stones so that they will keep the soil

from washing when watering or during heavy rains.

Place the plants in the pockets of soil or in the open spaces between the rocks. Be sure, however, that the soil is firm around the roots of the plants. Below will be found a list of plants we offer suitable for rock garden planting.

ACHILLEA-Millefolium Cerise Queen (Rosy Milfoil). Finely

cut, deep green foliage; flowers cherry red in dense heads.

- Ptarmica Boule de Neige (Ball of Snow). An improvement on The Pearl; the flowers are of more perfect form.

The Pearl. A mass of double pure white flowers throughout the entire Summer; one of the best for cutting.

— Tomentosa (Wooley Yarrow). Handsome cut foliage with bright yellow flowers. June; 12 inches.

ALYSSUM—Saxatile Compactum. Grows about 10 inches

high and producing in May masses of golden yellow flowers.

Anchusa Myosotidiflora. A distinct dwarf variety from the Caucasican Mountains, with clusters of pretty blue forget-menot like flowers, in May. 12 inches. 3 for \$1.00; \$3.50 per doz.; per 100, \$25.00.

ANEMONE—Hupehensis. Grows from 10 to 12 inches in height and is wonderfully free flowering from early August until late Autumn. A pleasing mauve-rose.

- Pulsatilla. An interesting plant for the rockery or border, producing violet or purple flowers, during April and May; 9 to 12 inches.

AQUILEGIA-Michell's Long Spurred Hybrids. The flowers of largest size vary in color through charming tones of cream, pink, lavender, blue, white, red, etc.
- Canadensis (Common American Columbine).

bright red and yellow variety, and one of the brightest.
- Chrysantha (Golden Columbine). Bright yellow, long-spurred

Coerulea (Rocky Mountain Columbine). Bright blue and white long-spurred flowers.

Nivea Grandiflora. A fine white, strong growing and very free flowering.

-Rose Queen. A newer variety of a pleasing shade of delicate pink, long-spurred flowers.

Vulgaris (Common European Columbine). Violet blue.

ARABIS-Alpina (Rock Cress). One of the most desirable of the very early spring-flowering plants, completely covered with pure white flowers. Lasts for a long time in bloom.

ARMERIA. Attractive dwarf plants forming evergreen tufts from which appear innumerable flowers on stiff, wiry stems.

— Laucheana Rosea. Bright rose. — Laucheana Alba. White.

ASCLEPIAS—Tuberosa. Very showy native plants, producing their flowers of brilliant orange-scarlet during July and August. ASTER-Alpinus. Grows 6 to 10 inches high and bears large,

showy bluish-purple flowers in May and June.

Alpinus Albus. Identical to the above, but with pure white

Mauve Cushion. It forms a circular cushion-like plant with flowers of delicate, soft mauve which are produced in such lavish profusion as to completely cover the plant; blooms in October and November. 3 for \$1.00; \$3.50 per doz.; per 100, \$20.00.

- Sub-coeruleus. Forms a dense tuft of leaves from which spring many leafless stems 12 inches high, bearing in June and July large, bluish-violet flowers.

CAMPANULA—Carpatica (Carpathian Hare-bell). A pretty compact growing variety with flowers of clear blue on erect wiry stems, from July until October. An ideal edging for the border or rockery.

Alba. A pure white form of the above.

CERASTIUM—Tomentosum (Snow in Summer). A desirable low-growing plant; silvery foliage and pure white flowers in June. CHRYSANTHEMUM—Arcticum (The Arctic Daisy). One of

the most attractive fall-flowering perennials. It forms a rosette-like clump of pretty dark green foliage and early in the Fall sends up multitudes of large pure white flowers, which continue throughout October and frequently into November.

Price, any of the above (except where noted), 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

## MICHELL'S ROCK GARDEN PLANTS

DELPHINIUM-Chinense. A very pretty dwarf species, with fine feathery foliage and intense gentian-blue flowers.

— Album. A pure white form of the above.

DIANTHUS (Pinks)—Deltoides (Maiden Pink). A continuous flowering variety with pink flowers.

- Deltoides Alba. White flowers.

- Latifolius Atrococcineus Fl. Pl. (Everblooming Hybrid Sweet William). A splendid variety with brilliant crimson, double flowers. Blooms continuously during the entire season.

DIELYTRA—Eximea (Fringed Bleeding Heart). A dwarf variety

with ornamental cut foliage and showy pink flowers from April

until August.

EUONYMUS—Radicans. Green foliage.
—Variegata. Leaves are variegated; otherwise like the above variety.

-Vegeta. This plant ranks favorably with English Ivy, it is evergreen and produces an orange-colored berry, which remains on the plant the most part of the winter.

EUPHORBIA—Corollata (Flowering Spurge). A very desirable native plant, growing about 18 inches high and bearing from June to August umbels of pure white flowers with a small green eye.

HARDY FERNS-Adiantum Pedatum (Maidenhair Fern). 12 inches.

Aspidium Acrostichoides (Christmas Fern). 12 inches.
 Goldianum (Shield Fern). 24-36 inches.

- Asplenium Filix Foemina (Lady Fern). 12-15 inches.

- Cystopteris Bulbifera (Bulblet Bladder Fern). 24 inches.
- Dicksonia Punctilobula (Gossamer Fern). 18 inches.

- Onoclea Struthiopteris (Ostrich Fern), 24-36 inches.

- Sensibilis (Sensitive Fern). 12 inches.

- Osmunda-Cinnamonea (Cinnamon Fern), 24 inches. - Claytoniana. 24 inches.

— Woodsia Illvensis. Excellent for rock-work requiring little soil and thriving best in the sunniest corner. 6 inches.

GEUM—Coccineum Mrs. Bradshaw. Twice the size of the old double scarlet with huge frilled petals. 6 to 10 inches.

Lady Stratheden. Exactly the same habit of growth as Mrs.

Bradshaw, but producing large, double golden yellow flowers. GYPSOPHILA—Repens. A beautiful trailing plant for the rockery with clouds of small pink and white flowers during

July and August.

HELIANTHEMUM-Perry's Hybrids (Rock or Sun Rose). Low growing evergreen plants, forming broad clumps, which during their flowering season, July to September, are hidden by a mass of bloom. Very suitable for the front of the border, the rockery or a dry sunny bank.

HEUCHERA-Sanguinea. Bright crimson flowers, borne in graceful sprays; excellent for cutting. 3 for \$1.00; \$3.50 per doz.;

per 100, \$20.00.

IBERIS-Sempervirens. Pure white flowers; 1 foot.

IRIS CRISTATA (Crested Dwarf Iris). A tiny native species growing from 4 to 6 inches high with delicate, richly marked pale lilac flowers, blooms late in May and June.

IRIS PUMILA—Cyanea. Rich violet purple.
— Floribunda. Creamy yellow.

- Schneekuppe. Pure white.

LINUM-Perenne. A desirable plant for the hardy border or rockery; light graceful foliage and large blue flowers all summer.

LYCHNIS-Viscaria. Forms a dense tuft of evergreen foliage, and in June send up spikes of handsome, double deep red flowers.

LYSIMACHIA—Nummularia (Creeping Jenny, or Money-wort). Valuable for planting under trees or shrubs where grass will not grow, where it quickly forms a dense carpet.

MERTENSIA—Virginica (Blue Bells). An early spring flowering plant growing 1 to 11/2 feet high with drooping panicles of handsome light blue flowers fading to clear pink; May and June. MYOSOTIS-Palustris Semperflorens (Perpetual Flowering Forget-me-not). Blue with yellow throat; damp places. NEPETA—Mussini. A compact grower, forming tufts of small

violet-blue flowers during July and August.

OENOTHERA—The evening Primroses are elegant subjects for growing in an exposed sunny position.

Missouriensis. Large golden-yellow. 1 foot.
Youngi. Bright yellow flowers. 18 inches.

PHLOX—Amoena. A beautiful plant, with soft rose-colored flowers in April or May. 4 inches high.

show hard to describe. The large heads of fragrant lavender flowers appear the latter part of April and in May.

PHLOX SUBULATA—Alba (Moss Pink). Moss evergreen-like foliage, tucking close to the ground and covered completely with white star-like flowers in May.

- Lilacina. A beautiful shade of lilac.

- Rosea. The same as above but with pure pink flowers.

Vivid. A new introduction with bright rose colored flowers.
 HARDY PINKS—Elsie. Bright rose with maroon center.
 Essex Witch. Delicate pink, finely fringed.

Homer. Rosy-red with dark center.

Jean. Pure white with purple center.
Mary. Pale rose-pink with light maroon center.

Robert. Delicate shade of old rose with light maroon center.

White Reserve. An everblooming variety, double pure white. PLUMBAGO—Larpentae. One of the most desirable border and rock plants; it is of dwarf, spreading habit, growing 6 to 8 inches high, covered with deep blue flowers during the summer and fall.

PRIMULA—Veris (English Cowslip). Various shades of red and yellow; a splendid plant for the spring blooming garden.
-Vulgaris (English Primrose). Beautiful light canary yellow;

long flower stems with large trusses.

RANUNCULUS—Repens Fl. Pl. (Bachelor's Buttons). A pretty double flowering, bright golden buttercup, bearing masses of flowers during May and June.

SAXIFRAGA—Cordifolia. Rosy-pink flowers.
— Crassifolia. Light pink flowers.

— Hamalaicus. Bright rosy-pink flowers.

2 for \$1.00; \$5.00 per doz.; per 100, \$40.00.

SEDUM—Acre (Golden Moss). Much used for covering; has green foliage and bright yellow flowers.

Album. Dark green foliage with pure white flowers in June. Sieboldi. Round succulent glaucous foliage with bright pink flowers during August and September.

— Stahli. A species with compact crimson foliage in the Autumn. STATICE—Latifolia (Great Sea Lavender). Handsome plants

with heads of dark blue flowers; invaluable for cutting.

STOKESIA—Cyanea. Very light blue.

Cyanea Alba. Pure white.

THYMUS—Citriodorus (Lemon-Scented Thyme).

Languinosus (Wooley Leaved Thyme). Grayish foliage and rosy-lilac flowers.

Album (White Mountain Thyme). Forms dense mass of dark green foliage and clouds of white flowers, during June and July. 3 to 4 inches.

- Coccineum. Plants become completely covered with brilliant crimson-scarlet flowers.

- Rupestris, True Blue. Literally covers itself with blossoms

of intense blue during June and July. 12 inches.

TRILLIUM—Grandiflorum (Wood Lily, or Wake Robin). The largest white; probably the handsomest. 4 for \$1.00; \$2.50 per doz.; per 100, \$15.00.

VERONICA-Incana. **ERONICA**—Incana. Bright silvery foliage with spikes of Amethyst-blue flowers during July and August; 12 inches.

-Spicata. Long spikes of bright blue flowers during June and July; 18 inches. An excellent border plant.

VINCA—Minor. Green foliage, lavender flowers. Extra strong

plants.

Price, any of the above (except where noted), 3 for \$1.00 (by P. P., \$1.20); \$3.00 per doz.; per 100, \$18.00.

## FOR SEEDS SUITABLE FOR ROCK GARDENS, SEE PAGE 11.

## TUFA ROCK

#### For Building Rock Gardens

This material, which is a volcanic rock, is extremely ornamental both in form and texture, extraordinarily porous, light, easy to arrange, and in many ways desirable. Its cost is not prohibitive for use in a small rock garden, especially where a picturesque or Japanese effect is desired. Per 100 lbs., \$3.50; \$16.25 per 500 lbs.; ½ ton, \$30.00; \$57.50 per ton.

## BOOK ON ROCK GARDENS

By F. F. Rockwell

You can have a rock garden at small cost and great enjoyment to yourself if you use this book. Its text and illustrations show how to pick the location, construct, use water features and prepare the soil. There are handy classified lists of plants to use, including bulbs and evergreens. Price, \$1.00.

## 124 MICHELL'S CLIMBING PLANTS AND VINES

Vines play an important part in the landscape of the home. There are so many purposes they fill that we cannot recommend too highly their general use.

AKEBIA—Quinata. Quick-growing vine; small, fine-lobed, half-evergreen leaves, and purplish brown or chocolate-colored flowers, which have a delicious odor. This plant is highly desirable where a dense shade is not desired. Extra strong plants, 75c. each (by parcel post, 90c.); 6 for \$3.25; 12 for \$6.00.

AMPELOPSIS—Quinquefolia (Virginia Creeper). The large handsome, dark green leaves are deeply cut into five lobes. In the autumn the foliage turns a beautiful rich crimson; especially adapted to covering tree stumps and trunks. Extra strong plants, 50c. each (by parcel post, 65c.); 12 for \$5.00.

AMPELOPSIS—Veitchii (Boston Ivy). The popular climber for brick and stone buildings and walls. The leaves are a beautiful deep green which in the autumn turn to a coppery red. Strong plants, 50c. each (by parcel post, 65c.); \$5.00 per doz.

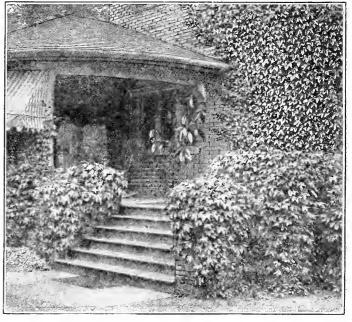

ARISTOLOCHIA—Sipho (Dutchman's Pipe). Handsome light green leaves, giving a quick, dense shade. The brown flowers are shaped like the bowl of a pipe. Large plants, \$1.00 each (by parcel post, \$1.15).

BIGNONIA—Grandiflora (Trumpet Vine). A strong-growing vine, with rich green foliage and trumpet-shaped flowers; free-flowering; dark red, throat shaded orange. Strong plants, 75c. each (by parcel post, 90c.).

CELASTRUS SCANDENS (Bittersweet or Waxwort). A vine of rapid growth. In the early summer it produces yellow flowers, which by autumn have turned to bright, orange-colored fruits, with red markings. Extra strong plants, 50c. each (by parcel post, 65c.).

Non-Warranty on Clematis

The large flowering types of Clematis those marked \* are injured very easily often when being tied up, by animals and otherwise. We ship these plants in perfect order, after which we must respectfully ask our customers to relieve us of any responsibility in the matter of them growing or thriving.

Ampelopsis Veitchii

#### **CLEMATIS**

This family of Climbing Plants are probably more popular than any other. Some of the small flowering varieties are exceedingly fragrant. The large flowering types make a glorious effect on account of their gigantic blooms and striking appearance. All Clematis delight in plenty of sunlight, rich soil and plenty of water in dry weather. Great care should be exercised in planting the large-flowering varieties. During the process of transplanting, the stem is likely to get broken below the eye shoots, which would

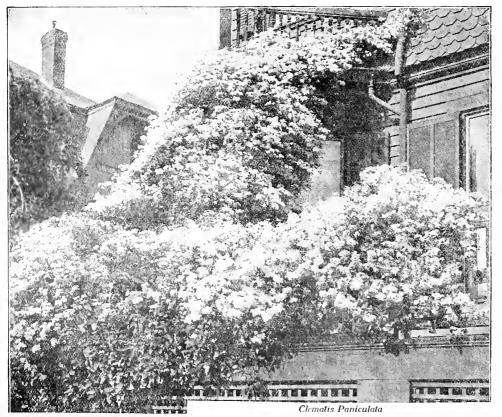

render the plant useless. To guard against this, place a few stakes around the plant to protect it after planting. In the winter put a covering of straw, long manure, or leaves around the roots.

\*Henryi. Creamy white; large single flowers, borne in great profusion. Extra strong pot-grown plants, 75 each (by parcel post, 90c.).

\*Jackmanni. Violet-purple; intensely colored, gigantic flower. Extrastrong pot-grown plants, 75c. each (by parcel post, 90c.).

\*Mad. Edouard Andre. Velvety red. Flowers are well formed and of great substance; the blooms are gigantic. Extra strong pot-grown plants, 75c. each (by parcel post, 90c.).

Paniculata (Japanese Virgin's Bower). A strong, luxuriant grower, with light green foliage. At the close of August innumerable starlike flowers cover the vine in a sheet of fragrant white. Strong plants, 3 for \$1.00 (by P. P., \$1.15); \$3.00 per doz.; per 100, \$18.00. Extra strong plants, 2 for \$1.00 (by P. P., \$1.15); \$5.00 per doz.; per 100, \$35.00.

## MICHELL'S CLIMBING PLANTS AND VINES

NOTE-Please read carefully instructions on page 96 before ordering plants.

CINNAMON VINE. Free growing climber, with small white flowers deliciously scented; makes a quick, dense shade. These can be mailed. Extra strong roots, 10c. each; per doz., \$1.00; (by P. P., \$1.10); \$7.50 per 100.

COBAEA—Scandens (Annual). A beautiful blue, cup-shaped flowering annual climber; very desirable for lattice covering, etc. Extra strong plants, 4-in. pots, 40c. each (by P. P., 55c.);

6 for \$2.25; per doz., \$4.00. EUONYMUS—Radicans. Self-clinging vine, suitable for covering walls, stumps or rockeries, or wherever a vine of slow growing habit is desired; green foliage.

-Variegata. Leaves are variegated; otherwise like the above

This plant is regarded far too little in importance; - Vegeta. a strictly A-1 variety for climbing stone walls of buildings or otherwise; it ranks favorably with English Ivy, it is evergreen and does not winter kill. The foliage is larger than that of the type Radicans, and the plant produces an orange-colored berry, which remains on the plant the most part of the winter. Euonymus Vegeta should be planted more extensively than it is. Extra heavy plants.

Price of any of the above Euonymus, strong plants, 3 for \$1.00 (by P. P., \$1.15); \$3.00 per doz.; per 100, \$18.00.

HONEYSUCKLE. This favorite requires very little comment

or description, always yielding a wealth of fragrant bloom.

-Chinese Evergreen. Yellow and white variegated flowers; very fragrant; blooms the entire season.

- Halliana (Hall's Honeysuckle). Flowers pure white, turning to yellow; hardy evergreen; flowers from June until frost.

- Red Coral or Scarlet Trumpet. Bright red trumpetshaped flowers. Blooms all summer.

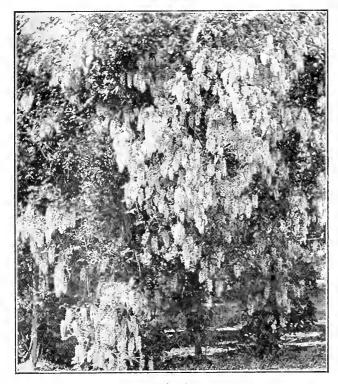

- Variegated (Aurea Reticulata). Foliage beautifully mottled

yellow and green; flowers white and yellow.

Price of any of the above Honeysuckles, strong plants, 50c.

each (by P. P., 60c.); \$5.00 per doz.; per 100, \$35.00. HOP VINE (Japanese). A rapid grower, with dark green foliage, and bearing a profusion of seed-pods, suitable for many domestic purposes. Strong pot plants, 35c. each (by P. P., 45c.); 3 for \$1.00; doz., \$3.00.

IVY (English). This is an invaluable plant for covering brick and stone walls and buildings. It rarely ever dies out and needs no attention. 4-in. pot-plants, 60c. each (by P. P., 75c.); per doz., \$5.00; \$40.00 per 100. 6-in. pot-plants, \$1.50 each; doz., \$15.00.

Wistoria

KUDZU (Pueraria). This vine grows a foot a day and makes a dense covering; exceedingly attractive. Towards the end of summer produces small, rosy-purple flowers. 35c. each (by P. P., 45c.); doz., \$3.50; \$25.00 per 100.

LATHYRUS (Hardy Pea). This is a splendid plant for training

on pillars, columns and similar places; it flowers during the greater part of the summer, and is a really splendid cut flower,

lasting well, and very effective.

Latifolius. Rich red.

Pink Beauty. Beautiful rose pink.
White Pearl. Pure white, giant flower trusses. Price of Lathyrus, strong plants, 3 for \$1.00 (by P. P., \$1.20);

\$3.00 per doz.; per 100, \$20.00.

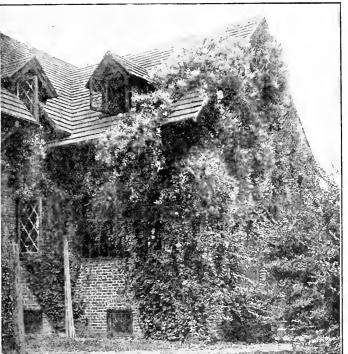

LYCIUM (Matrimony Vine)—Barbarum. A dense growing climber, somewhat shrubby in nature. In late summer the small purple flowers are followed by a crop of rcd berries, which remain until late winter. Extra heavy plants, 50c. each (by P. P., 60c.); \$5.00 per doz.

MADEIRA OR MEXICAN VINE. The tubers if planted deep and protected during the winter are hardy. The leaf is very deep green, and grows very dense; the flower is very small, white in

color. Strong roots, 10c. each (single roots, mailed free); per doz., \$1.00 (by P. P., \$1.10); \$7.50 per 100 by express.

MOON VINE—Noctiflora (Annual). A pure white variety, blooming toward evening and in the forenoon; the flowers are frequently 6 inches in diameter. Extra strong plants, 40c. each

(by P. P., 55c.); doz., \$4.00.

Polygonum Auberti

#### POLYGONUM

Auberti. For porches, lattice work, fences, pergolas and buildings. A useful vine which is perfectly hardy and free from disease or pests. It is quick growing, a small plant will make twenty-five to thirty feet of growth the first summer; snowy white flowers, borne in long clusters, which turn rose color with age. The foliage is clean looking and apart from its wonderful flower effect will please everyone. It will not cling to the wall, but will ramble over anything that will support it. Extra strong pot-grown plants, 75c. each (by P. P., 90c.).

WISTARIA. This flowers in the latitude of Philadelphia during May. A strong developed vine produces hundreds of flower panicles, while no foliage is visible until after the flower is faded. They thrive best in the sun, and with an application of cow manure once or twice a season they respond marvelously.

Chinensis (Chinese Wistaria). Pale blue; somewhat fragrant.
Extra strong plants, \$1.00 each (by P. P., \$1.15).
Chinensis Alba. A beautiful white flowering form of the above.

Extra strong plants, \$1.00 each (by P. P., \$1.15).

A planting of Shrubs massed around the boundaries of a garden forms a harmonious background against which the bright colored Peonies, Poppies, Iris, Phlox and other Hardy Perennial Plants appear to their best advantage.

Because of their easy culture, rapid growth, adaptability to most any situation and their great diversity in size, foliage and bloom, the shrubs are of first importance in creating landscape beauty. There are many suitable locations for planting shrubs about the home grounds. The house foundation and the angles and corners should be softened by shrubs of medium height. Spiraeas, Hydrangeas, Berberis, Deutzias and others of a like nature are suitable for this purpose.

Taller shrubs such as Lilacs, Philadelphus and Altheas are better planted along the sides and rear of the grounds. Here they can be used to give a frame to the property, block out undesirable views and serve as a screen for any purpose desired. Such group plantings should be made in the nature of borders, and the shrubs selected and arranged to give a continuance of bloom, pleasing foliage combinations together with a Fall and Winter coloring of bark and berries.

In planting, space the larger growing shrubs, such as Lilacs from four to five feet apart; medium tall shrubs, such as Spiraea Prunifolia three to four feet apart, and dwarf growing sorts such as Berberis or Deutzia Gracilis, two to two and one-half feet apart. Dig holes of ample size, place the plant, and after filling in with two-thirds of good top soil, add water to the level of the ground and allow this to settle. After the water has passed away, complete the filling in of the soil.

In pruning, remember that all early flowering shrubs bloom on the last year's wood and should not be pruned until after they have bloomed (otherwise the blooms will be destroyed for that season), at which time the old worn out wood and all weak growths should be cut away, allowing the vigorous young shoots to remain. The late flowering Shrubs, such as Altheas, Hydrangeas, etc., bloom on the wood made this season. These should be pruned early in the Spring, cutting them back severely to induce a vigorous new growth.

- ABELIA GRANDIFLORA (*The Bush Arbutus*). A small shrub of graceful habit, flowering continuously from July until frost. The flowers are small, tubular, white shaded pink and are borne in clusters, forming a pleasing contrast with the shiny, almost evergreen foliage. \$1.00 each (by P. P., \$1.15).
- ALTHEA (Rose of Sharon). These thrive almost anywhere, producing their bloom from July till September.
- Alba Plena. Pure white; double.
- Atropurpurea Plena. Double purple.
- Lady Stanley. Semi-double; pale pink, splashed with carmine.
   Plants, 2 to 3 feet high, 75c. each (by P. P., 90c.).
- AMYGDALUS—Alba Flore Pleno (Flowering Almond). Erect, slender branches, which are covered in May with small, very double, fragrant white flowers. Strong plants, 2 to 3 feet, \$1.00 each (by P. P., \$1.15).
- Rosea Flore Pleno. Identical with the above, but bearing pink flowers. Strong plants 2 to 3 feet, \$1.00 each (by P. P. \$1.15).
- AZALEAS. A family of dwarf bushy shrubs, bearing a great profusion of flowers in the Spring and succeeding best in a partially shaded position. Very useful for planting in the shady border or in groups by themselves.
- Amoena. An evergreen variety, literally covered with masses of rosy-crimson flowers in the late Spring. Bushy plants 8 to 10 inches, \$1.50 each (by P. P., \$1.75).
- Hinodegiri. Another evergreen variety and one of the best, bearing fiery-red single flowers in great profusion. Very desirable on account of its color. Bushy plants 8 to 10 inches, \$2.00 each (by P. P., \$2.25).
- Mollis. This is a deciduous variety, dwarf and bushy. The flowers are large and are produced in clusters on the ends of the shoots in May. We offer mixed colors only, which vary from pale yellow to the deeper orange and even scarlet. Strong plants 12 to 15 inches, \$2.00 each (by P. P., \$2.25).

BERBERIS—Thunbergii (Japanese Barberry). See page 130. BRIDAL WREATH. See Spirea Prunifolia.

BUDDLEIA—Variabilis Magnifica (Butterfly Bush or Summer Lilac).

This is perhaps the most popular of our garden and hardy border shrubs, being almost continually in flower from July until frost. The bush grows to a height of about four feet and produces an abundance of flower spikes, which are made up of myriads of miniature florets of a beautiful lilac shade. The flowers are very fragrant and attract butterflies in great numbers, from which fact the shrub has gained its name. Even a small plant will flower freely the first season, if planted early.

Late in Fall a mound of earth should be drawn up around the base of the plant to a height of 10 to 12 inches as a protection to the eyes at the base of the stem, which will produce the growth the next season. Early in the Spring the mound of earth should be removed and the entire plant should be cut down to within 6 inches of the ground. Strong plants that will bloom the first season. 3 for \$1.00 (by P. P., \$1.15); 6 for \$1.75 (by P. P., \$2.00); 12 for \$3.50; 25 for \$6.50; \$20.00 per 100, by express not prepaid.

Althea (Rose of Sharon)

- CALLICARPA PURPUREA (Beauty Fruit). A beautiful shrub growing about 3 feet high, with graceful branches that are covered in August with tiny pink tinted flowers. These are followed in late September by violet purple berries borne in clusters from the axil of every leaf; these remain on the plant until the middle of the Winter. 75c. each (by P. P., 90c.).
- CALYCANTHUS—Floridus (Sweet Shrub). Chocolate-colored double flowers, with a peculiar agreeable odor. Blooms in June. 3 to 4 feet, 75c. each (by P. P., 90c.).
- CERCIS—Canadensis (Judas Tree or Red Bud). A tall, slender growing shrub, developing eventually into a large tree. Very early in the spring the leafless branches are covered with delicate deep pink flowers. 4 to 6 feet plants, \$1.00 each.

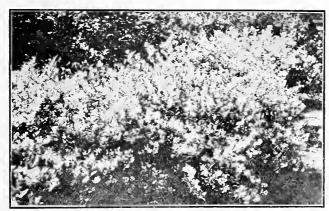

Shipping Seasons are usually from March 15th to May 1st and from October 15th to November 15th.

SPECIAL NOTICE ON GUARANTEE

We spare no effort to supply decorative shrubs of the best quality in first-class living condition. On account of the many causes beyond our control we regret we cannot guarantee this stock to live and establish itself, as that is usually entirely within the power of the buyer or planter.

- CHIONANTHUS—Virginica (White Fringe). In May and June the tree is covered with long, fluffy panicles of fine white bloom. Strong plants, 2 to 2½ feet, \$1.50 each (by P. P., \$1.65).
- CLETHRA—Alnifolia (Sweet Pepper Bush). Of low and dense growth; has numerous spikes of small white fragrant flowers appearing in July; desirable for moist places or along water edges. One of the prettiest of our native shrubs. 2 to 3 feet, 75c. each (by P. P., 90c.).
- CORNUS (Dogwood). This plant is so well known that it hardly needs description. The flowers appear before the foliage in May. In autumn it takes on a rich crimson shade.
- Florida (White Flowered Dogwood). Strong plants, 2 to 3 feet, \$1.75 each.
- Rubra (Pink Flowered Dogwood). 2 to 3 feet, \$4.00 each.
- Elegantissima (Variegated Dogwood). A beautifully variegated shrub which should be planted more freely. Strong plants, 2 to 3 feet high, \$1.00 each (by P. P., \$1.15).
- Lutea (Golden-twigged Dogwood). Bright yellow branches in Winter. Strong plants, 2 to 3 feet high, 75c. each (by P. P., 90c.).
- Sibirica (Siberian Dogwood). Branches, a bright, coral red which are quite ornamental for Winter effects. Strong plants, 2 to 3 feet high, 75c. each (by P. P., 90c.).
- CRAB. See Malus.
- CYTISUS—Laburnum (Golden Chain). A large shrub with shining green leaves and long drooping racemes of yellow flowers, which appear in the early summer. \$1.00 each (by P. P., \$1.15).
- **DEUTZIA.** The Deutzias are among the most useful of our summer flowering shrubs. For planting either individually or in masses they are very attractive.
- Candidissima Fl. Pl. Abundant racemes of double, pure white flowers in June; luxuriant foliage, and fine habit. 3 ft. plants.
- Crenata Rosea Fl. Pl. Double flowering; white tinged pink. 3 ft.
- Gracilis. Of dwarf, bushy habit; white flowers. 18 inches.
   Lemoinei. One of the best dwarf hardy shrubs; the flowers are large and are produced in cone-shaped heads of pure white.
- Pride of Rochester. The flowers, borne in large panicles, are pinkish white, with under-side of the petals rose. June.

  Any of the above Deutzias, 60c. each (by P. P., 75c.).

Deutzia, Gracilis

DOGWOOD. See Cornus.

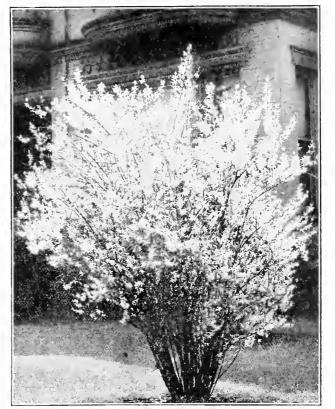

EUONYMUS ALATA (Cork-barked Euonymus). Small delicate flowers in late Spring are followed by attractive red berries in the Fall. Curious corky bark, brilliant Autumnal foliage. Best for individual planting. 18 to 24 inches, \$1.00 each (by P. P., \$1.15).

EXOCHORDA GRANDIFLORA (PearlBush). A medium sized shrub, producing white flowers in graceful clusters, early in the Spring; very graceful and fine for cut flowers. Strong plants, 18 to 24 inches, 60c. each (by P. P., 75c.).

FLOWERING ALMOND. See Amygdalus.

FLOWERING CRAB. See Malus.

Shipping seasons are usually from March 15th to May 1st, and from October 15th to November 15th.

Forsythia, Fortunei

FORSYTHIA (Golden Bells). Bright golden-yellow, star-shaped flowers burst into bloom just as winter is leaving and while the bush is otherwise bare.

- Fortunei. Erect growing with dark green foliage; strong plants, 4 feet.
- Intermedia. April. Vigorous grower with slender, erect or arching branches. Considered by many as the best of the family.
- Suspensa. Graceful, drooping tendency. Frequently planted on banks and slopes. Beautiful as specimens or in masses.
- Viridissima. Erect shoots, spreading branches and excellent foliage that assumes a rich Autumnal tint and persists until early Winter.

Price of Forsythias, 60c. each (by P. P., 75c.).

GOLDEN BELLS. See Forsythia.

GOLDEN CHAIN. See Cytisus.

HONEYSUCKLE. See Lonicera.

HYDRANGEA—Arborescens Grandiflora Alba (Snowball Hydrangea). The snow-white blooms are of the largest size, coming into flower early in June and lasting until late in August. Is more hardy than any other sort and especially suited for shaded places. 2 to 2½ ft., 60c. each (by P. P., 75c.).

— Paniculata Grandiflora. The large panicles of white flowers are at their best during August, later they take on a reddish cast. These plants look fine used as single specimens on the lawn or grouped in large beds. Strong bush form, 2 ft. plants 60c. each (by P. P., 75c.). Extra strong stock, 3 ft., \$1.00 each (by P. P., \$1.15).

— Paniculata Grandiflora (Standard or Tree Shaped). These are fine, planted as individual specimens in the lawn or in the center of beds, containing other plants. Stems 2 to 2½ feet long, with shapely heads, \$1.75 each.

Quercifolia (Oak-leaved Hydrangea). A handsome spreading shrub with striking foliage, turning in Autumn to a beautiful red. The flowers are produced freely in August, in flat white clusters. Strong plants, 18 to 21 inches, \$1.50 each (by P. P., \$1.65).

JAPAN QUINCE. See Pyrus.

JASMINUM—Nudiflorum. A fine shrub for sheltered positions, bearing fragrant yellow flowers very early in Spring. Hardy south of Philadelphia. 75c. each (by parcel post, 90c.).

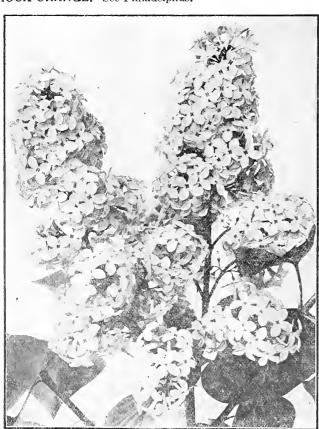

JUDAS TREE. See Cercis.

KERRIA—Japonica Fl. Pl. An old-fashioned shrub, producing attractive double golden-yellow flowers from June until October. The branches, during the Winter are a pleasing shade of green. \$1.00 each (by P. P., \$1.15).

LILAC. See Syringa.

- LONICERA—Fragrantissima (*Honeysuckle*). March and April. Delightfully fragrant white flowers that come with the first breath of Spring. 60c. each (by parcel post, 75c.).
- —Morrowi. An open bush with irregular branches. The foliage is dark green with small white flowers, which appear during May. During the late summer and early autumn the plant is covered with bright red berries. Plants, 3 feet, 60c. each (by parcel post, 75c.).
- Ruprechtiana. A free flowering variety; white flowers during May and June, followed by red fruit. 60c. each (by parcel post, 75c.).
- MALUS—Floribunda (*Japanese Flowering Crab*). One of the best of the flowering Crabs. The buds are a warm rose color opening to light pink flowers—the whole forming a shapely bush or small tree. 3 to 4 feet, \$1.50 (by parcel post, \$1.75).
- Ioensis Plena (Bechtel's Double Flowering Crab). A shapely little tree, producing quantities of very double, fragrant flowers of a soft pink, resembling a small Rose in formation. 2 to 3 feet, \$1.25 (by parcel post, \$1.50).
- Parkmanii (Parkman's Flowering Crab). Rose-colored buds open into little rosy white flowers; these are succeeded by decorative fruits. The tree is of a rather spreading, irregular habit. 3 to 4 feet, \$2.00 each (by parcel post, \$2.25).

MOCK ORANGE. See Philadelphus.

Syringa (Lilac)

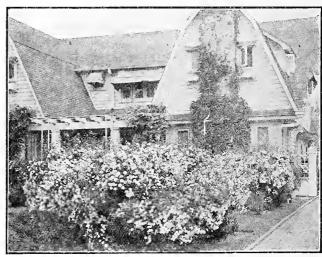

- PHILADELPHUS—Avalanche. One of the newer varieties and one of the best, growing from 6 to 8 feet in height with slender arching branches which are nearly covered with large pure white flowers. Strong plants 18 to 24 inches high, 75c. each (by parcel post, 90c.).
- Coronarius (*Mock Orange*). Handsome foliage and beautiful, fragrant white flowers in May and June. 2 ft. plants, 60c. each (by parcel post, 75c.).
- Grandiflorus. A robust growing variety, bearing large white flowers. 3 ft., 60c. each (by parcel post, 75c.).
- PYRUS—Japonica (Japan Quince). This shrub is a beautiful sight when covered in the early spring with cherry-red flowers, about the size of an apple blossom. Extra strong plants, 2 ft., 60c. each (by parcel post, 75c.).

RED BUD. See Cercis.

RHUS—Typhina Laciniata (Dwarf Cut-leaved Sumac). Low growth and fern-like foliage highly colored in the fall months. 60c. each.

ROSE OF SHARON. See Althea.

SNOWBALL. See Viburnum.

Spirea, Van Houttei

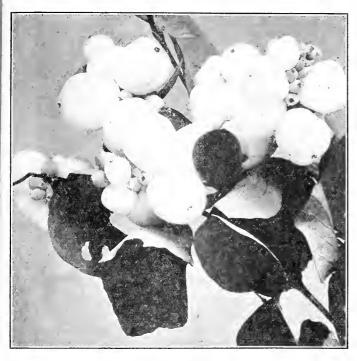

- SPIREA—Anthony Waterer. Of dwarf, dense habit, bearing a profusion of crimson flowers. 18 inches.
- Prunifolia (Bridal Wreath). The pretty double white flowers are all along the almost leafless stem about May 1st, just as the leaves are budding. 3 feet.
- Thunbergi. One of the prettiest of the dwarf shrubs, with fine delicate foliage and a profusion of small white flowers in the early Spring. 18 inches.
- Van Houttei. The most beautiful of all white Spireas, flowering in May, when it is a complete fountain of white bloom. 3 feet.

Price of Spireas, 60c. each (by parcel post, 75c.).

- SYRINGA (*Lilac*)—Charles X. A strong growing variety bearing large trusses of reddish purple flowers. \$1.00 each (by parcel post, \$1.15).
- Japonica. A very desirable free flowering tree, bearing during June and July fragrant white flowers in large panicles. 60c. each (by parcel post, 75c.).
- Marie Legraye. A dwarf growing variety, producing immense trusses of beautiful creamy white flowers; one of the most popular single white sorts. \$1.00 each (by parcel post, \$1.15).
- -Vulgaris. Common purple, sweet-scented lilac. 60c. each (by parcel post, 75c.).
- Vulgaris Alba. Pure white type of the above, but more fragrant. 60c. each (by parcel post, 75c.).

Shipping Seasons are usually from March 15th to May 1st and from October 15th to November 15th.

SUMAC. See Rhus. SWEET PEPPER BUSH. See Clethra. SWEET SHRUB. See Calycanthus.

Sumphoricarpus (Snowberry)

- SYMPHORICARPUS—Racemosus (Snowberry). flowers are succeeded by many white berries, remaining on the plant through half the winter. Strong plants, 60c. each (by parcel post, 75c.).
- Vulgaris (Red fruited or Indian Current). This is a well known shrub, bearing pink flowers followed by bright red fruit. 60c each (by parcel post, 75c.).
- TAMARIX—Africana. Strong, slender, upright growth, with panicles of feathery pink flowers in May. 3 to 4 feet, 60c. each (by parcel post, 75c.).
- Hispida Aestivalis. A distinct variety, bearing delicate sprays of soft pink flowers in July and August, very light and feathery. 2 ft. to 3 ft., \$1.00 each (by parcel post, \$1.15).
- VIBURNUM OPULUS (High Bush Cranberry). One of the most popular shrubs, bearing clusters of white flowers in June, followed by bright scarlet berries in Autumn, which are very attractive throughout the winter. Strong plants, 2 ft. to 3 ft., 75c. each (by parcel post, 90c.).
- Opulus Sterilis (Snowball or Guelder Rose). This is the popular white Snowball, filled with large globes of white flowers in May. Strong plants, 2 ft. to 3 ft., 75c. each (by parcel post, 90c.).
- Plicatum (Japanese Snowball). A desirable shrub. Should be in every garden or on the lawn; perfectly hardy; blooms in June. Extra fine plants, 2 to 3 feet, \$1.00 each (by parcel post, \$1.15).
- Tomentosum. Distinct from all other varieties of Snowball. both in foliage and flower; the latter are more flat than those of the other varieties and followed by decorative red fruits, changing to black as they ripen. Strong plants, 2 to 3 feet, 75c. each (by parcel post, 90c.).
- VITEX AGNUS CASTUS (Chaste Tree). A shrub or small tree, with strong aromatic odor; dense spikes of pale lilac flowers from July to September. Strong plants, 2 feet, 75c. each (by parcel post, 90c.).
- Macrophylla. A graceful and attractive shrub, growing 3 to 4 feet high; producing freely pretty lavender-blue flowers from July until frost. 75c. each (by parcel post, 90c.).

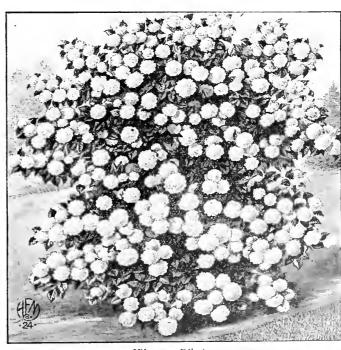

Shipping seasons are usually from March 15th to May 1st, and from October 15th to November 15th.

Weigelia, Eva Rathke

- WEIGELIA—Candida. Flowers abundantly in June and July; additional bloom is also shown during the autumn months. The tube-shaped flowers are pure white; fine for cutting. Plants, 2 to 3 feet, 60c. each (by parcel post, 75c.).
- Eva Rathke. Of erect form and vigorous habit. The deep carmine-red flowers are the best of the red-flowering sorts. 2 to 3 feet, 60c. each (by parcel post, 75c.).
- -Rosea. Remarkably showy flower; numerous spreading branches and dark green leaves. The rose-colored blooms are produced in great abundance. 60c. each (by parcel post, 75c.).
- -Rosea nana variegata. Silvery variegated leaves and pale pink flowers. 60c. each (by parcel post, 75c.).

WHITE FRINGE. See Chionanthus.

Viburnum Plicatum

## MICHELL'S CHOICE THRIFTY HEDGE PLANTS

#### NEW RED-LEAVED JAPANESE BARBERRY

It is similar in all respects to the green-leaved Japanese Barberry which is so popular for mixing in the shrubbery border, as single specimens, or for planting in clumps on the lawn, as well as for foundation planting and for hedges, but the foliage of this new variety is of a rich, lustrous, bronzy red, similar to the richest red-leaved Japanese Maples. As the season advances, this new Barberry becomes more brilliant and gorgeous throughout the summer, and in the fall its foliage changes to vivid orange, scarlet, and red shades, more brilliant and more effective than in the ordinary Japanese Barberry. In this coloring it is unequaled by any other shrub and is followed by the same brilliant scarlet berries common to the type, which remain on the plant the entire winter.

All that is required to develop its brilliant coloring at all seasons is that it be planted in full exposure to the sun.

	Each	Doz.
Strong, 1 year old plants, 12 to 15 inches	\$0.75	\$7.50
Strong, 2 year old plants, 15 to 18 inches		

## BERBERIS THUNBERGII (Japanese Barberry)

A good hardy plant of low dense growth. There is an air of grace and refinement to the Barberry Bush which is not embodied in any other hedge plant. It is a brilliant light green from early spring to winter, it should be regarded as a shrub as it can be planted individually in lawn or border. The slender branches are prickly, with small thorns, and tend to make a defensive hedge that few animals will attempt to penetrate. In autumn the foliage is a bright crimson; when it falls a profusion of scarlet berries, which remain throughout the winter, are revealed on the branches.

Height	Each	Doz.	100
9 to 12 inches	. \$0.20	\$1.50	\$10.00
12 to 18 inches	30	2.50	15.00
18 to 24 inches	40	3.50	25.00
If wanted by parcel post, add 25c. per do	z. for n	nailing o	harges.

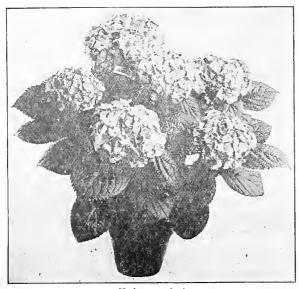

## BOXWOOD (Dwarf, for Edging)

We have a quantity of dwarf edging, nice bushy stock for edging beds and paths. Boxwood grows into value and adds charm to the garden that no other plant can do.

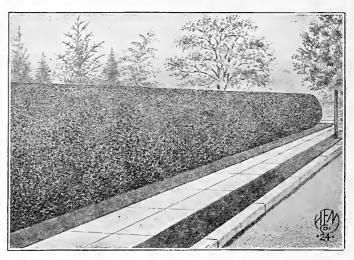

, , , , , , , , , , , , , , , , , , ,	Each	Doz.	100

12 to 15 inches high	. 2.00	20.00	150.00

#### **GOLDEN OR VARIEGATED PRIVET**

Like the California variety, but each leaf is margined and blotched golden yellow, giving it, from a distance, a striking appearance. We recommend it especially for placing among shrubbery or for planting on the lawn; the contrast between the grass and golden foliage is beautiful. **Bushy Plants**, 50c. each (by parcel post, 65c.); doz., \$5.00.

Hydrangea Otaksa

California Privet

## CALIFORNIA PRIVET

Unlike a fence, which needs painting, repainting, etc., and then never looks well, this hedge is no further expense after planted, and it adds dignity and charm to any home, and increases the value of real estate. Being absolutely hardy, it increases in beauty with each successive year. Privet is somewhat of an Evergreen nature and looks attractive until real winter sets in. Plants should be set 12 inches apart in double rows, in zig-zag fashion, so that the plants are diagonally opposite each other; this practically places them 6 inches apart, which is desirable to get a quick, dense growth. Plant from October 15th till the ground freezes, and from March 15th to May 15th.

Height		100	
1-yr. old, 18 to 24 inches	\$1.25	\$6.00	\$50.00
2-yr. old, 24 to 30 inches	. 1.50	8.00	70.00
2-yr. old, 30 to 36 inches	. 2.00	10.00	90.00

Privet plants are best shipped via express.

#### **HYDRANGEA HORTENSIS**

This class of Hydrangeas is planted extensively at many of the Atlantic seashore resorts and while it is perfectly hardy there it is not reliably hardy inland, even in the latitude of Philadelphia, unless planted at the side of a porch or building where it has some protection from the winter sun. Outside of these favored locations we recommend tub culture as the most satisfactory.

They should be left outside as late in the fall as possible, care being taken, however to avoid sharp frosts, which would injure the buds.

They should then be removed to a cool, light cellar where they will have a temperature of about 40 degrees and given only enough water to keep the roots from drying up and the branches from shriveling. The plants should be brought out in the early spring and well watered; provision should be made, however, to protect them from late frosts.

In some soils these will flower blue naturally and in other soils the flowers will be pink.

If you wish to have blue flowers when they naturally come pink this may sometimes be attained by incorporating with each bushel of soil one-half pound of lump alum broken into small pieces.

Otaksa. This is the old-fashioned favorite Japanese variety that usually flowers pink, and is the ideal variety for planting extensively at the seashore.

2¼-inch Pot Plants, 3 for \$1.00 (by P. P., \$1.10); \$3.00 per doz. (by P. P., \$3.25).

- 4 -inch Pot Plants, 2 for \$1.00; \$5.00 per doz.
- 6 -inch Pot Plants, \$1.00 each; doz., \$10.00.

PLEASE NOTE.—The following states forbid the shipment of Gooseberries and Currants within their boundary, owing to their quarantines against the White Pine Blister Rust. We are therefore unable to accept orders for these plants for shipment into—California, Colorado, Delaware, Georgia, Idaho, Kansas, Maine, Maryland, Massachusetts, Minnesota, Montana, Nebraska, Nevada, New Hampshire, North Carolina, Oregon, South Carolina, South Dakota, Tennessee, Utah, Washington, West Virginia and Wisconsin.

#### HAVE YOUR OWN FRESH PICKED FRUIT

Unquestionably one of the joys of living in the country or suburbs is the fact that one can plant a plot of fruit; the space at command will of course govern what you may have, but in the wide variety there is at least one or more for which space should be made. None bought in the market can compare with those picked fresh by yourself when you want them. Any surplus that cannot be consumed may be put up for winter use.

#### BLACKBERRIES (Extra Strong Plants)

Blackberries thrive most anywhere. The plants are subject at times to attacks of rust, particularly during prolonged wet spells in summer. A spraying, especially underneath the foliage, with copper solution, usually arrests this. However, if the disease spreads too much, it is best to dig up the bushes, burn them and plant new ones in another part of the garden. If they are sprayed before being affected it is the best plan.

Eldorado. A very vigorous grower, free from mildew or rust; very productive; fruit large, excellent quality and without core.

Mersereau. Remarkably strong grower. An enormous producer of extra size berries, which are brilliant black, and retain their color under all conditions; very sweet and without core. Unsurpassed as a shipper and keeper.

Ward. An extra strong grower; produces an enormous crop of extra large, glossy black berries, which are rich, sweet, and tender and with no hard core.

Price of Blackberries. 6 for 75c. (by P. P., 85c.); \$1.00 per doz. (by P. P., \$1.15); per 100, \$7.00.

Shipping Seasons for small fruits are usually from March 25th to May 15th and from November till freezing time.

#### SPECIAL NOTICE ON GUARANTEE

We spare no effort to supply "small fruit" bushes of the best quality in first-class living condition. On account of the many causes beyond our control we regret we cannot guarantee this stock to live and establish itself, as that is usually entirely within the power of the buyer or grower.

## **CURRANTS**

(Extra Strong Plants)

Currants like good, rich soil. They are particularly susceptible to scale, and steps should be taken to keep them free from this by liberal spraying, when the bushes are dormant.

Red Dutch. An old and well-known standard variety; clusters average about three inches long; berries medium in size; dark red.

Price. Strong 2-year old, 3 for \$1.00 (by P. P., \$1.15); per doz., \$3.00 (by P. P., \$3.25); \$20.00 per 100.

Carney's Point, N. J.
I am very well satisfied with the plants I received from you; do not think they could have been any better.
J. L. V.

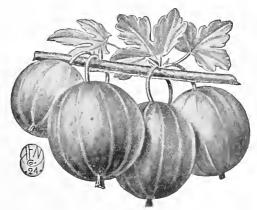

# GOOSEBERRIES (Extra Strong Plants)

Gooseberries should be cultivated during the growing season and fertilized with manure in the early spring or late fall. Poultry or Pigeon manure is splendid fertilizer for the plants, and where it cannot be readily obtained we recommend a liberal application of Sheep manure. They will repay you for this trouble with an extra big crop.

Downing. Medium to large; whitish green; flesh soft and juicy.Red Jacket. Berries medium; color, pale red; tender and good.A wonderful cropper, with clean, healthy foliage.

Price. 3 for \$1.00 (by P. P., \$1.15); doz., \$3.00 (by P. P., \$3.25); \$20.00 per 100.

Gooseberries

#### **GRAPE VINES**

A few of these planted in the garden, after several years will yield abundant crops, and they last for years with little attention except pruning and spraying.

Caco. The most delicious of all Grapes-perfectly hardy; has been pronounced by America's most expert grape growers to equal in high quality and melting texture the finest varieties grown under glass. When one considers the price of the greenhouse product and realizes that the wonderful Caco can be grown in the back yard, almost without attention, the force of the above statement is apparent. The large berry is wine-red. Bunch of good size, compact and of good form. Ripens in ten days to two weeks in advance of Concord; rich in sugar, excellent in flavor. Vine very strong, vigorous grower, healthy and prolific. This is a very fine variety and is easily worth the slight advance in price over the older varieties. 75c. each (by P. P., 85c.); doz., \$7.50 (by P. P., \$7.75).

Campbell's Early. A valuable and delicious grape; vine very strong, hardy and vigorous, with thick nealthy foliage; berries large, black, with light purplish bloom; skin thin; few and small seeds; flavor rich and delicious.

Catawba. Delicious flavor; medium size, red berry.

Champagne. A sterling variety of greatest merit. Color a coppery red. Berries very large. Immense producer. Seasons in which other varieties did not fruit, this variety stood out bearing an immense crop. Very strong grower, fifteen to twenty feet or more a season being common. Has never known to winter kill. 75c. each (by P. P., 90c.); doz., \$7.50 (by P. P., \$7.75).

Concord. The well-known standard purple variety; succeeds wherever grapes will

Moore's Diamond. A strong healthy grower, hardy and productive; color white; berries large, flesh tender, juicy, but with little pulp; ripens before Concord.

Niagara. An unusually strong grower; bunches very large and compact; berries large, light greenish-white, semi-transparent; has very little pulp and is sweet to the center.

Prices. Any of the above, excepting Caco and Champagne, 2-year old vines, 35c. each (by P. P., 45c.); doz., \$3.50 (by P. P., \$3.75); \$25.00 per 100.

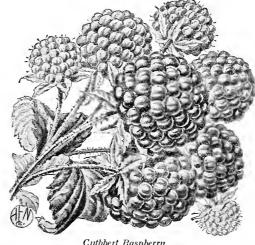

Raspberries should be carefully staked, to get large crops. We also recommend that wellrotted manure or other suitable fertilizer be dug around the bushes, either in the fall or early spring.

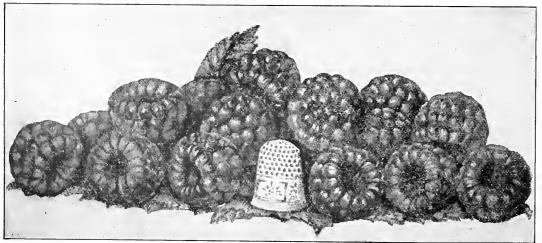

Cumberland (Blackcap). The largest raspberry known. Selected specimens measure an inch in diameter.

Cuthbert. Berries very large, measuring 3 inches around; conical; rich crimson; an oldtime favorite.

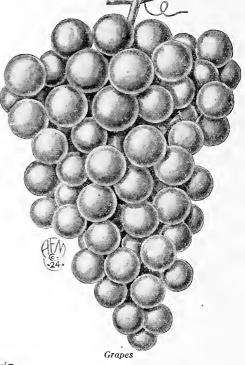

Price, 6 for 75c. (by P. P., 85c.); \$1.00 per doz. (by P. P., \$1.15); per 100, \$7.00.

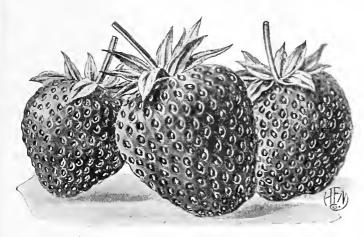

Everbearing Raspberry Ranere

## **EVERBEARING** RASPBERRY "RED RANERE" or "St. REGIS"

The most popular Raspberry in cultivation, bearing continually from July until well into November. Its main crop is produced in the earlier period, but substantial quantities may be harvested almost every day until sharp frosts appear. The fruit is of good size, luscious in taste and excellent flavor, in fact there is no good quality any of the regular varieties of raspberries possess that is lacking in Ranere; a few dozen bushes will supply the average family with sufficient for table use and a surplus for canning; the color is a brilliant red. Strong plants, 6 for 75c. (by P. P., 85c.); \$1.00 per doz. (by P. P., \$1.15); per 100, \$7.00.

Mastodon Everbearing Wonder Strawberry

## STRAWBERRY PLANTS

There are two types of Strawberry Plants, one known as "Pot Grown," usually ready for shipping in July and August, and the other known as "Layer Plants," usually shipped in the spring months and the latter is what we are offering here. Layer plants set out in the early spring usually bear a few berries the first season, while the main and succeeding crops come the following season and later. The layer plants should be set out in April, when possible, about 1 foot apart, in rows two feet apart.

### **EARLY VARIETIES**

Cooper (Perfect). This variety is gaining in popularity each year, being a good strong grower, making a moderate number of good strong plants rather than a large quantity of small ones. It is the largest good early berry that we have, larger even than Premier; very fine in quality and of handsome appearance; not a good shipper, but excellent for local use. We consider this a valuable addition to our home garden collection.

Premier (Perfect). This variety has no weak points, it is a vigorous grower, doing well on all types of soil; enormously productive, commencing early and bearing through a long season. The berries are beautiful in appearance, having a glossy rich red color extending clear through, and a bright green cap; the flavor is delicious. We consider this one of the very best berries in cultivation.

Senator Dunlap (Perfect). This grand Strawberry will please the most critical person. One of the first to yield and continues well into the height of the season. Fruit bright red, glossy and very attractive. It cannot be recommended too highly.

### **MID-SEASON VARIETIES**

Big Joe (Perfect). The merits of this splendid variety are great vigor of plant, splendid root system, exceptional productiveness, large size of fruit, excellent flavor and length of bearing season. The berries are perfect, very uniform, conical shape, rich red in color. In size the berries are not surpassed by those of any other variety grown, while the flavor is superior to that of most large fruited sorts.

Parson's Beauty (Perfect). A vigorous grower, very productive and bearing through a long season makes this a worth-while variety in every garden. The berries are medium in size, dark red in color and of a very rich flavor. The dark red color together with the fact that the cap or hull parts easily from the berry, makes it very popular for canning. Not a shipping berry but one of the best for the home garden.

Price of the above in layer plants, except Mastodon. \$1.00 for 25 (by P. P., \$1.15); \$1.50 for 50 (by P. P., \$1.75); \$2.00 per 100 (by P. P., \$2.25); \$15.00 per 1000.

#### POT GROWN STRAWBERRY PLANTS

Ready after July 1st.
Will be offered in our Mid-summer Catalog, which will
be issued about June 15th.

We cannot undertake to supply less than 25 plants of one variety as they are put up in bundles of 25. Shipping season usually begins in April and continues until plants are in blossom.

### AUTUMN FRUITING OR EVER-BEARING STRAWBERRY PLANTS

Mastodon. This is unquestionably the most prolific of everbearing varieties. Bears continuously from June till frost, the late bearing fruits being as large as the early crop; berries are of excellent quality. Plants should be grown in single hills as it does not do so well in matted rows. Price, layer plants, 25 for \$2.00 (by parcel post, \$2.15); \$3.00 for 50 (by parcel post, \$3.25); per 100, \$4.00 (by parcel post, \$4.25); \$25.00 per 1000.

**Progressive.** The berries are medium in size and delicious in quality. You can get fruit a few weeks after the plants are set and they continue to bear until freezing weather.

### LATE SEASON VARIETIES

Chesapeake (Perfect). We believe this to be the best fancy late berry ever introduced, but it requires a rich loamy soil and good cultivation to do its best. The berries are handsome in appearance because of their large size, rich color, glossy surface, uniform shape and bright green cap. Very productive and of delicious flavor.

Gandy's Prize (Perfect). This variety is known to most every berry grower as one of the best late sorts. It is very large, solid and of a beautiful crimson color; especially good for family garden planting.

**Orem** (*Perfect*). This is the latest berry we know. The fruit is large, of good quality, and handsome in appearance.

William Belt (Perfcct). Chosen for its popularity because of the many good qualities embodied in this one variety. The plant is vigorous, though not a rampant grower; succeeds on all soils, invariably yields heavily, and continues for a long period; the berries are always of large size and highest quality; deep crimson in color and very firm. Continues to bear until almost the close of the season.

Price of the above in Layer Plants, except Mastodon. 25 for 1.00 (by parcel post, 1.15); 1.50 for 50 (by parcel post, 1.65); 100 for 2.00 (by parcel post, 2.25); 15.00 per 1000.

A Pot Grown Strawberry Plant

#### SPECIAL NOTICE ON GUARANTEE

We spare no effort to supply trees of the best quality in first-class living condition. On account of the many causes beyond our control we regret we cannot guarantee this stock to live and establish itself, as that is usually entirely within the power of the buyer or planter.

Baldwin. Large round, deep red, late variety.

Ben Davis. A late keeper; handsome striped fruit.

Fall Pippin. Large, yellow, rich and delicious. A good bearer when it reaches maturity. Likes a moist, well-drained soil; a good Autumn apple.

Grimes' Golden. Deep golden yellow; fine for Christmas.

Hyslop (Crab). Deep crimson with blase bloom.

Red Astrachan. An old popular variety; tart, juicy; flesh tinged with red; very

Stayman's Winesap. Fine variety; good keeper; deep red on a yellow ground. Transcendent (Crab). Yellow, striped red; good yielder.

Price of Apple Trees: 6 to 8 feet high, \$1.50 each; 6 for \$3.00; \$12.00 per dozen.

CHERRIES

Black Tartarian

purplish black;

immense bearer. Early Richmond (Sour). Dark red,

medium size;

splendid flavor. Large Montmorency (Sour). Light red; very

Schmidt's Bigarreau (Sweet). A good late variety. Fruit large; flesh dark red, very firm, sweet, rich and of good qual-

Napoleon (Royal Ann). The best

Flesh very firm,

productive.

ity.

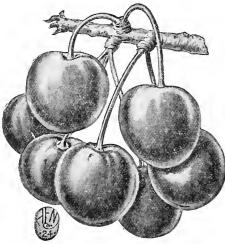

Large,

(Sweet).

#### APRICOTS

As fresh fruit few varieties equal in lusciousness the apricot; should be planted more generally where there is room for trees. Alexander. Orange yellow with faint blush; firm, coarse flesh, one of the best.

Price of Apricot Trees: \$2.00 each; 6 for \$9.00; \$15.00 doz.

Cherries

and most profitable yellow sweet cherry.

juicy and delicious.

Price of Cherry Trees: 5 to 7 feet, \$2.00 each; 6 for \$9.00;

\$15.00 per dozen.

#### **PEARS**

Bartlett. Yellow, shaded blush; very sweet and juicy; early. Clapp's Favorite. An excellent table Pear; large, fine grained; yellow with crimson cheek. August.

Kieffer. A fine variety for late autumn and for canning. Seckel. Small; yellowish brown; very sweet and juicy. Price of Pear Trees: 5 to 7 feet, \$2.00 each; 6 for \$9.00;

\$15.00 per dozen.

## **PLUMS**

Abundance. Amber, turning to a rich, bright cherry color. Burbank. Orange yellow, overlaid red; rich and sugary. Imperial Green Gage. Middle of August. A delicious, goodsized free-stone, sweet and juicy. Greenish in color.
Price of Plum Trees: 5 to 6 feet, \$2.00 each; 6 for \$9.00;

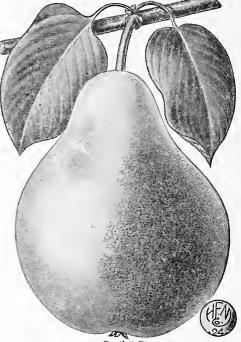

\$15.00 per dozen.

QUINCES Champion. Very prolific bearer; large fruit.

Orange. Round; golden yellow; fine for preserving.

Price of Quince Trees: 4 to 5 feet, \$2.00 each; 6 for \$9.00; \$15.00 per dozen.

Fruit trees are best shipped by express; they cannot be sent via parcel post as they are too large, and shipment via freight is not safe.

Bartlett Pear

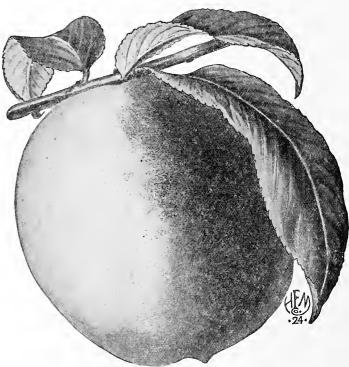

## **PEACHES**

Belle of Georgia. Free stone; rich creamy white, red cheek. Carman. Early; pale yellow, red blush; very fine. Champion. August. A magnificent white peach; extreme

rich and juicy; very popular. Should be included in every home orchard. Free-stone.

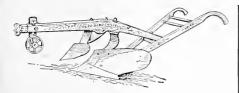

Crawford's Late. Greenish yellow with dull red cheek. Elberta. Mid-season; very large; yellow with red cheek. Fox Seedling. Late September. Skin and flesh white. Freestone. Fruit large and of high quality.
Price of Peach Trees: 5 to 6 feet, \$1.00 each; 6 for \$5.00;

\$9.00 per dozen.

Peach

## MICHELL'S FARM AND GARDEN TOOLS

#### **SOUTH BEND PLOWS**

For garden, farm or trucker's work it meets every requirement; made of chilled steel in various sizes to meet all conditions.

No. 1B. Wood beam plain; for one

No. 2F. Wood beam plain; for 1 heavy or 2 light horses . . . . . . . . . . . . 14.50

No. 3F. Wood beam plain; for 2

. 22.50 horses.... The prices above are for plain plows with clevis only.

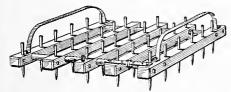

The No. 3 Plow can be equipped with wheel and jointer at the following additional cost; wheel only, \$2.00; jointer only, \$3.75. The Nos. 1 and 2 are too light for wheel and jointer.

## STEVENS FERTILIZER DISTRIBUTOR

For distributing bone meal, woodashes and other commercial fertilizers on fields, lawns, golf courses, etc., also for sanding putting greens. Insures perfect and even distribution, requiring less time than by the broadcast hand process.

Hand Machine. Holds about 2 bu.; covering area 3 feet wide. Price, \$25.00. Holds about 2 bu.;

Horse Machine. For use on large lawns, fields and golf grounds. It is furnished equipped for either one or two horses, as may be desired. 5 foot, 10-inch spreading area, \$72.50; 8 foot, 3-inch spreading area,

## HAWKS FERTI-SPREADER

Distributes any kind of fertilizer quickly. easily and in the required amount; no

uneven patchy growth when applied with this Ferti-Spreader. Simply fill the cylinder through the large end opening, adjust for required amount and roll the Ferti-Spreader over the lawn. Width of spread 20 in.; capacity about 50 lbs. Price, \$12.50.

## MICHELL'S LAWN, GARDEN AND FARM ACCESSORIES

## WHEELBARROW GRASS SEEDER

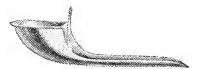

A practical machine for use on the Farm and also for sowing Parks and Golf Grounds; quickly regulated to sow different quantities per acre. The distributing box is very near the ground, which is an important feature, preventing the seed from blowing away and

#### **BROADCAST SEED SOWERS**

For accurately sowing Timothy, Clovers, Millets and heavy seeds of grass and other farm crops. Can be regulated to sow any required quantity per acre. Each Cahoon. \$5.50
Cyclone 3.00

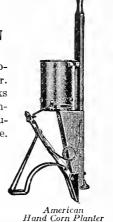

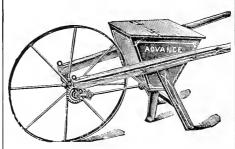

## SOWRITE SEED SOWER

Latest Model
Sows all seeds up to the size of Sweet Peas
and less; made of copper, nickel-plated.
Price, \$1.00 each.

## AMERICAN HAND CORN PLANTER

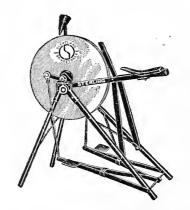

A great seed economizer and labor saver. Easily operated; works in all kinds and conditions of soil; accurate and reliable. Price, \$3.00.

## "ADVANCE" DRILL

A splendid machine for drilling in fertilizer prior to planting, or between the rows to stimulate growth after the plants are started. A shut-off, to prevent the escape of fertilizer when wheeling around end of row, is a late improvement. First-class for drilling of peas, beans, corn, etc. Price, \$20.00.

# STERLING MOUNTED GRINDSTONE

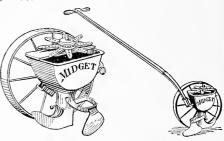

Substantially made; heavy steel frame with seat and double treadles; fitted with improved ball bearings of the very best quality, encased so they will keep clean. Stone, 19 to 22 inches diameter, 1¾ to 2¼ inches thick. Weight 100 lbs.

Shipped knocked down, crated. Price, \$12.00.

## MODEL SEED DRILL

The depth of sowing can be easily regulated. A typical market gardener's drill, having a large capacity for seeds. Price, \$15.00.

## THE MIDGET SEED DRILL

The Midget Seeder will pay for itself in a short time, because it saves seed by sowing accurately. It drills almost any kind of garden seed, including peas and beans. The Midget opens the furrow, sows the seed and covers up, all in one operation. Weight 6 pounds. No. 1. Price, without handle. \$4.00; with handle, \$4.50.

Olmstead O

For catching moles that ruin lawns and damage the contents of hotbeds and cold frames. Moles move usually about 5 A.M. and 5 P.M., so that traps should be set

## PLANET JR. SEEDERS, WHEEL HOES, ETC.

#### No. 3 PLANET JR. HILL AND DRILL SEEDER

Price, \$17.50

The flow of seed is instantly started or stopped by the cut-off rod. Sows in large or small quantities in drills or in hills.

#### No. 4 PLANET JR. HILL AND DRILL SEEDER, WHEEL HOE, CULTI-VATOR AND PLOW

Sows all garden seeds, plows, opens furrows and covers them, hoes and cultivates.

No. 4D SEEDER. Price, \$14.25.

As above less the cultivating attachments.

A splendid combination for the family garden, onion grower or large gardener.

### No. 35 PLANET JR. SEEDER ATTACHMENT

Ever since the wheel hoe has replaced the hand hoe there has been a demand for a small seeder that could be attached to the wheel hoe.

This is particularly suited for planting short rows and in small quantities. With one bolt it fastens to any Planet Jr. Wheel Hoe or Garden Plow, except the Fire-Fly, or you can bolt a home-made handle to the bracket on the rear of the hopper and use as a seeder independently of the wheel hoe. Price, \$6.50; with handle, \$7.00.

Straddles crops till 20 inches high, then works between.

No. 12 PLANET JR. DOUBLE AND SINGLE WHEEL HOE, CULTIVATOR AND PLOW. Price, \$10.75

No. 13 DOUBLE WHEEL HOE

This is like No. 12, except that it is equipped with 1 pair side hoes only. Price, \$8.00.

No. 17 PLANET JR. SINGLE WHEEL HOE. Price, \$7.75

This is the same as No. 16, but without the rakes.

No. 17½ SINGLE WHEEL HOE Same as No. 17, except there is no plow. Price, \$6.75.

No. 18 SINGLE WHEEL HOE This is like No. 17, except that it is equipped with 1 pair side hoes only. Price, \$5.75.

No. 300 PLANET JR. SEEDER

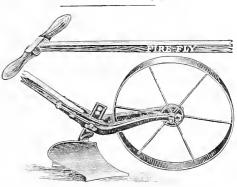

An efficient plate seeder, easily adjusted to sow seed varying from turnips to bush lima beans, as there are 39 holes varying from one-tenth to three-quarters of an inch; has positive shut-off. Price, \$20.00.

No. 119 PLANET JR.

GARDEN PLOW AND CULTIVATOR
Equipped with a 24-in. diameter wire

Equipped with a 24-in. diameter wire wheel, one 1½ in. cultivator tooth, one 3-prong cultivator tooth, one plow, one reversible scuffle blade. Price, \$4.75.

FIRE-FLY GARDEN PLOW

Useful to owners of small gardens, and to chicken raisers for plowing up scratching yards. Price, \$4.25.

# THE"OUT-U-KUM" WEED PULLER

An Entirely New Principle

A slight Push and Pull thoroughly loosens the surrounding soil and removes not only the weed, but the entire root.

When pushed into the ground, the two points guide the BRIDGE down alongside the weed, loosening the soil from that side. It then crosses under the root disengaging the latter. As the tool is withdrawn the BRIDGE slips up the opposite side of the weed, loosening the ground from that side and engages the head of the weed above the ground. The now thoroughly loosened weed is readily withdrawn in its entirety with little or no clinging soil.

Price of the Out-U-Kum Weed Puller 75c. each (by P. P., 85c.).

## MICHELL'S LAWN, GARDEN AND FARM ACCESSORIES

#### LEATHER HORSE BOOTS

Made of very heavy sole leather, waterproofed and finished black. The sole is reinforced with steel rivets.

Small, per set of four . . . . \$16.00 Medium, per set of four . . . 20.00 Large, per set of four . . . . 22.50

Special Size Horse Boots made to order.

### TENNIS COURT MARKERS

Junior Line-o-graph. A perfect liquid lime tennis court marker especially designed for private courts; works perfectly on grass or clay. Price, F. O. B., Philadelphia, \$52.50; F. O. B., factory, \$50.00.

No. 0. The most practical marker where dry lime is used. Price, \$3.00 (by parcel post, \$3.20).

No. 10. For marking grass courts and grass athletie fields with liquid lime; not adapted to clay courts. Price, \$20.00.

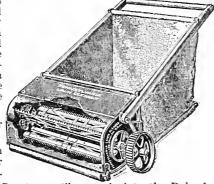

## LAWN AND PUTTING GREEN CLEANER

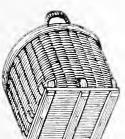

The flexible rake bars are of wood, with steel springs and teeth; they rotate just like a lawn mower cylinder and clean up every particle of leaves, litter or rubbish, throwing it into a receptacle or bag in the rear, which is of large capacity.

Price, 24-in. Rake, or Sweeper, \$30.00.

Please specify when ordering if wanted for lawns or putting greens.

Sweeping Brushes. Can be readily attached to the Rake for sweeping lawns, putting greens, paths, etc. Price per set of three, 24-inch, \$7.00.

### **RUBBISH BASKETS**

A basket for gathering up rubbish and litter will be found a great convenience, especially when it is suited for the purpose. This basket holds

3 bushels and can be carried or wheeled on a barrow. Price, with rope handles, \$4.75 each.

This simple device is the best thing of its kind ever used for taking weeds out of the lawn. It will be seen that it is not necessary to get down on hands and knees to operate it. The cutting blade is of the best steel, equipped with a convenient handle, so that either man, woman or child can use it. 50c. each. (By P. P., 60c.)

### SOD PERFORATOR

For use loosening soil where grass is worn out, for reseeding; makes a perfect seed bed which means quick growth of grass after the seed is sown. It is used like a tamper, its own weight being sufficient to properly perforate the ground; also desirable for

Sod Perforator

Sod Tamper use on putting greens, for renovating. Price, \$5.00.

## SOD TAMPERS

When laying sod it is necessary to properly firm it down so that it will take new root quickly. It is also convenient for firming the soil or lawn on places where a roller cannot be used; made of iron with wood handle; 12 inches square; weight, 20 lbs. Price, \$3.50 each.

# BARREL TRUCKS, Etc.

The price below includes barrel and truck. The latter is constructed so that the barrel may be detached quickly and the leaf rack attached.

## **Wood Leaf Racks**

Excellent for gathering leaves, litter, grass, etc. They can be attached to a water barrel truck as shown above. Leaf Rackonly, notruck \$12.00 Leaf Rack with 3½-inch tire truck......\$29.00 Truck with 3½-inch tire wheels, no rack or barrely and the struck or barrely attacks...

## **Keystone Leaf Racks**

This device can be used on wheel-barrows with removable sides. Convenient for gathering leaves, cut grass and rubbish. Has a capacity of 10 bushels; made of galvanized wire, bolted to a wooden base. Price, not including wheelbarrow, \$8.50.

Great American Wheelbarrow

The measurements of barrows are understood, viz: length, meaning inside length of body; depth, inside depth at front; width, outside width at handles.

## MICHELL'S HIGH GRADE LAWN MOWERS

## MICHELL'S IMPROVED HIGH WHEEL BALL-BEARING

We have had designed by the best lawn mower makers in the United States the "Michell" High Wheel Ball-Bearing Mower. Of the best material throughout in every detail, there has been the thought to construct not only a mower that would appeal to the intending purchaser from a standpoint of looks, but to give him more for his money than we might be able to do in other makes. The "Michell Ball-Bearing High Wheel Lawn Mower" is made for us by John Braun & Sons, who are the originators and makers of the "Famous Pennsylvania Quality" machines.

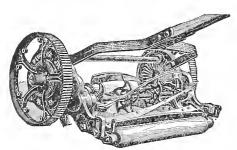

It has a 5-blade cylinder of tool steel blades, each hardened and tempered in oil; equipped with internal driving gears on both sides. The cones and cups in which the balls revolve are hardened tool steel, while the balls themselves are extra large, of the best quality. The drive wheels are 10 inches high, which ensures easy running; the bottom knife is self-sharpening with raised edge, of crucible steel, that will ensure long service. Can be regulated to cut grass at a height of from ½ to 1½ inches, by adjustment, while it mows grass with ease that is 6 inches high.

15-inch cut. \$18.00 | 19-inch cut. \$23.00 17-inch cut. 20.00 | 21-inch cut. 26.00

Michell BB High Wheel Lawn Mower

## PENNA. JR. BALL-BEARING MOWER

To get the best results from this machine, which does exceptionally fine work, the lawn should be mowed at regular intervals. It cuts the grass shorter than the 4-bladed machine, hence requires mowing at stated periods when the grass is growing rapidly.

 10-inch or high wheel, 5-blade cylinder, 6-inch diameter.

 15-inch

We can also supply the Penna. Standard in same sizes and prices as above.

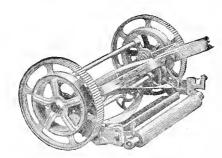

#### THE CONTINENTAL LAWN MOWER

The regulation style for every-day lawns. The Continental is double geared while the Pennsylvania is single geared. High wheel,  $10\,\%$ -inch diameter.

15-inch \$27.00 19-inch \$34.50 17-inch 30.50

## MICHELL'S EVERGREEN BALL-BEAR-ING LAWN MOWER

Handsomely finished in gold, touched up with red. Blades are crucible steel, the cones on the cylinder bearings are automatically adjusted by a spring washer in back of the left-hand cone. The lower knife is the spring pattern, crucible steel and is

adjusted to the cylinder by means of two set screws. High wheels, 10 inches in diameter; 5½-inch cylinder; 4 blades.

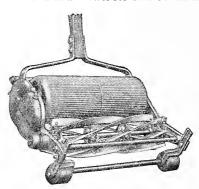

16-inch.....\$11.00

## PENNSYLVANIA NEW ARISTOCRAT LAWN MOWER

A light running, smooth cutting model of the world famous Pennsylvania Golf mower; its high gearing makes it particularly efficient in cutting creeping bent greens. It has  $5\frac{1}{2}$ -inch cylinder, with 7 crucible steel blades, oil-hardened and tempered. One size only, 19-inch. Price, \$40.00. Grass Box, \$8.00.

# PENNSYLVANIA MOWER SUPER ROLLER TYPE

This new mower for Golf Greens is the last word in lawn mower

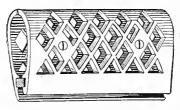

construction. It has seven crucible steel blades in a high-speed cylinder, aluminum driving drums and train of cut gears running in a grease-tight case. Intermediate gear on roller-bearing; drums, cylinder and front caster wheels on ball bearings. The Super Roller Mower is light running, easy to push and cuts absolutely without ridging the greens. Weight only 55 lbs. One size only, 18-inch cut. Price, \$50.00. Grass Box, \$8.00; Carriage, \$5.00.

#### WM. PENN BALL-BEARING MOWER

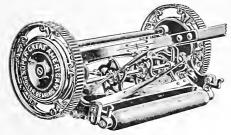

The latest creation of the factory making the famous Pennsylvania and Great American Lawn Mowers and represents a lot of value for the price. It runs easily, cuts clean and lasts long; it has 9-inch driving wheels, open style and the cylinder  $5\frac{1}{2}$  inches in diameter, has 5 crucible steel blades, driven by an internal gear in each wheel. The crucible tool spring steel bottom knife is self-sharpening. Equipped with patented Staytite handle, with steel clamps adjustable for any possible shrinkage. One size only, 16-inch. Price, \$16.50.

#### LOGAN LAWN MOWER SHARPENER

Can be adjusted for any thickness of blade and when properly set will give a uniform bevel, the sharpener following the twist of the knife. It will also sharpen the under blade or dead knife. Price, 75c. each (by P. P., 85c.). Extra files, 25 each (by P. P., 30c.).

## MICHELL'S HIGH GRADE LAWN MOWERS, ETC. 141

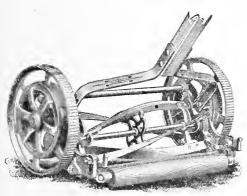

Super Great American Lawn Mower

### SUPER GREAT AMERICAN **ROLLER-BEARING** LAWN MOWER

12-inch													.\$8.00
14-inch													8.50

Easy Emptying Grass Catcher

## **GRASS CATCHERS**

Despite what is said to the contrary if you want a good looking lawn you should not allow the cut grass to remain upon it; there are two ways of accomplishing this, one is to rake it off "costly and tedious," the other is with the use of a grass catcher "simple and practical." The weight of the catcher loaded with grass is thrown on the machine proper so that it really adds very little to the labor

involved in mowing.

Easy Emptying. Short iron handle; round back; galvanized sheet steel bottom; heavy duck sides. No. G10, for mowers 12 to 16 inch, \$1.25 each (by P. P., \$1.45); No. G12, for mowers 18 to 22 inch, \$1.50

(by P. P., \$1.75). Braun Make. Galvanized bottom, canvas back and sides. Will fit any of the Pennsylvania line of hand mowers.

Pennsylvania Undercut Lawn Trimmer

## PENNSYLVANIA UNDERCUT LAWN TRIMMER

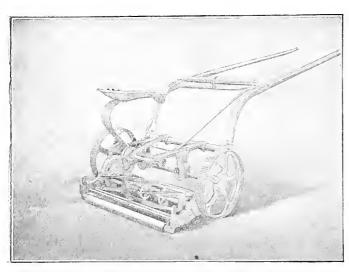

The unique construction of the undercut trimmer permits cutting not only close to a wall, fence, tree, etc., but it will get the grass under a fence or rock cut base of tomb stones, house foundations and other places hitherto out of reach of anything but hand shears. The slanting sideplate and conical cylinder make it possible to cut all grass which the regular lawn mower will not reach. Ball bearing, with 9½ in. drive wheel; four blade cylinder. Price, \$12.00.

# 142 MICHELL'S HIGH GRADE LAWN MOWERS, ETC.

## CAPITOL LAWN TRIMMER AND EDGER

The steel disc can be adjusted in a few seconds to convert it into a first-class edging device, while for trimming along borders and walks as well as against buildings, fences, etc., it will prove to be an excellent tool; cuts a swath 6 inches wide. Price, \$11.00.

Pennsylvania Fairway Pony Mower

# PENNSYLVANIA FAIRWAY PONY MOWER

This mower is an outstanding improvement over the older types of horse mowers with roller construction, being lighter in construction, larger wheels, resulting in reduced draft, and quality roller and ball bearings. Wheels 17 in. by 2½ in., each fitted with two sets of Timken Roller Bearings. Cylinder 6¾ inches in diameter. Steel blades hardened and tempered with ball bearing journals. Iron roller adjusted for different heights. 30-inch cut, 5-blade cylinder, with seat and shafts. . . . . \$150.00 25-inch cut, 6-blade cylinder, without seat and shafts. . . . . 72.50

#### PENNA. GRAND HORSE LAWN MOWERS

38-inch cut, with seat and shafts, 6-blade cylinder ..... 210.00

**COLDWELL CUB POWER LAWN MOWER** 

This is a light, substantially built power lawn mower with a 21 inch detachable front cutting unit and a full width drive roller. The engine has been specially designed for this mower. The cylinder is water cooled with fan and radiator so that full load can be carried continuously in hottest weather. automobile type carburetor is used with a gasoline tank large enough for eight hours use. Ignition is sup-

plied by a Bosch high-tension fly wheel type magneto mounted directly on the crank shaft. Price, \$195.00. Grass Box, \$10.00.

### COLDWELL MOTOR MOWERS

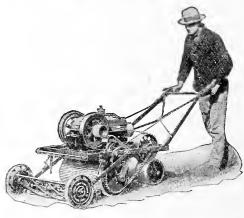

Twin 30. This is a combined Lawn Mower and Roller, having a capacity of from 6 to 8 acres per day; extremely flexible, making it easy to cut close up to and around trees, shrubbery, walks, etc. The drive roller is full width and is built in two sections. The two cylinder, four cycle, water cooled motor provides an abundance of power for climbing steep grades. 30-inch cut, \$385.00. Grass Box, \$15.00.

- L Twin. An exceptionally powerful twin-cylinder power lawn mower and roller, combining flexibility with large capacity; equally well suited for cutting small plots or trimming or mowing wide open stretches of lawn. 25-inch cut, \$335.00. Grass Box, \$12.00.
- L Twin with Gang Units. 60-inch cut, \$395.00.
- L Junior. A light weight, simple and dependable power mower and roller, of good capacity at a moderate price. 25-inch cut, \$255.00. Grass Box, \$12.00.

#### IDEAL MOTOR LAWN MOWER

ROLLER MOWER TYPE

Suitable for moderately large lawns. A great labor saver as it does the rolling and mowing in one operation; the power is applied to the traction roller and cutting units push a head of the machine the same as a hand mower. Home

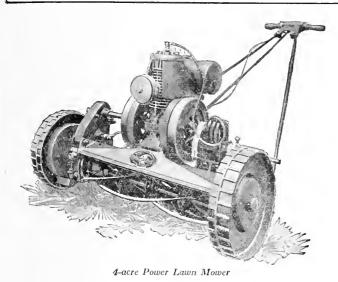

owners with lawns of several acres as well as park departments, hospitals, schools and colleges are using them. We shall be pleased to send complete detailed literature. Prices, f. o. b. Philadelphia. 22-in. cut, \$265.00 (without riding attachment); 30-in. cut, \$385.00 (without riding attachment). Riding attachment for 30-inch machine only, \$25.00 extra.

#### MICHELL'S RELIABLE GRASS SEEDS

are offered on pages 4 to 6.

## MICHELL'S HIGH GRADE LAWN MOWERS, ETC. 143

Parcel Post charges where named are for shipment up to and including the third zone; for other zones please add additional postage.

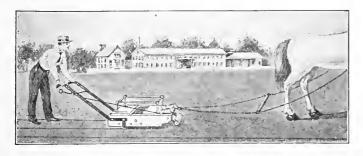

## 4-ACRE POWER HEAVY DUTY LAWN MOWER

#### SIMPLE, PRACTICAL, DURABLE

The Jacobson "4-Acre" Mower is a sturdy, highly-refined mower with many years' successful operation to its credit. It is gear driven, with gears running in oil. An automobile-type differential makes it easily guided about trees, shrubs, flower beds, etc. The reel and traction units are controlled independently by two clutches. Knives are sharpened by the mower's own power without removing the reel.

No. 1. Heavy Duty. Cuts 24 inches wide; net weight, 250 lbs., crated, 300 lbs. Price, f. o. b. Phila., Pa., \$290.00. Grass Catcher, \$9.00 extra.

Junior Power Mower. Cuts 19 inches wide; net weight, 170 lbs., crated, 200 lbs. Price, f. o. b. Phila., Pa., \$210.00. Grass Catcher, \$6.50 extra.

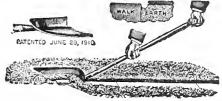

#### CHAMPION SOD CUTTER

The best and most satisfactory machine on the market. Used extensively where any great amount of cutting is to be done; this machine will cut in one hour as much as two men can cut in a day. The machine is so constructed that it can be adjusted to cut the sod to a uniform thickness, 1 to 2 inches; has a reversible knife. Price, \$52.50. Extra knives for above, \$10.00 (by P. P., \$10.75).

### No. 136, IMPERIAL LAWN **EDGE TRIMMER**

With this tool the rough straggling, overhanging grass along the edges of the walk can be trimmed in a few minutes. It plows a clean U-shaped trench, delivering the

cutting on the sidewalk. The edges along the curbing and walk of an eighty foot lot can be trimmed in twenty minutes, leaving the whole surroundings neat and attractive. Price, \$1.50 (by P. P., \$1.70).

#### PLANET JR. No. 2 GRASS EDGER

A simple steel disc device, with a flange that runs on the cement path, to cut away the grass which hangs over the edge of the walk; this revolving disc operates very easily and does not cut away any of the soil which some people object to; can be used successfully on straight or curved cement paths. Price, \$1.80 (by P. P., \$2.00).

## SPECIAL LAWN MOWER OIL.

#### LAWN MOWER OIL

Pure oil that will not gum or get sticky is an essential for the satisfactory operation of every mower. The oil sold by us has been selected with this point in view.

Prices: Per pint, 25c.; 35c. per quart; per ½ gal., 65c.; \$1.10 per gal.; 5 gals., \$4.25.

Lawn Mower Oil cannot be mailed

See pages 4 to 6 for Michell's Grass Seeds, in Mixtures and separate varieties.

## MICHELL'S LAWN ROLLERS, ETC.

It is very essential to roll the lawn when the frost is permanently out of the ground, and again several times during the season. A first class roller will prove a good investment, as it will last almost a lifetime, especially if it is put under cover when not in use.

## KEYSTONE HAND LAWN ROLLERS

Drums are equipped with five spokes; the face is ground smooth and carefully finished. The steel roller bearings are mechanically constructed making the roller operate so easily a child can handle it. The handle is made of steel and hard wood; is equipped with a balance weight, so that it is always in an upright position. The drum or roller part has a bevel edge so that it cannot tear up the lawn or ground when being turned.

No.	Diam. Inches	Length or Width In.			Price

Keystone Horse Roller

## MICHELL'S SPIKE TOOTH ROLLER

Michell's Spike Tooth Roller

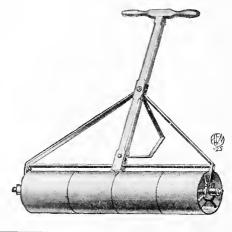

For aerating the sod on Golf Courses, Putting Greens, Parks and large lawns. Three feet wide, made in three sections; diameter 10 inches; weight, 190 lbs. Made of seasoned oak staves with cast iron heads. Closely covered with steel spikes. Steel top and frame so constructed that sand bags can be used for additional weight. Carrying wheels for turning or moving. Price, \$70.00.

# KEYSTONE GOLF GROUND AND LAWN HORSE ROLLERS

Made of cast iron carefully finished with beveled edge drums; equipped with shafts for one horse or tractor hitch; all sizes are equipped with weight boxes to permit the roller being made to weigh heavier than it is when factory finished.

No.	$_{ m Diam.}$	$\begin{array}{c} { m Length} \\ { m Inches} \end{array}$	Sections	Weight Lbs.	Price

## BORDER SHEARS

Made of finest American steel. They take the place of edging knives and avoid the necessity of doing much stooping. The shear without wheel works equally as well as the one equipped with wheel, this feature is an item of individual preference only. No. 1102. 9-inch. Without wheel \$3.75 No. 1103. 9-inch. With one wheel 4.50

#### LAWN SHEARS

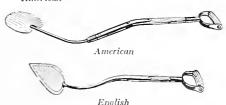

## **EDGING KNIVES**

For trimming edges of paths, etc. No other implement will put a finish to a grass border, a walk or drive edged with sod like an edging knife; on straight work, it is well to use a garden line so as to make a first-class job, as nothing in the line of gardening looks so badly as edging in a crooked line.

No.3 040. American, with handle.........\$1.40
No. 3863. English, 9-inch with

English American

#### TURF OR SOD LIFTERS

At times, it is more desirable to sod a bare or worn out spot on the lawn or grass plot than to sow it with grass seed. Our sod lifters are made of the best steel and will last a long time.

American. Steel blade, with an 18-inch steel shank and wood D handle. Price, \$2.25 each (by P. P., \$2.50).
English. No. 275. Price, \$6.50 each. (Not mailable).

## GRASS SHEARS

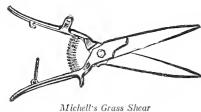

Do not buy a cheap grass shear, they do not last long, nor do they keep a sharp edge, which is an essential in trimming grass; our list comprises the best makes.

If wanted by parcel post, add 10c. each

for postage

## **ELLISCO BEETLE CATCHERS**

"Red Star Brand"

(Patent applied for)

P. P

1.95

This beetle trap is the result of scientific researches on the destruction of the Japanese Beetle. Improve-Beetle. ments in the trap simplify its use and increase its efficiency; the new vertical wing, with perforated bait lure, attracts and holds even the most elusive of these beetles and holds them directly over the funnel into which they drop. Need be baited only

once a season; bait sold separately, with full directions.

No. 2 size, as illustrated, made of galvanized metal, will last for years, \$2.00 each

No. 1 size, fits on any Mason jar or similar container, made of tin, \$1.00 each.

Beetle Bait. 1/4 pt. cans for use with No. 1 trap, 35c.

1/2 pt. can for use with No. 2 trap, 60c.

## MAN O'WAR WINDMILL

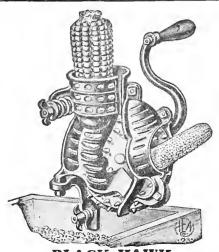

An interesting feature for the children's garden, although they are equally practi-cable for the grown-ups. Revolves withtheleast puff of wind and on account of their looks they serve as a scarecrow for undesirable birds or animals. They can be

fastened to any tree, post, house or wash line pole. Height, 15 in.; \$1.50 each (by line pole. P. P., \$1.60).

## INDIAN CHIEF WINDMILL

\$1.50 each (by parcel post, \$1.60).

Parcel Post charges where named are for shipment up to and including the third zone; for other zones, please add additional postage.

**BLACK HAWK** CORN SHELLER

Excellent for small poultry farms, etc. Ball bearing; suitable for fastening to a bench, box, etc., for shelling small quantities of corn. \$3.25 each (by P. P., \$3.60).

PENNA. CORN SHELLER

No. 3 Useful on every farm and private estate. Separates the corn from the cob. throwing the cob to one side and allowing the corn to pass out another. \$15.00.

## BANNER ROOT CUTTERS

Roots of vegetables cut up fine take the place of grass and greens during the winter months.

No. 7. For poultry, sheep and lambs, \$6.50.

No. 35. Large size, \$30.00.

Our Garden Tool and Sundries Department we believe to be the most fully equipped of any seed store in the United States. Most every article of real merit for horticultural work will be found here, and of the best quality.

Rose Fruit Picker

#### BOSS FRUIT PICKER

Made substantially of galvanized wire. Can easily be attached to a pole of any length. Price, 50c. (by P. P., 60c.).

#### GRAPE PROTECTING BAGS

Thousands of bunches of grapes are wasted annually because they are not protected against the ravages of insects, birds, etc. Michell's Improved Grape Bags are economical, easily attached and last a season. The fruit ripens just as readily in them as it does in the open. The bags should be attached when the grapes are the size of a pea prior to which it is suggested that they be sprayed (even though not affected) against blight or fungus; the bags should be left attached until the fruit is ready to harvest.

#### MULCH PAPER Cutsdowngarden

labor, doubles all

Mulch Paper is applied to the soil surface after the proper preparation, this will eliminate weeds entirely and make cultivation and weeding unnecessary. Exhaustive tests have

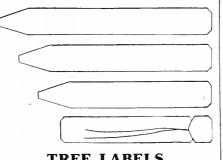

proven earlier crops are produced and in many cases increased the production over 100%. It also retains the moisture and brings crops to maturity far in advance of normal plantings. Wherever this paper has been used, it is known as the miracle paper. Garden drudgery is a thing of the past and hoeing no longer necessary, for producing wonderful crops. Made in two widths.

#### PRICES ON MULCH PAPER

We can furnish this in both 1-and 2-inch mesh, in units of 25-ft., 50-ft., 75-ft., 100-ft. and 125-ft. lengths. 1-inch mesh at 4c. per square ft.; 2-inch mesh at 2c. per square ft.

Our Garden Tool and Sundries Department we believe to be the most fully equipped of any seed store in the United States. Most every article of real merit for horticultural work will be found here, and of the best quality.

## No. 1. MANIFOLD PEA TRELLIS (Wood)

The ideal arrangement for garden and sweet peas. When fully opened it makes a trellis 19 feet long, and this is varied according to the height desired. Positively the best thing of its kind that has ever come to our notice. It can be set up in 5 minutes and taken down in less; folds together so that it occupies very little storage space. Very desirable also as a trellis for training vines Complete ready to put up; stained green, \$4.00 each; doz., \$46.00.

# Timesaver lantSupport

A long lived, low priced adjustable support, all metal parts being galvanized, java end is green; can be adjusted as to height and size of loop almost instantly and is practically hidden by the foliage of the plant it supports. Doz.

Zementine. For whitewashing and shading. 2 lbs., 45c.

### PEAT MOSS, TORF MULL

(Imported, Granulated)

A moisture retaining humus and an aid for saving soil fertility. It furnishes the needed organic matter which all soils require. For lawns, cover lightly in the spring with Peat Moss and occasionally during the summer, with a heavy covering in the autumn. For the autumn. roses, dig deeply

Peat Moss

and incorporate with the soil Peat Moss to the depth of 6 inches, before spading. For the flower garden, spread evenly from 3 to 6 inches deep a covering of Peat Moss, mixing well with the soil. For window or porch boxes, mix a good proportion of Peat Moss with some rich compost or soil. For the greenhouse, mix Peat Moss with the potting soil. Price, small bales, \$1.50; \$4.00 per large bale.

2	gallon.						1.25	1.45

If wanted by P. P., add 15c. each for postage.

### FAVORITE DRY MASH HOPPER

A Hopper without any fault. The wire grid is raised or lowered as required for coarse or fine mash. curved bottom of the hopper always keeps the feed within easy reach of the birds. The flange at the edge prevents any possibility of waste. The Favorite Dry Mash Hopper is an inch wider at the lower side than at the top, thus making it utterly impossible for the food to clog. Price, 12-inch size, holds 12 qts., \$1.75 each. 18-inch size, holds 18 qts., \$2.25 each. 24-inch size, holds 24 qts., \$3.00 each.

### Grit, Shell and Feed Boxes

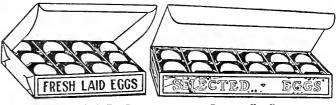

No. 1. Medium, Galvanized Iron, with three spaces, 75c. each (by P. P., 90c.). No. 2. Large, Galvanized Iron, with three spaces, \$1.00 each (by P. P., \$1.15).

# No. 12 POULTRY FREMER

### **FELKER'S No. 12 FEEDER**

Designed especially for a small colony of fowl or for chickens. Can be used for any kind of grain feed or mash and is protected from waste by a specially designed brass wire grid. Can be hung on the wall or set on a sill. 12 in. long, 90c. each (by P. P., \$1.05); 24 in. long, \$1.35 each (by P. P., \$1.55).

Extra Heavy Style Egg Box

Suwanee Egg Box

### Paper Egg Boxes (1 Doz. Cap.)

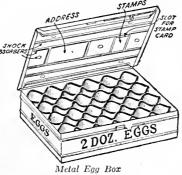

Extra heavy style, 3 x 4 egg size. 35c. per doz. (by P. P., 45c.); 25 for 60c. (by P. P., 75c.); \$2.25 per 100; per 1000, \$18.00.

Suwanee Paper Egg Cartons. For delivering table eggs; capacity one dozen each. Made of heavy cardboard; oblong shape. 30c. per doz. (by P. P., 40c.); per 100, \$1.60; \$14.00 per 1000.

Eagle Style. Light weight cardboard, 25c. per doz. (by P. P., 30c.); 25 for 35c. (by P. P., 45c.); \$1.10 per 100; per 1000, \$9.00.

Printing of Egg Boxes. \$1.00 per 1000 for the regular style and \$2.50 per 1000 for the Suwanee and Eagle style.

### Metal Egg Shipping Box

This is the ideal, indestructible box for forwarding household eggs by parcel post or express; can be used indefinitely.

 $1\frac{1}{2}$ -dozen capacity....\$1.25 2-dozen capacity..... 1.50 3-dozen capacity . . . . . 1.75 4-dozen capacity..... 2.506-dozen capacity..... 9-dozen capacity..... 3.25 12-dozen capacity.....

If wanted by parcel post, add 15c. per box for mailing.

### SEARCHLIGHT **EGG TESTER**

A portable, electric tester; speedy, accurate, easy to operate; the tester is moved over the eggs, instead of the eggs over the tester, not only saving the handling of the eggs, but the light penetrates at the top where the germ rests. Price, \$5.00.

GATE TRAP NEST FRONT	

A trap worked entirely by the hen, arresting it every time it enters the nest. Of simple construction; cannot get out of order; must last a lifetime; will never frighten a hen. If you use trap nests you can tell which hens are layers and which are drones.

We furnish fron's only, attachable to a square box of suitable size. Each, \$1.00 (by P. P., \$1.15); \$11.00 per doz. (by P. P., \$11.50).

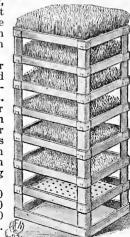

COLLINS OAT SPROUTER

The most practical, quickest growing, perpetual, sectional and fireless Oat Sprouter. The Collins Sprouter is made Sprouter. The Collins Sprouter is made in units, light individual pans, one pan for each day of the week and a drip pan at the bottom.

The production of eggs and the proper development of growing stock depend upon some form of "green stuff," something that is growing, that has life in it. The feeding of sprouted oats is no longer an experiment. Experience has proven time and again its value as a food for stimulating egg production. Oats sprouted in the right manner furnish food most nearly akin to the fresh green growth of spring time, the prolific laying time of the year.

### THE NEW 1930 MODEL SOL-HOT BROODER

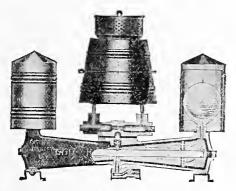

Sol-Hot is the only brooder on the market that has a different size burner for each size canopy. It costs more to build them this way, but it means economy for you.

### You take no risk when you order a Sol-Hot

If you are thinking of buying a brooder this season, by all means buy a Sol-Hot—it means so much to you in the way of saving of labor and better results in the rearing of your chicks.

You may be able to buy a brooder that costs a little less money, but based on the better value you get—the more chicks you will raise—the freedom from trouble—the elimination of fire hazard—Sol-Hot is by far the cheapest brooder in the long run.

### It's the Twin Float Automatic Oll Level Control

Sol-Hot, with its many years of undisputed leadership, once more steps "Way out in front" this season with the greatest invention ever made for oil-burning Brooders. The patented TWIN-FLOAT Oil Level entirely eliminates the trouble and bother of having to level up the brooder in order to get it to burn properly. Equipped with the New Twin-Float Oil Level, the Sol-Hot Brooder can be set anywhere, regardless of uneven floor conditions. Comes assembled, ready for immediate operation. No leveling of any kind needed.

### 100 Per Cent Safe

No danger from fire—no trouble—no worry. All you have to do is to put oil in container, prime and light the burner, and turn flame control valve—like knob on gas stove—to height desired. The oil container is connected to the burner with copper tubing. It can be set anywhere, on the floor, on a shelf, high or low—it makes no difference. Burner cannot overflow—cannot go out—the Twin-Float absolutely prevents it. Operating a Sol-Hot is as simple as using a gas stove.

### SOL-HOT ELECTRIC BROODER

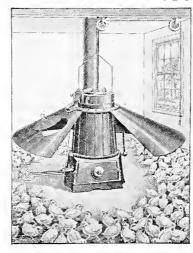

Just plug into any electric light socket, set the temperature control on the Sol-Hot Electric Brooder at the temperature desired, turn on the electricity and that's all there is to it. The Sol-Hot Electric will give you the temperature desired day in and day out—week after week and month after month without attention.

tion. No ashes to carry or sweep up, no refueling every day and best of all, chicks are kept warm and comfortable in an atmosphere that is pure and fresh.

### **EUREKA COAL STOVE BROODER**

This type has a corrugated fire pot claimed to be gas proof; is self regulating and \* the manufacturer claims you can operate it at a cost of 5 cents per day. It requires no attention except coaling once in 24 or 48 hours according to weather. Made in two sizes: No. 11, weight 95 lbs., for brooding 500 chicks, \$14.75; No. 22, weight 117 lbs., for brooding 1000 chicks, \$18.50.

### PUTNAM BROODER HEATER

This can be used in any home-made brooder. The heater acts like an open fireplace, carrying the foul air out and drawing the fresh air in, thus providing perfect ventilation automatically. Heat is radiated from above onto the backs of chicks, giving the natural and soothing effect of the hen, without the lice. Made of brass and galvanized iron and is practically indestructible. Price of

galvanized iron and is practically indestructible. Price of heater, \$4.75 (by P. P., \$5.00).

### LITTLE PUTNAM STOVE

This is used under the drinking vessels of the poultry house to keep the water from freezing in the coldest winter weather. The stove is nine inches in diameter and four inches high; made of galvanized iron and equipped with a burner. The oil tank holds three pints of oil and burns three to four weeks without re-

filling or any other attention; the wick never needs trimming. Price, \$2.00 (by P. P., \$2.15).

per box (by P. P., add 10c. extra).

Conkey's Scaly Leg Remedy. A sure cure. 25c. per pkg. (by P. P., 10c. extra).

Conkey's White Diarrhoea Cure. For little chicks; results

always satisfactory. 30c. and 60c. per package (by P. P., 10c. extra).

Death to Lice (Lambert's). For dusting fowls and nests. The most effective chicken lice exterminator in existence. 5-oz. size, 10c.; 25c. for 15 ozs. (by P. P., 30c.); 48 ozs., 50c. (by P. P., 65c.); \$1.00 per 100-oz. pkg. (by P. P., \$1.35).

Death to Lice Ointment (Lambert's). A salve or ointment used on the heads of newly-hatched chicks. It drives away lice instantly.

10c. and 25c. per box (by P. P., add 10c. extra).

Gape Worm Extractors. Two styles: Hallowell, made of German silver and horse hair, 10c. each. Pilling, made entirely of German silver, 25c. each (by P. P., add 5c. extra)

Germozone. The standard remedy for the prevention and cure

of most every ill that affects poultry, such as roup, cholera, bowel complaint, diarrhoea, sore head, gapes, etc. In tablet form,

75c. (by P. P., 85c.).

Lice Expelling Nest Eggs. These are made of napthaline and are an ideal substitute for the natural egg, which they closely

resemble. 6c. each; per doz., 65c.; \$4.50 per 100.

Oculum. For cholera, roup and diarrhoea. May be used on chicks and grown fowls with equal success. 50c. and \$1.00 per bottle (by P. P., add 10c. extra).

Pratt's Disinfectant. For spraying poultry houses, stables, etc. It gets rid of lice and mites and keeps poultry houses clean and healthy. Pt., 35c.; 55c. per qt.;  $\frac{1}{2}$  gal., 90c.; \$1.50 per gal.; 5 gals., \$7.00.

Pratt's Lice Powder. For dusting nests, fowls, chicks, etc.; quickly kills the lice. 12c., 25c. and 50c. per box (by P. P.,

add 10c. extra).

Pratt's Roup Remedy (Pills). For roup, canker, catarrh and diptheria. As a preventative it is unsurpassed. 25c., 50c. and \$1.00 per box (by P. P., add 10c. extra).

Pratt's Sore Head Remedy. A sure, rapid cure for the dreaded disease known as sore head or chicken pox. 30c. and 60c. per box (by P. P., add 10c. extra).

Pratt's White Diarrhoea Remedy. For baby chicks: keep the germs of the disease from becoming active by using this remedy. 25c. and 50c. (by P. P., add 10c. extra).

Roup Syringe. For administering liquid roup remedies in the

nostrils or throat. Price, 15c. each (by P. P., 20c.).

Spratt's Dog Soap. Entirely free from poison, and at the same time most effective in the destruction of lice and fleas. 25c.

per cake (by P. P., 35c.).

Sulphur Candles. Large size, 25c. each (by P. P., 30c.); doz., \$2.75. Small size, 15c. each (by P. P., 20c.); doz., \$1.65.

\$2.75. Small size, 15c, each (by F. F., 20c.); a02., \$1.55.

Tobacco Dust. For dusting on roosts, nests, etc., to keep away vermin. Carton with sifter top, 25c.; 5 lbs. for 40c.; 60c. for 10 lbs.; 25 lbs., \$1.35; \$2.50 per 50 lbs.; 100 lbs., \$4.75.

Tobacco Stems. For making nests, etc. 1 lb., 10c.; 30c. for 5 lbs.; 10 lbs., 50c.; \$1.00 per 25 lbs.; large bales of about 250 lbs., at 2c. per lb.; per ½ ton, \$15.00; \$27.50 per ton.

Whiting's Roupene. An infallible preventive and sure cure for all cases of roup capter diptheria chicken pay or sore head

all cases of roup, canker, diptheria, chicken pox or sore head, gapes, colds and all diseases of the respiratory organs of fowls or pigeons. Will cure dogs of the sniffles. Price, 50c. and \$1.00 per bottle (by P. P., add 10c. extra).

Whiting's White Diarrhoea Remedy. 50c. and \$1.00 per

bottle (by P. P., 10c. extra).

Zenoleum Liquid. Dilute one part Zenoleum to one hundred parts water. It is non-poisonous and is not irritating or inflammable. Should be used freely around barns and poultry houses. Zenoleum is a concentrated solution of coal tar. It is mixed with hot or cold water, making a perfect emulsion that requires no boiling or stilling. 8 ozs., 50c.; 75c. per qt.;  $\frac{1}{2}$  gal., \$1.25; \$2.00 per gal.; 5 gal. can, \$9.50.

# MICHELL'S RECLEANED BIRD SEEDS, PET SUPPLIES, ETC.

If Bird Seeds, Etc., are wanted by Parcel Post, add for postage as follows: 10c. for 1 lb.; 20c. for 5 lbs.; 30c. for 10 lbs. Bird Manna. Keeps Canary birds in

prime condition and prevents the

loss of song. Pkg., 15c.

Canary Seed (Plain Sixily). Recleaned and of splendid quality. Per lb.,20c.; 90c.per5 lbs.; 10 lbs.,\$1.65.

Canary Seed (Mixed). A mixture of the finest quality and in proper proportions. Per lb., 20c.; 90c. per 5 lbs.; 10 lbs., \$1.65.

Catnip Balls. A plaything and tonic for pussy. 20c. each.

Cuttle Fish Bone. Good for digestion and general health.

Each 5c.; 20c. per ½ lb.; per lb., 60c.

Cuttle Fish Bone. With holder for fastening to cage. 10c. each (by P. P., 15c.).

Fish Food. Granular and wafer form. Per pkg., 15c. Hemp Seed. Birds are very fond of this seed; it is rich and should be fed with discretion. Lb., 15c.; 5 lbs., 70c.; 10 lbs., \$1.30.

Lettuce Seed. A slight sprinkle of this is much relished by canaries. Oz., 5c.; 1/4 lb., 10c.; 30c. per lb.

Maw Seed. Calculated to improve the song of canaries, etc. 1/4, lb., 10c.; lb., 25c.; 5 lbs., \$1.10.

Millet Seed (Imported). Recleaned seed; nutritious and appetizing. Lb., 12c.; 5 lbs., 55c.; 10 lbs., \$1.00.

Parrot Food (Spratt's). 20c. pkg.; (by P. P., 25c.).

Rape Seed. Will keep the birds in excellent condition; feed with canary seed. Lb., 15c.; 5 lbs., 70c.; 10 lbs., \$1.30.

Sand. For bird cages. Red, fine. Pkg., 10c.; \$1.00 per doz. pkgs. Sand. Silver, fine. Pkg., 10c.; \$1.00 per doz. pkgs.

Sand or Gravel. Silver, coarse; for parrot's cages. 10c. per pkg.; doz. pkgs., \$1.00.

Song Restorer. For canaries, 15c. per bottle; doz., \$1.50.

Spratt's Sing Song. A tonic and song restorer. Pkg., 15c.

Unhulled Rice. Lb., 20c.; 5 lbs., 75c.; 10 lbs., \$1.35.

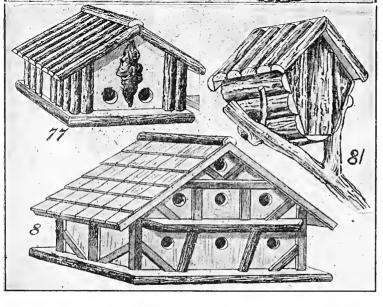

Wild Bird Seed Mixture. 20c. per lb.; 5 lbs., 90c.; \$1.70 per 10

Prices on Bird Seed in larger quantities quoted on application.

# MICHELL'S RUSTIC AND ORNAMENTAL BIRD HOUSES

Comparatively few of us recognize the great economic value of birds. Particularly the bluebirds, house wreps and martins are very easily domesticated. Their favorite nesting sites are bird houses made for their use which may be placed about in the garden and farm or in orchards. As rent, these grateful birds pay amply, destroying millions of insects annually. If you put up bird houses in the autumn or before the birds arrive in the spring you may be able to keep birds with you all winter if you provide them with shelter and food.

### 81. SQUIRREL HOUSE

The trouble with the ordinary squirrel houses is, that all sorts of birds will try to build in them, particularly the sparrow. This house is arranged so that no birds will try to use it, the hole is on the bottom. A narrow passage leads up to another opening leading over into a snug room for the squirrel's storehouse and nesting place. Put high up in crotch of a tree. Price, \$5.50 (by P. P., \$6.00).

# SPARROW TRAP (Wire)

We have tried this out and found it to be the best trap made. Scatter a little cracked corn and set the trap right over it. You'll be surprised at the catch. \$6.00 each (by P. P., \$6.50).

# 176 DRUDGERI.

# MICHELL'S WEED KILLER

Positively destroys every kind of weed and vegetation wherever applied.

One application is usually required yearly; add 40 gallons of water to one gallon of weed killer, then sprinkle the solution upon the vegetation you wish destroyed.

One gallon will cover 150 sq. yds.; can be applied any time. It will do better work with less labor than the old way.

Just the thing for driveways, clay tennis courts, baseball diamonds, drives and walks where you want no weeds.

Weed Killer cannot be used in the garden, flower beds or on the lawn where you want to grow plants and grass.

$\begin{array}{cccc} \text{Qt.} & & \$0.55 \\ \text{$1$/2 gal.} & & .90 \\ \text{Gal.} & & 1.75 \\ \end{array}$	30 gals
Weed Killer is a	not mailable.

\$6.75 33.00 50.00 PLEASURE 26.

### CLIMAX LAWN SAND

# Kills Weeds in the Lawn Without Injury to the Grass

A combination of finely ground chemicals, which, when sprinkled over the grass, possess the remarkable property of destroying Moss, Chickweed, Plantains, Dandelion, and all other weeds on Lawns, Tennis Courts, Golf Greens, etc., at the same time promoting the growth of the finer grasses. It may be applied any time during the growing season of the year. The lawn must be absolutely dry. It acts as a powerful fertilizer for grasses if applied as a top-dressing in the early spring. For top dressing as a fertilizer apply ½ ton per acre.

# PYROX (Bowkers)

A powerful combined insecticide and fungicide for all leaf-eating insects, blights and fungous diseases. It contains the essential copper in proper quantities for safe use and in most active form. It is a pasty substance and needs only to be mixed with cold water. It sticks like paint and stays on for weeks. Helps to increase yields, even when there is no disease.

# OLEATE COATED ARSENATE OF LEAD

### Kills Japanese Beetles

Spray early, when the first Beetles are seen. Kills Japanese Beetles and protects the foliage. The dead Beetles are not seen as they go into the soil to die, but it is estimated that 80% of these that start feeding on foliage sprayed with this material are killed. It has such great sticking qualities that one thorough spraying will be sufficient for protection during the Beetle season. Every particle is covered by an Oleate Soap, which makes it palatable to the Beetle. Foliage which has been thoroughly sprayed is never seriously injured by Beetle feeding. A one pound jar will make 10 gallons of spray.

# ANTS DESTROYED

New Method "Gets"
Them at Their Source—
Safe, Permanent, Effective

The Antrol system is adapted to any size house or garden and quickly destroys all species of sweet eating ants. It is composed of small glass containers and a special formula of syrup. The containers are partially filled with syrup and placed about the outside edges of the house or along "ant" trails in the garden if the infestation occurs there. The ants smell the syrup, eat it and then transmit its mild poison to the queen in the nest. Soon the entire ant colony is destroyed!

The complete system should cover every 15 feet around the outside of the house or "ant" trails in the garden. Once installed permanent, effective and safe protection is insured from these annoying pests.

Prices
Antrol sets, containing 4 containers and one 4-oz. bottle of
syrup\$0.95

Antrol Syrup, 4-oz. bottle
Per pint, 95c.: \$3.75 per gal.

# EVERGREEN INSECTICIDE NON-POISONOUS

Effective for killing cucumber and melon bugs, cabbage worms, rose slugs, aphis, leaf hoppers, and most other plant insects, including cut worms; harmless to humans, animals and birds; it kills only insects. It will not injure tender plants. Evergreen has a pleasant odor—being liquid, it is easy to mix and stays in solution without being stirred.

One gallon makes 800 gallons of spray against plant lice.

# STIM-U-PLANT

### The Magic Fertilizer in Tablet Form

Contains highly concentrated immediately available forms of plant food for use in stimulating all fruit, flower, vegetable and ornamental plants; may be used in tablet or in liquid form.

Prices

Pkg. of 30 tablets, 25c. (by parcel post, 30c.). Pkg. of 100 tablets, 75c. (by parcel post, 85c.). Pkg. of 1000 tablets, \$3.50 (by parcel post, \$3.65).

# QUICKLY KILLS GARDEN PESTS

Science Provides New Safe Method That Does the Work Without Fuss

Snails, Cutworms, Slugs, Grasshoppers, Sowbugs, Earwigs, Etc., are Exterminated

Snarol is a ready prepared meal that you simply broadcast on the ground, under the vegetation. The pests eat the meal and are quickly destroyed.

Snarol will not deteriorate from rain or sprinkling and also is non-injurious to vegetation when used according to simple directions. These features distinguish it from ordinary controls and make Snarol popular with professional gardeners and nursery men. Prices, 45c. per lb.; 95c. per 3 lbs.; 15 lbs., \$3.50.

# WILSON'S O. K. PLANT SPRAY

For Your Flower and Vegetable Garden, Evergreens, Etc.

For box mite, rose bugs, lace fly, spruce gall, red spider, aphis, thrip and other insects. If you are having trouble with insects in your greenhouse or garden, you will find Wilson's O. K. plant spray will help you out in fine shape, by keeping your vegetables and flowers free from insects that otherwise would give you a lot of trouble. For a general spray, mix one part Wilson's O. K. plant spray with 15 parts water.

# Plantabbs odorless plant food tablets

A concentrated odorless plant food in tablet form; clean and easy to use; they dissolve in water almost instantly and make a wonderful liquid fertilizer for potted plants or in the garden.

### Prices

Pkg. of 30 tablets, 25c. (by parcel post, 30c.). Pkg. of 75 tablets, 50c. (by parcel post, 55c.).

Pkg. of 200 tablets, \$1.00 (by parcel post, \$1.10).

Pkg. of 1000 tablets, \$3.50 (by parcel post, \$3.65).

# ADCO ARTIFICIAL MANURE

converts garden refuse, such as leaves, stalks, cuttings, potato, bean and pea vines, etc., into artificial manure.

ADCO is a powder which, when mixed with almost any non-woody vegetable waste and kept moist, gradually converts the mass into real manure fully equal to the farmyard product in fertilizing power, but free from foul odor, flies, weed-seeds, etc. The process is perfectly simple and not at all laborious.

GARDENERS can now have plenty of manure at low cost and little trouble.

FARMERS, by utilizing straw, corn stalks, etc., can secure their manure without the expense and labor of maintaining live-stock

25 lbs. is sufficient to make one-half ton of manure; 150 lbs. is sufficient to make three tons of manure.

### PRICES

# HUMUS NATURE'S OWN SOIL ENRICHER

This is rich soil humus that has been aerated, sweetened and composted, making it an ideal top dressing for lawns and flower beds; makes heavy soils light and porous, light soils heavy, just what you need to promote plant and lawn development at the seashore; gives immediate and permanent effects wherever used. No odor; no weeds.

For lawns use 200 lbs. to 1000 sq. ft.; for vegetables and flowers, spread about one inch thick. It will work wonders.

If wanted by parcel post, add 20c. per 5 lbs.; 30c. per 10 lbs., for postage.

For a green velvety lawn, for a colorful full-flowered garden, for plump, in-advance-of-the-season vegetables, use LOMA.

Agricultural experts all agree that the quickest and surest way to lawn beauty is proper root feeding. For grass depends upon the soil for nourishment, and, unless you put the food into the ground your grass cannot thrive. Good gardeners and golf course keepers know this.

Rich in life-giving nitrogen so often lacking in the soil—in potash and phosphates too. For lawns, apply at the rate of 16 to 20 pounds to a space 20 x 20 feet.

### Conquers Mildew and Black Spot

A successful fungicide, highly concentrated, that mixes readily with water and is easy to apply. Harmless to foliage or blooms. Invisible. The noted Rosenbluth formula combined with the nitrogenous fertilizing product known as Hortogen, that results in increased plant vigor, superb foliage, and amazing blooms.

Fungtrogen is a highly scientific and effective preventative of most fungous diseases of the rose and works equally as well on other flowering plants, such as hollyhocks, snapdragons, geraniums, phlox, sweet peas, carnations, etc. For use outdoors and under glass.

Fungtrogen carries its own spreader, simply mix with water. Makes 60 times its volume—economical.

# MICHELL'S INSECT DESTROYERS, ETC.

DIRECTIONS FOR USING ANY OF THE FOLLOWING WILL BE FOUND ON EACH PACKAGE.

PLEASE NOTE: Insecticides marked \* cannot be sent by parcel post. Where others are wanted in this way, add for postage as follows: 10c. for 1 lb.; 15c. for 2 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs., up to and including the third zone; for other zones please add additional postage.

- \*Agri Pax. A contact insecticide which controls rose-bugs as well as soft-bodied insects; can be used on currants, asparagus, lettuce, celery, etc. The manufacturers claim it is harmless to plants and is non-poisonous. Per qt., \$1.25; \$4.00 per gal.; 5 gals., \$15.00.
- \*Ant Destroyer (MacGregor's). For exterminating ants, cock roaches, wood-lice, snails and many other insects. Per ½ lb., 50c.; \$1.00 per lb.; 5 lbs., \$4.75; \$9.00 per 10 lbs.; 25 lbs., \$21.85; \$42.50 per 50 lbs.; 100 lbs., \$80.00.
- \*Antrol. The Antrol system is adapted to any size house or garden and quickly destroys all species of sweet eating insects. It is composed of small glass containers and a special formula of syrup. Antrol sets containing 4 containers and one 4-oz. bottle of syrup, 95c.; Antrol extra containers, 15c. each; Antrol syrup, 4-oz. bottle, 45c.; 95c. per pt.; gal., 83.75.
- \*Aphine. For destroying aphis, green fly, thrip, red spider and other greenhouse and outdoor insects. It dilutes readily in water about 1 part to 40 of the latter. Per ½ pt., 30c.; 45c. per ½ pt.; pt., 70c.; \$1.15 per qt.; gal., \$3.25.
- Aphis Punk. A paper that has been thoroughly saturated with nicotine. Used for fumigating, giving off dense fumes of nicotine. Excellent for aphis, thrip, white and green fly, also red spider. Contains  $22\frac{1}{2}\%$  of nicotine. (For use in greenhouses only.) Per pkg. of 12 sheets, \$1.00; \$9.50 per case of 12 pkgs.
- Aphistrogen. Makes a complete spray for aphis (plant lice) and most sucking insects; prepared especially for roses and other plants. Per 4 oz., 75c.; \$1.25 per ½ lb.; \$3.50 per 2 lbs.; 12 lbs., \$15.00.
- \*Arsenate of Lead (Coated). Especially valuable for protecting foliage against the Japanese Beetle, covers and sticks like paint. Per lb., 60c.; \$1.10 per 2½ lbs.; 10 lbs., \$3.50; \$8.00 per 25 lbs.; 50 lbs., \$15.00; \$25.00 per 100 lbs.
- \*Arsenate of Lead (Powdered). 1 lb. to 1½ lbs. dilutes to 50 gals. of water or may be used dry like Paris Green. Per ½ lb., 30c.; 50c. per lb.; 5 lbs., \$2.25; \$4.00 per 10 lbs.; 25 lbs., \$8.00; \$27.00 per 100 lbs.
- \*Arsenate of Lead (Calcium). Used for spraying against chewing and leaf-eating insects; sticks to leaves; mixes easily with water and can be used either wet or dry. Per ½ lb., 20c.; 35c. per lb.; 5 lbs., \$1.50; \$2.50 per 10 lbs.; 25 lbs., \$5.50; \$20.00 per 100 lbs.
- \*Black Leaf 40. Per 1 oz. bottle, 35c.; \$1.25 per  $\frac{1}{2}$  lb.; 2 lbs., \$3.25; \$11.85 per 10 lbs.
- \*Bordeaux Mixture (*Powder*). 12½% copper mixture, for spraying purposes. Per ½ lb., 25c.; 40c. per lb.; 5 lbs., \$1.75; \$3.00 per 10 lbs.; 25 lbs., \$6.00; \$22.00 per 100 lbs.
- \*Bordo Lead (Powdered). Has all the advantages of the paste form, but goes farther and is easier to handle. Per ½ lb., 25c.; 45c. per lb.; 5 lbs., \$2.00; \$3.50 per 10 lbs.; 25 lbs., \$7.50; 100 lbs., \$25.00.
- Bug Death. Largely used instead of Paris Green; it is claimed to have the same effect. The manufacturers say that it acts as a fertilizer as well as an insecticide. It comes in powder form and is applied pure. Not poisonous to persons. Per lb., 25c.; 5 lbs., 75c.; \$1.50 per 12½ lbs.; 100 lbs., \$10.00.
- Calcium Casenate. Used as a spreader to mix with other insecticides which do not mix readily. Per 5 lbs., \$1.25; \$2.40 per 10 lbs.; 25 lbs., \$5.00.
- \*Carbolineum. A germicide and disinfectant for purifying poultry houses, stables, etc. Per gal., \$1.50; \$7.00 per 5 gals.
- \*Ceresan (DuBay). For treating the seed of small grains, such as barley, oats, wheat, or rye against destructive grain diseases. 2 to 3 ounces are required for one bushel of seed. Per lb., 75c.; \$3.00 per 5 lbs.; 25 lbs., \$12.50; \$49.00 per 100 lbs.
- \*Copper Solution. Made of sulphate of copper and other materials. Excellent spray for carnation rust and diseases of the grape, pear, apple and other fruits. A good thing to use for leaf blight and mildew. It is diluted in water. Per qt., \$1.50; \$4.00 per gal.
- \*Cyanegg. For generating Hydrocyanic Acid Gas. Claimed to be the best remedy for killing white fly. Do not use on Sweet Peas. Per lb., 75c.; \$3.00 for 5 lbs.

- \*Cyanogas. (Calcium Cyanide) (G. Fumigant). A valuable insecticide for greenhouse fumigation, for destroying aphis, white fly, soft scale, thrips, etc. It is scattered along the walks, and the house closed for the night. Per lb., 75c.; \$3.00 per 5 lbs.; 25 lbs., \$10.00; \$30.00 per 100 lbs. Descriptive circular free.
- \*Cyanogas (Calcium Cyanide). A Dust. For killing rats, moles, woodchucks and other rodents. Per ½ lb., 45c.; 75c. per lb.; 5 lbs., \$3.00.
- \*Derrisol. A highly concentrated, odorless insecticide for the control of plant lice, leaf hopper, green flics, thrips, red spider, etc. Per ½ lb. bottle, \$1.20; \$2.00 per 1 lb. can; 2 lb. can, \$3.00; \$12.00 per 10 lb. can.
- Evergreen Insecticide.

  variety of insects on plants and flowers. Per 1 oz., 35c.; \$1.00 per 6 ozs.; 16 ozs., \$2.00; \$3.50 per qt.; gal., \$13.00; \$50.00 per 5 gals.
- Fish Oil Soap. An excellent summer spray, when something stronger cannot be used, where San Jose Scale exists. It is nice for washing off lemon trees, oleanders and almost anything that would be infested with soft-shelled or in fact most any kind of insect. Dissolved in water according to various purposes. 25c. per lb.; 5 lbs., \$1.00; \$1.75 per 10 lbs.; 25 lbs., \$3.75; \$6.00 per 50 lbs.; per 100 lbs., \$10.50.
- Fish Oil Soap (Good's Caustic). Used extensively as a tree spray and as a summer remedy for San Jose Scale; it comes in a soft soap form and is easily dissolved, 1 lb. to 10 gals. water. Per lb., 25c.; \$1.10 per 5 lbs.; 10 lbs., \$1.85; \$3.75 per 25 lbs.; 50 lbs., \$6.00; \$10.50 per 100 lbs.
- Fish Oil Soap (Rosin). Especially recommended for the destruction of boxwood maggot, bag worm and caterpillars. Per 5 lbs., \$1.50; \$2.75 per 10 lbs.; 25 lbs., \$4.50; \$7.50 per 50 lbs.; 100 lbs., \$13.00.
- \*Fungicide (Zenke's). For various forms of fungous diseases. Per ½ pt., 35c.; 60c. per pt.; qt., \$1.00; \$2.00 per ½ gal.; gal., \$3.50.
- \*Fungtrogen. A highly concentrated form of fungicide that will conquer mildew and control black spot on roses. It also supplies an essential fertilizer. Dilutes 1 part with 60 parts of water. 75c. per ½ pt.; pt., \$1.25; \$2.00 per at 14 gal \$3.50.86.00 per gal
- qt.; ½ gal., \$3.50; \$6.00 per gal.

  Getz-there Soap. Ideal for washing palms and spraying in place of Fish Oil Soap. 2 lbs., 65c.; \$1.75 for 8 lbs.; 25 lbs., \$5.00.
- Grape Dust. A powder preparation used for mildew, aphis, black fly and other insects and fungous diseases, principally in greenhouse. Per 5 lbs., \$1.00; \$1.85 per 10 lbs.
- \*Hellebore. The ideal material for destroying rose bugs, currant worms, and other soft-shelled insects that infest the garden. It can be applied dry or in liquid form. 35c. per ½ lb.; lb., 60c.; \$2.75 per 5 lbs.
- \*Insectrogen. A complete spray for leaf chewing insects, including caterpillars, rose slug worms and Japanese Beetles. Per ½ pt., \$1.00; \$1.75 per pt.; qt., \$2.75; \$4.50 per ½ gal.; gal., \$8.00.
- \*Kerosene Emulsion (Liquid Miscible Oil). Diluted in water this makes an excellent spray for all mild forms of scale, and soft lice of any kind such as infest rose and fruit bushes, vegetables and trees. Dilutes 1 part to 20 parts of water. 50c. per pt.; 90c. per qt.; gal., \$1.75; \$7.50 per 5 gals.
- \*Lime Sulphur. For scale insects on trees and shrubs, and such fungous diseases as can be treated in winter or early spring; also for leaf curl of peaches. Per qt., 45c.; 75c. per ½ gal.; gal., \$1.15; \$4.00 per 5 gals.; ½ bbl. (30 gals.), \$10.50; \$15.00 per bbl. (50 gals.).
- Lime Sulphur (*Dry Powder Form*). Dilute 1 lb. to 6 gals. of hot or cold water. Per lb., 35c.; \$1.40 per 5 lbs.; 10 lbs., \$2.50; \$4.50 per 25 lbs.; 50 lbs., \$8.00; \$14.00 per 100 lbs.

### CARBONDALE HYDROMETERS

For testing the gravity of Lime-Sulphur solution; one should be in the hands of every man who uses this material. Price, \$1.25 (by parcel post, \$1.35).

# MICHELL'S INSECT DESTROYERS, ETC.

- \*Lemon Oil Insecticide. The best and cheapest insecticide in the market. Used by nearly all the leading growers. It effectually destroys mealy bug, scale, thrip and red spider. Per 1/2 pt., 35c.; 60c. per pt.; qt., \$1.00; \$1.75 per ½ gal.; gal., \$3.00; \$12.00 per 5 gal. keg.
- Mag-O-Tite. Protects crops against the ravages of the root maggot and other garden pests; also eradicates earth worms from lawns and putting greens. Not injurious in any way to plant life, but is a valuable stimulant and fertilizer. In powder form, ready for use. Per lb., 50c.; \$1.50 per 5 lbs.; 25 lbs., \$5.00; \$9.00 per 50 lbs.

\*Melrosine. An efficient Rose Bug remedy. A powerful and highly concentrated insecticide, used as a spray when diluted with from 20 to 25 times its bulk of water. Per 6 oz., 50c.; \$1.00 per pt.; qt., \$1.75; \$6.00 per gal.

\*Mo Lo. A preparation for destroying and driving away moles. Per pkg., 25c.

\*Nico Fume (Liquid). For use as a spray or vapor, for controlling green fly, aphis, etc., in greenhouses and outdoors. Per 1/4 lb., 85c.; \$2.25 per lb.; 4 lbs., \$6.75; \$12.50 per 8 lbs.

Nico Fume Paper. For fumigating greenhouses; gives off dense fumes charged with nicotine. Per box of 24 sheets, \$1.50; \$5.25 for 144 sheets; 288 sheets, \$9.25.

\*Nico Fume Fumigating Powder. A tobacco powder highly charged with nicotine; splendid for fumigating greenhouses. Per lb. can, \$1.15; \$4.00 for 5 lbs.; 10 lbs., \$7.35.

\*Nikoteen (30%). One of the very best forms of tobacco or nicotine preparations; usually diluted in water; makes a most satisfactory spray as well as vapor. Per 1 oz. bottle, 30c.; 45c. per  $1\frac{3}{4}$  oz. bottle;  $\frac{1}{2}$  lb. bottle, \$1.35; \$2.25 per lb.; 4 lbs., \$7.00; \$12.50 per 8 lbs.

\*Nikoteen (40% solution). Per 4 lbs., \$7.50; \$14.00 per 8 lbs.

Para Dichlorobenzine. For peach tree borers; full directions on each package. Can be used successfully only during August and September, the makers claim it is not effective if used at other seasons. Do not use on very young trees. Ask for descriptive circular. Per 1 lb. can, 65c.; \$2.50 per 5 lb. can; 10 lb. can, \$4.50; \$11.00 per 25 lb. keg; 100 lb. keg, \$33.00.

\*Paris Green. A poisonous powder for potato bugs, worms, caterpillars, slugs, etc. It may be used in liquid form 1 pound in 50 gallons of water, or with Land Plaster at the rate of 1 pound of Paris Green to 100 pounds Land Plaster. Per 1/4 lb., 15c.; 30c. per ½ lb.; lb., 55c.; \$2.50 per 5 lbs.; \$5.00 per 14 lbs.

Pyrethrum Powder. Valuable as a poison for plant lice, water bugs, roaches, etc., also the strawberry moth. Per lb., 75c.; \$3.25 per 5 lbs.; 10 lbs., \$6.25.

A combined insecticide and fungicide for all \*Pyrox (Bowker's). leaf eating insects, blights and fungous troubles; it is a pasty substance and needs only to be mixed with cold water. Per lb., 50c.; \$2.00 per 5 lbs.; 10 lbs., \$3.50; \$7.00 per 25 lbs.; 50 lbs., \$12.50; \$21.00 per 100 lbs.; 300 lbs., \$58.50.

Rat Paste (Zelio). The most efficient poison for destroying rats, mice and other rodents. Per 2 oz. tube, 50c.

Red Arrow Insect Spray. (Pyrethrum Soap). A non-poisonous, efficient insecticide for use against sucking and chewing insects, such as Mexican bean beetles, Japanese beetles, rose chafers, aphids (plant lice), leaf hoppers, etc. Per oz., 35c.; \$1.00 per 3½ oz.; ½ pt., \$1.75; \$6.00 per qt.; gal., \$20.00.

Revivo. Destroys the grub of the Japanese beetle, also other grubs, in the soil; checks the growth of crab grass, chickweed, plantain. dandelion, etc.; also fertilizes the lawn. Per 10 lbs., plantain, dandelion, etc.; also fertilizes the lawn. Per 10 \$1.50; \$3.50 per 25 lbs.; 100 lbs., \$10.00; \$45.00 per 500 lbs.

- Used for the destruction of the San Jose Scale. \*Scalecide. Dilute at the rate of one gallon Scalecide to 20 gallons water. Scalecide does not clog nozzles, hose or pump and is pleasant to use. Spray during the winter or early spring when the trees are dormant. Per qt., 75c.; \$1.75 per gal.; 5 gals., \$6.25; \$10.60 per 10 gals.; 30 gals., \$26.00; \$38.00 per
- \*Semesan (DuBay). A mercuric disinfectant for the control of many seed, plant and soil diseases. One ounce treats 15 lbs. of seed. Per 2 oz., 50c.; \$2.75 per lb.; 5 lbs., \$13.00; \$56.25 per 25 lbs.; 100 lbs., \$220.00.
- \*Semesan Bel (DuBay). For treating seed potatoes before planting, controlling seed-borne diseases. 1 lb. treats 16 to 20 bushels of seed. Per 4 oz., 50c.; \$1.75 per lb.; 5 lbs., \$8.00; \$31.25 per 25 lbs.; 100 lbs., \$120.00.

\*Semesan Jr. (DuBay). For controlling seed-borne diseases of seed field and sweet corn; protects the seed from rotting in the ground. Per 4 oz., 50c.; \$1.75 per lb.; 5 lbs., \$8.00; \$31.25 per 25 lbs.; 100 lbs., \$120.00.

\*Shoo Fly. For keeping flies off cattle and horses; used with a spray or a sponge; the cattle and horses are either sprayed or rubbed with the preparation in the morning before being put in the field or out to their day's work. Per qt., 55c.; \$1.50 per gal.

The standard remedy for currant worms, rose Slug Shot. slugs, cabbage worms, and almost any soft-shelled insects that infest the vegetable or flower garden. Per 1 lb. carton, 20c. 60c. per 5 lbs.; 10 lbs., \$1.20; \$2.75 per 25 lbs.; 100 lbs., \$11.00; full barrel lots (about 250 lbs.), 10c. per lb.

Snarol. For the control of cutworms, snails, slugs, etc.; noninjurious to vegetation and very economical to use on account of its insolubility in water. Per lb., 45c.; 95c. per 3 lbs.; 15 lbs., \$3.50.

\*Soap Spray (Imp.). An all around outdoor and greenhouse insecticide. Per pt., 65c.; \$1.00 per qt.; gal., \$3.00; \$12.00 per 5 gals.; 10 gals., \$22.50.

Sodium Cyanide. (See Cyanegg.)

\*Sulphate of Copper. For destroying fungous diseases of all kinds; also used in making Bordeaux mixture, and for spraying potato vines in connection with Paris Green. Where used as a Bordeaux mixture it requires four pounds sulphate of copper to 6 pounds lime, diluted in 50 gallons of water. Per lb., 15c.; 65c. per 5 lbs.; 10 lbs., \$1.20; \$2.75 per 25 lbs.; 100 lbs., \$10.00.

Sulphur. Used principally in greenhouses for checking mildew. It is also used as a preventive and cure for San Jose Scale, when it is used in connection with lime and salt. Per lb., 10c.; 45c. per 5 lbs.; 10 lbs., 85c.; \$2.00 per 25 lbs.; 100 lbs., \$7.50. Sulphur Candles. For fumigating in sick-rooms, also in con-

servatories and greenhouses. Large, 25c. each; per doz., \$2.75; small, 15c. each; per doz., \$1.65.

For the control of scale insects, red \*Sunoco Spray Oil. spider, aphis, thrip, etc.; cheap, effective and pleasant to handle. Per gal., \$1.50; 5 gals., \$5.75; \$12.00 per 15 gals.; 30 gals., \$20.00; \$26.00 per 50 gals.

\*Tanglefoot Fly Spray. A liquid insecticide for quickly extermi-

nating flies, moths, mosquitoes, fleas, etc. Per ½ pt., 40c.; 65c. per pt.; qt., 81.25; 83.50 per gal.

\*Thrip Juice (Hammond's No. 2). This preparation is very effective against aphis, red spider, mealy bugs and sucking insects generally. Per pt., 85c.; \$1.40 per qt.; gal., \$4.25.

Tobacco Dust (For Dusting). Excellent for lettuce and other plants to destroy sets against as \$1.25 per pt. \$1

plants to destroy soft, creeping insects. Per 1 lb. can with plants to destroy soft, creeping insects. Fer 1 ib. can with sifter top, 25c.; 40c. per 5 lbs.; 10 lbs., 60c.; \$1.35 per 25 lbs.; 50 lbs., \$2.50; \$4.75 per 100 lbs.

Tobacco Dust (For Fumigating). A specially prepared article. Per lb., 10c.; 45c. per 5 lbs.; 10 lbs., 85c.; \$1.75 per 25 lbs.; 50 lbs., \$3.25; \$6.00 per 100 lbs.

Tobacco Soap (Sulpho). A combination of tobacco extract and callshum fore for weeking and appraying plants. Per 2 cm. 15c.

sulphur; fine for washing and spraying plants. Per 3 oz., 15c. (by P. P., 20c.); 25c. per 6 oz. (by P. P., 30c.).

Tobacco Stems (Fresh). For fumigating and under benches in

greenhouse. Per lb., 10c.; 30c. per 5 lbs.; 10 lbs., 50c.; \$1.00 for 25 lbs.; large bales at 2c. per lb.; ½ ton, \$15.00; \$27.50 per ton.

A paste preparation for painting around Tree Tanglefoot. the trunks of trees, in the form of a band. Caterpillars and other crawling pests cannot get over it. Per lb., 60c.; \$2.75 per 5 lbs.; 10 lbs., \$5.25; \$11.00 per 25 lbs.

A spray for the garden, nursery and greenhouse; effec-\*Volck. tively controls red spider, mites, white flies, scales, mealy bugs, caterpillars, aphis, thrip, etc.; not only kills the insects but also acts as a repellant. Per ½ pt., 50c.; 75c. per pt.; qt., \$1.00; \$3.00 per gal.; 5 gals., \$12.50; \$24.00 per 10 gals.; 14 gal. drums, \$25.00; 28 gal. drums, \$40.00.

\*Wilson's O. K. Plant Spray. A powerful yet harmless and efficient insecticide for aphis. red spider, mildew, scale, etc., for inside and outside spraying. Per ½ pt., 50c.; \$1.25 per qt.; gal., \$3.25; \$13.50 for 5 gals.; 10 gals., \$25.00.

Worm Destroyer (For earth worms). This is a powder and is distributed over a given surface and soaked with water, which causes the worms to come to the surface, where they may be

scooped up readily and further destroyed. Per 100 lb. bag, \$4.00; \$18.50 per 500 lbs.; per ½ ton, \$32.50; \$60.00 per ton.

\*X. L. All Insecticide Compound. An excellent preparation for spraying; harmless to very delicate plants. For mealy have added to the property per per 100 bug, red spider and other insect pests. Per gal., \$8.00.

# MICHELL'S HIGH GRADE FERTILIZERS

PLEASE NOTE.—No smaller quantity of Fertilizer than here offered can be supplied.

All prices on Fertilizers subject to market changes.

- Acid or Rock Phosphate (16%). Apply 1000 lbs. per acre. Used for mixing with other fertilizers to increase the phosphoric acid analysis. 5 lbs., 35c.; 65c. per 10 lbs.; 25 lbs., \$1.25; \$3.50 per 200 lbs.; ½ ton, \$13.50; \$25.00 per ton.
- Adco. A bacterial food for making artificial manure, by mixing it with leaves, grass cuttings, green weeds or, in fact all the many wastes that accumulate during the garden year and applying water, the product is a clean manure. 25 lb. bag, sufficient to make one-half ton of manure, \$2.00; \$10.50 per 150 lb. bag, sufficient to make 3 tons of manure; 600 lbs., \$42.00; \$145.00 per 2100 lbs.
- Ashes, Hard Wood. Apply 1000 lbs. per acre. Indispensable for all crops requiring potash; excellent for mixing with potting soil. For top dressing lawns and grass fields it is applied to best advantage either in very early spring or late fall. 25 lbs., \$1.00; \$1.75 per 50 lbs.; 100 lbs., \$3.00; \$5.00 per 200-lb. bbl.; ½ ton, \$22.50; \$40.00 per ton.
- Asparagus Fertilizer. A mixture that promotes the root and top growth. Apply 800 lbs. per acre. 25 lbs., \$1.00; \$1.75 per 50 lbs.; 100 lbs., \$3.00; \$5.00 per 200 lbs.; ½ ton, \$22.50; \$40.00 per ton.
- Bacteria for Leguminous Crops. (See Stimugerm.)
- Blood (*Dried*). For indoor culture of flowering plants, like roses, carnations, etc., its chief element being nitrogen. One of the quickest acting fertilizers. 5 lbs., 60c.; \$1.00 per 10 lbs.; 25 lbs., \$2.00; \$3.50 per 50 lbs.; 100 lbs., \$6.00; \$11.00 per 200 lbs.
- **Blood Flour.** Very finely bolted. 5 lbs., 65c.; \$1.10 per 10 lbs.; 25 lbs., \$2.25; \$4.00 per 50 lbs.; 100 lbs., \$7.00; \$13.00 per 200 lbs.
- Bone (Coarse Ground). Apply 800 to 1000 lbs. per acre. Prepared from raw bone, exactly like bone meal, except that it is not so fine or quick in action; it is used for the same purpose. 200 lb. bags only. \$8.00 per 200 lbs.; ½ ton, \$35.00; \$65.00 per ton.
- Bone Flour. Finely pulverized and bolted. Effective immediately. For rose growing this cannot be excelled. Rich in phosphoric acid and ammonia. Apply 600 lbs. per acre. 5 lbs., 50c.; 85c. per 10 lbs.; 25 lbs., \$1.50; \$2.75 per 50 lbs.; 100 lbs., \$5.00; \$8.00 per 200 lbs.; ½ ton, \$35.00; \$65.00 per ton.
- Bone Meal. (Michell's Special Grade). Unusually rich in nitrogen and phosphoric acid, the two principal We recommend this especially for lawns, gardens and greenhouses, or any purpose where a high-class fertilizer counts. Apply 800 to 1000 lbs. per acre. 3 lbs., 25c.; 40c. for 5 lbs.; 10 lbs., 65c.; \$1.25 for 25 lbs.; 50 lbs., \$2.25; \$4.00 per 100 lbs.; 200 lbs., \$7.50; \$32.50 per ½ ton; ton, \$60.00.
- Chrysanthemum Manure (Thomson's Special). Especially recommended and used by the leading private gardeners of England and America. Very highly concentrated. 28-lb. sack, \$4.00; \$7.00 per 56-lb. sack.
- Clay's Fertilizer.

  be used in either dry or liquid form. 28 lbs., \$3.75; \$6.25 per 56 lbs.; 112 lbs., \$12.00.
- Cotton Seed Meal. Apply 800 lbs. per acre. Exceedingly rich in potash and ammonia, making it excellent for use as a grass and grain fertilizer; for putting greens it is invaluable. 5 lbs., 50c.; 85c. for 10 lbs.; 25 lbs., \$2.00; \$3.50 for 50 lbs.; 100 lbs., \$6.00; \$11.00 per 200 lbs.; ½ ton, \$50.00; \$90.00 per ton.
- Cow or Cattle Manure (Shredded). One sack of this is equal to one cartload of cow manure in regular form. Convenient to handle, making it possible for everyone to get this usually scarce article at all times. Especially suited for soil mixing, mulching and liquid manuring. Apply 1000 lbs. per acre. 5 lbs., 45c.; 70c. for 10 lbs.; 25 lbs., \$1.25; \$2.00 for 50 lbs.; \$3.75 per 100 lbs.; 500 lbs., \$18.00; \$33.00 per ½ ton; ton, \$60.00.

If small quantities of Fertilizers listed are wanted by parcel post, please add for postage as follows: 15c. for 3 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs., up to and including the third zone; for other zones please add additional postage.

- Cow or Cattle Manure (Pulverized). Thoroughly sterilized and weedless. Quick in action and especially desirable for pot plants, etc. \$3.75 per 100 lbs.; 500 lbs., \$18.00; \$33.00 per ½ ton; ton, \$60.00.
- Ferogen. A spring and summer ground dressing; reinforces any manure fertilizers you may use. Per lb., 75c.; \$1.25 per 2 lbs.; 5 lbs., \$2.75; \$4.75 per 10 lbs.; 25 lbs., \$11.00; \$40.00 per 100 lbs.
- Floranid. A highly concentrated organic nitrogen fertilizer for vegetables, flowers, shrubs, lawns, etc.; ½ lb. is sufficient to treat 100 square feet of ground. Full directions on each package. Per lb., 50c.; \$2.00 per 5 lbs.; 10 lbs., \$3.00; \$5.00 per 25 lbs.
- Horn Shavings. Used principally for mixing in potting soil; rich in ammonia; especially valuable in chrysanthemum growing. 5 lbs., 70c.; \$1.25 for 10 lbs.; 25 lbs., \$2.50; \$4.00 for 50 lbs.; 100 lbs., \$7.50.
- Hortobacco (Michell's). A fertilizer manufactured from a tobacco base; for lawns, putting greens, flower and vegetable gardens, etc.; also acts as an efficient insecticide. Per 5 lbs., 25c.; 45c. per 10 lbs.; 25 lbs., \$1.00; \$1.75 per 50 lbs.; 100 lbs., \$3.00; \$13.00 per 500 lbs.; ½ ton, \$26.00; \$50.00 per ton.
- Humus. An excellent article to incorporate with poor soil in the garden, greenhouse or in potting plants. When used in garden work, the ground should be covered with ½ to 2 inches of Humus and spaded in. Per 5 lbs., 35c.; 60c. for 10 lbs.; 25-lbs., 85c.; \$1.35 per 50 lbs.; 100 lbs., \$2.25; \$10.00 per 500 lbs.; ½ ton, \$15.00; \$25.00 per ton.
- Kainit (Potash Salts). Apply 800 to 1000 lbs. per acre. Excellent for potatoes, corn and other grains; also for top dressing asparagus beds, etc. 5 lbs., 30c.; 50c. per 10 lbs.; 25 lbs., 90c.; \$1.50 per 100 lbs.; 200 lbs., \$2.75; \$12.00 per ½ ton; ton, \$22.00.
- Land Plaster. Used for top dressing newly-plowed land prior to harrowing and for sweetening the soil on lawns and fields; also used for mixing with Paris Green. Apply 1500 to 2000 lbs. per acre. 40c. for 10 lbs.; 25 lbs., 85c.; \$1.25 for 50 lbs.; 100 lbs., \$2.00; \$3.75 for 200 lbs.; ½ ton, \$16.00; \$30.00 per ton.
- Lawn Dressing and Fertilizer. (Michell's). This is a complete balanced fertilizer for lawns, grass plots, fairways and putting greens. It is complete in every way and will produce wonderful results. Apply at the rate of 1000 lbs. per acre. 5 lbs., 35c.; 60c. per 10 lbs.; 25 lbs., \$1.00; \$1.75 per 50 lbs.; 100 lbs., \$3.00; \$27.50 per ½ ton; ton, \$50.00.
- Lawn Sand. (Climax). For destroying weeds in the lawn without injury to the grass; also acts as a fertilizer. For best results follow directions on the package. 3½ lb. tin, 75c.; \$1.35 for 7 lbs.; 14 lbs., \$2.50; \$4.00 per 28 lbs.; 56 lbs., \$6.50; \$12.50 per 112 lbs.
- Lime (Hydrated or Powdered). This is a very fine article for distributing on grass. Promotes growth, gives the grass a rich color and has a tendency to prevent the growth of weeds. Apply one ton per acre. 10 lb. box, 50c.; \$1.10 per 50 lbs.; 100 lbs., \$2.00; \$9.00 per 500 lbs.; ½ ton, \$16.00; \$30.00 per ton.
- **Limestone** (*Pulverized*). For applying on sour or worn out soils at the rate of one ton per acre. Put up in 100-lb. bags. \$2.00 per 100 lbs.; 500 lbs., \$8.50; \$15.00 per  $\frac{1}{2}$  ton; ton, \$25.00.
- Loma. A scientifically prepared plant food for the lawn, flower garden, vegetable garden, shrubbery, potted plants, etc.; rich in life giving nitrogen, potash and phosphates. 5 lbs., 60c.; \$1.00 per 10 lbs.; 25 lbs., \$2.00; \$3.50 per 50 lbs.; 100 lbs., \$6.00.

### MICHELL'S HIGH GRADE FERTILIZERS

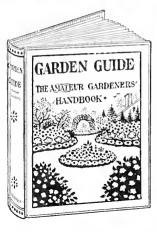

PLEASE NOTE.—No smaller quantity of Fertilizer than here offered can be supplied.

- Manure (Fresh Horse, Stockyard and Cow). At short notice we can usually supply first-class horse, cow and stockyard manure in carload lots only. Prices on request.
- Mum Manure (*Smith's*). Give your plants a quick start by using this manure. A perfect food for Mums and other flowers, either under glass or in the garden. 50 lbs., \$5.50; \$10.00 per 100 lbs.
- Muriate of Potash. Apply 100 to 150 lbs. per acre, usually with other fertilizers. Excellent for potatoes, corn and other grains. Analysis, equal to 50 per cent. actual potash. 5 lbs., 35c.; 60c. per 10 lbs.; 25 lbs., \$1.25; \$2.25 for 50 lbs.; 100 lbs., \$4.00; \$7.50 for 200 lbs.; ½ ton, \$33.00; \$65.00 per ton.
- Nitrate of Soda. Apply 100 to 150 lbs. per acre, mixing with land plaster or other fertilizers to render application more easy. Use only after plants are above ground. If used in liquid form dilute 2 ozs. to 1 gal. of water and do not apply oftener than twice a week. 5 lbs., 50c.; 90c. per 10 lbs.; 25 lbs., \$1.50; \$2.75 per 50 lbs.; 100 lbs., \$5.00; \$9.00 per 200 lbs.; ½ ton, \$42.50; \$80.00 per ton.
- Nitrophoska. A well-balanced, quick acting food for every purpose in the garden, on lawns, flowers, shrubs, vegetables, etc. Analysis: Nitrogen, 15%; Phosphoric Acid, 20%; Potash, 15%. For the garden or flowers, use 5 to 10 lbs. to 1000 square feet; for lawns, apply 6 to 10 lbs. to 1000 square feet. Per lb., 50c.; \$2.00 per 5 lbs.; 10 lbs., \$3.00; \$5.00 per 25 lbs.
- Philogan. A natural manure for all crops; organic material manufactured by scientific process; no waste, all available; all weed seeds destroyed and harmful bacteria removed; invigorates root action. An ideal food for Carnations, Roses and all other greenhouse crops. 25 lbs., 85c.; \$1.50 per 50 lbs.; 100 lbs., \$2.50; \$12.00 per 500 lbs.; ½ ton, \$23.00; \$40.00 per ton.
- Phosphate (*Michell's High Grade*). For all vegetable crops, grains, grass, etc. Apply 800 to 1000 lbs. per acre broadcast. 5 lbs., 30c.; 55c. per 10 lbs.; 25 lbs., \$1.25; \$2.00 per 50 lbs.; 100 lbs., \$3.50; \$6.00 per 200 lbs.; ½ ton, \$26.50; \$50.00 per ton.
- Phosphate for Corn and Oats. Apply 800 lbs. per acre. \$6.00 for 200 lbs.; per ½ ton, \$25.00; \$45.00 per ton.
- Plantabbs. An odorless plant food in tablet form, for all plants in the house or garden; they dissolve in water almost instantly and make a wonderful liquid fertilizer, Per pkg. of 30 tablets, 25c.; 50c. for 75 tablets; 200 tablets. \$1.00 (by P. P., \$1.10); \$3.50 per 1000 tablets (by P. P., \$3.65).
- Plant Food (Michell's). A highly concentrated chemical fertilizer for house, garden or conservatory. Clean, odorless and producing early and abundant blossoms of rich and brilliant color, and healthy, luxuriant plants. Analysis: Nitrogen, 2½%; available phosphoric acid, 7%; potash, 2%. Per 5 oz. pkg., 20c. (by P. P., 25c.); 30c. per 12 oz. pkg. (by P. P., 40c.).
- Plant Life (Zenke's). A liquid plant food, tonic and fertilizer. It contains in concentrated form the elements of plant food in proper proportion for absorption by the plant. Per 8 oz., 30c. (by parcel post, 40c.); \$3.75 per gal.
- **Potato Fertilizer** (*Michell's*). Apply at the rate of from 800 to 1000 lbs. per acre. 25 lbs., \$1.25; \$2.00 per 50 lbs.; 100 lbs., \$3.50; \$6.00 per 200 lbs.;  $\frac{1}{2}$  ton, \$26.50; \$50.00 per ton.
- Sacco. A very complete and high grade fertilizer for general lawn and garden use; well balanced in feeding elements; easy to use; an ideal fertilizer for the amateur as well as the professional gardener. Directions on each package. Per lb., 25c.; 50c. per 5 lbs.; 10 lbs., 85c.; \$1.75 per 25 lbs.; 50 lbs., \$3.00; \$5.00 per 100 lbs.; ½ ton, \$47.50; \$90.00 per ton.
- Salt. For asparagus beds and putting on walks and roads to kill weeds. Apply 800 lbs. per acre in early spring. 25 lbs., 75c.; \$1.25 for 50 lbs.; \$2.00 per 100 lbs.; 200 lbs., \$3.50; \$16.00 per ½ ton; ton, \$30.00.
- Sheep Manure. (Wizard Brand). Apply 1000 lbs. per acre. One of the most extensively used of animal manures. The analysis shows it to be a perfectly balanced plant food. For garden, lawn or greenhouse use, nothing surpasses sheep manure; it is clean and easily handled, besides giving immediate results. 3 lbs., 30c.; 45c. per 5 lbs.; 10 lbs., 70c.; \$1.25 per 25 lbs.; 50 lbs., \$2.00; \$3.75 per 100 lbs.; 500 lbs., \$18.00; \$33.00 per ½ ton; per ton, \$60.00.

If small quantities of Fertilizers listed are wanted by parcel post, please add for postage as follows: 15c. for 3 lbs.; 20c. for 5 lbs.; 30c. for 10 lbs., up to and including the third zone; for other zones please add additional postage.

- Soot (Imported Scotch). This is used principally for bringing a good healthy color into the foliage of chrysanthemum and other greenhouse plants. Also destroys insects and grubs that work on top of and underneath the surface. 5 lbs., 75c.; \$1.25 per 10 lbs.; 25 lbs., \$2.00; \$6.00 per 112 lbs.
- Stimugerm. A pure culture of nitrogen-fixing bacteria. When ordering, be sure to state what crops you wish to inoculate. Special garden size, for Garden Peas, Beans and Sweet Peas, 25c. For Alfalfa and all Clovers, ½ bu. size, 35c.; ½ bu. size, 60c.; 1 bu. size, \$1.00; 2½ bu. size, \$2.25. For Cow Peas, Soy Beans, Canada Peas, Vetch, Beans, Peas and Sweet Peas, ½ bu. size, 35c.; 1 bu. size, 60c.; 2 bu. size, \$1.10; 5 bu. size, \$2.25.
- Stim-U-Plant. A plant food in tablet form; contains highly concentrated, immediately available forms of plant food for use in stimulating all fruit, flower, vegetable and ornamental plants and may be used in tablet or in liquid form. Per pkg. of 30 tablets, 25c. (by P. P., 30c.); 75c. per pkg. of 100 tablets (by P. P., 85c.); 1000 tablets, \$3.50 (by P. P., \$3.65).
- Sulphate of Ammonia. Apply 75 to 100 lbs. per acre only with other fertilizers deficient in nitrogen. A valuable fertilizer for all plants in which a large leaf development or rapid growth is desired; will stimulate growth almost immediately. Analysis equal to 25% of ammonia. 5 lbs., 75c.; \$1.25 per 10 lbs.; 25 lbs., \$1.75; \$3.00 per 50 lbs.; 100 lbs., \$5.00; \$9.00 per 200 lbs.
- Sulphate of Potash. Apply 100 to 125 lbs. per acre, usually with other fertilizers. On account of its great strength it must be used judiciously. Valuable for roots and grain crops. Analysis equal to 50% of actual potash. 5 lbs., 40c.; 70c. per 10 lbs.; 25 lbs., \$1.50; \$2.75 per 50 lbs.; 100 lbs., \$4.50; \$8.00 per 200 lbs.
- Tankage. This is usually applied to plants such as roses, etc., under glass. It is similar to dried blood. 5 lbs., 35c.; 60c. per 10 lbs.; 25 lbs., \$1.25; \$2.00 per 50 lbs.; 100 lbs., \$3.75; \$6.75 per 200 lbs.
- **Terogen.** A new autumn and winter ground dressing acting both as a fertilizer and an insecticide. Per 1 lb. tin, 75c.; \$1.25 per 2 lb. tin; 5 lb. tin, \$2.75; \$4.75 per 10 lb. tin.; 25 lb. tin, \$11.00; \$40.00 per 100 lb. keg.
- **Tobacco Stems.** For fumigating, mulching and fertilizing, these are invaluable. The chief fertilizing element in them is the potash. Per lb., 10c.; 30c. per 5 lbs.; 10 lbs., 50c.; \$1.00 for 25 lbs.; large bales at 2c. per lb.; per ½ ton, \$15.00; \$27.50 per ton.
- Tree Food, Evergreen. (Michell's). A wonderful fertilizer for fruit and shade trees; contains lbs., \$1.75; \$3.25 per 50 lbs.; 100 lbs., \$6.00; \$25.00 per 500 lbs.; ½ ton, \$40.00; \$75.00 per ton.
- Velvet Lawn Fertilizer. (Kopper's) (Sulphate of Ammonia). Feeds the grass; starves the weeds. Contains 20¾% Nitrogen, readily available, not easily leached from the soil; the finest, driest sulphate on the market; scatters like sea sand, no lumping or caking; odorless. Per 2 lb., 35c.; 75c. per 5 lbs.; 10 lbs., \$1.25; \$2.25 per 25 lbs.
- Vigoro. A specially prepared plant food for lawns, vegetable and flower gardens, shrubbery, trees, etc. 5 lbs., 50c.; \$1.75 per 25 lbs.; 50 lbs., \$3.00; \$5.00 per 100 lbs.
- Wheat Fertilizer. For grass and grain crops. Apply 800 lbs. per acre. \$5.25 per 200 lbs.; ½ ton, \$23.75; \$45.00 per ton.
- Wonder Worker Fertilizer. An extremely high grade animal base fertilizer, adapted for growing all vegetable crops; will not burn and not being a chemical product, no special instructions are necessary. Analysis: Ammonia, 7%; phosphoric acid, 6%; potash, 5%. 100 lbs., \$5.50; \$10.00 per 200 lbs.; 500 lbs., \$24.00; \$42.50 per ½ ton; ton, \$70.00.
- Wood Ashes. See ashes at top of opposite page.

# OOKS On Horticulture, Agriculture and Kindred Subjects

Here is a selection of books, that are thoroughly up-to-date, practiby authors of national reputation outstanding men who figure prominently in the various places of garden and farm work. These books will show you how to raise bigger and better crops—better your condition—increase your efficiency—add to your income. Read and make your reading count.

WITH WIZARD AND

# MAKE YOUR LAWN AND GARDEN GROW!

Your success in growing plants depends You cannot expect seeds to germinate nor plants to grow and develop their real beauty in a hard worn-out soil. So make your soil rich and fertile with Wizard Sheep Manure if you want a beautiful lawn and garden.

Wizard Sheep Manure is a highly concentrated pure manure dried and sterilized so as to kill all weed seeds. It supplies the humus and natural plant food that brings about a permanent improvement in your soil. Moreover Wizard is safe and easy to Every home owner and amateur gardener will find it easy to get results with this soil improving plant food. Wizard is economical because One Bag Equals A Whole Wagon Load of Ordinary Stable Manure.

Lawns and Gardens. Wizard produces entirely upon the condition of your soil. thick, velvety, green lawns of lasting beauty. Make an application early in Spring and you will be surprised at the new beauty it will develop. On old lawns broadcast, like sowing seed, 6 to 10 lbs. per 100 sq. ft., on new lawns 10 lbs. per 100 sq. ft. raked into the surface soil. Luxurious green foliage and a wealth of vivid colored flowers quickly follow the use of Wizard. Mix well with the soil under new plantings and cultivate into the surface soil around established plants. Fine for vines, shrubs and trees.

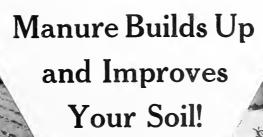

> knows that nothing equals manure for grow-valuable for binding loose sandy soils. ing big crops of crisp tender vegetables. Wizard will insure profitable crops on time for the early market. It also improves the color and flavor of fruit. Use 1000 to 1500 lbs. per acre.

Florists. Wizard has been used by florists for over twenty years. It is of highest quality, safe and dependable for all crops under glass or in the field.

WIZARD BRAND COW MANURE

Wizard Shredded and Pulverized Cow Manures are dried and sterilized manures with all weed seeds killed. They are cool, slow acting manures and preferred to sheep manure for roses, lilies and all plants requiring a milder and cooler manure. Shredded Cow Manure is rough and coarse and is unexcelled as a mulch and plant food combined for growing roses. Pulverized Cow Manure is finely ground and resembles sheep manure in appearance. It is preferred by practical florists for preparing Vegetables and Fruit. Every gardener bench and potting soils. It is especially

> For Prices on Wizard Brand Manure, see Fertilizer Section of this Catalog.

# MICHELLS SEEDS BULBS PLANTS

### MICHELL'S GIANT DAHLIA FLOWERED ZINNIAS
